## **Independent Auditor's Report**

To the Plan Administrator  
Pyramax Bank, FSB 401(k) Savings Plan  
Greenfield, Wisconsin

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Pyramax Bank, FSB 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pyramax Bank, FSB 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pyramax Bank, FSB 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pyramax Bank, FSB 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pyramax Bank, FSB 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pyramax Bank, FSB 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **PyraMax Bank, FSB 401(k) Savings Plan**

### **Notes to Financial Statements**

#### **Note 1. Description of Plan**

The PyraMax Bank, FSB 401(k) Savings Plan (the “Plan”) is a participant-directed defined contribution plan sponsored by PyraMax Bank, FSB (the “Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The following brief description of the Plan provides only general information; participants should refer to the plan document or summary plan description for a more complete description of the Plan’s provisions.

#### **Plan Administration**

The Plan is administered by the Sponsor. The Plan trustee is Principal Trust Company. Peak Retirement Group is the third-party administrator of the Plan.

#### **Eligibility**

Substantially all employees are eligible to participate in the Plan after they have completed one month of service and attained the age of eighteen. Temporary employees are not eligible to participate in the Plan. Employees are eligible for the Sponsor matching contributions after they have completed six consecutive months of service and attained the age of eighteen. In addition to these requirements, participants must be employed on the last day of the year and have completed 1,000 hours of service during the Plan year to be eligible for any profit-sharing contribution.

#### **Contributions**

Participants may elect to defer up to 100% of their annual compensation, as defined in the Plan, not to exceed the limits of the Internal Revenue Service (“IRS”). Eligible employees that do not make a deferral election are automatically enrolled to contribute 6% of compensation. Participants may also contribute amounts representing distributions from other qualified plans (“rollovers”). The Plan includes a Roth 401(k) component in order for employees to make after-tax deferrals into the Plan.

The Sponsor made matching contributions of 100% on the first 6% contributed by the participants during 2024. The Sponsor made true-up contributions during 2025 that are included in the sponsor contributions on the statement of changes in net assets available for benefits. The Sponsor did not make any discretionary profit-sharing contributions during 2024.

#### **Investment Options**

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA, and therefore, provides that participants choose how to direct their contributions among the Plan’s investment alternatives. All investments are participant directed. For a more complete description of the Plan’s investments, participants should refer to the summary plan description and investment prospectuses.

#### **Participant Accounts**

Each participant’s account is credited with the participant’s contributions, Sponsor contributions, and allocations of Plan earnings/losses thereon and charged with an allocation of administrative expenses. Allocations of the Sponsor’s discretionary profit-sharing contributions are based on a uniform percentage of the participant’s compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

## **PyraMax Bank, FSB 401(k) Savings Plan**

### **Notes to Financial Statements**

#### **Note 1. Description of Plan (continued)**

##### **Vesting**

Participants are immediately vested in their contributions plus earnings thereon. Participants are also immediately vested in matching contributions made by the Sponsor and any earnings thereon, as the Sponsor has elected to make these contributions as safe harbor contributions. Participants are vested in profit sharing contributions as follows: 20% after two years of service, 40% after three years, 60% after four years, and 100% after five years.

##### **Payment of Benefits**

Upon termination of service due to retirement, separation, death or disability, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution or in regular installment distributions over a period not to exceed the joint life expectancy of the participant and his or her beneficiary. Under certain circumstances, participants may qualify to receive a hardship distribution from their account balance. In-service distributions may also be made upon the participant reaching age 59 ½.

##### **Notes Receivable from Participants**

Participants may receive a loan from their account balances at the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.5%. Interest rates are determined by the plan administrator to be commensurate with local prevailing rates. Principal and interest is paid through payroll deductions.

#### **Note 2. Summary of Significant Accounting Policies**

##### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

##### **Use of Estimates in Preparation of Financial Statements**

The preparation of the accompanying financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and are subject to change in the near term.

##### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

**PyraMax Bank, FSB 401(k) Savings Plan**

**Notes to Financial Statements**

**Note 2. Summary of Significant Accounting Policies (continued)**

**Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Certain administrative expenses of the Plan are paid by the Plan. The majority of the Plan's administrative expenses are paid by the Sponsor and are excluded from these financial statements.

**Subsequent Events**

The Sponsor has evaluated subsequent events through the date of this report.

**Note 3. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## PyraMax Bank, FSB 401(k) Savings Plan

### Notes to Financial Statements

#### Note 4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common Stock:** Shares of common stock are valued at their quoted price in an active market.

**Collective Investment Trust:** Fair value is estimated using NAV per unit by the issuer and is based on the NAV of the underlying investments held in the collective investment trust. Investments in the collective investment trusts can be purchased or sold continuously. These funds generally invest in open-ended mutual funds, insurance company separate accounts, unaffiliated mutual funds and unaffiliated collective trust funds. A notice of redemption is not required. The Plan has no obligation to buy additional units.

### Notes to Financial Statements

#### Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024, and 2023:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 9,682,493	\$ -	\$ -	\$ 9,682,493
Common Stock	371,560	-	-	371,560
Investment assets measured at NAV				2,436,354
	<u>\$ 10,054,053</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,490,407</u>

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 9,132,848	\$ -	\$ -	\$ 9,132,848
Common Stock	454,623	-	-	454,623
Investment assets measured at NAV				1,842,582
	<u>\$ 9,587,471</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,430,053</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

#### Note 5: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information certified as complete and accurate by Principal Trust Company, the Trustee of the Plan.

## **PyraMax Bank, FSB 401(k) Savings Plan**

### **Notes to Financial Statements**

#### **Note 6. Plan Termination**

Although the Sponsor has not expressed any intent to do so at the present time, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate or partially terminate the Plan subject to the provisions of ERISA.

#### **Note 7. Tax Status**

The IRS has determined and informed the Plan by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

#### **Note 8. Related Party and Party-In-Interest**

As of December 31, 2024, the Plan held 37,156 shares of 1895 Bancorp of Wisconsin, Inc. common stock, valued at \$371,560. 1895 Bancorp of Wisconsin, Inc. is the parent company and sole shareholder of PyraMax Bank, the Plan's sponsor. As of December 31, 2023, the Plan held 65,039 shares of 1895 Bancorp of Wisconsin, Inc. common stock, valued at \$454,623. During the year ended December 31, 2024, Plan purchases of Bancorp of Wisconsin, Inc. common stock totaled \$7,016 and Plan sales of 1895 Bancorp of Wisconsin, Inc. common stock totaled \$233,993. Transactions involving notes receivable from participants are considered party-in-interest transactions. The purchases of and investment in common stock of 1895 Bancorp of Wisconsin, Inc. are also considered party-in-interest transactions and related party transactions. These transactions are not, however, considered prohibited transactions under ERISA regulation.
