Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CARON AND BLETZER**

(2) EIN: **04-3499945**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount

Independent Auditor's Report

To the Plan Administrator of the Brimmer and May School Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Brimmer and May School Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets which provide benefits under the plan and certified to by qualified institutions and assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified information in the supplemental schedules related to assets which provide benefits under the plan and certified to by qualified institutions and assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BRIMMER AND MAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Brimmer and May School Retirement Plan (the "Plan") provides only general information. The Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Brimmer and May School (the "Organization"), covering substantially all employees, except union employees, non-resident aliens, student employees, and employees who normally work less than 20 hours per week. All eligible employees may immediately make elective participant contributions upon hire. Eligible employees must attain 21 years of age and complete one year of service to receive employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may contribute up to 100% of their compensation, as defined by the Plan, on a pre-tax basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make additional catch-up contributions subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. The employer matching contribution shall be as follows:

<u>Years of Service</u>	<u>Matching Rate</u>	<u>Match Applies to Deferrals</u>
Less than 7 years	100%	Between 0% and 5% of compensation
7 but less than 14 years	100%	Between 0% and 6% of compensation
14 or more years	100%	Between 0% and 7% of compensation
14 or more years with compensation greater than \$200,000	100%	Between 3% and 4% of compensation

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in all accounts.

BRIMMER AND MAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Unallocated Assets

The Plan holds assets in a revenue credit account which receives deposits as a result of a revenue sharing agreement with TIAA. Deposits to the account are included in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits. Funds in the account are used to pay qualified plan expenses.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment may leave their funds invested in the Plan or may elect a distribution in the form of a lump sum, installments, or an annuity.

A participant may also request a withdrawal of their contributions upon attainment of age 59^{1/2} or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document.

Notes Receivable from Participants

A participant may request a loan in an amount not less than \$1,000. The loan amount is limited to the lesser of one-half of the participant's vested account balance or \$50,000. Loans must bear a rate of interest equal to the prime rate plus 1%. All loans are collateralized by the participant's account and must be supported by a promissory note. All loans must be repaid within five years. Principal and interest is generally paid at least quarterly by participants directly to the plan custodian.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

BRIMMER AND MAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions

Contributions from plan participants and organization contributions are recorded in the year in which the participant contributions are withheld from compensation.

Expenses of the Plan

Substantially all administrative expenses incurred by the Plan are paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Recordkeeping fees incurred by the Plan are paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

BRIMMER AND MAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed insurance contracts (non benefit-responsive) - The TIAA Traditional Annuity is valued at fair value by TIAA by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Academy evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, minimum crediting rate, duration or payout date) while others are substantiated utilizing available market data (for example, discount rate).

Variable annuity contracts - Valued at the net asset value of units of a variable annuity. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Pooled separate account - Valued at net asset value of units of the pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Variable annuity contracts – There are no unfunded commitments. There are no restrictions on redemptions of these investments for participant initiated transactions.

- (a) Stock variable annuities seek a favorable long-term rate of return through capital appreciation and investment income by investing primarily in a broadly diversified portfolio of common stocks.
- (b) Money market variable annuities seek high current income consistent with maintaining liquidity and preserving capital by investing primarily in cash, U.S. government securities and/or repurchase agreements that are collateralized fully by cash, or U.S. government securities.
- (c) Social choice variable annuities seek a favorable long-term rate of return that reflects the investment performance of the financial markets while giving special consideration to social criteria. They invest primarily in foreign and domestic equity investments and bonds and other fixed-income investments.
- (d) Bond variable annuities seek a favorable long-term rate of return, primarily through high current income consistent with preserving capital by investing primarily in fixed-income securities.
- (e) Global equity variable annuities seek a favorable long-term rate of return through capital appreciation and income by investing primarily in foreign and domestic common stocks.
- (f) Growth variable annuities seek a favorable long-term rate of return, mainly through capital appreciation, by investing primarily in common stocks that present the opportunity for exceptional growth.
- (g) Equity variable annuities seek a favorable long-term rate of return by investing primarily in U.S. stocks.

BRIMMER AND MAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

- (h) Inflation variable annuities seek a long-term rate of return that outpaces inflation by investing primarily in inflation-indexed bonds.
- (i) Growth and income variable annuities seek a favorable long-term total return, through both capital appreciation and investment income, by investing primarily in income-producing equity securities.
- (j) International equity variable annuities seek a favorable long-term total return, mainly through capital appreciation, by investing primarily in equity securities of foreign issuers.
- (k) Income variable annuities seek high total return over time primarily through income, with a secondary emphasis on capital appreciation, by investing primarily in equity, fixed-income, and direct real estate funds.
- (l) Value variable annuities seek a favorable long-term total return, mainly through capital appreciation, by investing primarily in equity securities that are believed to be undervalued.
- (m) Target date variable annuities seek high total return over time through a combination of capital appreciation and income by investing in a portfolio designed with a target retirement date in mind.
- (n) Real estate variable annuities seek a favorable long-term total return through both capital appreciation and current income, by investing primarily in equity securities of companies principally engaged in or related to the real estate industry.
- (o) Blend variable annuities seek a favorable long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of equity securities in domestic companies.
- (p) Social choice equity variable annuities seek a favorable long-term total return that reflects the investment performance of overall U.S. stock market while giving special consideration to certain environmental, social, and governance criteria.

Pooled separate account – This category consists of the TIAA Real Estate Account. There are no unfunded commitments. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the account with a liquidity guarantee which ensures the account has the funds available to accommodate participant redemption requests. Redemptions are limited to one per calendar quarter.

The guaranteed investment contracts are with Teachers Insurance and Annuity Association of America (“the contract issuer”). Participants individually contract with TIAA to establish an account within the TIAA Traditional Annuity or TIAA Stable Value Annuity. The TIAA Traditional Annuity is offered through a variety of contracts including supplemental retirement annuities (“SRA”), group supplemental retirement annuities (“GSRA”), retirement annuities (“RA”), and retirement choice annuities (“RC”) as determined by the contract between TIAA and the participant. SRA, GSRA and TIAA Stable Value Annuity contracts are considered fully benefit-responsive because they are liquid contracts (see Note D). RA and RC contracts are not considered fully benefit-responsive due to certain illiquidity features discussed below and are valued at fair value measured using a discounted cash flow methodology.

BRIMMER AND MAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Participant accumulations are available for pre-retirement withdrawal in 10 annual installments upon separation of service under an RA contract and 84 monthly installments subject to a 2.5% surrender charge upon separation of service under the RC contract. The minimum crediting interest rates are contractually guaranteed to be not less than 3 percent for RA contracts and between 1 percent and 3 percent for RC contracts.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges and values for those inputs for the year ended December 31:

2024				
Instrument	Fair Value	Principal Valuation Technique	Unobservable Input(s)	Range of Significant Input Values

Purchases and sales of the Plan's level 3 investments during the year ending December 31, 2024 were \$132,046 and \$198,907, respectively. There were no transfers into or out of level 3 investments during the year.

BRIMMER AND MAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

D. INVESTMENTS AT CONTRACT VALUE:

The Plan has entered into an annuity arrangement with Teachers Insurance and Annuity Association of America. Participants individually contract with TIAA to establish an account within the TIAA Traditional Annuity or the TIAA Stable Value Annuity. The TIAA Traditional Annuity is offered through a variety of contracts including retirement annuities (“RA”), supplemental retirement annuities (“SRA”), group supplemental retirement annuities (“GSRA”), and retirement choice annuities (“RC”) as determined by the contract between TIAA and the participant. Employer contributions must be made to an RA contract. Participant contributions may be made to an RA, SRA, GSRA, or RC contract as determined by the participant.

SRA, GSRA and TIAA Stable Value Annuity are traditional investment contracts that meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. RA and RC contracts are considered non benefit-responsive due to certain illiquidity features and accordingly are valued at fair value measured using a discounted cash flow methodology. See Note C for valuation and terms of these non-fully benefit-responsive contracts.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers. The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent for SRA and GSRA contracts and not less than 1 percent for the TIAA Stable Value Annuity Contract. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum interest rate, and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the “declaration year” which begins each March 1. Additional interest is not guaranteed for future years. The crediting rates are supported by the investment performance of the underlying investments and may be reset as frequently as monthly. The contract does not have a maturity date.

Participant accumulations are available in lump-sum payments, which may be subject to surrender charges, upon meeting certain triggering events under an SRA, GSRA, or TIAA Stable Value Annuity contract. When the accumulation in TIAA Traditional Annuity or TIAA Stable Value Annuity is converted to an annuity by a participant based on his or her life expectancy, the present value of the stream of payments is equal to the accumulation. These payments may be made in the form of an annuity or a lump sum benefit and are contractually obligated.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

BRIMMER AND MAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

E. TAX STATUS:

Effective January 1, 2020, the Plan adopted the volume submitter plan document of CBIZ MHM, LLC. The Internal Revenue Service ("IRS") has determined in its opinion letter dated March 31, 2017, that the volume submitter plan is acceptable under Section 403(b) for use by eligible employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF and TIAA on behalf of TIAA Trust, N.A., the custodians of the Plan.

G. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodians are considered party in interest transactions.

NOTES TO FINANCIAL STATEMENTS

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Organization retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through July 2, 2025, the date these financial statements were available for issuance.
