Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators and Administrative Committee
Leroy Springs & Company, Inc.
Noncontributory Retirement Plan
Fort Mill, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Leroy Springs & Company, Inc. Noncontributory Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Leroy Springs & Company, Inc. Noncontributory Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended September 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Leroy Springs & Company, Inc. Noncontributory Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Leroy Springs & Company, Inc. Noncontributory Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Leroy Springs & Company, Inc. Noncontributory Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Leroy Springs & Company, Inc. Noncontributory Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes and Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

September 30, 2024 and 2023

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Leroy Springs & Company, Inc. Noncontributory Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. Information about the Plan agreement, the vesting and benefit provisions, and the Pension Benefit Guaranty Corporation’s benefit guarantee is contained in the *Summary Plan Description* provided to all employees.

General

The Retirement Plan of Leroy Springs & Company, Inc. (“the Company”) is a noncontributory defined benefit plan that covers substantially all employees and provides for retirement, death and disability payments.

Contributions

The Company makes contributions to the Plan as necessary based on actuarial valuations to provide benefits to participants and their beneficiaries. The Plan has met the ERISA minimum funding requirements.

Normal Retirement

A participant’s normal retirement is the first day of the month after the 65th birthday.

Early Retirement

A participant’s optional early retirement date shall be upon the attainment of age 55 and 120 months of service.

Delayed Retirement

A participant may continue in employment after his normal retirement age and will accrue benefits until his delayed retirement date.

Vesting

Upon a participant’s accumulation of five years of vesting service, the participant’s accrued benefit shall become fully vested in the participant.

Death Benefit Prior to Normal Retirement Age

If a participant should die prior to retirement, a death benefit will be payable with respect to the participant only if on the date of death the participant is married and vested in his accrued benefit.

Death of Retired Participants

Upon the death of a retired participant, the death benefit provided shall be the payment to his beneficiary of the remaining installments due, if any, under the method of distribution applicable to such deceased participant.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Plan termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participant's benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those estimated periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances-retirement, death, disability, and termination of employment-are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Use of estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Investment valuation and income recognition

Marketable securities are stated at fair value, as defined and measured by FASB ASC 820-10, Fair Value Measurements.

Interest income is recorded on the accrual basis.

Subsequent events

Management has evaluated subsequent events through July 1, 2025, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

September 30, 2024 and 2023

NOTE 3: FINANCIAL INFORMATION FURNISHED BY TRUSTEE

The Plan's trustee, Principal Trust Group, holds the Plan's assets in a trust fund and executes all investment transactions. The trustee is authorized full discretion, within the limits imposed by the Employee Retirement Income Security Act of 1974 (ERISA), as to the investments made for the fund.

The trustee has provided to the Plan Administrator statements of the Trust's account activity which were used to prepare the accompanying financial statements and supplemental schedules. The Plan Administrator has received a certificate from the trustee that such information furnished is complete and accurate. Such certification is required under the method of compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA elected by the Plan Administrator.

Contributions to the Plan are determined by the Company as described in Note 1. Benefits are paid by the trustee in accordance with authorizations furnished by the Benefit Plan Committee for the Plan.

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, that was prepared by the trustee of the Plan and furnished to the Plan Administrator.

	<u>2024</u>	<u>2023</u>
Investments	\$4,385,988	\$ 3,891,152
Net increase (decrease) in fair value of investments	784,857	592,829
Investment income on investments	34,577	98,275

NOTE 4: ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of the two most recent valuation dates is as follows:

	<u>9/30/24</u>	<u>9/30/23</u>
Actuarial present value of accumulated plan benefits		
Vested benefits:		
Participants currently receiving benefits	\$3,122,798	\$3,153,677

NOTES TO FINANCIAL STATEMENTS

September 30, 2024 and 2023

**NOTE 4: ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS
(CONTINUED)**

The projected unit credit actuarial cost method was used in determining liabilities and costs for the September 30, 2024 and 2023 plan years. Under this method, single premium factors are applied by attained age and sex to determine the present value of pension credits accrued to the date of valuation and the plan year covered by the valuation (normal costs).

The normal cost for each employee is a uniform percentage of the individual's earnings from date of participation to assumed retirement age. The principle assumptions used in making the calculations for the current year under the projected unit credit cost method include a 7.5% interest rate (compounded annually), mortality as provided by Notice 2019-67 for males and females, a retirement age of 65, and turnover assumptions based upon recent plan experience.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applied in determining the actuarial present value of accumulated plan benefits.

NOTE 5: TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service dated April 11, 2013 stating that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. The Plan Administrator and Counsel are not aware of any course of action or series of events which has occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended September 30, 2021.

NOTE 6: INVESTMENTS

All investment information disclosed in the accompanying financial statements and schedules, including investments held at September 30, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, investment income and investment expenses for the years ended September 30, 2024 and 2023 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Trust Group (“the Trustee”).

The fair market value of individual investments that represent 5% or more of the Plan’s total assets at September 30, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Mutual funds		
Longleaf Partners Fund	\$1,085,703	\$1,086,308
Vanguard 500 Index	1,065,951	782,104

Golub Capital Partners	642,955	652,329
Dodge & Cox International Stock Fund	1,027,990	895,068

During the fiscal years ended September 30, 2024 and 2023, the Plan’s investments (including investments bought, sold, as well as held during the year) increased (decreased) in value as follows:

	<u>2024</u>	<u>2023</u>
Mutual funds	<u>\$784,857</u>	<u>\$592,829</u>

NOTE 7: PLAN CHANGES

Entry into the Plan was frozen as of April 1, 2003. The accrued benefit was frozen as of December 31, 2003.

NOTE 8: PLAN AMENDMENTS

The Plan has been amended several times for technical corrections to comply with Treasury Regulations and Internal Revenue Code sections. All amendments through the date of the latest determination letter have been included and approved as referenced in Note 5.

NOTE 9: FAIR VALUE MEASUREMENTS

The Plan adopted the provisions of FASB ASC 820-10, "Fair Value Measurements". FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements.

Fair Value Hierarchy

Under FASB ASC 820-10, the Plan groups assets at fair value in three levels, based on the markets in which the assets are traded and the reliability of the assumptions used to determine fair value. These levels are:

Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3: Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The following table represents plan assets measured at fair value on a recurring basis. The plan investments have been valued by Principal Trust Group (referred to in Note 6) at September 30, 2024 as follows:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 3,671,217	\$ 3,671,217		
Short-term investments	\$ 71,816	\$ 71,816		
Other investments	\$ 642,955			\$ 642,955

The following table represents plan assets measured at fair value on a recurring basis. The plan investments have been valued by Wells Fargo Bank, N.A. (referred to in Note 6) at September 30, 2023 as follows:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Rates of Retirement	<u>Age</u>	<u>Rate</u>
	65	75.0%
	66-69	10.0
	70+	100.0

Rationale: as selected by Plan Sponsor based on experience study completed for 2017 valuation to meet historical experience.

Weighted Average Retirement Age is 66. This is the average retirement age for someone eligible to retire at all ages using the assumed retirement rates and no other decrements.

Rates of Turnover Based on employee's age and length of service as follows:

<u>Age</u>	<u>Completed Years of Service</u>					
	<u>0</u>	<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5+</u>

55	34.34	29.19	15.45	12.02	8.59	7.58

Rates of Disability None

Assumptions Made In Valuing Spouse's Benefit Sixty percent of the male and forty percent of the female employees included in the valuation are assumed to be married. The wife is assumed to be three years younger than the husband.

Optional Form Selection All employees are assumed to elect the life annuity form of benefit.

Provision for Expenses The expected administrative (i.e. non-investment) expenses that will be paid from plan assets, which were assumed to equal actual administrative expenses during the prior year plus PBGC premiums for the current year, were included in the Target Normal Cost for minimum contribution purposes.

Standing Elections The client has not signed an election that provides for the automatic use of the Carryover Balance and/or Prefunding Balance if necessary to meet the minimum funding requirement.

Appendix B (Continued)

Asset Method

Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets.

Funding Method

Pure Unit Credit

The actuarial liabilities shown in this report are determined using software purchased from an outside vendor which was developed for this purpose. Certain information is entered into this model in order to generate the liabilities. These inputs include economic and non-economic assumptions, plan provisions, and census information. We rely on the coding within the software to value the liabilities using the actuarial methods and assumptions selected. Both the input to and the output from the model is checked for accuracy and reviewed for reasonableness.

Employees Valued

Only participants as of the valuation date were valued.

Changes in Assumptions and Methods since the Last Actuarial Valuation

The interest rates used for determining the funding target were 4.75%, 5.18% and 5.92%. These rates were updated to the rates required for the current plan year.

The mortality table for the funding target was changed as required under PPA '06.

Justification for Changes in Actuarial Assumptions

The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
