INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Economic Security Corporation of Southwest
Area 403(b) Plan and Trust
Joplin, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Economic Security Corporation of Southwest Area 403(b) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Economic Security Corporation of Southwest Area 403(b) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2024 and 2023, and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Economic Security Corporation of Southwest Area 403(b) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect the management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Economic Security Corporation of Southwest Area 403(b) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Economic Security Corporation of Southwest Area 403(b) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Economic Security Corporation of Southwest Area 403(b) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 41 – Schedule of Assets held at End of Year and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional

procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or is derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ECONOMIC SECURITY CORPORATION OF SOUTHWEST AREA
403(b) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024

1. Description of plan

The following description of the Economic Security Corporation of Southwest Area (“Agency”) 403(b) Plan and Trust (“Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan’s provisions.

a. General

Economic Security Corporation of Southwest Area is the community action agency serving Barton, Jasper, Newton and McDonald Counties in Southwest Missouri. The Agency provides a range of services and activities impacting the causes of poverty to help people function at their own financial, physical, mental and social levels and aid in their attempts to attain new levels. Administrative offices of the Agency are located in Joplin, Missouri. All permissible employees of the Organization, as defined in the universal availability standards, are eligible. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the requirements of Section 403(b) of the Internal Revenue Code for employees of the Agency.

b. Contributions

The Agency provides a Tax Sheltered Plan under Internal Revenue Code Section 403(b) for its employees. Beginning with the first day of employment, each full-time or part-time regular employee will be eligible to participate in the 403(b) program. Employees can begin contributing their own funds into the program up to the maximum the law allows. After one year of employment, the Agency will match dollar for dollar the amount that they contribute up to 4%. Starting with the fifth anniversary, the Agency will match an additional 1% to a maximum of 5%. The combined Agency and employee contributions may not exceed limits established by law.

c. Participants’ accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Agency’s contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Description of plan (continued)

d. Vesting

Participants are immediately vested in their contributions and the Agency match plus actual earnings thereon.

e. Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual, quarterly, or monthly installments if his vested account balance is at least \$5,000. If the vested account balance is less than \$5,000, the distribution will automatically be in the form of a lump-sum payment.

f. In-Service Withdrawals

Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's elective deferrals.

Participants who have obtained the age of 59½ are allowed to receive a distribution of all or any portion of their vested account balances in a single sum payment.

g. Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

h. Parties-In-Interest

Reliance Trust Company is the trustee/custodian of the Plan investments and executing transactions therein. The Plan is administered by the plan sponsor and employer Economic Security Corporation of Southwest Area in conjunction with Standard Insurance Company serving as the third party administrator. Roberts, McKenzie, Mangan & Cummings, PC is the independent auditor. Each of these entities are classified party-in-interest with respect to the Plan.

i. Forfeitures

Forfeitures of unvested Company matching contributions from terminal participant accounts can be used to offset Company matching contributions or to pay Plan administrative expenses, as determined by the Plan Administrator. At September 30, 2024, there were no forfeited unvested accounts and no forfeitures were used during the Plan year to offset Company matching contributions.

2. Summary of significant accounting policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Plan termination

Although it has not expressed any intent to do so, the Agency has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

4. Administrative fees

During the year ended September 30, 2024, \$37,118, of administrative expenses, such as investment and recordkeeping fees, were paid by the Plan. All other administrative costs are paid by the Plan sponsor.

5. Tax status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The Plan operated under a standardized adoption agreement in connection with a volume submitter retirement plan and trust document sponsored by Standard Retirement

5. Tax status (continued)

Services, Inc. This volume submitter plan document has been filed with the appropriate agency and has obtained its latest determination letter dated June 30, 2020. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information prepared and certified by Qualified Institution

The September 30, 2024 and 2023 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the year ended September 30, 2024, and the accompanying notes to the financial statements were prepared in part from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified for the years ended September 30, 2024 and 2023 includes investments of \$6,542,325 and \$5,728,126, respectively, and related income of \$1,219,255 for the year ended September 30, 2024.

7. Investment contract with insurance company

The Plan has entered into a benefit-responsive investment contract with The Standard. The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

At September 30, 2024 and 2023, the crediting rate earned by the Plan amounted to 3.01% and 2.66%, respectively. Crediting rates for the Plan's The Standard Stable Asset A are set by Standard Insurance Company using a process similar to that used by banks or other insurance companies for similar products. The Standard quarterly declares a crediting rate for all assets in the fund during the company quarter. This crediting rate takes into account yield forecasts from our asset advisory group and the margins required for our business. The crediting rate is declared in advance and is reset quarterly. The

7. Investment contract with insurance company (continued)

declared crediting rate will never be below 1 percent. Management approval is required for all crediting rates. The fund's NAV increases with the daily equivalent of the crediting rate. Past crediting rates are not indicative of future rates.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at September 30, 2024 and 2023 was \$1,002,281 and \$948,154, respectively.

8. Fair value measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

8. Fair value measurements (continued)

Registered investment companies (*mutual funds*): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2024 and 2023:

	<u>Assets at Fair Value as of September 30, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$ 5,540,044</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,540,044</u>

	<u>Assets at Fair Value as of September 30, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$ 4,779,972</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,779,972</u>

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Separated participants

At September 30, 2024, \$28 of the net assets available for benefits are for those participants who have separated from active service with the Plan sponsor.

12. Subsequent event

The Plan has evaluated subsequent events through July 1, 2025, the date which the financial statements were available to be issued. There were no significant events noted at the date of the statements of net assets available for benefits that arose subsequent to that date.
