Independent Auditor's Report

To the Board of Directors
LifeNet, Inc.
403(b) TSA Plan
Texarkana, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of LifeNet, Inc. 403(b) TSA Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LifeNet, Inc. 403(b) TSA Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualifying institution).

Management has obtained certifications from a qualified institution as of September 30, 2024 and 2023, and for the year ended September 30, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LifeNet, Inc. 403(b) TSA Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

1810 Galleria Oaks • Texarkana, Texas 75503 • 903.793.5646 • Fax 903.792.7630 • www.wilhen.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LifeNet, Inc. 403(b) TSA Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LifeNet, Inc. 403(b) TSA Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are condition or events, considered in the aggregate, that raise substantial doubt about LifeNet, Inc. 403(b) TSA Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matter, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended September 30, 2024 and Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIFENET, INC.
403(b) TSA PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023

Note A – Description of Plan

The following description of the LifeNet, Inc. (“Company” or “Employer”) 403(b) TSA Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General. The Plan is designed to help the employees save for their retirement. The Plan is a defined contribution plan covering all employees of the Company. To be eligible to participate in the Plan the employee must work, or if newly hired be reasonably expected to work, more than 1,000 hours of service in a 12-month period beginning on their hire date. To receive employer match, the employee must complete six months of service. Upon satisfying the six months of service requirement the employee becomes eligible to receive employer match on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A restatement of the existing plan was issued May 1, 2022.

Plan Administration. The Plan is administered by the Plan Administration who is appointed by the Board of Trustees of the Company. The Plan's Trustee, Principal Financial Group, is responsible for managing the Plan's assets.

Contributions. The Employer will make contributions each pay period for participating eligible employees in the amount of 50% of the employee's contribution up to 6% of the employee's compensation. Employees may make pretax contributions, up to the federal limits, on their first day of employment if they are reasonably expected to work more than 1,000 hours of service in the following 12-month period. All employee and employer contributions are invested by the employee from the various investment options selected by the employer. The Plan intends to qualify as a participant-directed account plan under section 403(b) of the Employee Retirement Income Security Act (ERISA) of 1974. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation.

Participant Accounts. Each participant's account is credited with the participant's contribution and earnings and an allocation of the Company's contribution and an allocation of administrative expenses paid by the Plan. Allocations are based on participant eligible compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits. On termination of employment, retirement, or disability the participant may take a lump sum equal to the balance of the participants vested interest or installment distribution from the Plan. In the event of death, the beneficiary will receive the distribution from the Plan.

Vesting. Participants are immediately vested in their voluntary contributions to their account and any rollover accounts plus the actual earnings thereon as well as employer contributions to their account. Because account balances are always fully vested, there are no forfeitures.

Investment Options. The custodian, Principal Financial Group, is responsible for holding the Plan assets. Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the thirty investment options. The election allows the participant to allocate their funds among the variable portfolios to take advantage of what each investment option has to offer and help balance different types of risks. The values of the variable portfolios may increase or decrease on any day. Participants may change their investment options at any time. The Plan is intended to be a participant-directed plan as described in 403(b) of the Employee Retirement Income Security Act (ERISA) of 1974, and Labor Regulations governing section 403(b) plans. This means that fiduciaries of the Plan are

ordinarily relieved of the liability for any losses which are the direct and necessary result of investment instructions given by a participant or beneficiary under the participant-directed investment feature of the Plan.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans must be paid back within five years unless it is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest that ranges from 4.25% to 9.50% which is commensurate with local prevailing rates as determined by Principal Financial Group. Principal and interest are paid ratably through biweekly payroll deductions. At September 30, 2024 and 2023, there was \$493,109 and \$558,971, respectively, of participant notes receivable outstanding.

Operating and Administrative Expenses. The Company absorbed all of the costs of plan operating and administrative expenses except the costs related to initial participant loan set up fees, participant loan quarterly maintenance fees and outside fund fees for the years ended September 30, 2024. The costs absorbed by the company are excluded from these financial statements and totaled \$15,535.

Note B – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted prices are used to value investments. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of September 30, 2024 and 2023, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023

Note C – Tax Status

The Internal Revenue Service has determined and informed the Company by advisory letter dated March 31, 2017 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2021 through 2023 are subject to examination.

Note D – Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the custodian. The custodian is responsible for holding the Plan assets, including investments. The custodian's duties are specifically identified in the Plan document and relate only to the assets in its possession. The name and address of the Plan's custodian is: Principal Financial Group, P.O. Box 2000, Mason City, IA 50402-2000. The following table presents investments at September 30, 2024 and 2023.

Note F – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only when Level 1 or Level 2 inputs are not available.

		Fair Value Measurements at Reporting Date Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
		Fair Value

Total	<u>\$ 8,800,630</u>	<u>\$ 8,800,630</u>	<u>-</u>	<u>-</u>

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual fund registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

LIFENET, INC.
403(b) TSA PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023

Note G – Investments at Contract Value

In 2005, the Plan entered into a fully benefit-responsive contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed investment contract at September 30, 2024 and 2023, was \$705,794 and \$523,982, respectively. The average yield and crediting interest rates were approximately 4% for 2024. The crediting interest rate is based on an agreed-upon formula with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the schedule maturity date.

Note H – Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Principal. Principal is the custodian as defined by the Plan and therefore these transactions qualify as party-in-interest transactions. Additionally, notes receivable are held by Principal and are considered party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note I – Delinquent Contributions

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate employee contributions to the plan from its general assets as soon as practicable but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During the year ended September 30, 2024, the Company had contributions not transferred to the third-party administrator within this specified time frame. These late contributions for the year ended September 30, 2024 amounted to \$1,471. All contributions were remitted by April 30, 2025. There were no late contributions for the year ended September 30, 2023.

Note J – Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right to modify the plan and benefits provided to active employees. In the event of Plan termination, participants will remain 100% vested in their accounts.

Note K – Reconciliation of Financial Statements to Form 5500

There are no disclosures required to provide a reconciliation of the financial statements at September 30, 2024 or 2023 to the Form 5500.

LIFENET, INC.
403(b) TSA PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023

Note L – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note M – Reclassifications

Certain reclassifications have been made to the prior year to conform to current year presentation.

Note O – Subsequent Events

In reviewing its financial statements, management has evaluated events subsequent to the Statement of Net Assets Available for Benefits date through July 10, 2025, which is the financial statements issuance date.
