Independent Auditor's Report

To the Plan Administrator of The L. S. Starrett Company 2013 Employee Stock Ownership Plan and Trust:

Opinion

We have audited the financial statements of The L. S. Starrett Company 2013 Employee Stock Ownership Plan and Trust ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2024 (in liquidation) and 2023 (ongoing), and the related statement of changes in net assets available for benefits in liquidation for the year ended June 30, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2024 (in liquidation) and 2023 (ongoing), and the changes in its net assets available for benefits in liquidation for the year ended June 30, 2024, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Notes A and H to the financial statements, the Plan Administrator approved that the Plan be terminated effective March 8, 2024, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2023 financial statements to the liquidation basis of accounting used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) in liquidation as of June 30, 2024 and the Schedule H, Line 4(j) – Schedule of Reportable Transactions in Liquidation for the year ended June 30, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting

and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

THE L. S. STARRETT COMPANY 2013 EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of The L. S. Starrett Company 2013 Employee Stock Ownership Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a noncontributory plan covering substantially all employees of The L. S. Starrett Company (the "Company") who have attained age 21 and completed one year of service. The Plan operates, in relevant part, as an employee stock ownership Plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On March 8, 2024, the Company entered into an agreement of merger among Uhu Inc., a Delaware corporation Unicornfish Corp and The L.S. Starrett Company. Pursuant to this agreement all shares of the Company would be canceled in exchange for cash consideration and this Plan would be terminated March 8, 2024 (see Note H). Contributions to the plan ceased and in accordance with plan provisions, all participants of the Plan became fully vested in their account balances as of that date. Management is looking to liquidate funds by the end of 2025.

Contributions

The Company may make a discretionary contribution to the Plan. Participants must have completed 1,000 hours of service during the plan year and be employed on the last on the plan year to be eligible for the contribution. For the plan year ended June 30, 2024, the Company did not make a discretionary contribution. Employee contributions are not permitted.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Contributions are allocated based on a participant's eligible compensation, relative to total compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance. The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account.

THE L. S. STARRETT COMPANY 2013 EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants become 100% vested in the Company's contributions and earnings thereon upon attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions and earnings thereon vests according to the following schedule:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

All participants became 100% vested in their account balances on March 8, 2024 as a result of the plan termination described in Note H.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Remaining forfeitures are allocated to participants in proportion to their account balance relative to all account balances eligible for the allocation.

Distribution of Benefits

Distributions on account of normal or late retirement or termination will be made as soon as reasonably practicable after the event. A participant who has reached the later of his or her normal retirement date and who also has reached the 10th anniversary of the year in which such participant commenced participation in the Plan or his or her termination will begin to receive a distribution of his or her account by the 60th day of the following plan year. Distributions for vested accounts with a balance less than \$1,000 are made as soon as practicable following a participant's termination. Distributions are made in a lump sum. The amount to be distributed is based upon the valuation date coincident with or immediately preceding the distribution. Distributions are made in the form of Company common stock plus cash for any fractional share of common stock.

Administrative Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Advisor fees are paid by the Plan.

THE L. S. STARRETT COMPANY 2013 EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Voting Rights

The trustee shall vote all shares of Company stock held by the Plan with respect to all corporate matters upon which shareholders are entitled to vote. Each participant shall direct the trustee as to voting of shares held in his or her account with respect to any shareholder vote that is required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all the assets of a trade or business. A participant who is entitled to such pass-through voting shall receive from the Company such proxy materials and a proxy form upon which voting directions may be indicated to the trustee. The trustee shall vote such allocated shares of Company stock as instructed by participants. Allocated shares for which no direction is received shall be voted by the trustee in its discretion. Fractional shares of Company stock for which directions are received shall be combined to the extent practicable to reflect participants' directions.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a distribution.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting. As a result of the termination of the Plan, the Plan's 2024 financial statements are presented using the liquidation basis of accounting. The ongoing plan basis was used to present the 2023 financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash

Cash includes cash on hand and demand deposit accounts.

THE L. S. STARRETT COMPANY 2013 EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

As of June 30, 2023, the Plan reported investments at fair value. See Note C for discussion of fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Cash and cash equivalents – Valued at fair value or at cost, which approximates fair value.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

THE L. S. STARRETT COMPANY 2013 EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

L. S. Starrett Company common stock – Valued at the closing price reported on the active market on which the individual securities are traded. Stock was publicly traded until March 23, 2024 when the merger mentioned in Note A occurred.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

Total investments in the fair value hierarchy	<u>\$ 382,729</u>	<u>\$ 382,729</u>	<u>\$ -</u>	<u>\$ -</u>

D. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the trustee are considered party in interest transactions.

The Plan invests in Company common stock. This is a related party and party-in-interest transaction. As described in Note A, the Company pays all plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

E. TAX STATUS:

The Plan has received a determination letter from the Internal Revenue Service (“IRS”) dated April 28, 2017, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

THE L. S. STARRETT COMPANY 2013 EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

F. RISKS AND UNCERTAINTIES:

The Plan invests in publicly traded company common stock. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits in liquidation and ongoing.

G. DUE TO PLAN SPONSOR:

Prior to liquidating the assets, the Company advanced \$100 in cash to the Trust to cover the Plan's distribution obligations. This advance was an interest-free loan to the Plan. No collateral was taken for this loan. Plan Management believes that the loan complies with the requirements of the Department of Labor Prohibited Transaction Class Exemption 80-26.

H. PLAN TERMINATION:

Effective March 8, 2024, the Company amended the Plan to terminate the Plan. In accordance with the Plan's termination provisions, all participants of the Plan became fully vested in their account balances as of that date. Management is looking to liquidate funds by the end of 2025.

I. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through July 1, 2025, the date these financial statements were available for issuance.
