Independent Auditor's Report

The Plan Administrator
403(b) Retirement Plan for IGHL & CDD
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the 403(b) Retirement Plan for IGHL & CDD (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not at plan level, therefore, management has not maintained, Metropolitan Life Insurance Company (MetLife), The American General Life Insurance Company (American), and Mutual of America Life Insurance Company (MOA) did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included

in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

403(b) Retirement Plan for IGHL & CDD

Notes to Financial Statements

1. Description of the Plan

The following description of the 403(b) Retirement Plan for IGHL & CDD (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a 403(b) plan covering substantially all employees of Independent Group Home Living Program, Inc. (IGHL, the Plan Sponsor, or the Employer) and its subsidiaries (The Center for Developmental Disabilities, Inc., Maryhaven, ATDC and Kinexion), except for employees of The New Interdisciplinary School, Inc., who are covered under a separate plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees are eligible to participate in the Plan as soon as they are employed. There is no minimum age or service requirement. The Plan's assets are held with Mutual of America Life Insurance Company (MOA) and Principal Trust Company (Principal).

Effective August 1, 2019, the Center for Developmental Disabilities, Inc. (CDD) became an adopting employer of the Plan and all employees of CDD were immediately eligible to participate in employee deferrals in the Plan. The net assets transferred in from the CDD, Inc. 403(b) Plan are held with Principal and The American General Life Insurance Company (American).

Contributions

Participants may contribute up to the maximum percentage allowable under the limits of the Internal Revenue Code (the Code). The Plan provides for an automatic deferral election of 6% of eligible compensation, which is automatically increased by 1% annually up to a maximum automatic deferral contribution of 15%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant shall receive an allocation of Employer matching contributions for the Plan year. This percentage is determined by the Employer and subject to change. The employer matching contribution percentage was 25% of up to 5% of eligible compensation for the year ended December 31, 2023.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with both the participant's and employer contributions and allocations of investment earnings thereon. Allocations are based on participant balances, earnings, or specific participant requested transactions, as defined by the Plan. Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

403(b) Retirement Plan for IGHL & CDD

Notes to Financial Statements

Vesting

Participants are always 100% vested in their contributions. Employer matching contributions vest based on the following years of service:

Years of Service for Vesting	Vested (%)
Less than 1	-
1	33
2	66
3+	100

If employment ends for any reason other than retirement on or after age 65, early retirement, death, or permanent disability, the current value of any unvested portion of the participant's account will be forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. A participant may only have one outstanding loan at any time. These loans are issued by Principal, are secured by the vested account balance, and bear interest at rates determined by the administrator at the time of the loan based on current commercial rates. The interest rate on loans outstanding as of December 31, 2023 ranged from 3.25% to 10.50%. The term of the loans shall not exceed five years unless the loan is used for the purchase of a principal residence. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

The value of the participant's account is payable to the participant at the occurrence of one of the following events: severance of employment, death, disability, reaching age 59½, plan termination, and hardship. In addition, the Plan provides a minimum required distribution upon an inactive participant's attainment of age 70½.

Forfeitures

During the year ended December 31, 2023, \$22,116 was used to pay Plan expenses and \$28,963 was utilized to reduce Employer matching contributions. The ending forfeiture balance as of December 31, 2023 and 2022 was \$375 and \$21, respectively.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

403(b) Retirement Plan for IGHL & CDD

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value, except the fully benefit-responsive investment contracts (FBRIC), which are reported at contract value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 5 for discussion of fair value measurements.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance, plus accrued unpaid interest. During 2023, distributions totaling \$3,340 were used to satisfy Plan loan defaults, which have been recorded as benefits paid directly to participants or beneficiaries in the accompanying statement of changes in net assets available for benefits.

3. Investment Contracts

Principal Fixed-Income Guaranteed Option

The Plan has an FBRIC with Principal. Contributions are maintained in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. The crediting rate is based on a formula established by the contract issuer. Participants

403(b) Retirement Plan for IGHL & CDD

Notes to Financial Statements

may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

MOA Interest Accumulation

The Plan has an FBRIC with MOA. MOA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Principal Life Insurance Company and MOA. Such events include the following: (i) amendments to the Plan document (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

These contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity dates.

4. Certified Investments

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the years ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal, American, and MOA, qualified institutions.

5. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1) and the lowest priority to the unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

403(b) Retirement Plan for IGHL & CDD

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The following is a description of the methodology used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded. These investments are classified as Level 1, in accordance with the fair value hierarchy.

Guaranteed Interest Account - The guaranteed interest account is valued at contract value, which approximates fair value, by the insurance company. The insurance company evaluates a variety of factors, including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date), while others are substantiated utilizing available market data (for example, swap curve rate).

Pooled Separate Accounts - Pooled separate accounts are valued at their accumulation unit value (AUV), which approximates fair value. The AUV is determined daily based on the NAV of shares of the underlying fund and the separate account charges (i.e., the daily asset charge). The Plan's investments in the pooled separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments. The underlying funds of the pooled separate accounts are generally invested in registered investment companies whose investment strategies are to seek capital appreciation through investment in common and preferred stocks and debt securities.

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the investments at fair value.

December 31, 2023

	Level 1	Level 2	Level 3	Balance
Mutual funds	\$ 39,914,545	\$ -	\$ -	\$ 39,914,545
Guaranteed interest account	-	138,390	-	138,390
	<u>\$ 39,914,545</u>	<u>\$ 138,390</u>	<u>\$ -</u>	<u>40,052,935</u>
Pooled separate accounts*				<u>663,284</u>
Total Investments, at fair value				\$ 40,716,219

December 31, 2022

	Level 1	Level 2	Level 3	Balance
Mutual funds	\$ 29,901,309	\$ -	\$ -	\$ 29,901,309

Pooled separate accounts*				<u>959,515</u>
Total Investments, at fair value				\$ 31,024,319

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have been categorized in the fair value hierarchy. The fair value amounts inserted in these tables are intended to present reconciliation of the fair value hierarchy table to the amounts presented in the statements of net assets available for benefits.

There have been no changes to the methodology used as of December 31, 2023 and 2022.

The Plan had no financial assets that were measured at fair value on a non-recurring basis during the year ended December 31, 2023.

6. Plan Termination

Although the Employer has not expressed any intent to do so, it has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, each participant becomes 100% vested, and the net assets of the Plan will be distributed, as prescribed by ERISA.

7. Income Tax Status

The Plan is maintained using a volume-submitter 403(b) plan document sponsored by Principal and covered by an Internal Revenue Service (IRS) advisory letter dated March 31, 2017, affirming that the form of the volume-submitter plan document is designed in accordance with the applicable sections of the Code. The Plan administrator believes the Plan is designed, and is currently being

Notes to Financial Statements

operated, in compliance with the applicable requirements of the Code and, therefore, believes the Plan meets the requirements of the Code Section 403(b).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Accounting and Payroll Records

In November 2007, the Department of Labor issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan (established in 2008) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

9. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of investments managed by Principal, American, and MOA, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments. These transactions qualify as exempt party-in-interest transactions.

Notes receivable from participants also qualify as exempt party-in-interest transactions.

10. Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent Events

There have been no material subsequent events that occurred through July 9, 2025 that would require disclosure in these financial statements as of or for the year ended December 31, 2023.
