INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Teamsters Benefit Trust:

Opinion

We have audited the financial statements of Teamsters Benefit Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and of benefit obligations as of September 30, 2024 and 2023, the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Teamsters Benefit Trust as of September 30, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Teamsters Benefit Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Teamsters Benefit Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with Teamsters Benefit Trust's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Teamsters Benefit Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Teamsters Benefit Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Teamsters Benefit Trust
Notes to Financial Statements
September 30, 2024 and 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of Teamsters Benefit Trust (the “Plan”) are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions Receivable

Employer contributions due but not paid at year-end are recorded as employer contributions receivable. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

Investment Valuation, Transactions and Income Recognition

General

Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (“FASB ASC”) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan’s assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities’ own judgments and estimations or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan’s investment classes are presented below.

Mutual Funds - The fair value of mutual funds is generally based on quoted market prices in active markets (Level 1).

Money Market Funds - The fair value of the money market funds is based on the total value of all of the securities held using the amortized cost method. Generally, the amortized cost approximates the current fair value. The funds seek to maintain a net asset value of \$1.00 (Level 2).

Teamsters Benefit Trust
Notes to Financial Statements
September 30, 2024 and 2023

Limited Partnerships, Limited Liability Companies and 103-12 Investment Entities - The fair value of these investments is based on the Plan's ownership interest in the entities' capital. The net asset value is being used as a practical expedient to estimate fair value.

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Deferred Revenue

Deferred revenue represents employer and retiree contributions and contributions from participants electing Consolidated Omnibus Budget Reconciliation Act ("COBRA") coverage received prior to year-end for eligibility after year-end.

Premiums Payable

Premiums payable were estimated by management based on payments made subsequent to year-end for eligibility prior to year-end.

Payment of Benefits

Premiums paid are recorded as premium payments in the statements of changes in net assets available for benefits. Claim payments are recorded when submitted to the Plan by the third-party claims processor for reimbursement. Claims paid by the claims processor prior to year-end or claim payments submitted to the Plan by the third-party claims processor that are not yet paid are recorded as an amount currently payable in the statements of benefit obligations.

Benefit Obligations

Claims payable and incurred but not reported and accumulated eligibility credits were estimated by the Plan's actuary based on claims experience, premium costs and estimated administrative expenses, as applicable. Premiums payable is an estimate of premiums due but not paid as of September 30 for each year presented. Post-retirement benefit obligations include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Recently Adopted Accounting Standards

In June 2016, the Financial Accounting Standards Board issued an Accounting Standards Update 2016-13, *Financial Instruments – Credit Losses* (Topic 326) amending the accounting for credit losses on financial statements. This methodology replaced the incurred loss methodology with the expected credit losses using a wide range of reasonable and supportable information. The amendment affects loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposure and other financial instruments recorded at amortized cost.

Teamsters Benefit Trust
Notes to Financial Statements
September 30, 2024 and 2023

The Plan adopted the new standard effective October 1, 2023, using the modified retrospective approach. Upon adoption, there was no cumulative effect adjustment to the opening balance of net assets.

Risks and Uncertainties

Post-retirement benefit obligations are calculated based on certain assumptions pertaining to future contributions, participant demographics, interest rates and other assumptions, all of which are subject to change. Due to the inherent uncertainty of the assumption process, it is at least reasonably possible that changes in these assumptions in the near term would be material to the post-retirement benefit obligations.

The Plan invests in mutual funds, limited partnerships, 103-12 investment entities, a limited liability company, and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Refunds and Rebates

Prescription refunds due from the Plan's pharmacy benefits manager are recorded when earned. Refunds due at year-end are recorded as a receivable on the statements of net assets available for benefits, with the offset being netted against claims paid. Pharmacy rebates totaling \$12,140,692 and \$15,946,502 have been netted against claims paid in the statements of changes in net assets available for benefits for the years ended September 30, 2024 and 2023, respectively.

2. DESCRIPTION OF THE PLAN

The Plan was established in 1982 as a result of collective bargaining agreements between employers and unions to provide welfare benefits for eligible employees and their dependents. The current Plan provides medical, life, dental, accidental death and dismemberment, prescription drug, accident and sickness and optical benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Within Teamsters Benefit Trust, there are several different eligibility structures and benefit arrangements; the different groups are known as plans. The specific detailed basis upon which the eligibility for benefits is determined is provided in each plan's Summary Plan Description. Eligibility is generally determined in one of the following two ways:

- *Example 1:* A current Plan participant works the required number of hours, based on the collective bargaining agreement, in September, and the employer makes the required contribution to the Plan. Based on these contributions, the participant has earned eligibility for the month of October. The required number of hours ranges from 60 to 133, depending on which plan the participant is in.
- *Example 2:* A current Plan participant works for an employer who makes the required contributions to the Plan. The hours worked are credited to the participant's hour bank, up to the maximum allowed. The maximum hour bank balances range from 180 to 266. If the participant has the required number of hours in his or her bank, based on the Plan rules, he or she will be granted eligibility for the following month. The number of hours required for coverage ranges from 60 to 133.

Certain benefits are self-funded and are paid out of the reserves of the Plan. Certain participants may elect optional medical coverage through health maintenance organizations ("HMOs").

Teamsters Benefit Trust
Notes to Financial Statements
September 30, 2024 and 2023

Certain participants also receive dental coverage through a self-funded arrangement or through insurance agreements. Optical benefits are provided through a self-funded arrangement. Life insurance benefits are provided under an insured arrangement.

Certain benefits provided to retirees, reflected as post-retirement benefit obligations in the statements of benefit obligations, are being funded by current employer contributions and monthly co-payments from retirees. Although these benefits were provided by the Plan for the current fiscal year, they are not guaranteed. The Board of Trustees reserves the right to reduce or discontinue these benefits or to increase the contributions and/or co-payments required to fund these benefits.

The costs of the post-retirement benefit obligations plan are shared by the Plan's participating employers and retirees. In addition to deductibles and co-payments, the estimated cost of providing post-retirement benefits is partially funded through retiree contributions of 12% and 13% for the years ended September 30, 2024 and 2023, respectively.

Continuation of health care benefits to persons who would otherwise lose those benefits due to certain events, as mandated by COBRA, has been adopted by the Plan.

Participants should refer to the Summary Plan Description and recent Plan amendments for more complete benefit information and eligibility requirements.

3. PRIORITIES UPON TERMINATION

It is the intent of the Board of Trustees (the "Trustees") to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy, or make provisions to satisfy, the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for, or diverted to, purposes other than for the exclusive benefit of the participants.

4. TAX STATUS

The Plan obtained its latest determination letter in June 1984, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan and its related trust have been amended since receiving the determination letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan's administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

5. FUNDING POLICY

The Plan is financed by employer and retiree contributions and by contributions from members electing COBRA coverage. The monthly employer contribution rate is agreed to by the parties' signatory to the collective bargaining agreements. The employer contribution amounts received by the Plan include contributions from individual participants collected by the employer for certain Plan benefits, as specified in the collective bargaining agreements. Information to determine the participant contributions is not available in the Plan's records. COBRA and retiree contribution rates are calculated by the Plan's consultant.

7. INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE

FASB Accounting Standards Update 2009-12, *Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, permits entities to use net asset value (“NAV”) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the NAV is calculated in a manner consistent with investment company accounting.

The following is a summary of the Plan’s investments in certain entities that calculate NAV as of September 30, 2024 and 2023:

Investment Type	Fair Value as of September 30,		Unfunded Commitments		Redemption Frequency (if currently eligible)	Redemption Notice Period

8. RESTRICTED NET ASSETS

The Plan is party to agreements for the transfer of assets through mergers with other health and welfare plans. Certain agreements restrict certain excess assets transferred to the Plan to be used exclusively for the benefit of the participants associated with those other plans. The restricted net assets are as follows as of September 30, 2024 and 2023:

9. POST-RETIREMENT BENEFIT OBLIGATIONS

The post-retirement benefit obligations represent the total actuarial present value of those estimated future benefits that are attributed to employee service rendered to September 30, 2024 and 2023, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Prior to an active employee's full eligibility date, the post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date. Certain benefits provided to retirees, reflected in the statements of benefit obligations, are being funded by current employer contributions and monthly co-payments from retirees. Although these benefits were provided by the Plan for the current fiscal year, they are not guaranteed. The Board of Trustees reserves the right to reduce or discontinue these benefits or to increase the employer contributions and/or co-payments required to fund these benefits.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The cost for each program is composed of two or more cost components, with each component having its own base cost and trend percentages included in the tables below and on the following page. For example, the per-capita cost for SRP consists of two components: SRP claims and operating expenses. For the years ended September 30, 2024 and 2023, the underlying per-capita cost and trend rates are shown for each cost component. To calculate the cost for each retiree program, the cost components indicated below would need to be included:

<u>Program</u>	<u>Cost Components</u>
Supplemental Retiree Plan ("SRP")	SRP claims and operating expenses.
Comprehensive Retiree Plan ("CRP")-Indemnity	Medical indemnity claims, prescription drug claims and operating expenses.
Comprehensive Retiree Plan (CRP)-HMO	Medical HMO claims (premiums), prescription drug claims and operating expenses.
Basic Retiree Plan ("BRP")	BRP claims and operating expenses.
Retirement Security Plan ("RSP")	RSP-Indemnity or CRP-HMO components, as applicable, plus RSP dental premiums and RSP vision claims.
International Plan	International Plan medical, prescription drug, vision, dental, International Plan stop-loss premiums and operating expenses.

The trend rate assumptions have a significant effect on the amounts reported on the accompanying financial statements. If the assumed rates increased by one percentage point in each year, the post-retirement obligation would increase by \$282,414,900 and \$224,311,500 as of September 30, 2024 and 2023, respectively.

Teamsters Benefit Trust
Notes to Financial Statements
September 30, 2024 and 2023

The statements of changes in benefit obligations include an increase in post-retirement benefit obligations of approximately \$161,000,000 primarily due to a decrease in the discount for the year ended September 30, 2024.

10. INSURANCE ARRANGEMENTS

The Plan has an arrangement with Delta Dental Plan ("Delta Dental") whereby Delta Dental maintains a premium stabilization account. Excess reserves in the premium stabilization account, if any, may be refunded to the Plan or held by Delta Dental to offset future premium rate increases. The refund amount, if any, is typically determined subsequent to the contract year-end (December 31). During the year ended September 30, 2022, the Plan received refunds for the contract years ended December 31, 2019 through 2021. Due to the difference between the Plan year-end and the contract year-end, the refund amount, if any, for the years ended September 30, 2024 and September 30, 2023, has not been determined through the date of issuance of the financial statements and, accordingly, no additional receivable has been recorded as of the financial statement date.

Certain medical benefits are paid under the terms of the stop-loss insurance policy with Union Labor Life Insurance Company. If the claims paid on behalf of an eligible participant or dependent exceed the deductible during the policy year, the carrier will reimburse the Plan for the excess, up to a maximum lifetime reimbursement, in accordance with the terms of the excess-loss insurance arrangement. The Plan recorded a stop-loss refund of \$97,167 and \$69,787 during 2024 and 2023, respectively.

The Plan has the following deposits with insurance carriers and health maintenance organizations as of September 30, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Delta Dental	\$ 452,200	\$ 452,200
Pacific Union Dental	<u>9,000</u>	<u>9,000</u>
	<u>\$ 461,200</u>	<u>\$ 461,200</u>

11. CASH CONCENTRATIONS

The Plan has significant cash balances at financial institutions which throughout the year regularly exceed the federally insured limit of \$250,000. Any loss incurred or a lack of access to such funds could have a significant adverse impact on the Plan's net assets available for benefits and operations.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended September 30, 2024 and 2023:

13. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after September 30, 2024, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through June 23, 2025, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
