Financial Statements and Supplemental Schedule

Year Ended September 30, 2024

**WIPFLI**

## **Independent Auditor's Report**

Board of Trustees  
Schreiber Foods, Inc. Employee Stock Ownership Plan  
Green Bay, Wisconsin

### ***Opinion***

We have audited the financial statements of Schreiber Foods, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Schreiber Foods, Inc. Employee Stock Ownership Plan as of September 30, 2024 and 2023, and the changes in net assets available for benefits for the year ended September 30, 2024, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schreiber Foods, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Schreiber Foods, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Schreiber Foods, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schreiber Foods, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## ***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### Note 1: Description of Plan

The following description of the Schreiber Foods, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### General

Schreiber Foods, Inc. (the "Company") established Schreiber Foods, Inc. Employee Stock Ownership Plan effective as of October 1, 1998. The Plan operates as a leveraged employee stock ownership plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code ("IRC") of 1986, as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan purchased Company common shares using proceeds from borrowings from the Company (Note 5) and holds the stock in a trust established under the Plan. As the Plan makes each loan payment, an appropriate percentage of stock is allocated to eligible employees' accounts at fair value in accordance with applicable regulations under the IRC.

The borrowings are collateralized by the unallocated shares of stock and are guaranteed by the Company. The lender has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with vested rights in allocated stock ("allocated") and
2. Stock not yet allocated to employees ("unallocated").

The Plan is administered by the Retirement Plans Administrative Committee (the "Committee"), composed of five persons appointed by the Board of Directors of the Company.

#### Eligibility

Employees of the Company are generally eligible to participate in the Plan after one hour of service, provided they are not members of a group whose terms and conditions of employment are covered by a collective bargaining agreement.

### Note 1: Description of Plan (Continued)

#### Contributions

The Company is obligated to make contributions in cash to the Plan, which equal the amounts necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loans. The payment of debt releases a pro rata number of shares based on the interest and principal paid in the current year as a percentage of total required interest and principal payments during the entire term of the loans. There are two methods by which shares can be allocated to participant accounts. The first method is through a 401(k) match and the second method is through additional discretionary Company contributions. The Company is obligated to make matching contributions (in cash or Company common stock) equal to 100% up to the first 8% of each eligible participant's pretax or Roth contributions to Schreiber Foods, Inc. 401(k) Retirement Savings Plan ("401(k) Plan").

Any shares remaining after all participants have received their match are allocated pro rata based on total eligible compensation.

The Company is allowed to make additional discretionary contributions to the Plan in cash or Company common stock. The Company authorized a discretionary contribution of \$18,779,569 during 2024 that was paid to the Plan subsequent to year-end.

Participant contributions are neither required nor allowed under the Plan.

#### Participant Accounts

Each participant's account is credited with an allocation of the Company's matching contributions (based on the participant's contributions to the 401(k) Plan, plan earnings/losses (based on number of shares), forfeitures (based on the participant's compensation), and released shares in excess of Company match (based on the participant's compensation).

Each participant is considered qualified for an allocation of the Company's matching contributions if employed on March 31 or September 30 or terminates employment prior to March 31 or September 30 due to death, disability or retirement on or after attaining early retirement age.

#### Vesting

Shares allocated prior to January 1, 2006, to participant accounts based on the defined matching provisions in the Plan fully vest upon allocation. Shares allocated after December 31, 2005, to participant accounts based on the defined matching provisions in the Plan fully vest after three years of service. Shares allocated to participant accounts based on pro rata allocations vest fully once the employee has completed five years of service with the Company. Participants are also fully vested upon attainment of age 55.

### **Note 1: Description of Plan** (Continued)

#### **Payment of Benefits**

Plan benefits are available as soon as practicable after the end of the plan year in which a participant separates from the Company because of retirement, death, disability, or termination of employment. Benefits are paid in a single lump sum of cash or Company common stock that must be immediately sold back to the Company for cash.

If a participant elects to defer distribution of his or her account balance after separating from the Company because of retirement, death, or disability, the account balance will continue to be invested in Company common stock for up to three years after separation. If a retired, disabled, or deceased participant, with a vested account balance exceeding \$7,000, does not distribute his or her account balance within the three years after separation, his or her account balance will be liquidated ("force-out") as soon as practicable after year-end and transferred automatically to the 401(k) Plan. If a participant elects to defer distribution of his or her account after separating from the Company because of termination of employment, the account balance will be invested in the cash account as soon as practicable after the participant's settlement date. During 2024, force-outs in the amount of \$1,761,961 were transferred into the 401(k) Plan.

#### **Administrative Expenses**

Substantially all administrative expenses related to the Plan are paid by the Company, except for qualified domestic relation order fees, which are paid for by participants.

#### **Voting Rights**

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. If the participant does not direct the trustee, his or her shares will be voted in a manner determined by the plan administrator.

#### **Plan Termination**

The Company intends to continue the Plan indefinitely; however, it reserves the right to terminate the Plan at any time. In the event of termination, all amounts credited to participants' accounts shall become 100% vested and distributed to the Plan's participants according to the provisions in the Plan's documents.

#### **Put Option**

Under federal income tax regulations, the Company common stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

### **Note 1: Description of Plan** (Continued)

#### **Diversification of Investments**

Diversification is offered to participants close to retirement so they may have the opportunity to move part or all of the value of their investment in Company common stock into investments that are more diversified.

Participants who are at least age 45 with at least five years of participation in the Plan may elect to diversify up to 100% of their account. Participants who elect to diversify automatically transfer the amount to one or more investment funds in the 401(k) Plan. During 2024, participants diversified \$12,190,898 into the 401(k) Plan.

#### **Forfeitures**

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. These forfeitures are allocated to the remaining participants based on participants' compensation. Forfeitures of terminated nonvested account balances allocated to remaining participants totaled \$6,428,285 during the plan year ended September 30, 2024.

### **Note 2: Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

#### **Use of Estimates**

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. The valuation of investments in the Company's common stock is a significant estimate. Actual results may differ from these estimates.

#### **Allocations**

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) allocated stock and (b) unallocated stock, including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

### Note 2: Summary of Significant Accounting Policies (Continued)

#### Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### Payment of Benefits

Benefits are recorded when paid.

#### Subsequent Events

The Plan has evaluated subsequent events through July 8, 2025, which is the date the financial statements were available to be issued.

Subsequent to year-end, the Plan received a discretionary contribution of \$18,779,569 from the plan sponsor, which was used to pay down a portion of the notes payable - plan sponsor.

### Note 3: Investments

The Plan's investments in Company common stock at September 30 are as follows:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	705,911	1,809,622	696,227	1,813,928

### Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2024 and 2023.

*Company common stock:* The fair value of Company common stock held by the Plan is valued at fair value based on an independent appraisal. This appraisal was based on a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of company assets and liabilities. The Plan's management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves selection by the Plan's trustee of an independent appraiser under contract for a term of one year. Company representatives accumulate data for the appraiser from the audited financial statements of the Company, along with other sources. The appraiser prepares a preliminary report that the Plan's trustee reviews and approves. After the approval by the Plan's trustee, the Plan's trustee provides the final report to specified company representatives.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of September 30, 2024			
	Level 1	Level 2	Level 3	Total
Company common stock	\$ 0	\$ 0	\$3,521,746,658	\$ 3,521,746,658

	Assets at Fair Value as of September 30, 2023			
	Level 1	Level 2	Level 3	Total
Company common stock	\$ 0	\$ 0	\$2,625,622,834	\$ 2,625,622,834

### Note 4: Fair Value Measurements (Continued)

#### Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended September 30, 2024:

Balance, beginning of year	\$2,625,622,834
Unrealized gains relating to instruments still held at the reporting date	890,498,798
Purchases	37,803,006
Sales and distributions	(32,177,980)
<hr/>	
Balance, end of year	\$3,521,746,658
<hr/>	
Total amount of total gains for the period attributable to the change in unrealized gains relating to assets still held at the reporting date	\$ 890,498,798
<hr/>	

### Note 5: Notes Payable - Plan Sponsor

The Plan has entered into term loan agreements with the Company. The proceeds of the loans were used to purchase Company common stock. Unallocated shares are collateral for the loans. The loans bear interest at fixed rates ranging from 1.73% to 4.83%. Interest expense was \$10,356,665 in 2024.

The scheduled principal payments on the loans for the next five years and thereafter is as follows:

2025	\$ 23,260,790
2026	4,516,230
2027	4,640,612
2028	4,743,433
2029	4,900,980
Thereafter	432,638,093
<hr/>	
Total	\$ 474,700,138
<hr/>	

Subsequent to year end, the Plan made an additional principal payment of \$18,779,569, which was in excess of the scheduled amount in the loan agreement. This payment is included in the 2025 line item in the schedule of principal payments above.

### Note 6: Due to Sponsor

The Plan uses a Prohibited Transaction Exemption ("PTE") 80-26 interest-free loan to provide temporary cash to the Plan. This cash is used to fund various distributions during the year. Under this approach, the Company loans money to the Plan every time the Plan has a cash need following the normal distribution period. The cash proceeds from the loan provide the share liquidity within the Plan and the respective shares from the accounts liquidated are held in a temporary unallocated account until September 30. Once the year-end valuation is complete for Company common stock, the interest-free loan is paid in full by the Plan.

### Note 7: Related-Party Transactions and Party-in-Interest Transactions

Plan investments are shares of Company common stock. The Company is the plan sponsor and lender to the Plan, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not prohibited transactions as defined by the Department of Labor's regulations.

Except as noted in Note 1, Note 5, and Note 6, as of September 30, 2024 and 2023, the Plan had no amounts due to or from the Company. There were 44,825 shares of Company common stock purchased and 30,763 shares of Company common stock distributed in 2024.

There are 10,726 shares as of September 30, 2024, and 8,685 shares as of September 30, 2023, connected to the PTE 80-26 interest-free loan as described in Note 1 and Note 6. The shares remain in the Plan until the loan is paid, which occurs the following plan year.

The Plan held 2,515,533 shares at September 30, 2024, and 2,510,155 shares at September 30, 2023, of Company common stock.

Principal Financial Group is the third-party administrator for the Plan and, therefore, the fees paid to Principal Financial Group qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$2,000 for the year ended September 30, 2024.

### Note 8: Tax-Exempt Status of the Plan

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated April 19, 2017, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 9: Risks and Uncertainties**

The Plan's investments consist of Company common stock that is exposed to various risks such as interest rate, market, and credit, as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Because of the level of risk associated with the investment in Company common stock and uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of Company common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
