Independent Auditor's Report

To the Plan Administrator of the
Mark VII Equipment, Inc. 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mark VII Equipment, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan

The following description of the Mark VII Equipment, Inc. (the "Company", "Employer", "Plan Sponsor", or "Plan Administrator") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan, which went into effect during 2006, that is generally available to employees age 18 or older who have completed 3 months of service. Employees may enter the Plan on the first day of the month coincident with or after meeting the Plan's eligibility requirements. The Plan excludes collectively bargained union employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Contributions. The following types of contributions are allowable under the Plan:

- Salary Deferral Contributions – Participants may contribute up to a maximum of 50% of their pre-tax annual compensation, as defined in the Plan document, subject to limitations. Additionally, participants may contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. The Plan has an automatic enrollment feature. Unless a newly eligible participant affirmatively elects otherwise after being given appropriate notice, 3% of their compensation will automatically be withheld and contributed to their pre-tax contributions account on their entry date. A participant's total salary deferral contributions cannot exceed \$23,000 (\$30,500 if 50 or older) in calendar year 2024.
- Discretionary Employer Matching Contributions – The Company may make a discretionary Employer matching contribution to eligible participants who are employed by the Company on the last day of the Plan year. For the Plan year ended December 31, 2024, the Company made a discretionary Employer matching contribution equal to fifty percent of a participant's salary deferral contributions up to six percent of eligible compensation.
- Discretionary Employer Profit Sharing Contributions – The Company may make a discretionary Employer profit sharing contribution to those eligible participants who are employed by the Company on the last day of the Plan year. Participants who have terminated employment during the Plan year will be eligible to receive the discretionary Employer profit sharing contribution if they've reached normal retirement age or if they have completed 500 hours of service during the Plan year. This contribution is allocated to each group(s) in a manner determined by the Company at the end of the Plan year. For the Plan year ended December 31, 2024, the Company did not make a discretionary Employer profit sharing contribution.
- Rollover Contributions – Certain amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferral and rollovers, if any) and an allocation of (a) the Employer's contribution (discretionary matching and profit sharing), if any, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their salary deferral contributions, rollover contributions, and related earnings thereon.

Vesting in the Employer's contribution portion of their accounts is based on years of service, as defined in the Plan document, as follows:

| <u>Years of Service</u> | <u>Vested %</u> |
|-------------------------|-----------------|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Furthermore, participants, while employed, become 100% vested in their Employer contribution portion of their accounts upon the following events:

- Participant's death
- Participant becomes disabled as defined under the Plan;
- Participant attains normal retirement age, as defined; or
- Termination or partial termination of the Plan.

Forfeitures. When certain terminations of Plan participation occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan, used to reduce discretionary Employer contributions, or are reallocated to eligible participants' accounts. During 2025, forfeitures of \$28,385 were used to reduce the 2024 Employer contributions receivable. The balance in the forfeitures account totaled \$20,373 and \$12,327 as of December 31, 2024 and 2023, respectively.

Plan Expense Account. The Plan maintains an unallocated Plan expense account ("PEA") that is funded through revenue credits from the Plan's service provider. The PEA is used to pay administrative expenses of the Plan and/or is reallocated to eligible participants' accounts. During 2024, the PEA received \$33,038 of revenue credits, \$27,773 of which was used to pay Plan administrative expenses. The balance in the PEA account totaled \$9,641 and \$4,300 as of December 31, 2024 and 2023, respectively.

Investment Options. Participants may direct their investments into various mutual funds, common collective trusts, and an investment contract with insurance company.

Note 1 – Description of the Plan (continued)

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 or (ii) 50% of their vested account balance. Loan terms range up to a maximum of 5 years (a longer term is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear an interest rate equal to the Prime Rate plus 1% at the date the loan is granted as determined by the Plan Administrator. Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum, partial payment, installment payment, or annuity equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. A terminated employee with a balance of less than a certain dollar threshold, as defined by the Plan document, may be automatically paid out by the Plan upon termination. Additionally, participants may request in-service withdrawals of their rollover contributions account or certain portions of their accounts for a qualified reservist distribution, or upon attainment of age 59½.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, except for the Plan's investment contract with insurance company which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (continued)

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code (“IRC”) are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions to the applicable participants subsequent to the Plan’s year end.

Benefits Payments. Benefits are recorded when paid.

Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Also included in administrative expenses are recordkeeping, contract administrator, investment management, withdrawal charges, and other fees. Certain investment related expenses are included in net appreciation in fair value of investments.

As further discussed in Note 1, the Plan provides for revenue credits which are used to offset the Plan’s administrative expenses. For the year ended December 31, 2024, the Plan’s administrative expenses and revenue credits netted to \$76,197 which consisted of \$109,235 of administrative expenses and \$33,038 in revenue credits.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements

December 31, 2024 and 2023

Note 3 – Fair Value Measurements (continued)

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.
- The common collective trusts ("CCTs") are valued at the NAV of units in collective trusts. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

| Fair Value Measurements at December 31, 2024 | | | | |

Note 4 – Investment Contract with Insurance Company

In 2021, the Plan entered into a traditional benefit-responsive investment contract, the Empower Fixed Account - Series Class I, with Empower Annuity Insurance Company ("EAIC") (formerly Great-West Life & Annuity Insurance Company ("Great-West Life")). EAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements

December 31, 2024 and 2023

Note 4 – Investment Contract with Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023 was \$182,698 and \$161,702, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include:

- Plan Sponsor Initiated Events ("PSIE"): Plan Sponsor shall provide notification to EAIC, in writing, at least thirty (30) calendar days in advance of a PSIE. A PSIE is an action that leads to a transfer of Plan assets from the Fixed Account, including but not limited to, spin-off, layoff, sale, merger, terminating union in a multi-employer plan; terminating participating employer in a multiple employer plan; termination by a political subdivision, agency, or instrumentality of a governmental plan.
- Contract Termination Due to Full Plan Termination: In the event of a full Plan termination, Plan Sponsor hereby instructs EAIC to pay Plan Sponsor the Contractual Account Value in a lump sum as soon as practicable, less any outstanding fees and charges.
- Contract Termination other than Due to Full Plan Termination: In order for the Plan Sponsor to terminate the Contract for any reason other than a full plan termination, at least sixty (60) calendar days before the Contract termination date, Plan Sponsor must notify EAIC, in writing, of Plan Sponsor's election of one of the Contract termination options. EAIC shall remit all Fixed Account amounts pursuant to the Plan Sponsor's election less any outstanding fees and charges. The Plan Sponsor's election of the Contract Termination Option is irrevocable.

The Plan administrator does not believe that the occurrence of any contract provisions which would limit the Plan's ability to transact at contract value with participants is probable.

Note 5 – Certified Information

- Investment amounts as shown in Notes 3 and 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024; and

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 7 – Tax Status

The Company has adopted an Ascensus LLC Non-Standardized Pre-Approved Plan (“pre-approved plan”). The pre-approved plan received an opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code (“IRC”). Although the Plan and pre-approved plan have been amended since receiving the IRS opinion letter, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2024 and 2023. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Nonexempt Prohibited Transaction

During 2024 and 2023 the Company had a nonexempt prohibited transaction related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions have been remitted to the Plan's trust. The Company corrected the 2022 late contributions in May 2024. The Company intends to correct the 2024 late contributions and loan repayments by remitting lost earnings into the Plan's trust as soon as administratively feasible.

Note 10 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are an investment contract with insurance company offered by EAIC. As Empower Trust Company, LLC and Empower Annuity Insurance Company of America are the custodians of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 11 – Concentrations, Risks, and Uncertainties

The Plan provides for various investment options in mutual funds, common collective trusts, and an investment contract with insurance company. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2024 and 2023, there were three investments, respectively, which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2024.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 12 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 27, 2025, which is the date the financial statements were available to be issued.
