Independent Auditor's Report

To the Administrative Committee of the
Allego Inc 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Allego Inc 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Allego Inc 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Allego Inc 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Allego Inc 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Allego Inc 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Allego Inc 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in

accordance with the presentation and disclosure requirements in accordance with the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (modified cash basis) as listed in the accompany index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis) , other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards (GAAS). For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Allego Inc. 401(k) Profit Sharing Plan and Trust
Years Ending December 31, 2024 and 2023
Notes to the Financial Statements

Note 1 - Description of the Plan

The following brief description of the Allego Inc. 401(k) Profit Sharing Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established as of January 1, 2015. The Plan is a defined contribution 401(k) Plan structured under the provisions of Section 401(k) of the Internal Revenue Code (the “Code”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The basic Plan document has been amended and restated to be in compliance with changes required under ERISA. Allego, Inc. (the “Company”), acts as Plan administrator and controls and manages the operation and administration of the Plan. Voya Retirement Insurance and Annuity Company acts as the Plan’s trustee and custodian. Asset Strategy Advisors LLC acts as the Plan’s investment advisor. The Plan is a “prototype plan” with Ascensus LLC (“Ascensus”) acting as the Plan’s third party administrator.

Eligibility

All employees (except interns) who are at least 21 years of age and have completed two months of service are eligible to participate in the Plan on the first day of the month following the date on which these eligibility requirements are satisfied.

Contributions

Eligible employees may elect to make both pretax and post-tax (Roth) contributions to the Plan subject to certain limits determined by law and the Plan document. The Plan has an auto enrollment feature in which all employees, unless they elect out, are automatically enrolled in the Plan. Participants who turn age 50 or older in the current calendar year may elect to make an additional pretax contribution, or catch-up contribution, to the Plan, not to exceed the amount allowable under current income tax regulations. Participants may also contribute amounts representing distributions from other qualified benefit Plans. Such amounts are included in the Statements of Changes in Net Assets Available for Benefits as rollover contributions.

Company Contributions

The Plan allows for a discretionary matching contribution equal to 50% of the participants’ elective deferrals, not to exceed 6% of eligible earnings. Matching contributions are also limited to an overall annual dollar limitation of \$2,000. Participants must make elective deferrals to the Plan to receive this matching contribution. In addition, the Company may make a non-elective contribution to the Plan, although the Company is not required to do so. The non-elective contribution will be allocated to all employees eligible to participate in the Plan as of December 31st of the Plan Year. If employment is terminated prior to December 31st, then the participant will be eligible to receive any non-elective contribution that the Company may make for the year in which the Employment was terminated. The non-elective contribution, if made, will be allocated as of the end of each Plan Year based on eligible earnings within the computation period. For the plan years ended December 31, 2024 and December 31, 2023, there were no non-elective contributions made to the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts. The loans are secured by the balance in the participants’ account and bear interest as determined reasonable by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. The minimum loan is \$1,000. The participant can borrow up to 50% of the vested Account Balance to a maximum of \$50,000. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence.

Note 1 - Description of the Plan (continued)

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the company's discretionary company match and discretionary non-elective contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant begins vesting based on the schedule as shown below. Participants may also become fully vested upon the attainment of age 65 while employed by the Company or at the time of permanent disability or death.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 Year	0%
1-2 years	50%
2 years or more	100%

Payment of Benefits

Participants may withdraw amounts equal to the total value of their pretax contribution or vested company contribution accounts after the age of 59 ½ or in the event of financial hardship or need. Upon termination after vesting, attainment of age 65 (normal retirement date), death or permanent disability, distributions may be made as described in the Plan document.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the company's matching contribution, and allocations of (1) company discretionary contributions (if any) and (2) Plan earnings and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies (mutual funds), and a stable value fund offered through a group annuity investment contract through the Voya Retirement Insurance and Annuity Company.

Forfeited Accounts

Participants who terminate prior to full vesting forfeit the non-vested portions of their company contribution accounts. Forfeitures by terminated members can be applied to reduce employer contributions or Plan expenses. At December 31, 2024 and 2023, forfeiture non-vested accounts totaled \$35,814 and \$43,528, respectively. During the plan year ended December 31, 2024, forfeited amounts of \$16,650 were used to reduce the company's administrative plan expenses, and forfeited amounts of \$7,281 were used to reduce employer matching contributions made to eligible participants' accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when obligations are incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Notes to the Financial Statements

Note 2 - Summary of Significant Accounting Policies (continued)

Year End

The Plan utilizes a December 31 calendar year end.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of registered investment companies (i.e. mutual funds) are valued based on quoted market prices, which represent the net asset value of shares held at year-end. See Note 6 for further discussion and disclosures related to fair value measurements.

Voya Fixed Account is reported at contract value which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. See Note 7 for further discussion.

Investment earnings are composed of interest, dividends and realized and unrealized gains and losses on investments. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income and dividends are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were not material at December 31, 2024 and 2023, respectively.

Subsequent Events

For the year-ended December 31, 2024, the Company evaluated subsequent events for potential recognition and disclosure through June 10, 2025, the date of the financial statement issuance.

Administration of Plan Assets

The trustee of the Plan, Voya Retirement Insurance and Annuity Company, holds the Plan's assets. Voya Retirement Insurance and Annuity Company serves as the record keeper and custodian. Ascensus acts as a third-party administrator. Contributions are held and managed by the trustee of the Plan, which invests cash received, interest and dividend income and makes distributions to participants. Officers or employees of the sponsor perform certain administrative functions. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by either the Plan or the company, as provided by the Plan document. In addition, the company also provides certain administrative services to the Plan at no cost to the Plan.

Allego Inc. 401(k) Profit Sharing Plan and Trust
Years Ending December 31, 2024 and 2023
Notes to the Financial Statements

Note 3 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Voya Retirement Insurance and Annuity Company has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, investment transactions and investment income (loss) presented in the accompanying Statement of Net Assets Available for Benefits (modified cash basis) as of December 31, 2024 and 2023, the Statement of Changes in Net Assets Available for Benefits (modified cash basis) for the year ended December 31, 2024, and the Supplemental Schedule of Assets Held at End of Year (modified cash basis) as of December 31, 2024 and 2023.

Note 4 – Related-Party and Party in Interest Transactions

The Plan invests in mutual funds and collective trust funds are managed by the Voya Retirement Insurance and Annuity Company. Ascensus acts as the Plan's third-party administrator. Therefore, transactions in these investments constitute related party-in-interest transactions. Indirect fees incurred for these services paid by the Plan to Ascensus totaled \$11,711 for the year ending December 31, 2024. The Ascent Group, LLC provides administrative services to the Plan. Indirect fees incurred for these services are paid by the Plan and totaled \$41,535 for the year ending December 31, 2024. The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. Therefore, all transactions with these entities qualify as party-in-interest transactions. Other fees incurred by the Plan for the investment related expense may be included in net appreciation or depreciation in fair value of investments. The Plan sponsor pays directly any other fees related to the Plan's operation.

Note 5 – Plan Termination

While the Company has not expressed any intent to terminate the Plan, it has the right to do so, subject to the restrictions set forth in ERISA. In the event such discontinuance results in the termination of the Plan, participants will become fully vested in their accounts and such accounts will be distributed in accordance with the Plan document.

Note 6 – Fair Value Measurements

FASB ASC 820, Fair Value Measurement Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three-tier fair value hierarchy under FASB ASC 820 is described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- o Quoted prices for similar assets or liabilities in active markets;
- o Quoted prices for identical or similar assets or liabilities in inactive markets;
- o Inputs other than quoted prices that are observable for the asset or liability;
- o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Allego Inc. 401(k) Profit Sharing Plan and Trust
Years Ending December 31, 2024 and 2023
Notes to the Financial Statements

Note 6 – Fair Value Measurements (continued)

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies (mutual funds): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, as a result, are classified as a Level 1 investment.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair values as of December 31, 2024, and 2023.

Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$14,539,526</u>	<u>\$-</u>	<u>\$-</u>	<u>\$14,539,526</u>
Total investments at fair value	<u>\$14,539,526</u>	<u>\$-</u>	<u>\$-</u>	<u>\$14,539,526</u>

Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$12,058,833</u>	<u>\$-</u>	<u>\$-</u>	<u>\$12,058,833</u>
Total investments at fair value	<u>\$12,058,833</u>	<u>\$-</u>	<u>\$-</u>	<u>\$12,058,833</u>

Management evaluates the significance of various inputs to assess the appropriate classification of the Plan’s investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023, and 2022, there were no significant transfers in or out of Level 1, 2 or 3.

Note 7 Group Annuity Contract-Guaranteed Interest Account

The Plan participates in the Voya Fixed Account. The Voya Fixed Account is a fully benefit-responsive investment and is reported at contract value in the Statements of Net Assets Available for Benefits (modified cash basis). The Statement of Changes in Net Assets Available for Benefits (modified cash basis) is also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract’s terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The fully benefit-responsive investment contract with Voya Institutional Trust Company (Voya) is a general account evergreen group annuity contract. Voya maintains the contributions in a general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are

Allego Inc. 401(k) Profit Sharing Plan and Trust
Years Ending December 31, 2024 and 2023
Notes to the Financial Statements

Note 7 Group Annuity Contract-Guaranteed Interest Account (continued)

backed up by the full faith and credit of Voya, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The redemption frequency is daily, and the redemption notice period is daily. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates are reviewed on a semiannual basis for resetting. The average earnings yield and average credit rate for 2024 was 2.09%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Sponsor or other Sponsor event (e.g., divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9- Tax Status of the Plan

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

The modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 – Prohibited Transactions-Delinquent Employee Deferral Transmittals

During the year ended December 31, 2024 the Company remitted participant contributions beyond the limit allowable by rules set forth by the Department of Labor. Delays in remitting contributions to the trustee were due to administration errors. The Company has taken the corrective actions necessary to rectify this situation and is in the process of contributing the necessary lost earnings to make the Plan whole as of the date of the correction. The amount of late contributions totaled \$307 for the year ending December 31, 2024.
