(1) Name: CLIFTONLARSONALLEN LLP

(2) EIN: 41-0746749

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		3000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Macalester College 403(b) Retirement Plan
St. Paul, Minnesota

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We were engaged to perform an audit of the accompanying financial statements of Macalester College 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Macalester College 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the Financial Statements

We do not express an opinion on the financial statements referred to above of Macalester College 403(b) Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the Financial Statements

Macalester College 403(b) Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Macalester College 403(b) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Macalester College 403(b) Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Macalester College 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

MACALESTER COLLEGE 403(B) RETIREMENT PLAN

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

1) Description of the Plan

The following description of the Macalester College 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Macalester College (the College) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 403(b) of the IRC, for the benefit of eligible employees of the College. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by the College. TIAA and CREF are the insurance companies, and TIAA Trust, N.A. is the custodian of the Plan.

Eligibility

Eligible employees commence participation in the Plan on the first day of the calendar quarter coinciding with or next following the completion of 1,000 or more hours of service during a computation period, as defined by the Plan, generally a 12-month period. Certain eligible employees who were employed by any eligible college or university other than the College at any time during the 6-month period immediately preceding such employee's employment commence participation immediately if such employee was a participant in a qualifying retirement, annuity, or deferred compensation plan sponsored by said college or university.

Eligible employees commence participation in the salary reduction portion on the date of employment.

Employees that are in a collective bargaining unit covered by the provisions of a collective bargaining agreement between a representative of such employees and the College are eligible for the salary reduction portion of the Plan only, unless the agreement expressly provides otherwise. Students performing services described in Section 3121(b)(10) of the IRC are ineligible for the Plan.

MACALESTER COLLEGE 403(B) RETIREMENT PLAN

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

Contributions

Each Plan year, the College contributes 10% of each participant's compensation, subject to limits imposed by Section 415 of the IRC. For faculty, compensation is defined as the regular salary stated in the academic year contract. For all other participants, compensation is defined as the regular salary stated in the annual salary notice. Compensation does not include overtime pay and other similar payments. For the 2024 and 2023 Plan years, the College's contribution totaled \$4,956,188 and \$4,721,737, respectively.

Each participant may choose the amount of salary reduction that will be contributed to the Plan, subject to limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRAs.

Participant Accounts

Each participant's account is credited with the participant's contributions and College contributions, as well Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant's account also includes all Plan contributions and contributions made by the College on behalf of a participant pursuant to a salary reduction agreement executed by such participant prior to the first pay period for which the agreement is to be effective.

Vesting

A participant is fully and immediately vested in contributed amounts and investment experience thereon.

Forfeitures

The Plan does not allow for forfeitures.

Payment of Benefits

Upon termination of employment with the College, a participant may elect to receive benefits under any optional forms of benefit set forth in the applicable funding vehicles in which the participant's benefits are invested.

Early Withdrawals

Payment of benefits may not commence while a participant is employed by the College, unless the participant attains age 59½, or the payments are required by law. Effective May

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

1, 2024, hardship withdrawals are also permitted from the Plan.

Notes Receivable From Participants

Participants may borrow from their fund accounts an amount equal to the lesser of \$50,000 or 50% of their Salary Reduction Contributions and Eligible Rollover Contributions. Note receivable terms range from 1 to 5 years and may be longer for notes used for the acquisition of a principal residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Plan Loans

Participants may borrow amounts using their TIAA account as collateral for Plan loans. A Plan loan is not treated as a distribution from the Plan, as the Plan assets are only used as collateral. Therefore, Plan loans are not reported on the statements of net assets available for benefits.

A participant may apply for a Plan loan to be made from his or her vested account balance in the Plan not to exceed the lesser of (i) \$50,000 or (ii) 45% of the participant's vested account balance in the Plan. Loans may be further limited by the funding vehicles. At December 31, 2024 and 2023, the balance of Plan assets held as collateral for Plan loans was \$49,942 and \$123,971, respectively. At December 31, 2024, interest rates for the Plan loans ranged from 4.00% to 5.58%.

Administrative Expenses

Certain investment management fees are netted with investment income. These fees are charged directly to the individual participant's accounts. Substantially all other administrative expenses are paid by the College.

Investment Elections

Each participant may direct their account balance into the funding vehicles offered by one of three insurance, variable annuity or regulated investment companies (collectively, Fund Sponsors). A participant may transfer funds between Fund Sponsors not more frequently than once each Plan year.

2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Prior to 2009, the Plan's third-party administrator, TIAA, tracked contributions, investment earnings, distributions and other activity on a "contract" basis. Each participant was set up as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009, as the regulations governing 403(b) Plans did not require plan level reporting. As a result of this administration and lack of historical plan level financial reporting, the Plan administrator is unable to obtain plan level information prior to January 1, 2009.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of financial statements. Actual results could differ from those estimates.

MACALESTER COLLEGE 403(B) RETIREMENT PLAN

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

Risks and Uncertainties

The Plan, at the direction of the participants, invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3) Financial Information Certified

TIAA and CREF, and TIAA on behalf of TIAA Trust, N.A. (collectively the qualified institutions), have supplied the Plan administrator with a certification as to the completeness and accuracy of certain investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2024.

4) TIAA Traditional Annuity and TIAA Stable Value

Each participant maintains an individual annuity contract with TIAA and/or CREF. As part of the contracts, TIAA may maintain a portion of the contributions in an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Six different contracts are available to participants. Three of these contracts are considered benefit-responsive and other three are non-benefit-responsive. With respect to the fully benefit-responsive portion, there are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable.

MACALESTER COLLEGE 403(B) RETIREMENT PLAN

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The fully benefit responsive insurance contracts are as follows:

	2024	2023
Traditional Annuity	\$ 7,800,210	\$ 8,767,778
TIAA Stable Value	2,995,751	2,816,050
	\$ <u>10,795,961</u>	\$ <u>11,583,828</u>

5) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

MACALESTER COLLEGE 403(B) RETIREMENT PLAN

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2024 and 2023.

TIAA Traditional Annuity (non-benefit responsive): Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the credit worthiness of the issuer. The Retirement Plan Oversight Committee has various processes and controls in place to ensure that fair value is reasonably estimated. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price. See also Note 4 for discussion of the TIAA Traditional Annuity.

Interest in Sub-Accounts of Variable Annuity Contracts: Net asset value (NAV) of shares, which are valued by CREF at accumulation unit value based on the estimated value of the underlying investments held by the Plan at year-end.

Pooled Separate Account: NAV of units, which are based on market prices of the underlying investments held by the Plan at year-end.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Accounts: Consist of money market accounts and mutual funds that are valued on the basis of readily determinable market prices.

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

6) Party-In-Interest Transactions

The Plan's investments include shares of funds and interests in accounts held and/or managed by the qualified institutions of the Plan; therefore, these transactions qualify as party-in-interest transactions. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

7) Tax Status

The Plan is placing reliance on an opinion letter dated August 7, 2017 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8) Plan Termination

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9) Subsequent Events

The Plan has evaluated subsequent events through June 24, 2025, the date the financial statements were available to be issued.

10) Reconciliation of Financial Statements to Form 5500
