INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Tax Deferred Annuity Plan for  
Employees of Carolina Health Centers, Inc.  
Greenwood, South Carolina

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Disclaimer of Opinion**

We do not express an opinion on the financial statements of the Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc. referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

**Basis for Disclaimer of Opinion**

The Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc. has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc. has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02,

Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of the Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc.'s financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules as referenced in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of the Tax Deferred Annuity Plan for Employees of Carolina Health Centers, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

**General**

The Plan is a defined contribution plan covering all employees of Carolina Health Centers, Inc. (the “Company”). Employees are, however, required to have completed at least one year of service (using 1,000 hour method) to receive the employer matching contribution under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

**Contributions**

Each year participants may contribute up to the annual dollar limits set by the Internal Revenue Code. Participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options, and participants may change their allocations among the various investment options at any time.

The Company may make discretionary matching contributions. During the year ended December 31, 2024, the Company made \$328,291 matching contributions and \$8,676 of qualified non-elective contributions to the Plan. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

**Participant Accounts**

Each participant’s account is credited with the participant’s contributions, Company contributions and Plan earnings. Allocations are based upon the participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting**

Participants are immediately vested in all contributions plus actual earnings thereon.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate determined by the Plan Administrator, as defined at the date of origination. Principal and interest are paid ratably through bi-weekly payroll deductions.

**Payment of Benefits**

On termination of service, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account in a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age 59 ½. Benefits are recorded when paid.

**NOTE 1 – DESCRIPTION OF PLAN, Continued**

**Forfeited Amounts**

At December 31, 2024 and 2023, there was no balance in forfeited accounts. In 2024, there were no forfeitures available to reduce the amount of employer contributions.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting, except for benefits which are recorded when paid.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes herein, and disclosure of contingent assets and liabilities.

Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions to participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**NOTE 3 – TRUSTEES CERTIFICATIONS**

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Principal, Vanguard, and Equitable (the trustees) and furnished to the plan administrator. The plan administrator has obtained certifications from the trustees that the information provided to the plan administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and related income:

	2024	2023
Investments at fair value:		
Mutual funds	\$ 16,215,353	\$ 13,857,226
Investments at contract value:		
Guaranteed investment contract	749,393	639,536
Notes receivable from participants	555,023	448,139
	\$ 17,519,769	\$ 14,944,901

The trustee and custodians also certified to the completeness and accuracy of \$775,512 net appreciation in the fair value of investments, \$867,620 of interest and dividends, and \$41,465 of interest income on notes receivable from participants for the year ended December 31, 2024.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Management evaluated the significant transfers between levels based upon the nature of the financial instrument and size of the transfer related to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of levels 1, 2 or 3.

The Plan had \$0 of cash at December 31, 2024 and 2023, which is not classified as a level as prescribed within FASB ASC 820.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

	2024	2023
Traditional investment contract	\$ 749,393	\$ 639,536

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent or greater than 3 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following: (a) the Plan’s failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (b) premature termination of the contracts, (c) Plan termination or merger, (d) changes to the Plan’s prohibition on competing investment options, or (e) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan’s normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following: (a) an uncured violation of the Plan’s investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreements without the consent of the issuer.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE 6 – TAX STATUS**

The IRS has developed a determination letter program for preapproved Section 403(b) plans, however, a Section 403(b) plan determination letter has not been issued. The Company has adopted the Plan based on a prototype plan document sponsored by Principal and the prototype sponsor, as well as the Plan's sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 7 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan provides that assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan.

**NOTE 8 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 9 – RELATED-PARTY IN INTEREST TRANSACTIONS**

Certain Plan investments are managed by Principal Trust Company ("Principal"), Newport Trust Company ("Newport") and Equitable Financial Services, Company ("Equitable"). Principal is the trustee. Newport and Equitable are the Custodian of assets held by The Vanguard Group ("Vanguard") and Equitable as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third-party administrator totaling \$11,501, \$60 and \$0 for Principal, Vanguard and Equitable, respectively, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**NOTE 10 – 403(b) ANNUITY AND CUSTODIAL ACCOUNTS**

The Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable.

**NOTE 12 – PLAN ERRORS AND PROHIBITED TRANSACTIONS**

At December 31, 2024, the other receivable included in the statement of net assets available for benefits totaled \$8,676, which is comprised of a qualified nonelective contribution (QNEC) including lost earnings for missed employee deferrals and employer matching contributions.

The Company has initiated corrective measures to remedy the Plan for certain errors as follows, under the IRS's Employee Plans Compliance Resolution System ("EPCRS") Self Correction Program. EPCRS is a voluntary program in which the Foundation may correct certain plan qualification failures and preserve the favorable tax treatment of their employees' retirement benefits. Management believes that the Company's qualified tax status has not been jeopardized due to these actions.

In fiscal year 2024, the plan sponsor experienced the following errors:

- Due to pay code configuration issues, employee deferrals totaling \$7,415 were not captured and deposited into participant accounts.
- In addition, in October and November of 2024, employee deferrals and associated employer matching contributions were missed, resulting in a combined missed deferral of 1,261.

These errors occurred in connection with the Company's transition from Paychex to Paylocity as its payroll service provider during the plan year.

The Company has calculated the required QNECs and related lost earnings and intends to fund the necessary corrective contributions in accordance with EPCRS guidelines. These amounts remained outstanding as of December 31, 2024.
