INDEPENDENT AUDITOR'S REPORT

Plan Administrator, Trustees and Participants
D.L. George & Sons 401(k) Plan
Waynesboro, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of D.L. George & Sons 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Opinion (Continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Item 4i, Schedule of Assets Held for Investment Purposes as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

D.L. GEORGE & SONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of D.L. George & Sons 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of D.L. George & Sons Construction Company and its affiliates, D.L. George & Sons Manufacturing, Inc., and D.L. George & Sons Transportation, Inc., (the Company). The plan was amended and restated January 1, 2022, to conform with current regulations. Employees may participate the first day of the month coinciding with or next following the completion of one month of service and attaining age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute pre-tax elective deferrals up to the annual dollar limitations contained in the Internal Revenue Code. Participants age 50 or older may elect to defer additional "catch-up" amounts. At the discretion of the Plan Administrator, participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company makes a discretionary matching contribution for each participant as a uniform percentage of compensation, as determined annually. For 2024 and 2023, the Company contributed 50% up to the first 4% of compensation. The Company may also make additional profit-sharing contributions at the option of the Company's Board of Directors.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's contributions, allocation of Plan earnings or losses and is charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are vested immediately in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's contribution is based upon years of continuous service. After two years of service, participants become vested at twenty percent (20%). Vesting increases twenty percent (20%) per year thereafter, until fully vested at six years of service.

Participant Loans: Participant loans are not permitted.

Participant Investment Options: Participants direct their contributions to any of the selected investments provided by the Plan. Participants may change their investment options at any time.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in annual installments over a period of years not more than the participant's assumed life expectancy. Vested balances of less than \$5,000 may only be distributed in a single lump-sum payment. For termination of service due to other reasons not noted above, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Active employees may take distributions from the plan, subject to certain limitations imposed by the Plan. Hardship withdrawals of elective deferrals are permitted based on demonstrated financial need.

Note 1. Plan Description (Continued)

Administrative Expenses: Expenses of administration may be paid by the Plan unless paid by the Company.

Forfeitures: Forfeitures of participants' non-vested accounts may be used to pay administrative expenses or reduce employer matching contributions. During 2024, forfeitures of \$23,794 were used to reduce employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts amounted to \$24,935 and \$23,777, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well held during the year.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through June 18, 2025, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and dividends for the year ended December 31, 2024, was obtained by management and agreed to information certified as complete and accurate by Alerus Financial, N.A.

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with the Financial Accounting Standards Board (FASB) codification topic *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.

- Level 2 Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, which are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

All investments in the Statements of Net Assets Available for Plan Benefits are reported at fair value. The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies: Shares of registered investment companies (mutual funds) are valued at the daily closing prices as reported by the fund. The funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Note 4. Investments and Fair Value Measurements (Continued)

Collective Investment Trust: The collective investment trust is composed primarily of fully benefit-responsive investment contracts and is valued based upon the net asset value (NAV) of units of the collective trust as reported to the Plan by the trust. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value. The units of each share class of the collective trust are valued daily. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies, at fair value	\$ 8,177,745	\$ -	\$ -	\$ 8,177,745
Collective investment trust, at net asset value *				237,185
Total Investments, at Fair Value				\$ 8,414,930

Investments at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Registered investment companies, at fair value	\$ 7,184,156	\$ -	\$ -	\$ 7,184,156
Collective investment trust, at net asset value *				203,891
Total Investments, at Fair Value				\$ 7,388,047

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets available for Plan Benefits.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments. Plan level redemptions require 60 days written notice.

Investments at Net Asset Value as of December 31, 2024

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trust	\$ 237,185	n/a	Daily	Daily

Investments at Net Asset Value as of December 31, 2023

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trust	\$ 203,891	n/a	Daily	Daily

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Tax Status

The Company has adopted a volume submitter profit-sharing plan with a cash or deferred arrangement sponsored by FIS Business Systems, LLC. The Plan Sponsor received an opinion letter from the Internal Revenue Service dated June 30, 2020, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

D.L. GEORGE & SONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods currently in progress.

Note 7. Related Party and Party in Interest Transactions

Fees paid by the Plan during the year for administrative services, investment management services and custodial services rendered by parties in interest were based on customary and reasonable rates for such services. These transactions qualify as party in interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.
