Independent Auditor's Report

Opinion

We have audited the financial statements of the Progressive Bancorp, Inc. Employee Stock Ownership Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Progressive Bancorp, Inc. Employee Stock Ownership Plan and Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Progressive Bancorp, Inc. Employee Stock Ownership Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Progressive Bancorp, Inc. Employee Stock Ownership Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Progressive Bancorp, Inc. Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Progressive Bancorp, Inc. Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following brief description of the Progressive Bancorp, Inc. Employee Stock Ownership Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Progressive Bancorp, Inc. (Company) established the Plan effective as of January 1, 1998 for the employees of its wholly owned subsidiary, Progressive Bank (Bank). The Plan operates as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by three officers of the bank. The Plan's Trustees are also appointed by the Company's Board of Directors. The Plan currently owns 29,632 shares of the Company's common shares and holds the common stock in a trust established under the Plan.

Eligibility

Employees of the Bank are generally eligible to participate in the Plan after one year of service and attaining the age of 21, providing they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to fund the cash-in-lieu of fractional shares due to terminated participants requesting distributions. There were no employer contributions for the year ended December 31, 2024. Employee contributions to the Plan are not permitted.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances. Currently the Company common stock is the only Plan investment; therefore, there are no participant directed investments.

PROGRESSIVE BANCORP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Vesting

Plan participant accounts are 100% vested after 6 years of service. Full vesting also occurs at retirement (as defined in the Plan), disability, or death. Vesting is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Distributions from the Plan will not be made until a participant retires, dies, becomes disabled, or otherwise terminates employment with the Company. In the case of employee termination prior to retirement, the unvested portion of their account will be forfeited and allocated to the remaining participants in the same manner as employer contributions. Distributions are made in either lump sum payments or, if the participant's vested interest exceeds \$5,000, payments may be made over a period not to exceed 15 years. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in the form of Company common stock plus cash for any fractional shares.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into a more diversified portfolio. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years of eligibility, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the 6th year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Put Option

Under Federal income tax regulations, the employer common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its common stock distributed to participants for which there is no market. The put price is representative of the fair market value of the common stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. During 2024, the Company repurchased from participants 1,931 shares at prices determined from the independent appraisal.

PROGRESSIVE BANCORP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Administrative Expenses

All expenses of maintaining the Plan are paid by the Bank.

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures allocated to participants at December 31, 2024.

Voting Rights

All Company stock held by the Trust shall be voted by the Trustee in accordance with instructions from the Plan Administrator. However, certain events as defined in the Plan, allow for the participants to direct the voting of any voting shares of Company stock that have been allocated to their account. The Trustee is responsible for voting any unallocated shares of Company stock.

Funding Policy

The Plan Administrator is responsible for the establishment and implementation of a funding policy that takes into account the objectives of the Plan and requirements of ERISA. The funding policy shall be reviewed annually by the Plan Administrator considering any change in Plan objectives.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, participants will become 100% vested in their accounts and the interest of each participant in the trust fund will be distributed to such participant, or his or her beneficiary, at the time prescribed by the Plan terms and the IRC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting, except for the cash basis recording of benefits paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 5 for discussion of fair value measurements.

PROGRESSIVE BANCORP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Purchases and sales of securities are recorded on a trade – date basis. Dividends on Company shares are recorded on the ex-dividend date. Realized gain and losses from security transactions are reported on the average cost method. Net appreciation includes the plan’s gains and losses on investments bought and sold as well as held during the year.

3. ADMINISTRATION OF PLAN ASSETS

The Plan’s assets, which consist principally of Progressive Bancorp, Inc. common stock, are held by the Trustee of the Plan. The Plan’s trustee for 2024 and 2023 was JD Bank. The plan’s recordkeeper was Werntz & Associates for 2024 and 2023.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

4. INVESTMENTS

The Plan’s investment in employer securities, consisting of 6.44% and 6.81% of the outstanding common stock of Progressive Bancorp, Inc., at December 31, 2024 and 2023, is as follows:

	<u>Total</u>
<u>December 31, 2024:</u>	
Number of shares	29,632
Cost	\$ 1,480,452
Fair value	\$ 3,704,000
	<u>Total</u>
<u>December 31, 2023:</u>	
Number of shares	31,563
Cost	\$ 1,577,002
Fair value	\$ 3,471,930

During 2024, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$444,480.

5. FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC #820 are described as follows:

PROGRESSIVE BANCORP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Employer stock: Valued annually by an independent third-party appraiser. This appraisal utilized three general approaches to the valuation (the asset-based approach, the market approach, and the income approach) and considered multiple methodologies within each approach to develop indications of value for the Company that were weighted to determine the conclusion of value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31			
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2024</u>				
Progressive Bancorp, Inc.				
Common stock	\$ 3,704,000	\$ -	\$ -	\$ 3,704,000
Total	\$ 3,704,000	\$ -	\$ -	\$ 3,704,000
<u>December 31, 2023</u>				
Progressive Bancorp, Inc.				
Common stock	\$ 3,471,930	\$ -	\$ -	\$ 3,471,930
Total	\$ 3,471,930	\$ -	\$ -	\$ 3,471,930

The Plan distributed 1,931 shares valued at \$212,410 of the Plan's level 3 assets for the year ended December 31, 2024.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. This is a related party and party-in-interest transaction. As described in note 2, the Bank paid all plan expenses. As described in Notes 1 and 3, the Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

7. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated October 25, 2016, that the Plan is qualified, and the trust established under the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

DECEMBER 31, 2024 AND 2023

8. RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock, and to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. SUBSEQUENT EVENTS

Management evaluates events and transactions that occur after the balance sheet date but before the financial statements are made available. Management evaluated such events and transactions through June 16, 2025, the date for which financial statements were made available for distribution and noted no significant subsequent events as of this date.
