INDEPENDENT AUDITORS' REPORT

To the Retirement Committee
of Armstrong Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Armstrong Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at September 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

ARMSTRONG PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the Armstrong Pension Plan (the "Plan") is provided for general information purposes only. Plan participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established September 1, 1968, and amended and restated December 1, 2021, is a noncontributory, defined contribution plan covering all employees of Armstrong Utilities, Inc.; Armstrong Telephone Company of New York; Armstrong Telephone Company of Maryland; Armstrong Telephone Company of Pennsylvania; Armstrong Telephone Company Northern Division; Armstrong Telephone Company of West Virginia; Armstrong Telephone Company North; Judco Management, Inc.; and Armstrong Telecommunications, Inc. (collectively, the "Companies") who have completed 1,000 hours of service in a Plan year and are age 18 or older. The Plan is administered by the Companies, with oversight by the Retirement Committee, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Company contributes 6% of each participant's annual eligible compensation, subject to certain limitations under the Internal Revenue Code (IRC). These contributions are funded in the year subsequent to the Plan year. The Plan does not permit employee deferrals or rollover contributions.

Participant Accounts - Each participant's account is credited with an allocation of the Company's contributions and plan earnings or losses. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Company contributions vest based on years of continuous service, where a year of service is defined as achieving 1,000 service hours during the plan year. Participants are 100% vested after three years of credited service. Participants are also 100% vested in the event of total disability, death or upon reaching retirement age.

Forfeitures - Forfeitures represent the non-vested portion of participant accounts remaining in the Plan for all terminated employees. Forfeitures may be applied to reduce Company contributions or pay administrative expenses. Forfeitures were not significant during the years ended September 30, 2024 and 2023.

Investment Options - Participants may direct contributions and any related earnings into various investment options. The Plan is invested in various mutual funds and a group annuity contract maintained by Empower Trust Company and Empower Life & Annuity Insurance Company.

Payment of Benefits - Upon termination of service due to death, disability, retirement or other termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a future period. If a participant's vested account balance is less than \$5,000 (\$7,000 effective January 1, 2024), his or her account will be automatically distributed in a lump-sum amount. The plan also provides for in-service distributions upon attainment of normal retirement age of 65. Benefit payments to participants are recorded at the time of distribution.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan or by the Companies, as provided by the plan agreement.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of changes in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan's funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

Investment Valuation and Income Recognition - Investments are carried at their fair values, except for the fully benefit-responsive investments which are reported at contract value, determined based upon contributions, earnings and withdrawals. The Plan presents, in the statement of changes in assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on these investments. The unrealized appreciation or depreciation of investments is determined by the change in current market value from the beginning of the period to the end of the period (if held for the entire period), or from the date of purchase to the end of the period. Realized gains and losses on securities sold or redeemed are determined, on the basis of specific identification, from the date of purchase to the date of sale. Purchases and sales of securities are reflected on a trade-date basis. Dividends and interest are recorded as earned. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs are not quoted prices in active markets but are observable either directly or indirectly.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 or 2023.

Mutual Funds: Valued using a quoted price in an active market (level 1 measurement).

Life Insurance Policies: Fair values are approximated using the cash surrender values, which represent the settlement values with the insurance carrier which are provided by the carrier on a periodic basis (level 2 measurement).

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Subsequent Events - Management has evaluated subsequent events through June 27, 2025, the date on which the financial statements were available to be issued.

2. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive group annuity contract with Empower Life & Annuity Insurance Company (Empower Insurance), which maintains the contributions in a general account. Empower

Insurance is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Empower Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula established by the issuer and may not be greater than 5% or less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with Empower Insurance. Such events include the following: (1) removal of a group of participants from plan coverage as a result of temporary absence, (2) change in position or other occurrence qualifying as a temporary break in service under the Plan, (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under common control with the employer, (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business, (5) removal from the Plan of one or more groups or classification of participants, (6) partial or complete plan termination, or (7) plan disqualification. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured break of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material business obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit Empower Insurance to terminate the agreement prior to the scheduled maturity date.

3. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion subject to the provisions of ERISA. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant

accounts become 100% vested. The assets of the Plan will be distributed in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Plan operates under an adoption agreement in connection with a non-standardized pre-approved plan for which the sponsoring organization obtained a favorable opinion letter as of November 14, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The plan administrator believes there is no liability related to uncertain tax positions at September 30, 2024 or 2023. The Plan is no longer subject to tax examinations for years prior to September 30, 2021.

5. CERTIFIED FINANCIAL INFORMATION

Empower Trust Company, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of assets available for benefits as of September 30, 2024 and 2023
- Investment activity, as shown in the statements of changes in assets available for benefits for the years ended September 30, 2024 and 2023
- The schedule of assets held for investment purposes at September 30, 2024 as shown in the accompanying supplemental schedule

6. RELATED PARTIES AND PARTIES-IN-INTEREST

Empower Trust Company serves as trustee of the Plan and also provides access to a group annuity contract as an investment option. Empower Insurance is the issuer of the group annuity contract. Accordingly, Empower Trust Company and Empower Insurance are considered parties-in-interest. Northwestern Mutual holds the life insurance policies and is also considered a party-in-interest.

Certain administrative functions of the Plan are performed by employees of the Companies. Neither the Companies nor their employees receive compensation from the Plan.
