INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of
Amended and Restated Profit Sharing Plan of Midwest PMS

Opinion

We have audited the accompanying financial statements of Amended and Restated Profit Sharing Plan of Midwest PMS, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Amended and Restated Profit Sharing Plan of Midwest PMS as of September 30, 2024 and 2023 and the changes in its net assets available for benefits for the year ended September 30, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Amended and Restated Profit Sharing Plan of Midwest PMS and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Amended and Restated Profit Sharing Plan of Midwest PMS's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Amended and Restated Profit Sharing Plan of Midwest PMS's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Amended and Restated Profit Sharing Plan of Midwest PMS's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**AMENDED AND RESTATED PROFIT SHARING PLAN OF MIDWEST PMS
NOTES TO FINANCIAL STATEMENTS**

NOTE A - DESCRIPTION OF PLAN

The following description of the Amended and Restated Profit Sharing Plan of Midwest PMS (Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Agra Holdings, LLC (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers employees who have one year of service of at least 1,000 hours and are age twenty-one or older.

Contributions

Contributions consist of an employer profit sharing contribution. The employer profit sharing contributions are 100% discretionary. Forfeitures are allocated to eligible employees.

Participant Accounts

Each participant's account is credited with the allocations of the Company's contribution and the Plan earnings (including unrealized appreciation or depreciation of Plan assets) and charged with administrative expenses. Allocations of employer profit sharing contributions are based on participants' compensation, while allocations of Plan earnings are based on participants' account balances. Participant accounts are charged with administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

The trustee of the Plan is responsible for the investment of all assets held by the Plan. Investment decisions are made in the best interests of the Plan participants.

Vesting

Vesting in the Company's profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of service. If participants cease participation, other than by retirement, disability, or death, the vested interest in the remainder of their accounts is dependent upon the years of credited service, as follows:

<u>Years of Service</u>	<u>Vested %</u>
0-1	0%
2	20
3	40
4	60
5	80
6	100

To earn a year of service, the participant must be credited with at least 1,000 hours of service during a Plan year.

**AMENDED AND RESTATED PROFIT SHARING PLAN OF MIDWEST PMS
NOTES TO FINANCIAL STATEMENTS**

NOTE A - DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons or if the vested account balance is under \$1,000, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are allocated annually as additional Company contributions. Total additional Company contributions from forfeitures was \$28,447 and \$44,093 for the years ended September 30, 2024 and 2023, respectively. There was no unallocated forfeiture balance at September 30, 2024 and 2023.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for further discussion of fair value measurements.

The net appreciation (depreciation) in the fair value of investments is based on the fair value of the investments at the beginning of the year or cost, if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Investment Fees

Net investment returns reflect certain fees paid by the various investment funds to their affiliated investment advisors, transfer agents, and others as further described in each allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

**AMENDED AND RESTATED PROFIT SHARING PLAN OF MIDWEST PMS
NOTES TO FINANCIAL STATEMENTS**

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

The Company absorbs significant costs of Plan administration related to legal, accounting, record keeping, and general administration. The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the Company does not pay these expenses from its own assets, then the expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan. Other expenses will be allocated proportionately based on the value of the participant account balances in the Plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE C - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**AMENDED AND RESTATED PROFIT SHARING PLAN OF MIDWEST PMS
NOTES TO FINANCIAL STATEMENTS**

NOTE C - FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

Level 1 – Mutual funds: Value at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

All mutual fund investments were measured at fair value on a recurring basis at September 30, 2024 and 2023. These investments were all considered Level 1 as they were based on quoted prices in active markets for identical assets.

NOTE D - PARTY IN INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are shares of various mutual funds which were owned and managed by JP Morgan for the Plan period. Fees paid by the Plan for administrative fees and services totaled \$129,515 for the year ended September 30, 2024.

The Company absorbs significant costs of Plan administration related to legal, accounting, record keeping, and general administration.

NOTE E - PLAN TERMINATION AND AMENDMENT

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue contributions and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated January 29, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's advisors believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

**AMENDED AND RESTATED PROFIT SHARING PLAN OF MIDWEST PMS
NOTES TO FINANCIAL STATEMENTS**

NOTE F - TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE G - SUBSEQUENT EVENTS
