## INDEPENDENT AUDITORS' REPORT

To the Pension and Investment Committee and the Audit Committee of,  
The University Athletic Association, Inc. 403(b) Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of The University Athletic Association, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matters – Supplemental Schedule Required by ERISA***

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE UNIVERSITY ATHLETIC ASSOCIATION, INC. 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

(1) **Description of Plan:**

The following description of the University Athletic Association, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution 403(b) plan that covers substantially all employees of the University Athletic Association, Inc. and Gator Boosters, Inc. (collectively, the Association) who normally work more than 20 hours per week. Employees are eligible to participate as of their employment commencement date. There are no minimum age or service requirements. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan became established as an ERISA plan effective March 28, 2022.

(b) **Contributions**—Each year, participants may contribute up to 100% of pre-tax and post-tax annual compensation, as defined by the Plan. Participants who have attained the age of 50 by the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

(c) **Participant accounts**—Each participant's account is credited with an allocation of the participant's contribution and plan earnings net of investment management fees, as defined in the Plan document. The Plan currently offers various investment options for participants, which include money market funds, mutual funds, and self-directed brokerage account options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are vested immediately in their contributions plus actual earnings thereon.

(e) **Payment of benefits**—Upon termination of service due to death, disability, or retirement, the participant or beneficiary will receive the vested value of his or her account in either a lump-sum payment or payments in equal monthly, quarterly, semiannual, or annual installments over a period not to exceed the participant's life expectancy. The method of payout is determined by the participant. An active participant's contributions may also be withdrawn for certain hardship situations.

(f) **Administrative costs and plan expenses**—Certain administrative and operating expenses of the Plan are paid by the Association or are performed by employees of the Association at no cost. The majority of Plan investment management fees are netted against Plan earnings.

(g) **Notes receivable from participants**—Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances. The loans are secured by the balances in the participant's accounts and bear an interest rate based upon the prime rate plus a margin of one percent at the time of the loan, with terms ranging from six months to five years, unless for the purchase of the participant's principal residence, as defined by the Internal Revenue Service (IRS).

**THE UNIVERSITY ATHLETIC ASSOCIATION, INC. 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

(b) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest and dividend income are recorded when received. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) **Payment of benefits**—Benefits are recorded when paid.

(e) **Subsequent events**—The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through June 25, 2025, the date the financial statements were available to be issued. No subsequent events requiring recognition or disclosure have been identified.

(3) **Information Certified by the Trustee:**

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2024 and 2023, and the net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (FMTC), a qualified institution and trustee of the Plan.

(4) **Investments and Fair Value Measurements:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**THE UNIVERSITY ATHLETIC ASSOCIATION, INC. 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

(4) **Investments and Fair Value Measurements:** (Continued)

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in the self-directed brokerage accounts are reported by the broker using the same valuation methodologies.

*Money market* – Valued at the NAV of shares held by the Plan at year-end. The NAV is based on the underlying market value of the fund's investments and other assets less the liabilities. Investments in the self-directed brokerage account are valued using the same valuation methodologies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) **Investments and Fair Value Measurements:** (Continued)

The following table summarizes the assets and liabilities of the Plan for which fair values are determined on a recurring basis:

Total investments at fair value	<u>\$ 7,071,910</u>	<u>\$ 91,104</u>	<u>\$ -</u>	<u>\$ 7,163,014</u>

For the period ended December 31, 2024 and 2023, there were no purchases, issues, or transfers in or out of Level 3.

(5) **Plan Termination:**

Although it has not expressed any intent to do so, the Association has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Association would direct complete distribution of the assets of the Plan to the participants.

**THE UNIVERSITY ATHLETIC ASSOCIATION, INC. 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**(6) Income Tax Status:**

The Plan Sponsor has adopted a volume submitter basic plan document that obtained a favorable determination letter from the IRS dated August 7, 2017. A favorable determination letter qualifies the Plan under Section 403(b) of the Internal Revenue Code (IRC), and therefore, is not subject to tax. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**(7) Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**(8) Parties-in-Interest:**

FMTTC is the trustee of Plan assets (see Note 3), and derived fees based on the asset values, which are included in the investment management fee expense or are netted against the net appreciation/depreciation in fair value of investments. During 2024, Fidelity Workplace Services provided recordkeeping and third-party administrative services to the Plan, and they received fees from the Association on behalf of the Plan for these services.

## INDEPENDENT AUDITORS' REPORT

To the Pension and Investment Committee and the Audit Committee of,  
The University Athletic Association, Inc. 403(b) Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of The University Athletic Association, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matters – Supplemental Schedule Required by ERISA***

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE UNIVERSITY ATHLETIC ASSOCIATION, INC. 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

(1) **Description of Plan:**

The following description of the University Athletic Association, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution 403(b) plan that covers substantially all employees of the University Athletic Association, Inc. and Gator Boosters, Inc. (collectively, the Association) who normally work more than 20 hours per week. Employees are eligible to participate as of their employment commencement date. There are no minimum age or service requirements. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan became established as an ERISA plan effective March 28, 2022.

(b) **Contributions**—Each year, participants may contribute up to 100% of pre-tax and post-tax annual compensation, as defined by the Plan. Participants who have attained the age of 50 by the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

(c) **Participant accounts**—Each participant's account is credited with an allocation of the participant's contribution and plan earnings net of investment management fees, as defined in the Plan document. The Plan currently offers various investment options for participants, which include money market funds, mutual funds, and self-directed brokerage account options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are vested immediately in their contributions plus actual earnings thereon.

(e) **Payment of benefits**—Upon termination of service due to death, disability, or retirement, the participant or beneficiary will receive the vested value of his or her account in either a lump-sum payment or payments in equal monthly, quarterly, semiannual, or annual installments over a period not to exceed the participant's life expectancy. The method of payout is determined by the participant. An active participant's contributions may also be withdrawn for certain hardship situations.

(f) **Administrative costs and plan expenses**—Certain administrative and operating expenses of the Plan are paid by the Association or are performed by employees of the Association at no cost. The majority of Plan investment management fees are netted against Plan earnings.

(g) **Notes receivable from participants**—Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances. The loans are secured by the balances in the participant's accounts and bear an interest rate based upon the prime rate plus a margin of one percent at the time of the loan, with terms ranging from six months to five years, unless for the purchase of the participant's principal residence, as defined by the Internal Revenue Service (IRS).

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

(b) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest and dividend income are recorded when received. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) **Payment of benefits**—Benefits are recorded when paid.

(e) **Subsequent events**—The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through June 25, 2025, the date the financial statements were available to be issued. No subsequent events requiring recognition or disclosure have been identified.

(3) **Information Certified by the Trustee:**

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2024 and 2023, and the net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (FMTC), a qualified institution and trustee of the Plan.

(4) **Investments and Fair Value Measurements:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(4) **Investments and Fair Value Measurements:** (Continued)

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in the self-directed brokerage accounts are reported by the broker using the same valuation methodologies.

*Money market* – Valued at the NAV of shares held by the Plan at year-end. The NAV is based on the underlying market value of the fund's investments and other assets less the liabilities. Investments in the self-directed brokerage account are valued using the same valuation methodologies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the period ended December 31, 2024 and 2023, there were no purchases, issues, or transfers in or out of Level 3.

(5) **Plan Termination:**

Although it has not expressed any intent to do so, the Association has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Association would direct complete distribution of the assets of the Plan to the participants.

**(6) Income Tax Status:**

The Plan Sponsor has adopted a volume submitter basic plan document that obtained a favorable determination letter from the IRS dated August 7, 2017. A favorable determination letter qualifies the Plan under Section 403(b) of the Internal Revenue Code (IRC), and therefore, is not subject to tax. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**(7) Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**(8) Parties-in-Interest:**

FMTTC is the trustee of Plan assets (see Note 3), and derived fees based on the asset values, which are included in the investment management fee expense or are netted against the net appreciation/depreciation in fair value of investments. During 2024, Fidelity Workplace Services provided recordkeeping and third-party administrative services to the Plan, and they received fees from the Association on behalf of the Plan for these services.
