Report of Independent Auditor

To,
The Participants and the Plan Administrator,
StarPet, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(c) audit

We have performed audits of the accompanying financial statements of StarPet, Inc. 401(k) Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and December 31, 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024, and December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024, and December 31, 2023, and for the years ended December 31, 2024, and December 31, 2023, stating that the certified investment information, as described in note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s responsibilities for the audits of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - Supplemental schedules required by ERISA.

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2024, and Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2024 (under supplemental information), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that is agreed to or is derived from the certified investment information,

NOTE 1: DESCRIPTION OF PLAN

The following description of the StarPet, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, effective July 15, 2003, amended and restated October 22, 2020. The Plan covers all employees of StarPet, Inc. (the Company/ Plan Sponsor) who have completed at least three months of service. For purposes of eligibility, participants will receive credits for services with Tiepet, Inc. and Indorama Ventures Public Company Limited (Bangkok, Thailand) or its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company has contracted with Fidelity Management Trust Company to act as trustee, and Fidelity Investments Institutional acts as third-party plan administrator and recordkeeper for the years ended December 31, 2024, and December 31, 2023.

Contributions

Participants may contribute up to 60% of pre-tax annual compensation (100% for participants aged 50 or more), as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Annual participant contribution amounts are limited to \$23,000 and \$22,500 of salary deferrals for the year ended December 31, 2024 (\$30,500 for participants aged 50 years and over) and December 31, 2023 (\$30,000 for participants aged 50 years and over), respectively. Participants may deposit rollover contributions from another qualified plan; eligible employees who have not yet satisfied the eligibility requirements are also allowed to deposit rollover contributions. Roth rollovers are not allowed as per Plan provisions until November 03, 2023, when the Company amended the Plan provisions to allow Roth contributions and Roth rollovers. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes non-discretionary employer matching contributions of 75 percent of the first 6 percent of base compensation that a participant contributes to the Plan. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant accounts

Each participant’s account is credited with the participant’s contributions, Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The vesting percentages are as follows:

Years of Service	Percentage
Less than 1	0%
1	20%

StarPet, Inc. 401(k) Plan

Financial Statements

December 31, 2024, and December 31, 2023

2	50%
3 or more	100%

Notes receivable from participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance. The notes are secured by the balance in the participant's account and bear interest at the rate of 5%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid rateably through payroll deductions.

Distribution to participants

Hardship distributions are permitted upon demonstration of financial hardship from a participant's deferral contributions account only.

Upon normal retirement at age sixty-five, disability, or death, the participant or beneficiary may receive the value of the account through a cash-out distribution.

Participants performing service in the uniformed services have the option to request a distribution of all or any part of his or her account.

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to IRS penalties unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited after five consecutive one-year breaks in service, as defined in the Plan agreement. The employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan, as defined in the Plan agreement. As of December 31, 2024, and December 31, 2023, non-vested forfeited accounts totalled \$16,958 and \$27,799, respectively. Forfeitures of terminated employees' non-vested accounts totalled \$5,662 during the year 2024 and \$6,527 during the year 2023. During the year 2024, a forfeiture balance amounting to \$17,580 was used to pay plan expenses, whereas during the year 2023, \$14,189 was used to pay plan expenses.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates in financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's

StarPet, Inc. 401(k) Plan

Financial Statements

December 31, 2024, and December 31, 2023

management determines the Plan's valuation policies utilizing information provided by the investment advisors. See note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024, and December 31, 2023.

Benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in the fair value of investments.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. As of December 31, 2024, and December 31, 2023, the Plan considered \$23,509 and \$9,281, respectively, as excess contributions payable.

Corrective distributions

Corrective distributions are those contributions that were ineligible for the Plan year. During the year ended December 31, 2024, and December 31, 2023, corrective distributions amounted to \$23,509 (\$23,509 of which reflects accruals for 2024 paid out in 2025) and \$9,281 (\$9,281 of which reflects accruals for 2023 paid out in 2024), respectively.

NOTE 3: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

NOTE 4: INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY ("TRUSTEE") (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information

During the years ended December 31, 2024, and December 31, 2023, the Plan's investments (including gains and losses of investments bought, sold, and held during the year) appreciated in value as follows:

	Year ended	
	December 31, 2024	December 31, 2023
Net appreciation in fair value of investments	1,036,897	1,041,052
Interest and dividend income	462,138	322,994

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in

StarPet, Inc. 401(k) Plan

Financial Statements

December 31, 2024, and December 31, 2023

active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as;

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024, and December 31, 2023:

Description	<u>December 31, 2024</u>				Other
	Amount (\$)	Quoted in active markets for identical assets. (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)

NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2024, and December 31, 2023, per the accompanying financial statements to the Form 5500:

	2024	2023
Net assets available for benefits as per financial statements	9,999,385	8,551,510
Less: Participant contribution receivables	-	(20,565)
Less: Employer contribution receivables	-	(9,436)
Add: Excess contributions payable	23,509	9,281
Net assets as per Form 5500	10,022,894	8,530,790

The following is a reconciliation of the statement of changes in net assets available for benefits per the accompanying financial statements to the Form 5500 for the years ended December 31, 2024, and December 31, 2023:

	2024	2023
Net increase in net assets available for benefits as per financial statements	1,447,875	1,685,953
Changes in contributions receivable	30,001	1,937
Changes in excess contributions payable	14,228	(27,673)
Net income as per Form 5500	1,492,104	1,660,217

NOTE 8: TAX STATUS OF THE PLAN

For the years ended December 31, 2024, and December 31, 2023, the Plan Sponsor entered into a non-standardized adoption agreement of Fidelity Management & Research LLC (“FMR LLC”), a *Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement (“CODA”)*. FMR LLC has received an opinion letter from the IRS dated June 30, 2020, that states that the form of the non-standardized pre-approved profit-sharing plan is acceptable under Section 401 of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analysed the tax positions taken by the Plan and has concluded that as of December 31, 2024, and December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2024, due to unintentional delays, the Company deposited payroll withholdings (including loan repayments) amounting to \$15,270 after the time frame deemed to be within DOL regulations for timely remittances. The Company made contributions to the affected participant accounts to compensate those participants by remitting lost earnings during the year 2024, using the DOL guidelines for late deposits.

During the year ended December 31, 2023, and December 31, 2022, due to unintentional delays, the Company deposited payroll withholdings (including loan repayments) amounting to \$9,434 and \$74,402, respectively, and after the time frame deemed to be within DOL regulations for timely remittances. The Company made contributions to the affected participant accounts to compensate those participants by remitting lost earnings during the year 2023, using the DOL guidelines for late deposits.

Plan year ended	Total delayed contributions	Delays corrected	Delays not corrected
2024	\$15,270	\$15,270	-
2023	\$9,434	\$9,434	-
2022	\$74,402	\$74,402	-
Total	\$99,106	\$99,106	-

NOTE 10: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 11: PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company acts as trustee of the Plan. Fidelity Investments Institutional manages certain Plan investments. Fidelity Investments Institutional is an affiliate of the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

NOTE 12: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2024, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
