INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Floridacentral Credit Union Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Floridacentral Credit Union Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Floridacentral Credit Union Employee Savings Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Floridacentral Credit Union Employee Savings Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Floridacentral Credit Union Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Floridacentral Credit Union Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLORIDACENTRAL CREDIT UNION EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 1 – Description of the Plan

General

Floridacentral Credit Union Employee Savings Plan (the Plan) is a defined contribution 401(k) plan that was established on September 1, 1979 by Floridacentral Credit Union (the Credit Union). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan's provisions.

Administration

The Credit Union is the Plan Sponsor and named Plan Administrator. The Plan Administrator is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees. The Plan's Trustee and investment Custodian is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. The investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Plan has also retained Principal Life Insurance Company to provide participant recordkeeping and administration services.

Eligibility

The Plan covers all employees of the Credit Union, except those covered by a collective bargaining agreement, nonresident aliens, and leased employees. All eligible employees must be 18 years of age and may begin participating in the Plan upon completing three months of service. Eligibility to receive matching contributions also requires completion of one year of service (a year of service is equivalent to 1,000 hours). Entry dates for all contributions is the first day of the calendar quarter following completion of eligibility requirements.

Contributions to the Plan

Eligible employees can contribute an amount up to 85% of compensation as defined by the Plan. Employee contributions are also limited by the requirements of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans. The Credit Union makes discretionary matching contributions equal to 100% of the first 6% of compensation that a participant contributes to the Plan. Participants direct contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a set percentage unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions are invested in a designated fund until changed by the participant. In addition, the Plan has an automatic escalation clause for participants automatically enrolled which includes scheduled increases of deferral rates by 1% annually, effective during the first pay period in January of each year, until the deferral rate reaches 6%.

Participant Accounts

Each participant's account is increased by the participant's contributions and allocation of (a) the Credit Union's contributions and (b) Plan earnings, and reduced by distributions and the allocation of administrative expenses. Allocations are based on participants' earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FLORIDACENTRAL CREDIT UNION EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain Department of Labor (DOL) and Internal Revenue Service (IRS) requirements. Loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Loan terms may range from 1-5 years or longer if used to purchase a participant's primary residence. Principal and interest payments are paid through payroll deductions each pay period.

Payment of Benefits

On termination of service, participants with vested account balances of \$1,000 or less are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent unless they elect a rollover. Participants whose vested account balances exceed \$5,000 may elect a lump sum distribution, periodic equal installment payments, a partial withdrawal, a specified dollar amount each year, or a rollover of their account balance to another qualified account. Additionally, those participants whose account balance exceeds \$5,000 may also elect to defer the distribution of their plan balance. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses, but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full plan document for details.

The Plan allows for in-service distributions upon attainment of age 59 1/2 for all deferral contributions, discretionary employer matching contributions, qualified nonelective contributions, and rollover contributions for any reason. The Plan also allows for in-service distributions prior to attainment of the Plan's normal retirement age due to financial hardship, as defined in the plan document, from vested account balances.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Credit Union's contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest in increments of 20% beginning at the end of their second year, such that a participant is 100% vested after six years of credited service.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions and administrative expenses. During the year ended December 31, 2024, employer contributions and administrative expenses were reduced by approximately \$18,000 and \$6,000, respectively, from forfeited non-vested accounts. Total forfeitures available to fund employer contributions and administrative expenses as of December 31, 2024 and 2023, amounted to \$3 and \$625, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

FLORIDACENTRAL CREDIT UNION EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make use of estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Certain investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors, the custodian and insurance company. See Note 4 for discussion of fair value measurements.

The purchase and sale of investments is recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to expense when incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

As provided in the Plan document, administrative expenses may be paid either by the Plan or the Credit Union. Certain fees associated with notes receivable from participants are paid by the participant from the Plan's assets and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including June 27, 2025, which is the date the financial statements were available to be issued.

FLORIDACENTRAL CREDIT UNION EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 3 – Unaudited Information Certified by the Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements Of Net Assets Available For Benefits as of December 31, 2024 and 2023,
2. All investment activity reflected in the Statement Of Changes In Net Assets Available For Benefits for the year ended December 31, 2024,
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and
4. The notes receivable from participants as of December 31, 2024 and 2023 and the related income on notes receivable from participants for the year ended December 31, 2024.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common/collective trusts and Pooled separate accounts

Valued at fair value based on the Net Asset Value (NAV) of units held of the common/collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

**FLORIDACENTRAL CREDIT UNION
EMPLOYEE SAVINGS PLAN**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Registered investment companies

Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. They are valued at the daily closing price as reported by the fund. These funds are required to publish daily net asset value and to transact at that value. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value As of December 31, 2024				
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$1,505,540	\$1,505,540	\$—	\$—
Total assets in the fair value hierarchy	1,505,540	1,505,540	—	—
Investments measured at net asset value (a)	7,486,866	—	—	—
Total assets at fair value	\$8,992,406	\$1,505,540	\$—	\$—

Assets at Fair Value As of December 31, 2023				
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$1,943,860	\$1,943,860	\$—	\$—
Total assets in the fair value hierarchy	1,943,860	1,943,860	—	—
Investments measured at net asset value (a)	7,682,115	—	—	—
Total assets at fair value	\$9,625,975	\$1,943,860	\$—	\$—

(a) The common/collective trusts and pooled separate accounts are measured using NAV as a practical expedient. These investments have not been classified in the fair value hierarchy table. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

FLORIDACENTRAL CREDIT UNION EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023:

	As of December 31,		Unfunded Commitment	Redemption Frequency	Redemption Notice
	2024 Fair Value	2023 Fair Value			
Common/collective trusts	\$6,981,624	\$7,113,393	\$—	Daily	Daily
Pooled separate accounts	\$505,242	\$568,722	\$—	Daily	Daily

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company. The Principal Life Insurance Company maintains the assets in a general account in the form of a guaranteed interest fund. The guaranteed interest fund is credited with a fixed rate of interest and charged for participant withdrawals and fees.

As described in the summary of significant accounting policies, because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts.

Contract value, as reported to the Plan by the Issuer, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include but may not be limited to the following: (1) removal of a group of participants from Plan coverage as a result of temporary absence, change in position or other occurrence qualifying as a temporary break in service under the Plan; (2) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the Credit Union; (3) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (4) removal from the Plan of one or more groups or classifications of participants; (5) partial or complete Plan termination; or (6) Plan disqualification. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 – Party-in-Interest Transactions

Certain Plan investments are managed by Principal Life Insurance Company, who is the Plan's Trustee. During the year ended December 31, 2024, the Plan paid direct compensation of approximately \$28,000 and \$15,000 to the third-party administrator and investment consultant, respectively, for services rendered. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Investment Trustee from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

FLORIDACENTRAL CREDIT UNION EMPLOYEE SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 8 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized prototype plan, which has been filed with the IRS and has received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter upon adoption of the Plan nor on any subsequent amendments. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2024.

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2024 and 2023. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
