INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR OF
SATERI HOMES, INC. & SUBSIDIARIES
EMPLOYEES' PROFIT SHARING PLAN

Opinion

We have audited the accompanying financial statements of Sateri Homes, Inc. & Subsidiaries Employees' Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Sateri Homes, Inc. & Subsidiaries Employees' Profit Sharing Plan as of September 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sateri Homes, Inc. & Subsidiaries Employees' Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sateri Homes, Inc. & Subsidiaries Employees' Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sateri Homes, Inc. & Subsidiaries Employees' Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sateri Homes, Inc. & Subsidiaries Employees' Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information", is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Sateri Homes, Inc. & Subsidiaries Employees' Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

September 30, 2024 and 2023

DESCRIPTION OF PLAN

The following description of Sateri Homes, Inc. & Subsidiaries Employees' Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all full-time employees who are employed by Sateri Homes, Inc. & Subsidiaries and affiliated employers as defined in the Plan agreement. As of September 30, 2024, Sateri Homes, Inc. & Subsidiaries is the record keeper for the Plan, Felix Savon is the Plan's trustee and PNC Bank and Wells Fargo are the investment providers for the Plan.

Eligibility

The Plan covers all employees who have completed 1,000 hours of service within a one year period, are age twenty-one or older and are employed by the Company at the end of the plan year. Employees shall become eligible to participate in the Plan on the first day of the Plan year in which such requirements are satisfied.

Contributions

The Company may make discretionary profit sharing contributions based upon a percentage of employees' compensation in amounts determined by the Plan Sponsor on an annual basis. All contributions are subject to the limitations of the Internal Revenue Code and the regulations there under. For the years ended September 30, 2024 and 2023, the Company made profit sharing contributions totaling \$-0- and \$-0-, respectively.

Participant Accounts

Each participant's account is credited with an allocation of the Company's contribution, Plan earnings and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

For the year ended September 30, 2024, vesting in the Company's contributions plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
1	0%
2	25%
3	50%
4	75%
5	100%

Forfeitures

Forfeitures will occur as of the earlier of five consecutive 1-year breaks in service or upon distribution of the participant's entire vested portion. Forfeited amounts are used to pay administrative fees of the Plan. The remaining forfeitures are then allocated to eligible participants' accounts in proportion to the participants' compensation to the total of eligible participants' compensation. Forfeitures aggregated \$112 and \$172 for the years ended September 30, 2024 and 2023, respectively.

Investments

The Plan's investments are held in a bank-administered trust fund and a managed brokerage account. None of the investments are participant directed. Categories of investments include money market funds, income and equity mutual funds, U.S. Government securities, stocks, and bonds.

Withdrawals

Withdrawals are generally not permitted before age 65, except as a result of hardship (as described in the Plan document), death or total disability.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis. Unrealized appreciation or depreciation in current value of investments is included in the net investment gain from all investment accounts.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

September 30, 2024 and 2023

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

On termination of service because of death, normal retirement, late retirement, or disability a participant will receive 100 percent of their vested portion of the Company's contributions. A participant with a vested balance of \$5,000 or less may automatically receive a lump-sum payment equal to the vested value of their account balance. Benefit payments are deducted from plan assets when paid to the participant.

Investment Valuation

The investments are stated at fair value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in its statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Administrative Expenses

Certain administrative functions are performed by officers and employees of Sateri Homes, Inc. & Subsidiaries. No such officer or employee receives compensation from the Plan. Expenses for the Plan totaled \$43,819 and \$40,404 for the years ended September 30, 2024 and 2023, respectively.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Reclassification

Certain items in the financial statements for the year ended September 30, 2023 have been reclassified to conform to the year 2024 presentation.

INVESTMENTS

The Plan's investments are held by a bank-administered trust fund and a managed brokerage account. The following schedule presents the fair values of investments. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

FAIR VALUE MEASUREMENTS

FASB ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to adjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets and liabilities in inactive markets;
- Inputs other than quoted prices are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

Corporate stocks, Corporate bonds, and U.S. Government securities – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds – Valued at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain

PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of plan termination, participants will become 100 percent vested in their accounts.

TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes.

The IRS has determined and informed the plan sponsor by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

INCOME TAXES

The Plan's evaluation on September 30, 2024 revealed no tax positions that would have a material impact on the financial statements. The 2020 through 2023 tax years remain subject to examination by various taxing authorities. The Plan does not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.

RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by PNC Bank. PNC Bank is one of the Plan's investment providers that are sponsored by and/or managed by the Trustee, therefore, these transactions qualify as party-in-interest. There were no fees paid by the plan for investment management services for the period ended September 30, 2024 and 2023.

The Company provides certain accounting, legal and administrative services to the plan for which it receives no compensation.

SUBSEQUENT EVENTS

The Company has evaluated subsequent events through June 6, 2025, the date at which the financial statements were available to be issued.
