## Independent Auditor's Report

To the Plan Trustees and Administrators  
The Kendall Group Employee Stock  
Ownership Plan and Trust

### **Opinion**

We have audited the financial statements of The Kendall Group Employee Stock Ownership Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of September 27, 2024 and September 29, 2023 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 27, 2024 and September 29, 2023 and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Matter**

As explained in Note 6, the financial statements include investments valued at \$807,557,955 at September 27, 2024 and \$724,935,650 at September 29, 2023, whose fair values have been estimated by management in the absence of readily determinable market values based on valuation reports prepared by an independent appraisal firm. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

To the Plan Trustees and Administrators  
The Kendall Group Employee Stock  
Ownership Plan and Trust

### ***Auditor's Responsibilities for the Audits of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of September 27, 2024 and reportable transactions for the year ended September 27, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Trustees and Administrators  
The Kendall Group Employee Stock  
Ownership Plan and Trust

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

# The Kendall Group Employee Stock Ownership Plan and Trust

## Notes to Financial Statements

September 27, 2024 and September 29, 2023

### Note 1 - Plan Description

The following description of The Kendall Group Employee Stock Ownership Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Kendall Group (the "Company") established The Kendall Group Employee Stock Ownership Plan and Trust effective September 30, 1989. The Plan operates as a nonleveraged employee stock ownership plan and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the "Code" or IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended. The Plan is administered by The Kendall Group. A trustee committee, as appointed by the Company's board of directors, is the Plan's trustee. The Kendall Group Employee Stock Ownership Plan and Trust is the sole stockholder of The Kendall Group.

Employees of the Company are generally eligible to participate in the Plan at age 18, providing they have worked at least 1,000 hours during the plan year. Participants who do not have at least 1,000 hours of service during such a plan year or are not actively employed on the last working day of a plan year are generally not eligible for an allocation of company contributions for such year. Contribution allocations are based upon a participant's proportional share of total eligible compensation.

#### **Contributions**

The Company may make annual discretionary contributions to the Plan in the form of cash or stock issuance, as approved by the Company's board of directors. Contributions are allocated to participants on a pro rata basis based on annual compensation, as defined by the plan agreement.

#### **Vesting**

Employee accounts vest with years of service. Employees are fully vested in their accounts after six years of service. Employees are immediately fully vested when termination is due to death, disability, or normal retirement.

#### **Benefit Distributions**

No benefit distributions from the Plan will be made until a participant terminates employment with the Company or is eligible for a diversification distribution as described below. Benefit distributions are made in cash, paid in a lump sum. The benefit distribution process utilizes the put option, as outlined in the following paragraph.

#### **Put Option**

The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market.

For participants who terminated during the current and previous fiscal year and those who elected to diversify during the current fiscal year, the put option was exercised by the Company instead of the employee stock ownership plan (ESOP). As a result of the put option, the payments to participants can be made over a five year period or made in a single payment. During fiscal year 2024, the Company concluded to repurchase 597,045 shares of common stock from the participants who terminated and 68,001 shares from the participants who elected to diversify in a single payment. The purchase price per share was \$131.59, which was the fair value per share as of September 29, 2023. During fiscal year 2023, the Company concluded to repurchase 1,389,365 shares of common stock from the participants in a single payment. The purchase price per share was \$106.31, which was the fair value per share as of September 30, 2022. Subsequent to the purchases, the Company retired the shares.

### Note 1 - Plan Description (Continued)

#### ***Diversification***

Participants who have attained the age of 55 and have completed at least 10 years of participation in the Plan are eligible to receive up to 25 percent of the value of the participant's account, less any prior diversification distributions for a 5-year period. At the end of the sixth year after the participant becomes eligible for diversification distributions, the participant is eligible to receive up to 50 percent of the value of the participant's account, less any prior diversification distributions.

#### ***Voting Rights***

Each participant is entitled to exercise, in certain matters, voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised.

#### ***Termination***

The Company reserves the right to terminate the Plan at any time, subject to the Plan's provisions. Upon termination of the Plan, the Company shall direct the trustee to pay all liabilities and expenses of the Plan. Upon any full or partial termination, all amounts credited to the affected participants' accounts will become 100 percent vested.

Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan's terms and the Code.

#### ***Year End - 52/53 Week***

The Plan has adopted a 52-/53-week annual accounting period so that the last day of each fiscal year ends on the Friday nearest to September 30.

#### ***Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. The Plan allocates forfeitures to participants based on compensation, as defined.

#### ***Party-in-interest Transactions***

Certain plan assets are in investments in the Company's stock. The Company is the sponsor of the Plan; therefore, these transactions qualify as permissible party-in-interest transactions, as defined under ERISA guidelines.

### Note 2 - Summary of Significant Accounting Policies

#### ***Investment Valuation and Income Recognition***

The common shares of the Company are valued at fair value. Fair value is determined by an annual independent appraisal.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis.

See Note 6 for further discussion on fair value measurements.

## Notes to Financial Statements

September 27, 2024 and September 29, 2023

### Note 2 - Summary of Significant Accounting Policies (Continued)

#### ***Benefit Payments***

Benefits are recorded when paid. Amounts allocated to accounts of participants who have elected to withdraw from the Plan or have chosen to diversify but have not yet been paid totaled approximately \$132,500,000 and \$87,900,000 as of September 27, 2024 and September 29, 2023, respectively.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Risks and Uncertainties***

The Plan investments consist of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with this investment, it is at least reasonably possible that changes in the value of the Company's common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

#### ***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including July 1, 2025, which is the date the financial statements were available to be issued.

### Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

### Note 4 - Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Other certain administrative expenses are paid by the Company.

### Note 5 - Investments in Common Stock

There are 50,000,000 authorized shares of company common stock as of September 27, 2024 and September 29, 2023. There were 4,942,518 and 5,509,048 shares issued and outstanding as of September 27, 2024 and September 29, 2023, respectively.

The Plan's investments in company stock at September 27, 2024 and September 29, 2023 are presented in the following table:

	2024	2023
Number of shares	4,942,518	5,509,048
Cost	\$ 457,390,202	\$ 500,438,782
Fair value	\$ 807,557,955	\$ 724,935,650

September 27, 2024 and September 29, 2023

### Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

#### **Level 1**

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

#### **Level 2**

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

#### **Level 3**

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, guideline public company methodologies, or similar techniques taking into account the characteristics of the asset. The company stock classified as a Level 3 investment is based on the fair value determined through a third-party appraisal, which utilized the income approach, including the discounted cash flow method and guideline public company method. The appraiser took into account historical and projected cash flow; adjusted earnings before interest, taxes, depreciation, and amortization (EBITDA); and appropriate discount rates.

The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report, which plan management, along with the ESOP trustees, reviews in detail, discusses, and approves.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
