INDEPENDENT AUDITORS' REPORT

Participants and Administrative Committee
Evergy, Inc. 401(k) Savings Plan

Opinion

We have audited the financial statements of the Evergy, Inc. 401(k) Savings Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule is the accompanying schedule: Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EVERGY, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. PLAN DESCRIPTION

The following description of the Evergy, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan sponsored by Evergy, Inc. that covers all full-time and part-time employees of Evergy Metro, Inc. (Metro) and Evergy Kansas Central, Inc. (EKC). The Company serves as the administrator of the Plan. Empower Retirement (Empower) serves as the recordkeeper for the Plan. Empower Trust Company, LLC serves as the trustee for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

An Employee Stock Ownership Plan (ESOP) component was added to the Plan on January 1, 2002 for participants in the Evergy Metro Plan and on January 1, 2003 for the participants in the Evergy Kansas Central Plan. As of December 31, 2024, the ESOP component consisted of the portion of the Plan that was invested in shares of common stock of Evergy, Inc. (Parent common stock). Adding this component gives participants the option of receiving a direct cash distribution of any dividends paid on such Parent common stock held in participant elective contribution accounts and, if they are 100% vested as of the dividend record date, their Company match accounts. Dividends paid on Parent common stock are automatically reinvested, unless cash distribution was elected.

Eligibility - An employee becomes eligible to participate the first date the employee completes an hour of service and has made an election to make elective contributions including automatic contribution elections.

Employees' participation in the Plan is defined based on employment dates and the original Company of hire. Metro non-union employees who were hired prior to September 1, 2007 could elect to continue to participate under the existing "Old Program" plan provisions (provisions prior to January 1, 2008) or under modified plan provisions "New Program". Metro union employees hired before October 1, 2013 participate in the Old Program. Effective October 1, 2013, newly

hired or rehired Metro union employees participate under the “Cash Balance Matching Program”. Effective January 1, 2014, newly hired or rehired non-union Metro employees participate in the “New Program Plus” feature of the Plan. “Post-Program Employees” are Metro non-union employees who first became eligible to participate on or after September 1, 2007 and before January 1, 2014. Effective December 1, 2019 “EKC Original Savings Employees” are EKC non-union employees whose first date of employment is before May 31, 2018. “EKC Enhanced Savings Employees” are EKC non-union employees whose first day of employment or re-employment is after May 30, 2018. “Wolf Creek Savings Employees” are Wolf Creek union and non-union employees and “Wolf Creek Enhanced Savings Employees” are Wolf Creek non-union employees whose first day of employment or re-employment is after December 31, 2018.

Contributions – Contributions to the Plan include pre-tax and Roth contributions made by participants, Company matching contributions, non-elective Company contributions, and participant rollovers from other plans. Participants may change their contribution percentage as often as they would like and such changes are effective as soon as administratively possible, generally within two pay periods. Company matching contributions may be made in either cash or in Parent common stock, generally at the option of the Company. The Plan does not allow a participant to direct the Trustee to invest more than 15% of the participant’s account in Parent common stock.

Participants can contribute between one percent and 75% of eligible compensation as defined in the Plan subject to Plan and Internal Revenue Code (IRC) limitations. Contributions made by Cash Balance Matching Program participants, EKC Original Savings Employees and Wolf Creek Savings Employees up to the first six percent of eligible earnings, as defined by the Plan, are matched 75% by the Company. Wolf Creek Savings Employees that are part of one of the following groups, non-union and hired before January 1, 2013, are members of the Local Union No. 252 United Government Security Officers of America and hired before January 1, 2015, or members of Local Union No. 304 of the International Brotherhood of Electrical Workers and hired before January 1, 2016 receive Company matching contributions of 50% of the first six percent of eligible earnings as defined in the Plan document. Old Program Employees also receive company matching contributions of 50% of the first six percent of eligible earnings. Post Program, New Program and New Program Plus, EKC Enhanced Savings Employees and Wolf Creek Enhanced Savings Employees receive Company matching contributions equal to 100% of the first six percent of eligible compensation as defined in the Plan document and receive an annual non-elective contribution equal to four percent of eligible compensation.

Participants are immediately eligible to participate and receive Company matching contributions with the exception of EKC union employees who have a one-year service requirement for

company matching contributions. Participants are eligible for non-elective contributions after completion of 1000 hours of service. Participants who have attained age 50 are eligible to make catch-up contributions subject to Plan and IRC limitations. Participants who have attained age 60, 61, 62, or 63 are eligible to make super catch-up contributions subject to Plan and IRC limitations.

Subsequent to December 31, 2024, employer contributions of \$4,204,078 attributable to the 2024 plan year were credited to participant accounts. These contributions were contributed by the Company in cash and Parent common stock based upon participant elections and are therefore presented as a receivable on the statement of net assets available for benefits as of December 31, 2024. Included in the contribution receivable was \$3,078,974 as a non-elective contribution for those participants in the New Program Plus program. Subsequent to December 31, 2023, employer contributions of \$3,394,295 attributable to the 2023 plan year were credited to participant accounts. These contributions were funded by the Company in cash and Parent common stock and are therefore presented as a receivable on the statement of net assets available for benefits as of December 31, 2023. Included in the contribution receivable was \$2,545,656 as a non-elective contribution for those participants in the New Program Plus program.

Investments – The Plan currently offers investment options which include four mutual funds, one money market fund, Parent common stock, 21 common/collective trust funds and a self-directed brokerage account. Matching contributions are directed into a target date mutual fund based on the participant’s normal retirement age unless the employee makes an affirmative election for a different investment option(s). Employee contributions are also invested in a target date fund based on the participant’s age unless the participant makes an affirmative election for a different investment option(s).

Participant Accounts – Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and Plan earnings/losses. A fee covering administrative costs of the Plan such as recordkeeping, auditing, legal, investment advisory and trustee/custodial services is deducted from participant accounts quarterly. This quarterly charge may be offset by credits to the participant’s account based on agreements between the fund providers in the participant’s portfolio and Empower. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested immediately in their elective contributions, Company matching contributions and actual earnings thereon. Participants vest in non-elective contributions after three years of service. Cash Balance Matching Program employees vest in Company matching contributions on a six-year graded vesting schedule.

Notes Receivable from Participants - Participants are permitted to borrow a specified portion of the balance in their individual account. Loan interest rates and terms are established by the Management Administrative Committee. Loans are evidenced by promissory notes payable to the Plan over a period up to five years for general purpose loans and up to 30 years for principal residence loans.

Payment of Benefits – Benefits are recorded when paid. Upon retirement, death, disability or termination of employment, all vested balances are paid to the participant or the participant’s beneficiaries in accordance with Plan terms. If the value of the participant’s account balance is \$5,000 or less, payment shall be made to the participant as soon as practicable following termination of employment in a single lump sum distribution unless the participant directs the Plan to roll his or her account balance to another qualified plan or IRA.

Forfeited Accounts - At December 31, 2024 and 2023, there were \$88,968 and \$83,736 in forfeited non-vested accounts, respectively. These accounts will be used to pay expenses for administering the Plan or to reduce future matching contributions and/or New Program Plus contributions at the end of the plan year in which they became forfeitures. Forfeitures in the amount of \$0 were used to pay 2024 administrative expenses. Forfeitures in the amount \$69,000 were used to offset employer contributions for the year ended December 31, 2024. At December 31, 2024 and 2023, there were \$82,121 and \$73,584 in the ERISA Spending Account, respectively. This account will be used to pay expenses for administering the Plan. ERISA Spending Account funds in the amount of \$96,572 were used to pay 2024 administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks, Uncertainties and Concentrations - The Plan utilizes various investment instruments, including Parent common stock, mutual funds, various investment options through a self-directed brokerage account and common/collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks

include global events which could impact the value of the investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investment securities will occur in the near term and such changes could materially affect participant accounts and the amounts reported in the financial statements. At December 31, 2024, approximately three percent of the Plan's investments are invested in Parent common stock.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value of a financial instrument is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and administrative expenses charged to the Plan for the Plan's investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and administrative expenses are reflected as a reduction of investment income for such investments.

Administrative Expenses - Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan document and governing contract. Investment-related expenses are included in net appreciation in fair value of investments.

Payment of Benefits - Benefit payments to participants are recorded when paid.

3. FAIR VALUE OF INVESTMENTS

GAAP establishes a hierarchical framework for disclosing the transparency of the inputs utilized in measuring assets and liabilities at fair value. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy levels. In addition, the Plan measures certain investments that do not have a readily determinable fair value at net asset value (NAV), which are not included in the fair value hierarchy. Further explanation of these levels and NAV is summarized below.

Level 1 – Quoted prices are available in active markets for identical assets. The types of assets included in Level 1 are highly liquid and actively traded instruments with quoted prices.

Level 2 – Pricing inputs are not quoted prices in active markets but are either directly or indirectly observable.

Level 3 – Significant inputs to pricing have little or no transparency. The type of assets included in Level 3 are those with inputs requiring significant judgment or estimation.

NAV – Investments that do not have a readily determinable fair value are measured at NAV. These investments do not consider the observability of inputs and, therefore, are not included within the fair value hierarchy.

Asset Valuation Techniques - Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common Stocks - Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds and Money Market Fund - Valued at the daily closing price as reported by the fund. Mutual funds and the money market fund held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and the money market fund held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds - Valued at the net asset value of units of a bank collective trust or its equivalent. The net asset value as provided by the trust is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy provide a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023.

	Total December 31, 2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Parent common stock	\$ 43,723,867	\$ 43,723,867	\$ —	\$ —
Money market fund	19,417,975	19,417,975	—	—
Mutual funds	80,066,990	80,066,990	—	—

Total assets measured at fair value	189,188,742	\$ 189,188,742	\$ —	\$ —
Common/collective trust funds measured at Net Asset Value	1,279,048,131			
Total Investments at fair value	\$ 1,468,236,873			

	Total December 31, 2023	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Parent common stock	\$ 40,932,721	\$ 40,932,721	\$ —	\$ —
Money market fund	18,672,416	18,672,416	—	—
Mutual funds	76,857,424	76,857,424	—	—
Self-directed brokerage account ^(a)	39,734,675	39,734,675	—	—
Total assets measured at fair value	176,197,236	\$ 176,197,236	\$ —	\$ —
Common/collective trust funds measured at Net Asset Value	1,135,252,068			
Total Investments at fair value	\$ 1,311,449,304			

- (a) The brokerage account is invested in a variety of classes of common stocks, mutual funds, exchange-traded funds and a fixed income security as directed by participants.

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. RELATED PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

Empower serves as Recordkeeper of the Plan. Empower Trust Company, LLC (Empower) serves as trustee of the Plan. Plan investments at December 31, 2024 and 2023 include shares of Parent common stock and the self-directed brokerage account administered by Empower. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Direct fees totaling \$393,772 were paid to Empower in 2024. Empower Advisory Group, LLC, a wholly-owned subsidiary of Empower, provided managed investment services to certain participants and received fees totaling \$723,286 in 2024.

As of December 31, 2024 and 2023, the Plan held 710,380 and 784,017 shares of common stock of Evergy, Inc., the sponsoring employer, respectively. During the year ended December 31, 2024, the Plan recorded dividend income from the Parent common stock of \$1,952,032.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in all Company contributions.

6. FEDERAL INCOME TAX STATUS

The IRS (Internal Revenue Service) has determined and informed the Company by a letter dated February 28, 2022, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

7. NET ASSET VALUE (NAV) PER SHARE

The following table for December 31, 2024 and 2023 sets forth a summary of the Plan's investments reported at NAV.

*The fair value of the investments has been assessed using the net asset value as a practical expedient.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 20, 2025 which is the date the financial statements were available to be issued and noted the following items for disclosure:

The Company announced that effective January 6, 2025 the following changes with the current Plan's investment options:

- Replaced the JP Morgan Emerging Markets Equity R6 Fund with the DFA Emerging Markets Core Equity I Fund; replaced the ClearBridge Small Cap Growth CIT R2 Fund with the Putnam Small Cap Growth Class S Fund; replaced the Goldman Sachs Stable Value Inst C11 Fund with the Goldman Sachs Stable Value Inst C1 S Fund; and replaced the Prudential Core Plus Bond Fund Class 12 with the PGIM Total Return Bond Fund CIT CL LP.
- Changed from American Century target date funds to BlackRock LifePath Dynamic target date funds, including the addition of a new 2070 fund. The BlackRock LifePath Dynamic target date funds are the Qualified Default Investment Alternative (QDIA).
