Independent Auditors' Report

To the Plan Administrator, Plan Trustee, and Participants of
The Law Offices of Peter G. Angelos 401(k) Plan
Baltimore, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Law Offices of Peter G. Angelos 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Law Offices of Peter G. Angelos 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Independent Auditors' Report (continued)

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of The Law Offices of Peter G. Angelos 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Law Offices of Peter G. Angelos 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Law Offices of Peter G. Angelos 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Law Offices of Peter G. Angelos 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of The Law Offices of Peter G. Angelos 401(k) Plan (the Plan) provides only general information. The plan agreement should be referenced for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan covering substantially all employees of The Law Offices of Peter G. Angelos and former employees of Artemis Properties, Inc. (which was dissolved in 2021) (collectively, the Company). Employees are eligible to participate in the Plan immediately upon employment, at which time participants may choose to enroll in the Plan. Fidelity Management Trust Company is the Plan's trustee and Fidelity Workplace Services LLC is the Plan's record-keeper (Fidelity). The Company's management oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions - A participant in the Plan may elect to enter into a salary reduction agreement with the Company, which would be applicable to the plan year during which the election is made, and to subsequent plan years unless cancelled or modified. Such agreement provides that the participant agrees to accept a reduction in compensation equal to any whole percent of eligible compensation that does not exceed 75%, subject to any dollar limitation imposed by the Internal Revenue Code (IRC). Contributions may be made on either a pre-tax or after-tax (Roth) basis. The salary reduction amount would then be contributed to the Plan by the Company on behalf of the employee. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

In addition, the Company provides for a discretionary matching contribution that is subject to annual revision. For 2024, the Company made a matching contribution of the lower of 3% of eligible compensation or 50% of total employee contributions. The Company may also make other discretionary qualified non-elective contributions. Any such contributions would be allocated to the participants based on their compensation. The Company made no additional discretionary contributions in 2024. Participants must be employed on the last day of the plan year or must have terminated employment during the plan year by reason of retirement, death, or disability in order to receive a portion of the discretionary matching contributions the Company elects to make.

- C. Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's contributions, and allocations of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

- D. Vesting - By means of the salary reduction agreement, participant as well as company contributions, plus earnings thereon, are 100% vested at all times.
- E. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, except for loans used to purchase a principal residence, which extend over five years. The loans are secured by the balance in the participant's vested account and bear interest at a reasonable interest rate as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate is fixed throughout the duration of the loan. The interest rates on outstanding loans range from 3.25% to 8.75%. Principal and interest are paid ratably through payroll deductions. The outstanding loan balances as of December 31, 2024 and 2023, were \$151,217 and \$124,029, respectively.
- F. Payment of Benefits - Upon termination of service due to death, disability, retirement, or termination of employment, a participant will receive the value of the participant's vested interest in their accounts in the form of a lump-sum payment, installments, or partial withdrawal. Hardship distributions are permitted if certain conditions are met. In-service withdraws are also permitted for participants who have reached age 59½.
- G. Forfeited Accounts - Forfeitures are used to either reduce future employer contributions or to pay plan administrative expenses. Although participants are 100% vested in their accounts, forfeitures can arise from the Plan failing operational tests which requires funds to be returned to the Plan from the participants' accounts. The Plan used \$-0- in forfeitures during 2024 to pay administrative expenses. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$15 and \$7, respectively.

2. Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

2. Significant Accounting Policies (continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

4. Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable for the asset or liability significant to the fair value measurement and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash and Cash Equivalents

Valued at cost, which approximates fair value.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock and Exchange-Traded Funds

Valued at the closing price reported in the active market on which the individual securities are traded.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

4. Fair Value Measurements (continued)

Common Collective Trust

Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Fair Value Measurements at the End of the Reporting Period Using:</u>	
	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2024</u>		
Cash and cash equivalents	\$ 1,563,159	\$ 1,563,159

4. Fair Value Measurements (continued)

	Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2023</u>		
Cash and cash equivalents	\$ 1,624,752	\$ 1,624,752
Common stock	401,594	401,594
Mutual funds	25,500,071	25,500,071
Exchange-traded funds	19,945	19,945
Investments in the fair value hierarchy	27,546,362	\$ 27,546,362
Investments measured at NAV (a)	737,499	
Total investments at fair value	\$ 28,283,861	

(a) In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent as of December 31, 2024 and 2023).

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Fidelity Advisor Stable Value Portfolio (a)	\$986,400	\$737,499	N/A	Daily	None

(a) The primary investment objective is to seek the preservation of capital. The secondary investment objective is to provide a level of income over time that is consistent with the presentation of capital.

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

5. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all affected employees to benefits accrued in their accounts on the date of such termination will be non-forfeitable.

8. Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of money market funds, mutual funds, and a common collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, the company pays certain plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Net assets per Form 5500	<u>\$ 30,593,958</u>	<u>\$ 28,364,722</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statements	\$ 2,251,684
Prior year adjustment from fair value to contract value for common collective trust	43,168
Current year adjustment from fair value to contract value for common collective trust	<u>(65,616)</u>
Net increase in net assets per Form 5500	<u>\$ 2,229,236</u>

10. Subsequent Events

The Plan has evaluated subsequent events through July 3, 2025, the date the financial statements were available to be issued.

Independent Auditors' Report

To the Plan Administrator, Plan Trustee, and Participants of
The Law Offices of Peter G. Angelos 401(k) Plan
Baltimore, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Law Offices of Peter G. Angelos 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Law Offices of Peter G. Angelos 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Independent Auditors' Report (continued)

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of The Law Offices of Peter G. Angelos 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Law Offices of Peter G. Angelos 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Law Offices of Peter G. Angelos 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Law Offices of Peter G. Angelos 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of The Law Offices of Peter G. Angelos 401(k) Plan (the Plan) provides only general information. The plan agreement should be referenced for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan covering substantially all employees of The Law Offices of Peter G. Angelos and former employees of Artemis Properties, Inc. (which was dissolved in 2021) (collectively, the Company). Employees are eligible to participate in the Plan immediately upon employment, at which time participants may choose to enroll in the Plan. Fidelity Management Trust Company is the Plan's trustee and Fidelity Workplace Services LLC is the Plan's record-keeper (Fidelity). The Company's management oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions - A participant in the Plan may elect to enter into a salary reduction agreement with the Company, which would be applicable to the plan year during which the election is made, and to subsequent plan years unless cancelled or modified. Such agreement provides that the participant agrees to accept a reduction in compensation equal to any whole percent of eligible compensation that does not exceed 75%, subject to any dollar limitation imposed by the Internal Revenue Code (IRC). Contributions may be made on either a pre-tax or after-tax (Roth) basis. The salary reduction amount would then be contributed to the Plan by the Company on behalf of the employee. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

In addition, the Company provides for a discretionary matching contribution that is subject to annual revision. For 2024, the Company made a matching contribution of the lower of 3% of eligible compensation or 50% of total employee contributions. The Company may also make other discretionary qualified non-elective contributions. Any such contributions would be allocated to the participants based on their compensation. The Company made no additional discretionary contributions in 2024. Participants must be employed on the last day of the plan year or must have terminated employment during the plan year by reason of retirement, death, or disability in order to receive a portion of the discretionary matching contributions the Company elects to make.

- C. Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's contributions, and allocations of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan (continued)

- D. Vesting - By means of the salary reduction agreement, participant as well as company contributions, plus earnings thereon, are 100% vested at all times.
- E. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, except for loans used to purchase a principal residence, which extend over five years. The loans are secured by the balance in the participant's vested account and bear interest at a reasonable interest rate as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate is fixed throughout the duration of the loan. The interest rates on outstanding loans range from 3.25% to 8.75%. Principal and interest are paid ratably through payroll deductions. The outstanding loan balances as of December 31, 2024 and 2023, were \$151,217 and \$124,029, respectively.
- F. Payment of Benefits - Upon termination of service due to death, disability, retirement, or termination of employment, a participant will receive the value of the participant's vested interest in their accounts in the form of a lump-sum payment, installments, or partial withdrawal. Hardship distributions are permitted if certain conditions are met. In-service withdraws are also permitted for participants who have reached age 59½.
- G. Forfeited Accounts - Forfeitures are used to either reduce future employer contributions or to pay plan administrative expenses. Although participants are 100% vested in their accounts, forfeitures can arise from the Plan failing operational tests which requires funds to be returned to the Plan from the participants' accounts. The Plan used \$-0- in forfeitures during 2024 to pay administrative expenses. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$15 and \$7, respectively.

2. Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

2. Significant Accounting Policies (continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

3. Information Prepared and Certified by Fidelity Management Trust Company

The following information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, LLC (the trustee):

	2024	2023
Investments, at fair value:		
Cash and cash equivalents	\$ 1,563,159	\$ 1,624,752

Interest and dividends	1,372,181	
	<u>\$ 4,572,241</u>	
Interest income on notes receivable from participants	<u>\$ 10,081</u>	

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

4. Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable for the asset or liability significant to the fair value measurement and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash and Cash Equivalents

Valued at cost, which approximates fair value.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock and Exchange-Traded Funds

Valued at the closing price reported in the active market on which the individual securities are traded.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

4. Fair Value Measurements (continued)

Common Collective Trust

Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2024</u>		
Cash and cash equivalents	\$ 1,563,159	\$ 1,563,159
Common stock	259,540	259,540
Mutual funds	27,529,729	27,529,729
Exchange-traded funds	47,791	47,791
Investments in the fair value hierarchy	29,400,219	\$ 29,400,219

4. Fair Value Measurements (continued)

	<u>Fair Value Measurements at the End of the Reporting Period Using:</u>	
	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2023</u>		
Cash and cash equivalents	\$ 1,624,752	\$ 1,624,752

Mutual funds	25,500,071	25,500,071

Investments in the fair value hierarchy	27,546,362	<u><u>\$ 27,546,362</u></u>
Investments measured at NAV (a)	<u>737,499</u>	
Total investments at fair value	<u><u>\$ 28,283,861</u></u>	

(a) In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent as of December 31, 2024 and 2023).

<u>Investment</u>	<u>Fair Value</u>		<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
	<u>2024</u>	<u>2023</u>			
Fidelity Advisor Stable Value Portfolio (a)	\$986,400	\$737,499	N/A	Daily	None

(a) The primary investment objective is to seek the preservation of capital. The secondary investment objective is to provide a level of income over time that is consistent with the presentation of capital.

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments.

THE LAW OFFICES OF PETER G. ANGELOS 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

5. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all affected employees to benefits accrued in their accounts on the date of such termination will be non-forfeitable.

8. Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of money market funds, mutual funds, and a common collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, the company pays certain plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Net assets per Form 5500	<u>\$ 30,593,958</u>	<u>\$ 28,364,722</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statements	\$ 2,251,684
Prior year adjustment from fair value to contract value for common collective trust	43,168
Current year adjustment from fair value to contract value for common collective trust	<u>(65,616)</u>
Net increase in net assets per Form 5500	<u>\$ 2,229,236</u>

10. Subsequent Events

The Plan has evaluated subsequent events through July 3, 2025, the date the financial statements were available to be issued.
