Independent Auditor's Report

To the Plan Administrator of the BankProv Employee Stock Ownership Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the BankProv Employee Stock Ownership Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BANKPROV EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION:

The following brief description of the BankProv Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for complete information.

General

The Plan sponsor, BankProv (the "Bank"), is a wholly owned subsidiary of Provident Bancorp, Inc. (the "Company"). The Bank established the Plan effective as of January 1, 2015. The Plan is a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On July 15, 2015, the Plan entered into an agreement with the Company to acquire 357,152 shares in the Company's initial public offering with the proceeds of a term loan payable to the Company for \$3,571,520. On October 16, 2019, the Company completed a second-step conversion (the "Conversion") and the original shares acquired had an exchange ratio of 2.0212-to-one.

In conjunction with the Conversion, the Plan acquired an additional 816,992 shares by refinancing the original term loan to borrow an additional \$8,169,920 in a new loan agreement on October 16, 2019. Immediately prior to the refinancing the outstanding balance on the original loan was \$2,875,450. Following the refinancing, the loan balance was \$11,045,370.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Bank. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

- a) the accounts of employees with rights in allocated common stock (allocated),
and
- b) common stock not yet allocated to employees (unallocated)

Participation

Substantially all employees of the Bank are eligible to participate in the Plan as of the first day of each plan month coinciding with or next following the later of (i) the date the employee first completes an hour of service, and (ii) the date the employee attains the age of 21. In order to share in the allocation for a plan year, the participant must be an active participant on the last day of the plan year unless they terminated during the year due to death, disability or normal retirement.

BANKPROV EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

Contributions

The Bank is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. The Bank may decide, at the discretion of the Board of Directors, to make an additional contribution. The Bank did not make an additional contribution for the plan year ended December 31, 2024. Employee contributions are not permitted.

During the year ended December 31, 2024, a total of 89,758 shares were released for allocation to participants. As of December 31, 2024 and 2023, 591,132 and 560,194 shares were allocated to participants and 807,820 and 897,578 shares were unallocated, respectively.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Bank on the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Investment income, including realized and unrealized gains and losses are allocated to participants' accounts based on each participant's account balance.

Vesting

Participants become 100% vested upon death, total and permanent disability, attainment of normal retirement age, termination of the Plan, or in the event of a change in control of the Bank, or the Company. Otherwise, a participant's interest in the Bank's contributions and earnings thereon vests according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
three or more	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the plan year. There was \$182,761 of forfeitures allocated to participants for the year ended December 31, 2024. Unallocated forfeitures at December 31, 2024 and 2023 were \$0.

NOTES TO FINANCIAL STATEMENTS

Distribution of Benefits

When a participant terminates from the Bank for any reason, their distribution shall commence as soon as possible, but no later than one year after the close of the plan year in which the participant terminates due to reaching normal retirement age, death or disability. Distributions upon termination not as a result of reaching normal retirement age, death or disability will be paid as soon as administratively feasible, but no later than the fifth year after the close of the plan year in which the participant terminates. If a participant has not elected to receive a distribution from the Plan prior to the later of his or her termination or the date at which the participant has reached the 10th anniversary of the year in which such participant commenced participation in the Plan and his or her normal retirement date, the participant will begin to receive a distribution of his or her account by the 60th day of the following plan year. Accounts of less than \$1,000 are automatically distributed within 60 days after the plan year in which employment terminates. Participants may also receive a distribution immediately of their cash dividends.

Distributions are made in lump sum. The amount to be distributed is based upon the valuation date coincident with or immediately preceding the distribution. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share of common stock. During 2024, the Plan repurchased no shares from participants.

Voting Rights

The Trustee shall vote all shares of Company stock held by the Plan with respect to all corporate matters upon which shareholders are entitled to vote in accordance with the written instructions of an appointed ESOP Committee. Each participant shall direct the Trustee as to voting of shares held in his or her account with respect to any shareholder vote that is required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all the assets of a trade or business. A participant who is entitled to such pass-through voting shall receive from the Company such proxy materials and a proxy form upon which voting directions may be indicated to the Trustee. The Trustee shall vote such allocated shares of Company stock as instructed by participants. Unallocated shares, for which no direction is received, and allocated shares for which Participants vote to "abstain" shall be voted by the Trustee in the same proportions as it votes the allocated stock for which it has received instructions from Participants.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. There were no diversification payments during 2024 as no participants are eligible for diversification until December 31, 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The shares of Company common stock and investments are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Company contributions are calculated and recorded based on plan compensation paid during the year.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Bank. For the years ended December 31, 2024 and 2023, the Bank paid the majority of the operating expenses for the Plan. Expenses that are paid by the Bank are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

3. INVESTMENTS:

The Plan's investments in the Company's common shares, at December 31, are presented in the following table:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of Shares	591,132	807,820	560,194	897,578
Cost	\$ 4,734,964	\$ 6,470,638	\$ 4,487,156	\$ 7,189,600
Fair Value	\$ 6,738,900	\$ 9,209,148	\$ 5,641,156	\$ 9,038,611

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan.

Provident Bancorp, Inc. common stock: Valued at fair value based on quoted market prices. As of December 31, 2024 and 2023, the fair value per share was \$11.40 and \$10.07, respectively.

Interest bearing cash – Consists of a bank money market fund.

5. NOTE PAYABLE:

On October 16, 2019, the Plan entered into a refinanced loan agreement for \$11,045,370 with the Company. The agreement provides the loan to be repaid over 15 years commencing December 31, 2019. The proceeds of the loan were used to purchase Bank common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future year's principal and interest payments. This resulted in 89,758 shares being released and allocated for the plan year ended December 31, 2024. Interest expense related to this note was \$389,400 for the year ended December 31, 2024 based on the fixed interest rate of 5%.

The note payable related to the purchase of Company stock on December 31 is as follows:

	<u>2024</u>	<u>2023</u>
Note Payable - Provident Bancorp, Inc. December 31, 2024 and 2023, respectively. Due December 31, 2033; Secured by unallocated Provident Bancorp, Inc. Common Stock	\$ 7,168,824	\$ 7,788,006

BANKPROV EMPLOYEE STOCK OWNERSHIP PLAN

While the Bank reserves the right to change the amounts and the timing of contributions to the Plan, the scheduled amortization of this Plan's loan for the next five years are as follows:

Years Ending December 31,	Amount
2025	\$ 650,141
2026	682,648
2027	716,781
2028	752,620
2029	790,251
Thereafter	3,576,383
Total	\$ 7,168,824

6. RISKS AND UNCERTAINTIES:

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

7. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Bank by a letter dated July 13, 2018 that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. CERTIFIED INVESTMENTS:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the custodian of the Plan.

BANKPROV EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

9. ADMINISTRATION OF PLAN ASSETS:

Principal Trust Company is the recordkeeper and custodian of the Plan. Community Bank of Pleasant Hill d/b/a First Trust of MidAmerica is the trustee of the Plan. Bank contributions and Plan assets are managed by the trustee. The trustee invests cash received, interest, and dividend income and makes distributions to participants. Administrative expenses for the custodian and trustee fees are paid directly by the Bank.

Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan.

10. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the custodian are considered party in interest transactions.

The Plan holds certain common stock in the Company in the aggregate amount of \$15,948,048 and \$14,679,767 at December 31, 2024 and 2023, respectively, and has indebtedness guaranteed by the Bank. These are related-party and party in interest transactions.

11. PLAN TERMINATION:

The Bank reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the board directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the IRC. In the event of plan termination, all participants will become 100% vested in their accounts.

12. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through June 18, 2025, the date these financial statements were available for issuance.

On June 5, 2025, the Company and NB Bancorp, Inc. ("Needham"), the holding company for Needham Bank, entered into a definitive merger agreement for the Company to merge with and into Needham ("the Merger"). It is anticipated that promptly following the Merger of the Company into Needham, the Bank will merge with and into Needham Bank.

Pursuant to the merger agreement, prior to the date the Merger becomes effective (the "Effective Time") but after the approval of the Merger by stockholders, the Company shall cause the Plan to be terminated. The Merger is expected to be completed in the fourth quarter of 2025, subject to the satisfaction of various conditions, including the affirmative vote by the holders of a majority of the Company's shares and receipt of required regulatory approvals from applicable state and federal regulators.
