INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee and Plan Administrator
FirstBank 401(k) Savings Plan and Trust

Opinion

We have audited the financial statements of the FirstBank 401(k) Savings Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

FirstBank 401(k) Savings Plan & Trust

Notes to Financial Statements

December 31, 2024 and 2023

Note 1. Description of the Plan

The following description of the FirstBank 401(k) Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

As used in this report, references to "we," "our," "us," "FB Financial," or the "Company" refer to FB Financial Corporation, a Tennessee corporation, and our wholly owned banking subsidiary, FirstBank, a Tennessee state-chartered bank, unless otherwise indicated or the context otherwise requires. References to "Bank" or "FirstBank" refer to FirstBank, our wholly owned banking subsidiary.

General:

The Plan is a defined contribution plan covering substantially all employees of FB Financial Corporation (the "Plan Sponsor") who have completed 90 days of full-time service or 12 months of part-time service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan assets are held in trust by State Street Bank and Trust Company (the "Trustee").

Plan amendments:

Effective January 1, 2024, the Plan was amended to annualize the employer matching contribution to include contribution types made prior to a participant is eligible to receive matching contributions. The Plan was amended again effective September 1, 2024 to add an automatic escalation feature to the automatic enrollment provision whereby participants who enter the Plan under the auto-enrollment feature will automatically have their contribution percentage increased by one percent each year up to a maximum of six percent.

Contributions:

Each year, participants may contribute pre-tax and/or Roth 401(k) after-tax amounts, up to the limitations set forth in the Internal Revenue Code ("IRC"), as defined in the Plan. Additionally, participants who have attained the age of 50 before the end of the plan year are also eligible to make catch-up contributions up to the limitations set forth in the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate initially set at three percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In accordance with the amendment disclosed above, effective September 1, 2024 participants who enter the Plan under the auto-enrollment feature will automatically have their contribution percentage increased by one percent each year up to a maximum of six percent. The Company makes matching contributions on a payroll basis in the amount of 50 percent on the first six percent of eligible compensation, as defined, that individual participants contribute to the Plan.

Participant accounts:

Each participant's account is credited with the participant's contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the balance in the participant's vested account.

Vesting:

Participants are vested immediately in their voluntary contributions plus earnings thereon. Vesting in the Plan Sponsor's matching contribution portion of their accounts is based on years of continuous service. Vesting is on a ratable, three-year graduated basis, and participants are 100 percent vested after three years of credited service.

FirstBank 401(k) Savings Plan & Trust

Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of the Plan, Continued

Notes receivable from participants:

As a result of the Company's previous acquisitions, participants that had both an account balance in their previous employer's plan and an account that included a note receivable had these notes receivable transferred to the Plan. As of December 31, 2024, all notes receivable from participants had been paid off.

Payment of benefits:

On termination of service, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship, as defined. All fully vested balances are available for distribution after the participant reaches the age of 59 1/2.

Forfeited accounts:

At December 31, 2024 and 2023, forfeited accounts that have not been utilized totaled \$15,779 and \$9,679, respectively. These accounts are used to a) pay plan expenses, and b) reduce future Plan Sponsor contributions. Plan expenses of \$62,483 and \$104,772 were paid from forfeited accounts for the years ended December 31, 2024 and 2023, respectively. Plan Sponsor contributions were reduced by \$3,236 due to forfeited accounts for the year ended December 31, 2023. There were no reductions to Plan Sponsor contributions due to forfeited accounts for the for the year ended December 31, 2024.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023 related to these notes receivable.

Payment of benefits:

Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies, Continued

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023.

Cash: Consists of both interest-bearing and non-interest bearing accounts held by the Trustee. Interest-bearing and non-interest bearing accounts are considered highly liquid with maturities of three months or less when purchased.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Related-Party and Party in Interest Transactions

Participants have the ability to invest up to 20 percent of their respective plan accounts into the Plan Sponsor's common stock. At December 31, 2024 and 2023, the Plan held 20,053 and 18,697 shares, respectively, of the Plan Sponsor's common stock.

Certain Plan investments are managed by TransAmerica Retirement Solutions, LLC. TransAmerica Retirement Solutions, LLC is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net (depreciation) appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to TransAmerica Retirement Solutions, LLC totaling \$155,154 and \$159,153 for the years ended December 31, 2024 and 2023, respectively, which were not covered by revenue sharing. The Plan Sponsor directly pays any other fees related to the Plan's operations.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 6. Tax Status

The Plan Sponsor has adopted the Plan based on a non-standardized pre-approved plan document sponsored by TransAmerica Retirement Solutions, LLC. TransAmerica Retirement Solutions, LLC has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, that states that the form of the pre-approved plan is acceptable under Section 401 of the IRC. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Sponsor and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6. Tax Status, continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

Note 8. Subsequent Events

Effective January 1, 2025, the Plan was amended to update the employer matching contribution whereby the Company will make matching contributions on a payroll basis in the amount of 100 percent of the first two percent of eligible compensation plus 50 percent of the next four percent of eligible compensation that individual participants contribute to the Plan. Additionally, the Plan was amended effective April 1, 2025 to allow for in-plan Roth conversion contributions.
