## **Independent Auditor's Report**

To the Plan Administrator  
Maine Energy Marketers Association Health Insurance Trust  
Brunswick, Maine

### ***Opinion***

We have audited the financial statements of Maine Energy Marketers Association Health Insurance Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in benefit obligations and net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Maine Energy Marketers Association Health Insurance Trust as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Maine Energy Marketers Association Health Insurance Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Maine Energy Marketers Association Health Insurance Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maine Energy Marketers Association Health Insurance Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maine Energy Marketers Association Health Insurance Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### Note 1: Description of Plan

The following description of Maine Energy Marketers Association Health Insurance Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan provides benefits to participating members of Maine Energy Marketers Association. The Plan and related trust were established September 1, 1957, pursuant to a declaration of trust agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is an authorized Multiple-Employer Welfare Arrangement (MEWA) pursuant to the provisions of Chapter 81 of Title 24-A Maine Revised Statutes. Prior to January 1, 2017, the Plan was fully insured.

#### Benefits

The Plan provides life, medical, dental, and vision coverage to participants and covered dependents of participating members of the Association. Eligible classes of employees are full time employees of the participating members of the Association working the number of hours as required by the participating employer. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

#### Insured Benefits

The Plan fully insures the life, dental, and vision insurance benefits. The Plan purchases annual insurance contracts for these insured benefits. Premiums for life, dental, and vision programs are paid to the insurance company from the assets of the Plan.

#### Self-Insured Benefits

Medical benefits, including prescriptions, are self-insured. The claims for these benefits are processed by the Plan's third-party claims processor under an administrative service only (ASO) arrangement. The claims processor pays claims directly to or on behalf of the participants. Despite the Plan's utilization of a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

#### Stop Loss Coverage

The Plan has entered into a stop loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). The Plan had contracts with Gerber Life Insurance Company for excess loss coverage for individual claims in excess of \$110,000 for the periods September 1, 2023 through September 1, 2024 and September 1, 2024 through September 1, 2025. The Plan also has an aggregate policy based on a monthly claim factor times the number of participants, with a minimum aggregate deductible of approximately \$2,700,000 for the period September 1, 2023 through September 1, 2024 and approximately \$2,600,000 for the period September 1, 2024 through September 1, 2025.

### **Note 1: Description of Plan (Continued)**

#### **Contributions**

Participating employers and their employees contribute to the Plan in the form of premiums established by the Plan's Board of Trustees based on the respective benefit elections. The breakdown of premiums paid by participating employers between the employer and employee is determined at the employer level. Under the member participation agreement, employers are responsible for the contribution regardless of any cost sharing agreement with the member company's employees. Contributions received prior to the month for which they apply are reflected as "deferred premiums" in the accompanying financial statements, if applicable.

#### **Termination of Plan**

Although it has not expressed intention to do so, the Plan's Board of Trustees, as Sponsor, has the right under the Plan to modify the benefits provided to, and contributions required of, participants, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Association, the participating employers, or be used for purposes other than for the exclusive benefit of the Plan's participants.

### **Note 2: Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with GAAP.

#### **Use of Estimates**

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies and procedures utilizing information provided by the investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### Note 2: Summary of Significant Accounting Policies (Continued)

#### Participating Employers' Contributions Receivables

Participating employers' contributions receivables consist of premiums due from employers. No allowance for credit losses is considered necessary at December 31, 2024 and 2023.

#### Claims Payable and Incurred but Not Reported

Plan obligations at December 31, 2024 and 2023, for medical and prescription claims incurred by active participants but not reported at that date, are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment. Management estimates the claims payable portion at December 31, 2024 and 2023 to be \$51,000 and 57,000, respectively. The claims payable is estimated using a two week turn around for health claims. Management estimates the incurred but not reported portion of the liability at December 31, 2024 and 2023 to be approximately \$146,000 and \$367,000, respectively.

#### Payment of Benefits

Claim payments are recorded when paid by the third-party claims processor. These payments are recorded as claims paid in the accompanying statement of changes in benefit obligations and net assets available for benefits.

Life, dental, and vision insurance premiums paid by the Trust are recorded as incurred in the accompanying statement of changes in benefit obligations and net assets available for benefits.

#### Claims Review

Claims processed and paid by the claims administrator are subject to further review at the discretion of the Plan. Refunds received or additional claims paid as a result of any reviews are reflected in the year when the claims review has been completed by the Plan.

#### Stop Loss

Medical reinsurance premiums for stop loss insurance are included in premium payments in the accompanying statements of changes in benefit obligations and net assets available for benefits. There was \$81,358 and \$174,836 in reinsurance recoveries for the years ended December 31, 2024 and 2023, respectively.

#### Administrative Fee

As part of the agreement with Diversified Administration Corporation (the Plan's third-party claims processor), Diversified agreed to pay the Plan an administrative fee for the years ended December 31, 2024 and 2023, equal to \$37 per employee per month. The total administrative fee collected by the Plan for the years ended December 31, 2024 and 2023 was \$146,593 and \$149,769, respectively.

## Notes to Financial Statements

---

### Note 3: Reclassification

Certain reclassifications have been made to the 2023 financial statements to conform to the 2024 classifications.

The 2023 financial statements have been reclassified to conform to the 2024 presentation by increasing federal fees and decreasing payments for medical claims by \$17,172.

### Note 4: Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described, as follows:

- Level 1 – Quoted prices for identical assets and liabilities traded in active exchange markets, such as the New York Stock Exchange.
- Level 2 – Observable inputs other than Level 1 including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in inactive markets, or other observable inputs that can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

For the years ended December 31, 2024 and 2023, the application of valuation techniques applied to similar assets and liabilities has been consistent. The following is a description of the valuation methodologies used for assets measured at fair value:

#### *Corporate Bonds, U.S. Government Obligations, and U.S. Treasury Notes*

In general, corporate bonds, U.S. government obligations, and U.S. treasury notes are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

#### *Money Market Funds*

The fair value of money market funds is at a constant carrying value per share, which materially approximates the fair value of the underlying investments due to their short-term nature.

# Maine Energy Marketers Association Health Insurance Trust

## Notes to Financial Statements

### Note 4: Investments and Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

2024	Level 1	Level 2	Level 3	Total
Government obligations	\$ -	\$ 294,425	\$ -	\$ 294,425
Corporate bonds	-	97,092	-	97,092
U.S. treasury notes	-	1,180,179	-	1,180,179
Money market funds	415,757	-	-	415,757
<b>Totals</b>	<b>\$ 415,757</b>	<b>\$ 1,571,696</b>	<b>\$ -</b>	<b>\$ 1,987,453</b>
<b>2023</b>				
Government obligations	\$ -	\$ 438,650	\$ -	\$ 438,650
Corporate bonds	-	574,599	-	574,599
U.S. treasury notes	-	424,737	-	424,737
Money market funds	415,043	-	-	415,043
<b>Totals</b>	<b>\$ 415,043</b>	<b>\$ 1,437,986</b>	<b>\$ -</b>	<b>\$ 1,853,029</b>

### Note 5: Cash

At various times, the cash balances of the Plan exceeded federally insured limits. The Plan has not experienced any losses in these accounts and believes that it is not exposed to any significant credit risk on uninsured amounts.

### Note 6: Deposit

The Plan maintains a deposit with Diversified Administration Corporation. The deposit is used to fund prescription claims, which are required to be paid within five days of the invoice. The deposit is replenished monthly. The balance of the deposit at December 31, 2024 and 2023, was \$22,229 and \$19,178, respectively.

### Note 7: Related Party and Party-in-Interest Transactions

The Plan is related to Maine Energy Marketers Association (the Association) by common membership, management, and participation in the Plan. The Plan is charged an administrative fee by the Association for facilities, personnel, and services used by the Plan. Administrative fees for the years ended December 31, 2024 and 2023 were \$120,158 and \$113,745, respectively. Amount due to MEMA as of December 31, 2024 was \$6,413. There was no amount due to MEMA as of December 31, 2023.

Plan investments are managed by Bangor Savings Bank. Bangor Savings Bank is the investment advisor for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan also has arrangements with various other service providers whose transactions also qualify as party-in-interest transactions.

### Note 8: Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC) and, accordingly, the Trust's exempt function income is exempt from income taxes. The Trust has obtained a favorable tax exemption letter from the Internal Revenue Service, and the Plan administrator and the Plan's tax counsel believe that the Plan, as amended, continues to qualify and to operate as designed.

The Trust is subject to Unrelated Business Income Tax (UBIT) under IRC Section 512(a)(3) on income in excess of its "exempt function income." Net investment income consists of interest, dividends, and net realized capital gains, less costs directly related to generating the income. Accordingly, the Trust has paid Federal and State income taxes on its net investment income. As of December 31, 2024, the Trust has a capital loss carry forward of approximately \$24,000, which may be carried forward indefinitely.

The Plan is currently open to examination under the statute of limitations by the Internal Revenue Service for the years ended December 31, 2022 through 2024.

### Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2024	2023
Net assets available for benefits per the financial statements	\$ 2,142,344	\$ 1,970,341
Benefit obligations	197,460	424,134
Net assets available for benefits per Form 5500	\$ 1,944,884	\$ 1,546,207

# Maine Energy Marketers Association Health Insurance Trust

## Notes to Financial Statements

### Note 9: Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of benefits paid to or on behalf of participants per the financial statements to Form 5500 for the years ended December 31:

	2024	2023
Claims and premiums paid per the financial statements	\$ 2,873,421	\$ 3,241,217
Add: Claims payable and incurred but not reported - end of year	197,460	424,134
Less: Claims payable and incurred but not reported - beginning of year	(424,134)	(252,237)
Add: Reclassification of federal fees out of claims and premiums paid	-	17,172
	<u>\$ 2,646,747</u>	<u>\$ 3,430,286</u>

### Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term, and that such changes could materially affect the amounts reported in the statements of benefit obligations and net assets available for benefits.

The actuarial present value of benefit obligations is reported based upon claim lag data using the development actuarial method, which assumes that past patterns of lag between the date a service is received and the date the claim is paid for the service will continue in the future. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

### Note 11: Subsequent Events

The Plan has evaluated subsequent events through June 2, 2025, which represents the date on which the financial statements were available to be issued.
