Independent Auditor's Report

Plan Administrator
LDI Industries, Inc. Retirement Savings Plan
Manitowoc, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of LDI Industries, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of October 28, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 to October 28, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LDI Industries, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of October 28, 2024 and December 31, 2023, and for the period from January 1, 2024 to October 28, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LDI Industries, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LDI Industries, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LDI Industries, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LDI Industries, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

LDI Industries, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of LDI Industries, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General

The Plan is a defined contribution plan covering all employees of LDI Industries, Inc. (the "Company"), except collective bargaining employees and leased employees, who have attained the age of 19 and have completed three consecutive months and 500 hours of service during the eligibility computation period. Temporary employees must complete 1,000 hours of service, one year of service, or effective January 1, 2024, complete three consecutive years of service where the employee completes at least 500 hours of service to become eligible to participate in the Plan. Effective June 1, 2024, part time and seasonal employees must complete one year of service or complete three consecutive years of service where the employee completes at least 500 hours of service to become eligible to participate in the Plan, and no hours of service required during the eligibility computation period for all other employees covered by the plan. College students must complete one year of service and attain age 21 to participate. Upon satisfying the eligibility requirements, an employee is eligible to participate on the first day of the subsequent month. Officers of the Company are responsible for the oversight of the Plan. The officers determine the appropriateness of the Plan's investments and monitor investment performance.

Plan Merger

Effective October 28, 2024, the Plan was merged into the FORCE America, Inc. 401(K) Plan, with plan assets being liquidated on that date. The assets of the Plan transferred to the FORCE America, Inc. 401(K) Plan totaled \$18,526,976, including \$68,749 of notes receivable from participants. Participants vesting percentages were not changed with the merger.

On the date the notes receivable from participants transferred to the FORCE America, Inc. 401(K) Plan, interest rates on existing notes ranged from 3.25% to 8.50%.

Contributions

Each year, participants may contribute up to 100% of eligible compensation on a pre-tax or Roth basis as defined in the Plan, subject to the maximum amount allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who are automatically enrolled are subject to 1% annual increases in their deferral rate, up to a maximum of 10%, unless they elect each year to maintain their current deferral rates.

During 2024, the Company contributed discretionary matching contributions equal to 100% of salary deferrals up to 3% of compensation for eligible participants. Total discretionary matching contributions during 2024 were \$204,752. The Company may make discretionary profit sharing contributions to eligible participants who are employed on the last day of the plan year and have completed at least 1,000 hours of service during the plan year. There were no discretionary profit sharing contributions for 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, and allocations of (a) the Company's discretionary profit sharing contribution, (b) plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's discretionary matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution plus earnings thereon is based on years of continuous service. Company discretionary profit sharing contributions allocated to a participant's account vest using a graduated scale of six years, 20% after two years, and 20% for every year thereafter until a participant is 100% vested after six years.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the participant's vested account balance. Note terms range from one to five years and up to 15 years if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at the prime rate. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Plan benefits are available at normal retirement (age 65), disability retirement, in-service withdrawal after age 59 1/2, financial hardship withdrawal, death, or termination of employment.

Participants may elect to receive benefit payments in the form of an installment, direct rollover, or lump sum distribution.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's discretionary profit sharing contribution. At October 28, 2024 and December 31, 2023, there were no forfeited nonvested accounts. Forfeitures must first be used to reduce future Company discretionary contributions or to pay administrative expenses of the Plan. Any remaining forfeitures can be used in any permissible way, as defined in the plan document, at the discretion of the Company. For the period from January 1, 2024 to October 28, 2024, forfeitures of \$475 were used to reduce employer matching contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Officers of the Company determine the Plan's valuation policies utilizing information provided by the trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

At December 31, 2023, amounts payable to participants totaling \$14,834 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. The excess contributions were distributed to the applicable participants during the following plan year as required by regulations.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative and Investment Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees paid directly by the Plan are allocated proportionately to the plan participants based on their respective account balances and are reflected as investment expenses and included in net investment income. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation in fair value of investments, since they are paid through revenue sharing rather than a direct payment. All other expenses paid by the Plan are allocated proportionately to plan participants based on their respective account balances and are included in administrative expenses.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

There were no assets or liabilities to be measured at fair value at October 28, 2024, due to the plan merger discussed in Note 1, which was effective October 28, 2024.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: The OneAmerica Stable Value Fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the common/collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the fund would sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the common/collective trust fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy -				
Mutual funds	\$ 23,523,031	\$ 0	\$ 0	\$ 23,523,031
Investment assets measured at NAV				759,018
Total investment assets at fair value				\$ 24,282,049

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023.

	Fair Value at		Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

Note 4: Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments, notes receivable from participants, and non-interest-bearing cash at October 28, 2024 and December 31, 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2024 to October 28, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company ("Matrix"), the trustee of the Plan.

Note 5: Party-in-Interest Transactions

OneAmerica Retirement Services, LLC ("OneAmerica") is the recordkeeper and investment advisor of the Plan and, therefore, fees paid to OneAmerica qualify as party-in-interest transactions. Fees paid by the Plan to OneAmerica for recordkeeping and investment advisory services were \$52,762 and \$5,675, respectively, for the period from January 1, 2024 to October 28, 2024.

Certain plan investments are managed by OneAmerica Asset Management, affiliate of OneAmerica, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for investment-related services are included in net appreciation in fair value of investments because they are paid through revenue sharing rather than direct payment. Specific detail for investment-related service fees is not available from the trustee.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Tax Status

The Plan has adopted a non-standardized pre-approved plan document with an IRS notification letter dated August 9, 2020, which states the document as then designed is in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Subsequent Events

The Plan has evaluated subsequent events through July 8, 2025, which is the date the financial statements were available to be issued.
