Independent Auditor's Report

Board of Trustees
Schreiber Foods, Inc. 401(k) Retirement Savings Plan
Green Bay, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Schreiber Foods, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Schreiber Foods, Inc. 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of September 30, 2024 and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schreiber Foods, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Schreiber Foods, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Schreiber Foods, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schreiber Foods, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. Schreiber Foods, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1: Plan Description

The following description of Schreiber Foods, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Schreiber Foods, Inc. (the "Company") who have worked at least one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by an officer of the Company.

The Retirement Plans Administrative Committee (the "Committee") is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Trustees.

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Plan management will determine the optional provisions to elect in the future.

Contributions

Participants are allowed to contribute up to 75% of annual compensation, as defined by the Plan, subject to limitations established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. The Plan also includes an auto-enrollment provision whereby all newly eligible non-union employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Additionally, unless elected otherwise, if non-union employees have a deferral rate less than 8%, their deferral rate will automatically increase by 1% each year until their rate is equal to 8%. The Plan allows participants to roll over distributions from other qualified retirement plans, including the Schreiber Foods, Inc. Employee Stock Ownership Plan (ESOP). Rollovers are not matched.

For West Bend union employees, the Company matches 100% of participant contributions up to the first 6%. For Green Bay union employees, the Company matches 100% of participant contributions up to the first 6% and 50% of participant contributions up to 7%. The matching contribution for union employees is allocated to the participant's account in the Plan. For nonunion employees, the Company matches 100% of participant contributions up to the first 8%; however, the matching contribution is allocated to the participant's account in the ESOP.

Schreiber Foods, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) plan earnings or losses and is reduced for withdrawals and an allocation of administrative expenses not paid by the Company. Allocations are based on participant's compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Company contributions and related earnings for West Bend union employees become 50% vested after two years of credited service. The vesting percentage increases an additional 25% each year thereafter, with 100% vesting after four years of credited service. All other participants are fully vested upon deposit into the Plan for Company contributions and related earnings. Employee contributions and related earnings are fully vested upon deposit into the Plan.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the participant's vested account balance. Note terms range from one to five years and up to 20 years if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at the prime rate as of the first of the month in which the loan was originated plus 1%. Interest rates on existing notes range from 3.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan provides for payment of the entire vested balance in the participant's account upon retirement, death, disability, or termination of employment. The method of payment will generally be in the form of a lump-sum distribution or installment payments. In addition, hardship distributions are permitted if certain criteria are met. The Plan also allows for in-service distributions out of the participant's voluntary contributions upon attaining age 59 1/2.

Forfeitures

Plan forfeitures arise as a result of participants terminating service with the Company before becoming 100% vested in Company matching contributions. Forfeited nonvested accounts totaled \$578 at September 30, 2024. There were no forfeited nonvested accounts at September 30, 2023. These accounts are used to reduce future Company matching contributions or pay plan expenses. In 2024, \$21,905 of forfeitures were used to reduce Company matching contributions.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2024 and 2023. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Asset management fees are partially paid out of plan assets and included in administrative expenses or through revenue sharing and included in net appreciation in fair value of investments. Plan audit fees are paid out of plan assets and included in administrative expenses. Note receivable issuance expenses and certain administrative expenses are paid by the plan participants. The Company pays all other administrative expenses in accordance with the Plan's provisions and those expenses are excluded from these financial statements.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

Subsequent events have been evaluated through July 9, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2024 and 2023.

Common/collective trust funds: Valued at the net asset value (NAV) provided by the administrator of the fund using NAV as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the underlying investments for an amount different than the reported NAV. The fund's unit price is quoted on a private market that is not active; however, the unit price is based on the underlying investments that are traded on an active market. Participant transactions (purchases and sales) may occur daily. These funds can be redeemed daily with no redemption restrictions. There were no unfunded commitments as of September 30, 2024 and 2023.

Schreiber Foods, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of September 30, 2024			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy - Mutual funds	\$ 359,452,672	\$ 0	\$ 0	\$ 359,452,672
Investment assets measured at NAV				213,875,653
Total investment assets at fair value				\$ 573,328,325

	Assets at Fair Value as of September 30, 2023			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy - Mutual funds	\$ 290,915,386	\$ 0	\$ 0	\$ 290,915,386
Investment assets measured at NAV				168,343,367
Total investment assets at fair value				\$ 459,258,753

In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Schreiber Foods, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 4: Information Prepared and Certified by the Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at September 30, 2024 and 2023, net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended September 30, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal") and Principal Bank, the trustees of the Plan.

Note 5: Party-in-Interest Transactions

Principal is the plan trustee, as defined by the Plan and, therefore, transactions with Principal qualify as party-in-interest transactions exempt from the prohibited transactions rules of ERISA. The Plan also utilizes Wipfli LLP and Reinhart Boerner Van Deuren for professional services, which also qualify as party-in-interest transactions exempt from the prohibited transactions rules of ERISA. Fees paid by the Plan to the trustee and professional service providers amounted to \$440,032 for the year ended September 30, 2024.

Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions and terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts credited to participants' accounts shall become 100% vested and be distributed to participants in accordance with the Plan's provisions.

Note 7: Tax Status

The IRS has determined and informed the Plan by a letter dated September 19, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Notes to Financial Statements

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

Following is a reconciliation of net assets available for benefits per the financial statements at September 30, 2024 and 2023, to Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 589,689,922	\$ 472,165,055
Other income receivable	(190,888)	(262,297)
Net assets available for benefits per the Form 5500	\$ 589,499,034	\$ 471,902,758

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended September 30, 2024, to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 117,524,867
Change in other income receivable	71,409
Net income and transfer of assets per the Form 5500	\$ 117,596,276

Income earned but not yet received by the Plan is recorded on the Form 5500 in the year it is received. This income is recorded in the year it is earned on the financial statements.
