Independent Auditors' Report

The Plan Administrator Next Level Hospitality Services 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Next Level Hospitality Services 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Transfer of Assets

As stated in Note 1 to the financial statements, in December of 2022, the Plan transferred all of its assets into the Aramark Retirement Savings Plan for Salaried Employees and the Aramark Hourly 401(k) Plans. As a result of this transfer, the Plan ceased to exist.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The Plan Administrator
Next Level Hospitality Services 401(k)
Profit Sharing Plan and Trust
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Next Level Hospitality Services 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements
December 31, 2022

1. Plan Description

The following description of Next Level Hospitality Services 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution profit-sharing plan that provided cash or deferred future benefits pursuant to applicable sections of the Internal Revenue Code ("IRC"). The Plan covered all eligible employees of Next Level Hospitality Services, LLC (the "Company"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In April of 2021, the Company was acquired by Aramark. The Plan ceased to exist after December 28, 2022. Effective December 28, 2022, substantially all of the Plan's assets were merged into the Aramark Retirement Savings Plan for Salaried Employees and the Aramark Hourly 401(k) Plans.

Eligibility

Substantially all employees who have reached at least 21 years of age and who have completed 3 months of service were eligible to join the Plan. Employees were not eligible to participate in the Plan if they were: covered by a collective bargaining agreement, or non-resident aliens. All new employees were eligible to enter the Plan on the first day of each month.

Contributions

Employees could elect to contribute, on a pre-tax or Roth basis, to the Plan an amount equal to a dollar amount or percentage of their compensation, up to a maximum dollar amount in accordance with Section 402(g) and Section 415(c) of the IRC. Participants could also contribute amounts representing distributions from other qualified plans. Employees who have completed 500 hours of service or are employed on the last day of the Plan Year are eligible to receive a profit sharing contribution based on a discretionary formula determined by the Company. The Company did not make a profit sharing contribution for the year ended December 31, 2022.

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses). Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. All investments of the Plan were participant directed.

1. Plan Description (*continued*)

Vesting

Participants were immediately vested in their voluntary pre-tax and Roth contributions and allocations of earnings thereon. Profit Sharing contributions will become vested as follows:

Vesting Schedule	
Years of Service	Vested Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants could borrow from their accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the balance in the participant's account. The loan interest rate, determined quarterly, was set at 2% above the prime rate, as defined. Only one loan per participant was able to be outstanding at any given time. Principal and interest was paid ratably through payroll deductions.

Payment of Benefits

Under the terms of the Plan, a participant could make a withdrawal for reasons of economic hardship prior to attaining age 59½. Such hardship withdrawals were available for immediate and heavy financial need and only when other financial resources were exhausted. Upon attaining age 59½, participants could withdraw their entire vested account balance or a portion thereof, no more frequently than once in a Plan year. Upon termination of employment prior to retirement, Plan members with account balances greater than \$5,000, could elect to defer distributions to normal retirement age. Participants with account balances less than \$5,000 would receive a lump sum cash payment as soon as practicable following termination of employment.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The Plan followed U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2021, the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value except for the investment in the group annuity contract, which was stated at contract value. The mutual funds and money market fund held by the Plan were valued at fair value based on the daily closing price as reported by the funds. These funds were open-ended and were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value and to transact at that price and were deemed to be actively traded. The group annuity contract was valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced, and a benefit payment was recorded.

Payment of Benefits

Benefits were recorded when paid.

Expenses

Certain expenses of maintaining the Plan were paid by the Company and were excluded from these financial statements. Administrative fees incurred in connection with loans and participant activity charges were borne by the individual and deducted from their respective Plan assets. Investment related expenses were included in net depreciation in value of investments.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is June 24, 2025.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2022 and 2021, net depreciation in value of investments, and interest on notes receivable from participants, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB, a qualified institution.

4. Group Annuity Contract

The Nationwide Fixed Select Option Contract (the "Contract") is a guaranteed group annuity contract backed by the general account of Nationwide Life Insurance Company. Because the Contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses.

A rate of interest was contractually guaranteed by Nationwide Life Insurance Company and was credited to participant's account balances. The credited interest rate may stay the same or change each quarter. Participants may transfer their account balance to any other investment option offered under the Plan at any time with no restrictions or penalties.

5. Tax Status

The Internal Revenue Service ("IRS") issued an opinion letter to the prototype plan document, dated June 30, 2020, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. The plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Party-In-Interest Transactions

Certain investments of the Plan were managed by an affiliate of Nationwide Trust Company, FSB, and Nationwide Life Insurance Company, the trustee and insurance company as defined by the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Certain administrative functions were performed by the employees of the Company. No such employee received compensation from the Plan.
