Ganahl Lumber Company Employee Stock Ownership Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Ganahl Lumber Company Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of October 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Ganahl Lumber Company Employee Stock Ownership Plan as of October 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ganahl Lumber Company Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ganahl Lumber Company Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ganahl Lumber Company Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ganahl Lumber Company Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

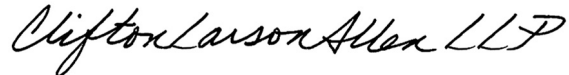

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of October 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GANAHL LUMBER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2024 AND 2023

NOTE 1 DESCRIPTION OF PLAN

The following description of Ganahl Lumber Company Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is intended to qualify as an employee stock ownership plan (ESOP) and as a stock bonus plan as defined by the applicable Internal Revenue Code (IRC) regulations.

The Plan is a noncontributory ESOP established to invest in the common stock of Ganahl Lumber Company (the Company). All employees of the Company age 21 and over are eligible to participate in the Plan after completing 1,000 hours of service during any 12 consecutive months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company has the option to make an annual discretionary contribution, which is determined by the Board of Directors. The Company's discretionary contribution to the Plan is equal to the amount of the ESOP deduction claimed by the Company on its federal income tax return.

Participant Accounts

Each participant's account is credited with an allocation of the Company's contribution, Plan earnings, forfeitures of terminated participants' nonvested accounts, and administrative expenses. Allocations are based on participant earnings, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants' vesting is based on years of continuous service. A participant does not vest in employer contributions, Plan earnings, or forfeitures of terminated participants' nonvested accounts during his or her first two years of service. A participant is 20% vested after two years, and vests at a rate of 20% annually thereafter. A participant is 100% vested after six years of credited service or upon reaching age 65, whichever is sooner.

Forfeited Accounts

The Plan provides for forfeitures of terminated participants' nonvested accounts to be reallocated to the remaining participants. Forfeitures of terminated nonvested account balances allocated to remaining participants during the years ended October 31, 2024 and 2023, totaled \$31,097 and \$127,063, respectively.

OCTOBER 31, 2024 AND 2023

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Voting Rights

All Company stock held by the Plan shall be voted by the trustee in accordance with instructions from the Plan committee. Each participant, however, is entitled to exercise voting rights attributable to the shares allocated to his or her account with respect to certain corporate transactions outlined in the Plan.

Benefits Paid to Participants

Employees who have retired or otherwise terminated their employment with vested account balances of up to \$300,000 receive benefits in the form of lump sum distributions based upon their allocated shares of common stock and allocated share of the Plan's other assets. Retired or otherwise terminated employees with vested account balances greater than \$300,000 receive distributions of \$300,000 maximum annually until fully paid out. If a participant terminates employment and the participant's account balance was never greater than \$5,000, the Plan administrator may authorize the benefit payment without the participant's consent.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the estimated fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation service in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. In lieu of diversification, the Plan committee may render that accounts be paid out to participants, or the participants can elect to transfer the funds to another qualified plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

GANAHL LUMBER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2024 AND 2023

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through July 8, 2025, the date the financial statements were available to be issued.

NOTE 3 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. The stock of the Company is valued annually by an independent third-party valuation specialist. Because of the inherent subjectivity in any valuation, those estimated values may differ significantly from the value that would have been used had a ready market for the securities existed, and the differences could be material. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is at risk of loss for funds invested with Merrill Lynch, a member of the Securities Investor Protections Corporation (SIPC). In the event of financial failure, the SIPC insures funds invested of up to \$500,000 for securities and inclusive of up to \$250,000 for cash.

**GANAHL LUMBER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2024 AND 2023**

NOTE 4 ADMINISTRATION OF PLAN ASSETS

The Plan's investments are managed by John Ganahl (a major stockholder and an officer of the Company), as trustee under the overall direction of an administrative committee.

Company contributions are held and managed by the trustee who invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives direct compensation from the Plan. The majority of administrative expenses are paid directly by the Company.

NOTE 5 INVESTMENTS

The Plan invests in interest-bearing cash, corporate stocks, shares of registered investment companies, and the common stock of Ganahl Lumber Company - sponsor company. See Note 9 for a description of fair value measurements.

Additionally, the Plan's investment in sponsor company common stock at October 31 is as follows:

	<u>2024</u>	<u>2023</u>
Ganahl Lumber Co. Common Stock:		
Number of Shares	<u>552,548</u>	<u>576,000</u>
Market (Estimated Fair Value)	<u>\$ 199,746,102</u>	<u>\$ 182,592,000</u>

In 2024, the Plan sold 23,452 shares back to the Plan Sponsor to fund benefit payments to participants.

NOTE 6 WITHDRAWN PARTICIPANTS

The amounts allocated to accounts of persons who have withdrawn, as defined in the Plan document, from participation in the contributions of the Plan for the years ended October 31, 2024 and 2023, were approximately \$21,611,000 and \$15,777,000, respectively. At October 31, 2024 and 2023, there were no amounts that have been requested to be distributed from the Plan that have not been paid.

NOTE 7 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated October 5, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GANAHL LUMBER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2024 AND 2023

NOTE 7 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of October 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 9 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

GANAHL LUMBER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2024 AND 2023

NOTE 9 FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at October 31, 2024 and 2023.

Ganahl Lumber Company Common Stock: Valued at estimated fair value based on an independent third party appraisal. This appraisal is based primarily upon an income approach using the capitalization of earnings method with a 5% liquidity/marketability discount rate for 2024 and 2023.

The valuation process involves Plan management's selection of an independent appraiser under contract with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the trustees, reviews in detail, discusses and approves.

Cash and Cash Equivalents: Valued based on cost, which approximates fair value in a noninflationary economy and is protected by the Federal Deposit Insurance Corporation.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock, and since the Company is deemed a related party, this qualifies as a party-in-interest transaction. In addition, certain investments are managed by Merrill Lynch, which is the custodian as defined by the Plan; therefore, these investments qualify as party-in-interest transactions. The Company has historically paid a majority of the administrative expense for the Plan. The Plan has a number of service providers. Such providers are parties in interest under ERISA.
