## INDEPENDENT AUDITOR'S REPORT

To the Participants of  
Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program  
and the Bristol-Myers Squibb Company Savings Plan Committee:

### Opinion

We have audited the financial statements of the Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.  
SAVINGS AND INVESTMENT PROGRAM  
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PROGRAM DESCRIPTION AND RELATED INFORMATION

Description of the Program – The Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program (the Program) is a defined contribution retirement plan that includes a cash or deferred arrangement as defined by Section 401(k) of the Internal Revenue Code of 1986, as amended (the U.S. Code) and is sponsored by Bristol-Myers Squibb Puerto Rico, Inc. (the Company). The Program is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is intended to qualify under Sections 401(a), 401(m) and 401(k) of the U.S. Code and Sections 1081.01(a) and (d) of the Internal Revenue Code for a New Puerto Rico (the PR Code), the trust forming a part thereof is intended to be exempt from taxation under Section 501(a) of the U.S. Code and Section 1081.01(a) of the PR Code, respectively.

The description of the Program in the following notes provides only general information and does not modify any provision of the Program. Participants should refer to the Program's governing documents for more complete disclosure of the Program's provisions.

Program Administration – The Bristol-Myers Squibb Company Savings Plan Committee (the Committee) is the Administrator of the Program and named fiduciary with respect to Program assets. Fidelity Workplace Services, LLC provides recordkeeping services with respect to the Program. The assets of the Program are maintained in the Bristol-Myers Squibb Savings Plans Master Trust (the Savings Plan Master Trust or Master Trust), of which Fidelity Management Trust Company (Fidelity Trust) serves as directed trustee.

Certain assets of the Program are invested in the Savings Plan Master Trust, and the Master Trust also holds assets of the Bristol-Myers Squibb Company Savings and Investment Program and the Bristol-Myers Squibb Company Employee Incentive Thrift Plan. The Program's trustee and recordkeeper maintains a separate account for the associated Program assets and liabilities held within the Master Trust and each individual plan holds a divided interest in the Master Trust. Investments and net investment income/(loss) from investments are allocated to participating programs based on each program's participation in investment options within the Master Trust.

Employee Eligibility – In general, any Puerto Rico employee who has completed one hour of service and is not covered by a collective bargaining agreement is eligible to participate in the Program following their date of hire.

Participant Contributions – Participants can elect to contribute from 2% up to 75% of their eligible compensation on a pre-tax and/or after-tax basis, in all events, subject to the applicable rules under the U.S. Code and the PR Code. Of a participant's total contributions, only at most 15% can be traditional after-tax contributions. Under the PR Code, after-tax contributions not subject to a matching contribution may not exceed 10% of the participant's eligible compensation. The definition of eligible compensation as stated in the Program's governing documents applies for the purposes of determining employee contributions and all Company contributions made on behalf of each eligible participant and generally includes base salary or wages, annual bonuses, sales bonuses, Commonwealth of Puerto Rico mandated bonuses, overtime, shift differentials and merit payments, but excludes any commissions. If an eligible employee does not enroll or opt out, automatic contributions begin starting with the first available payroll period after the date that is 45 days after the employee's date of hire. These automatic contributions are employee pre-tax contributions and are matched on the same terms as elected employee pre-tax contributions. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, excluding any bonus pay. Subject to certain restrictions imposed on participants who are eligible to participate in the Bristol-Myers Squibb Puerto Rico, Inc. Benefit Equalization Plan – Savings and Investment Program, which are described in more detail in the governing Program documents, the participant may change the contribution rate, including ceasing all elective contributions, and may elect pretax or after-tax, or a combination of pre-tax and after-tax contributions at any time. In the absence of an affirmative investment direction from the participant, 100% of the automatic contribution will be invested in the qualified default investment alternative, which is currently the T. Rowe Price Target Date Retirement Fund for the year closest to the year in which the participant would attain age 65. The Program also has an annual increase feature that allows participants to schedule an automatic increase in their pre-tax and/or after-tax contributions to the Program of 1% to 3% annually, subject in all events to the Program's maximum deferral rate of 75%.

The Program also allows for catch-up contributions for participants who are 50 years of age or older. Catch-up contributions are intended to give eligible participants the opportunity to make additional pre-tax contributions over the applicable U.S. Code, PR Code and Program limits, subject to applicable U.S. Code and PR Code limits that apply to Catch-up contributions. There is no Company match on catch-up contributions.

Employer Contributions – The Company makes a matching contribution equal to one dollar for each dollar of participant contributions not to exceed 5% of the participant's eligible compensation.

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.  
SAVINGS AND INVESTMENT PROGRAM  
NOTES TO FINANCIAL STATEMENTS

The Company may also make an additional discretionary annual contribution for each eligible employee, regardless of whether the eligible employee contributes to the Program. The additional annual contribution is determined as a defined percentage of eligible compensation, which ranges from 2% up to 4% based on points equal to the sum of the employee's age plus years of service, rounded up, as of December 31<sup>st</sup> of the calendar year for which the contribution is made. Subject to limited exceptions, to be an eligible employee, the employee must be actively employed, as defined in the Program's governing documents, on the last business day of the plan year for which the contribution is made in order to receive an additional annual contribution. The limited exceptions include otherwise eligible employees not actively at work on the last day of the year due to death, long-term disability, or retirement during the year or due to involuntary termination effective on or after September 30 of the year or if an employee is involuntarily terminated and qualifies for "Rule of 70" benefits, which apply if the sum of the employee's age and respective years of service (with a minimum of 10 years) is equal to or greater than 70.

Investment Decisions – The Program gives participants the opportunity to direct the manner in which contributions made to the Program in their name, including their contributions and Company contributions, are invested among a variety of investments. All contributions were invested in any one or more of the funds or the self-directed brokerage investment option, all of which comprise the Savings Plan Master Trust, see "Note 4 - Savings Plan Master Trust" for further information regarding investments.

The Program provides for a 25% maximum investment percentage limit on modifications to contribution allocations and/or exchanges of balances into the Company Stock Fund. Any exchanges of existing fund balances into the Company Stock Fund are limited to 25% of a participants' total market value in the Program. There is no requirement for a participant to exchange funds out of the Company Stock Fund to reduce to the 25%. Also, if a participant changes his/her investment mix allocation election for future contributions and the direction impacts any investment mix that includes the Company Stock Fund, the participant is required to modify the allocations to adhere to the Company Stock Fund 25% maximum.

Participant Accounts – Each participant's account under the Program is credited with the participant's elected pre-tax, catch-up and/or after-tax contributions, the Company's contributions, and the participant's respective share of Program earnings and is charged with participant withdrawals and distributions, and the participant's respective share of Program losses. The benefit to which a participant is entitled is the participant's vested Program amount.

Notes Receivable from Participants – While employed, a participant may request a loan from the Program. The amount of the loan may not exceed the lesser of: (1) 50% of the participant's vested account balance under the Program, determined as of the valuation date, or (2) \$50,000 less the highest outstanding loan balance during the previous 12 months. Loans must be repaid within five years, unless the funds are used to purchase a primary residence. Primary residence loans must be repaid within ten years. Loans are secured by the balance in the participants' accounts and bear interest at fixed rates which are determined when the loans are issued and are based on a formula set by the Committee in the Program's governing documents. Repayments and interest are credited to the Program account of the participant. Such currently outstanding loans mature through 2029.

Withdrawals Prior to Retirement or other Termination of Employment – The Program includes provisions that allow a participant to withdraw all or a portion of the employee and vested employer contributions, in certain limited circumstances, such as due to financial hardship, after attainment of age 59-1/2, or when receiving disability payments from a Company long-term disability plan. Restrictions imposed on withdrawals during employment are described in detail in the Program's governing documents and are subject to income taxes and a 10% additional tax imposed by the U.S. Code unless an exception applies.

Vesting – Matching contributions vest over a 3-year period at a rate of 33% after 1 year of service a participant complete, 67% after 2 years of service, and 100% after 3 years of service and additional annual contributions vest at the rate of 20% for each year of qualifying service. In addition, a participant will become 100% vested in Company contributions regardless of his or her years of service upon death or if, while employed by the Company, the participant attains age 65, or there is a "change in control" as defined in the Bristol-Myers Squibb Company Change in Control Separation Benefits Plan. A participant is always 100% vested in his or her pre-tax, after-tax, rollover contributions from other plans and catch-up contributions, as well as any earnings thereon.

Forfeitures – If a participant's employment terminates before he or she has become fully vested, the unvested portion of Company contributions credited to his or her account are forfeited (as of the earlier of: (1) when the participant receives a distribution of his or her entire vested account balance or (2) the end of the period of five consecutive one-year breaks in service) and may be used to reduce future matching contributions or pay expenses of Program administration. During the year ended December 31, 2024, forfeitures were used to reduce Program expenses by \$75 thousand and no forfeitures were used to reduce matching contributions. The balance of unused forfeited funds available was \$416 thousand and \$259 thousand at December 31, 2024 and 2023, respectively. Participants who return to work for the Company may immediately enroll in the Program and prior service generally will be taken into account for vesting purposes.

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.  
SAVINGS AND INVESTMENT PROGRAM  
NOTES TO FINANCIAL STATEMENTS

Partial Plan Termination – The Company has determined that the Program experienced a partial termination beginning in 2023 as a result of the BMS strategic productivity restructuring initiative which commenced in 2023 and will continue through the end of 2027. Affected participants will become 100% vested in their Program accounts. In conjunction with this, affected participants who experienced a forfeiture in their Program accounts had forfeited funds of \$180 thousand and lost earnings of \$17 thousand reinstated to their accounts in May 2025. Forfeited funds available in the Program were used to fund the reinstatement.

Termination of Employment and Payment of Benefits – Upon the termination of employment, the participant, may defer their distribution payment until they reach the minimum required distribution (MRD) age or elect to receive: (1) a lump sum payment, or (2) equal annual installments over a period not greater than 15 years. In the event of a participant's death, the participant's beneficiary can elect to receive: (1) a lump sum payment, or (2) equal annual installments over a period not greater than 5 years. In all cases, the Program applies the minimum required distribution provisions of Section 401(a)(9) of the Code. Notwithstanding the foregoing, in the case of an account balance of \$1,000 or less, a participant's account balance will automatically be distributed.

Method of Payment – Installment payments are made in cash. Lump-sum distributions may be made in cash, or, if elected by the employee, in a combination of cash and shares of Company stock for the portion of the account invested in the Company Stock Fund.

Net Transfers – A participant's account could be transferred to another company's qualified defined contribution plan if required under the terms of a Company transaction. Similarly, new accounts could be transferred in from another company's qualified defined contribution plan, if required under the terms of a business acquisition.

Payment of Benefits – Benefit payments are recorded upon distribution. There were no material amounts allocated to accounts of persons who have elected to withdraw from the Program but have not yet been paid as of December 31, 2024 and 2023.

Termination of the Program – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions, to amend and to terminate the Program at any time at its sole discretion in accordance with the provisions of ERISA. If the Program is terminated, the interest of each participant in all unvested employer contributions will vest immediately.

Record Keeping Fees – The Program charges a recordkeeping fee of \$32.00 per participant per year, deducted as \$8.00 per quarter, to cover plan administrative expenses.

## NOTE 2 – BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable are classified as distributions based upon the terms of the Program's governing documents.

Investment Valuation – The assets of the Program, as well as the assets of the Bristol-Myers Squibb Company Savings and Investment Program and the Bristol-Myers Squibb Company Employee Incentive Thrift Plan are maintained in the Savings Plan Master Trust, see “Note 4 - Savings Plan Master Trust.” For a discussion of the valuation policies for each investment class, see “Note 3 - Fair Value Measurement.”

Income Recognition – Interest, dividends, and gains/(losses) from participation in the Savings Plan Master Trust are allocated to the Program based upon participants' account balances and activity. This investment activity is presented on a net basis in the Statement of Changes in Net Assets Available for Benefits as the Program's share of net investment income in the Savings Plan Master Trust and is accounted for as follows:

- Interest is recorded as earned.
- Dividends are recorded on the ex-dividend date.
- Purchases and sales of securities are recorded on a trade-date basis.
- Realized gains and losses for security transactions are recorded using the average cost method.

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.  
SAVINGS AND INVESTMENT PROGRAM  
NOTES TO FINANCIAL STATEMENTS

Administrative Expenses – Unless otherwise noted here, all expenses incurred by the Program are the obligation of the Program and are payable from the Savings Plan Master Trust fund’s assets, unless the Company, in its sole discretion, pays such expenses, in which event, the Company may request and the Savings Plan Master Trust may provide reimbursement to the Company. There were no reimbursements made to the Company in 2024. Fees charged to the Program for investment management services are deducted from income earned on a daily basis and are not separately reflected in the Program’s share of net investment income in the Savings Plan Master Trust. Consequently, these fees are not readily determinable.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions to the net assets available for benefits during the reporting period. Actual results may or may not differ from estimated results.

Risks and Uncertainties – The Savings Plan Master Trust holds various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. The Savings Plan Master Trust is exposed to credit loss in the event of non-performance by the synthetic guaranteed investment contract (GIC) issuers. However, synthetic GIC issuer non-performance is not considered probable and the risk to the Savings Plan Master Trust portfolio from credit loss is mitigated by the diversified nature of the underlying assets held. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is reasonably possible that significant changes in the values of investment securities could occur in the near term and such changes could have a material adverse effect on the Program’s financial statements.

Income Taxes and Tax Status – The Program is designed to meet the requirements of a qualified plan under Sections 401(a), 401(m) and 401(k) of the U.S. Code, and Sections 1081.01(a) and (d) of the PR Code. Because the Program is intended to qualify under both the U.S. Code and the PR code, it must meet the qualification requirements of both statutes.

In the Program’s latest U.S. Code determination letter dated October 12, 2017, the U.S. Internal Revenue Service (U.S. IRS) stated that the Program, as then designed, was in compliance in form with the applicable requirements of the U.S. Code. In the Program’s latest PR Code determination letter dated August 6, 2021, the Department of the Treasury of the Commonwealth of Puerto Rico (the PR Treasury) stated the Program, as then designed, was in compliance with the applicable PR Code. Since receiving the determination letters, the Program was amended and the Company believes, to the best of its knowledge, that the Program is still in compliance with the Codes in form. The Company also believes, to the best of its knowledge, that the Program is currently designed and operated in material compliance with the applicable requirements of the U.S. Code, the PR Code and ERISA and that the Program and Savings Plan Master Trust continue to be exempt from federal and Puerto Rico income taxes pursuant to Section 501(a) of the U.S. Code and Section 1081.01(a) of the PR Code, respectively. Therefore, no provision for income taxes has been included in the Program’s financial statements. Contributions made by participants on a pre-tax basis, the Company’s matching and, where applicable, additional annual contributions, and the earnings thereon are not included in participants’ gross income for income tax purposes until distributed from the Program. The Company applied for an updated PR Code determination letter during 2024. The application is still pending.

U.S. GAAP requires Program management to evaluate tax positions taken by the Program and recognize a related tax liability (or asset) if the Program has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Program management has analyzed the tax positions taken by the Program, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Program is subject to routine audits by taxing jurisdictions.

There have been no material tax related interest or penalties for the periods presented in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENT

The fair value of financial instruments are classified into one of the following categories. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The fair values of Savings Plan Master Trust investments held are classified into the following fair value hierarchy levels:

- Level 1: Level 1 inputs utilize unadjusted quoted prices in active markets accessible at the measurement date for identical assets or liabilities. The fair value hierarchy provides the highest priority to Level 1 inputs.
- Level 2: Level 2 inputs utilize observable prices for similar instruments and quoted prices for identical or similar instruments in non-active markets.
- Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs. There were no Level 3 investments as of December 31, 2024 and 2023.

BRISTOL-MYERS SQUIBB PUERTO RICO, INC.  
SAVINGS AND INVESTMENT PROGRAM  
NOTES TO FINANCIAL STATEMENTS

The Savings Plan Master Trust's investment valuation policies for each investment class are as follows:

- Mutual funds held by the Program are open-end mutual funds which are actively traded and registered with the U.S. Securities and Exchange Commission. These funds are valued at quoted market prices which represent the net asset value (NAV) of shares held at year end.
- Money market funds are valued at cost plus interest earned, which approximates fair value.
- Brokerage self-directed investments primarily consist of stocks, money market funds, mutual funds and common stocks that are valued at readily determinable quoted market prices. Brokerage self-directed investments also include certificates of deposit and bonds which are valued utilizing the observable prices for similar instruments.
- Common collective trust (CCT) fair values are determined by the respective trust managers using NAV as a practical expedient. The NAV is based on the value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemptions related to the CCTs as of December 31, 2024 and 2023. CCTs can be redeemed daily.
- The Company Stock Fund consists primarily of shares of common stock of Bristol-Myers Squibb Company. In addition, the Company Stock Fund also invests approximately 1% of its balance in money market instruments. Participant ownership is measured in units of the fund instead of shares of stock. The Savings Plan Master Trust directly owns the shares of common stock of Bristol-Myers Squibb Company. The common stock is valued based upon quoted prices at the last reported sales price at the end of the year. The money market instruments are valued at cost plus interest earned, which approximates fair value.
- Synthetic guaranteed investment contracts (GICs) held directly by the Savings Plan Master Trust in the Fixed Income Fund are fully benefit-responsive and valued at contract value which is the amount that participants would normally receive if they were to initiate permitted transactions under the terms of the Program.

The valuation methods as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Program believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – SAVINGS PLAN MASTER TRUST

The Program's investment assets are held in the Savings Plan Master Trust, a tax-exempt collective trust described in IRS Revenue Ruling 81-100. The Program's share of the Savings Plan Master Trust's net assets and investment activities is based upon the total of each individual participant's share of the Savings Plan Master Trust. There were no transfers into or out of Level 3 during 2024 or 2023.

NOTE 5 – FIXED INCOME FUND

The Program offers a Fixed Income Fund, within the Savings Plan Master Trust, as an investment available to participants. The Fixed Income Fund holds synthetic GICs with various issuers in several fully benefit-responsive investment contracts. The synthetic GICs are direct investments between the Savings Plan Master Trust and issuer and meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Program. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The Fixed Income Fund also holds two CCTs.

A synthetic GIC includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Program in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Program. Synthetic investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The synthetic investment contracts held by the Program include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Program through adjustments to future contract crediting rates. Formulas are provided in each contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at any time at contract value, which represents the Fixed Income Fund's NAV, as reported by the fund manager. Certain events may limit the ability to transact at contract value with the issuer, such as premature termination of the contracts, significant plant closings, significant layoffs, plan terminations, bankruptcy, mergers, or the Program's loss of its qualified status. Program management believes that the occurrence of events that would cause participants to transact at less than contract value is not probable. The issuers may not terminate a contract at any amount less than contract value. There are currently no reserves against contract value for credit risk of the contract issuers or otherwise.

The synthetic GIC issuers are contractually obligated to pay the principal and specified interest rate that is guaranteed to the Program. All contracts pay interest on a net basis. At any point in time, the Fixed Income Fund's average yield will be a combined rate based upon the balances and the interest rates of the investments which comprise the fund, and depends on the amount of contributions invested in the fund, the amounts withdrawn from the fund and the amounts transferred to and from the fund.

Fixed Income Fund investments in the Savings Plan Master Trust as of December 31, 2024 and 2023 were as follows:

(Dollars in Thousands)	2024	2023
Total Synthetic Guaranteed Investment Contracts, at Contract Value	\$ 359,134	\$ 424,676
Collective Trust Funds:

Total Fixed Income Fund Investments	<u>\$ 380,479</u>	<u>\$ 449,690</u>

NOTE 6 – RECONCILIATION TO FORM 5500

The Form 5500 requires the Savings Plan Master Trust to file a separate Form 5500 as a direct filing entity, which includes the total Savings Plan Master Trust administrative expenses per Schedule C *Service Provider Information*. As such, the Program does not report administrative expenses attributable to the Savings Plan Master Trust on the Program Form 5500 filing. The Form 5500 also requires participant loans to be recorded as investments, while U.S. GAAP requires participant loans to be recorded as notes receivable from participants.

The following is a reconciliation of the Program's share of net investment income in the Savings Plan Master Trust per the financial statements to the Form 5500 for the year ended December 31, 2024:

NOTE 7 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Program investments are shares in registered mutual funds or units in pooled investment funds managed by affiliates of Fidelity Trust through the Savings Plan Master Trust. The transactions involving the registered mutual funds are exempt party-in-interest transactions pursuant to the Department of Labor Prohibited Transaction Class Exemption 77-4 and the transactions involving the pooled investment funds are exempt party-in-interest transactions pursuant to Section 408(b)(8) of ERISA. As of December 31, 2024 and 2023, the fair value of the Program's portion of investments managed by affiliates of Fidelity Trust were \$70.7 million and \$63.3 million, respectively. This includes the Company Stock Fund, which is further detailed below.

As of December 31, 2024 and 2023, the Program's portion of the shares held by the Savings Plan Master Trust were 0.2 million and 0.3 million, respectively, of Company common stock with a cost basis of \$10.6 million and \$12.6 million, respectively. During the year ended December 31, 2024, the Program recorded dividend income on the Company's common stock of \$0.7 million. The transactions in Company common stock were exempt party-in-interest transactions pursuant to Section 408(e) of ERISA.

In addition, certain Program participants borrowed from the Program. As of December 31, 2024 and 2023, the outstanding loans of the Program participants were \$3.2 million and \$3.8 million, respectively, with interest rates ranging from 4.25% to 9.50% and varying maturity dates. Program participants are a party-in-interest to the Program and these loans were exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA.

NOTE 8 - SUBSEQUENT EVENTS

The Program has evaluated subsequent events occurring after the date of the financial statements through June 25, 2025, which is the date the financial statements were available to be issued. Based upon that evaluation, the Program has determined that no subsequent events other than those already disclosed in Footnote 1 have occurred which require adjustment to, or disclosure in, the financial statements. conform all of the notes
