INDEPENDENT AUDITOR'S REPORT

To the Audit Committee of the
HMRI Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the HMRI Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information regarding assets so held is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of September 30, 2024 and 2023, and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information and to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following description of the HMRI Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees who have been employed by Huntington Medical Research Institutes (the "Plan Sponsor" or the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Participants are not permitted to contribute to the Plan. Participants direct the investment of their accounts into various investments options offered by the Plan.

The Plan provides for discretionary Employer matching contributions and for the year ended September 30, 2024, the Employer matched 100 percent of the first four percent of the participant's compensation deferred to the Huntington Medical Research Institutes 403(b) TDA Plan (the "TDA Plan"), another qualified retirement plan sponsored by the Employer. The Employer matching contribution was \$143,032 for the year ended September 30, 2024. The Plan also provides for discretionary Employer nonelective contributions and for the year ended September 30, 2024, the Employer nonelective contribution was four percent of the participant's eligible compensation. The Employer nonelective contribution was \$220,904 for the year ended September 30, 2024.

Participant Accounts - Each participant's account is credited with allocations of the Employer's matching and nonelective contributions, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in all Employer contributions.

Forfeitures - Forfeitures arise from corrections to participant accounts and may be used to pay Plan administrative expenses or to reduce future Employer contributions and total \$285 and \$271 as of September 30, 2024 and 2023, respectively. During the year ended September 30, 2024, no forfeitures were utilized.

Plan Loans - Plan loans were made available to participants with loans issued directly from funds owned by Teachers Insurance and Annuity Association of America ("TIAA") and not directly from a participant's account. Generally, participants borrowed a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments (up to ten years for the purchase of the participant's primary residence). The loans are collateralized using the participant's TIAA Traditional Annuity account balances in an amount equal to 110 percent of the outstanding loan balances. Loans bear interest at rates that may be fixed or variable depending on the annuity contract provisions and state insurance regulations. Principal and interest are paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional Annuity account.

As of September 30, 2024 and 2023, participants had outstanding Plan loan balances of \$173 and \$2,544, respectively. These loans were collateralized by the TIAA Traditional Annuity account balances of \$190 and \$2,798 as of September 30, 2024 and 2023, respectively. The collateralized balance is not available for transfer, withdrawal, retirement or survivor benefits. Because the Plan loan relationship is between TIAA and the participant, Plan loans are not considered to be Plan assets. However, both the statements of net assets available for benefits and statement of changes in net assets available for benefits reflect the collateral associated with non-distributable Plan loans in default status.

Payment of Benefits - On termination of service for any reason, a participant, or their beneficiaries, as applicable, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, partial withdrawals and installment payments for required minimum distributions, apply their participant account to the purchase of an annuity contract, or convert the account's annuity contract holdings into an income option, as permitted under the Plan. The Plan provides for a mandatory cash-out following severance of employment for account balances less than \$1,000. Effective May 31, 2024, the Plan was amended to increase the mandatory cash-out following severance of employment for account balances to less than \$5,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions - Matching and nonelective contributions from the Employer are recorded in the year in which the participant contributions are withheld from compensation.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan may be paid by the Plan, unless otherwise paid by the Employer. Administrative expenses paid by the Employer are excluded from these financial statements.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Subsequent Events - The Employer has evaluated subsequent events through June 26, 2025, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Variable Annuities – The fair values of accumulation units held by the Plan in TIAA and College Retirement Equities Fund ("CREF") variable annuity accounts are based on each account's daily NAV, as provided by TIAA and CREF, which is used as a practical expedient to estimate fair value. The NAV is based on underlying investments using market quotations or prices obtained from independent pricing sources. The variable annuities do not have any unfunded commitments related to their investments.

HMRI RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024

Pooled Separate Account – Valued at the NAV of units of a pooled separate account (“PSA”) maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The primary investment objective of the PSA is to allow participants to achieve the same rate of return as the underlying mutual funds, less fees charged by the insurance company. The PSA does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

TIAA Traditional Annuity Account – This is a nonbenefit-responsive annuity contract. The TIAA Traditional Annuity is reported at contract value which approximates fair value. The contract value of the TIAA Traditional Annuity represents the accumulated cash contributions and interest credited to the Plan’s contracts, less any withdrawals and transfers. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity’s historical crediting rates. As these investments are contract-based, observable prices for identical or similar investments do not exist and certain contracts carry liquidity restrictions. The TIAA Traditional Annuity is classified as Level 3 in the fair value hierarchy.

For each contribution, TIAA continues to record a contractual liability for the current contribution and does not consider such liability to have any embedded gain or loss. The TIAA Traditional Annuity is an unallocated fixed rate guaranteed annuity offered by TIAA, an insurance company. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns of the TIAA Traditional Annuity are backed by the claims-paying ability of TIAA. The Plan holds Retirement Choice Annuity (“RC”) contracts and are subject to fair value reporting.

The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant’s account, and the options for receiving income upon retirement.

For accumulating RC contracts, the crediting interest rates were 5.25 percent and 6.75 percent as of September 30, 2024 and 2023, respectively. The floating guaranteed rate of interest for RC contracts is one to three percent. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Participant liquidity restrictions apply to the TIAA Traditional Annuity in the RC contracts. For RC contracts, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a surrender charge of 2.50 percent and all other withdrawals and spread over periodic installments over a 7-year period.

There is no guarantee, however, that TIAA will always be financially able to fulfill its various guarantees related to this investment.

HMRI RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

HMRI RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024

- c. Investments, nonbenefit-responsive investment contract, and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. Loans are generally issued with a maturity of up to five years. The term of any loan for the purpose of purchasing a primary residence shall not exceed 10 years. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably, directly to the Custodian by participants.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

8. TAX STATUS

The Employer adopted a non-standardized pre-approved profit sharing plan which is the subject of a favorable tax opinion letter from the IRS dated June 30, 2020. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Employer has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of September 30,	2023
Net assets available for benefits per the financial statements	\$ 1,910,035
Employer contributions receivable	(85,142)
Net assets available for benefits per the Form 5500	\$ 1,824,893

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

For the year ended September 30,	2024
Net increase in net assets available for benefits per the financial statements	\$ 628,496
Change in Employer contributions receivable	85,142
Net increase in net assets available for benefits per the Form 5500	\$ 713,638

10. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian. Transactions with the Custodian qualify as party in interest transactions for which exemptions exist. For the year ended September 30, 2024, the Custodian received direct compensation of \$6,776 for administration fees which was paid by the participants through the Plan and received indirect compensation of \$14,388.
