Report of Independent Auditors

To the Administrator of M&T Bank Corporation Retirement Savings Plan

Opinion

We have audited the accompanying financial statements of M&T Bank Corporation Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of plan

The following description of the M&T Bank Corporation Retirement Savings Plan (“the Plan”) is provided for general information purposes and is qualified in its entirety by reference to the Plan document. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

General

The Plan is a defined contribution combined 401(k)/stock bonus plan. The stock bonus component is intended to be an employee stock ownership plan (“ESOP”), which is designed to invest primarily in the common stock of M&T Bank Corporation (“M&T”). The Plan also offers matching contributions, Retirement Accumulation Account (“RAA”) and Discretionary Employer Contribution (“DEC”) features. The Plan exists for the benefit of employees of M&T and its subsidiaries (“the Company”).

Eligibility and participation

Employees who are at least 21 years of age are immediately eligible to participate in the Plan and make pre-tax or Roth contributions through salary reduction (each a “participant”). A participant may receive matching contributions upon completing six months of service. Participants hired before January 1, 2020 are also eligible to receive RAA contributions for any plan year in which the participant is credited with 1,000 hours of service and employed by the Company on the last day of the year (or retired during the plan year). Participants hired after December 31, 2019, are eligible to receive a DEC contribution (instead of the RAA contribution) for any plan year in which the participant is credited with 1,000 hours of service and employed by the Company on the last day of the year.

Administration

The Plan is administered by M&T’s Employee Benefit Plans Committee (“Administrative Committee”) which is appointed by the Board of Directors of M&T Bank, a wholly owned subsidiary of M&T. The assets of the Plan are held by T. Rowe Price Trust Company (“T. Rowe”), as trustee. T. Rowe Price Retirement Plan Services, Inc. provides recordkeeping services for the Plan. Willis Towers Watson (“WTW”) provides advisory services for Plan investments, as well as providing recommendations related to the investment alternatives offered by the Plan.

Although the Company has not expressed any intent to terminate, amend, or modify the Plan, it may do so at any time. If contributions are discontinued or the Plan is terminated, affected participants will become fully vested. Upon Plan termination, net assets of the Plan will be distributed in the manner M&T elects in accordance with the Plan document and in accordance with ERISA and its related regulations.

Contributions

Contributions to the Plan are made by participants through salary reduction and by the Company through employer matching, DEC and RAA contributions. Employees who are participants may elect to reduce their compensation by a specified whole percentage not to exceed 50% subject to certain limitations under Section 401(k) and Section 415 of the Internal Revenue Code. The Company remits to the Plan on behalf of each participant the amount by which the participant’s compensation is reduced. Contributions may be suspended at any time.

Compensation is generally defined in the Plan to mean a participant’s base salary and overtime pay, all commissions earned, incentive/bonus payments and before-tax deferral amounts made by participants under Internal Revenue Code Sections 125, 132(f), 402(e)(3), 402(h) and 403(b), but excludes any compensation derived from equity awards.

1. Description of plan, continued

Generally, an individual participant's contributions were subject to IRS limits of \$23,000 in 2024 and \$22,500 in 2023. Participants are permitted to make Roth after-tax contributions to the Plan, subject to IRS limits.

When an eligible employee first becomes a participant in the Plan, after six months of continuous service, the employee is automatically deemed to enter into a salary reduction agreement providing for pre-tax contributions of 1% of the employee's compensation, starting on the first administratively practicable pay date. The contribution percentage will automatically increase by 1% on the first pay date in February after employee contributions start, unless the eligible employee elects to opt out of the salary reduction agreement. If the eligible participant has a salary reduction agreement in effect providing for employee pre-tax contributions at a rate less than 10%, the contribution percentage will automatically increase by 1% on the first practicable pay date in February each year, until the rate reaches 10%.

Employer matching contributions

Upon completing six months of employment, the Company will make an employer matching contribution in an amount equal to 100% of the participant's contributions that do not exceed 5% of compensation for the Plan year.

Catch-up contributions

A participant who has attained age 50 before the close of the respective Plan year is eligible to make additional unmatched catch-up contributions. The IRS maximum amount of those catch-up contributions was \$7,500 at each of 2024 and 2023.

Employer Retirement Accumulation Account and Discretionary Employer Contributions

For each Plan year for employees hired before January 1, 2020, the Company will contribute on behalf of each eligible participant a percentage of each participant's compensation. An eligible participant is entitled to receive an RAA contribution if they (1) satisfy the Plan's eligibility requirements; (2) are credited with at least 1,000 hours of service during the Plan year; (3) are an active employee of the Company on the last day of the Plan year; and (4) do not participate in the M&T defined benefit pension plan if hired prior to July 2, 2004. An eligible participant that has retired during the Plan year is not required to satisfy conditions (2) and (3) in the preceding sentence. The percentage contributed by the Company is based on the years of vesting service credited to the participant. The RAA contribution will be made as soon as practicable after the close of the Plan year. RAA contributions are invested in the available investment alternatives in the proportion elected by the participants.

For participants hired after December 31, 2019, eligible participants may receive the DEC if they (1) are not eligible to accrue benefits for the Plan year under the M&T Bank Corporation Pension Plan; (2) are not eligible to receive an RAA contribution; (3) complete at least 1,000 hours of service during the Plan year; (4) are an employee of M&T Bank as of the last day of the Plan year; and (5) satisfy the Plan's other eligibility requirements. The DEC for a Plan year will be a uniform percentage of each Discretionary Participant's Benefit Compensation for the Plan year, excluding benefit compensation earned before becoming a Discretionary participant. The DEC must be made by the due date of the M&T Bank's federal income tax return for the Plan Year to which the DEC relates and will be allocated as of the last day of such Plan year.

1. Description of plan, continued

Rollover contributions

Employees may also contribute amounts representing rollover distributions from other qualified defined contribution and benefit plans at any time during their employment.

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions (as applicable), and allocations of Plan earnings or losses. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' accounts are at all times fully vested and nonforfeitable, with the exception of DEC and RAA contributions plus earnings thereon. Participants become fully vested in their DEC and RAA contributions after completion of five years of vesting service, death, or when normal retirement age is reached while employed by the Company. Normal retirement age is the later of age 65 and the fifth anniversary of the date the participant began participation in the Plan. Participants vest in their DEC and RAA contributions as follows:

<u>Vesting service</u>	<u>Vested percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	100%

Forfeitures

Forfeitures represent the DEC and RAA of participants who have terminated employment with the Company and do not have a 100% non-forfeitable right in their DEC or RAA. Forfeitures are used first to restore participant accounts that are required to be reinstated pursuant to the provisions of the Plan. At the discretion of the Administrative Committee, any remaining forfeitures may be used to reduce employer contributions (including DEC and RAA contributions). Employer contributions were reduced by \$1,420,770 and \$1,177,038 from the forfeiture account during 2024 and 2023, respectively.

Investment programs

Participants may direct the investment of their plan balances in 1% increments in any of several investment alternatives, which include mutual funds, common trust funds and the common stock of M&T.

Participants may, in accordance with the rules of the Plan, transfer existing balances among the available investment alternatives and/or redirect their current contributions into different investment alternatives at any time. A participant may increase or decrease, at any time, the percentage of salary reduction elected, effective the first day of each payroll period.

1. Description of plan, continued

Notes to participants

Participants may borrow from their account (other than the portion attributable to DEC and RAA contributions) an amount not to exceed the lesser of (1) 50% of the participant's vested account balance as of the most recent valuation date or (2) \$50,000 reduced by the participant's highest outstanding loan balance in the twelve months prior to the date of loan origination. The minimum loan amount is \$1,000. A participant may have only one loan outstanding at any time. Loans bear interest at one percentage point above the prime rate published by *The Wall Street Journal* on the date the loan is processed. Loans are repaid in equal installments through after-tax payroll deductions for a period of up to five years, except for certain loans formerly associated with acquired plans, which allowed loan terms greater than five years under certain circumstances. Participants are charged a one-time \$50 administrative fee for each new loan processed, which is deducted from the loan proceeds and has been included in participant withdrawals and distributions in the statements of changes in net assets available for benefits.

Withdrawals and distributions

A participant who has attained age 59-1/2 or is undergoing financial hardship may make withdrawals from the Plan, subject to Plan limitations. Upon termination of employment for any reason, participants are entitled to a distribution of the full amount of vested individual account balances as of the valuation date immediately following such termination of service. Such participants have the option of receiving distributions in the form of installments, partial distributions, lump-sum payments or by rollover contribution to other qualified plans. Participants also have the option to keep their balance invested in the Plan, provided the balance exceeds \$5,000. Balances less than \$5,000 are subject to mandatory distribution. Mandatory distributions that exceed \$1,000 but are less than \$5,000 (excluding rollover contributions) are automatically rolled over into an individual retirement account unless otherwise directed by the participant. Distributions equal to \$1,000 or less are automatically made by lump-sum payment less the mandatory 20% federal income tax withholding, unless otherwise elected within 90 days following termination. The non-vested portion of a participant's RAA or DEC is forfeited upon termination. A participant can defer distribution from the Plan until no later than April 1 of the calendar year following the year in which age 73 is attained, and later to age 75 starting January 1, 2033, at which time distributions to satisfy Internal Revenue Code Section 401(a)(9) will occur. If a participant terminates employment after that date, distribution is made as soon as administratively practicable following termination of employment.

ESOP provisions

A participant entitled to a distribution who has directed that some or all of their balance be invested in common stock of M&T has the right to elect the distribution in the form of M&T common stock. A participant may also elect to receive a distribution of dividends paid on shares of M&T common stock held in the Plan and allocated to the participant's account. Dividends will be distributed quarterly as soon as administratively practicable after the dividends are paid to the Plan. If no election is made, dividends will be reinvested in the common stock of M&T.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

In 2024, the Plan's Statement of Changes in Net Assets Available for Benefits was changed to present "Interest and dividends" and "Interest income on notes receivable from participants". Certain prior period amounts have been reclassified between line items to conform to the current presentation.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Administrative Committee to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments in common stock and mutual funds are reported at fair value. Investments in the common trust funds are reported at Net Asset Value (“NAV”) as a practical expedient to estimate fair value. Information on fair value measurements is provided in note 3. Investment income of M&T common stock, the common trust funds and each mutual fund is allocated to participants based on their proportionate share of the net assets of the respective investment alternative. Interest income on loans to participants is allocated to participants based on their respective loan agreement.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses and the change in unrealized appreciation (depreciation) on investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative expenses

The Plan’s expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are reflected as a reduction in plan assets. Brokerage commissions for acquiring or selling securities are paid by the Plan.

Participant benefits and withdrawals

Benefits are recorded when paid.

3. Fair value measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy exists in GAAP for fair value measurements based upon the inputs to the valuation of an asset or liability.

- Level 1 Valuation is based on quoted prices in active markets for identical assets and liabilities.
- Level 2 Valuation is determined from quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active or by model-based techniques in which all significant inputs are observable in the market.
- Level 3 Valuation is derived from model-based and other techniques in which at least one significant input is unobservable and which may be based on the Plan's own estimates about the assumptions that market participants would use to value the asset or liability.

Assets and liabilities are classified within the fair value hierarchy based upon the lowest level classification of an input that is considered significant to the overall valuation. In general, the valuation techniques used attempt to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Administrative Committee believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the end of the Plan year.

The following is a description of the valuation methodologies used for assets measured at fair value:

- M&T Bank Corporation common stock is valued at the closing price reported on the active market on which the stock is traded.
- Mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

3. Fair value measurements, continued

The following tables present the Plan's investments at December 31, 2024 and 2023 measured at estimated fair value on a recurring basis:

	At December 31, 2024			
	Level 1	Level 2	Level 3	Total
M&T Bank Corporation common stock	\$ 441,098,527	\$ —	\$ —	\$ 441,098,527
Mutual funds	48,376,982	—	—	48,376,982
Total	<u>\$ 489,475,509</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 489,475,509</u>
Investments measured at NAV(a)				4,615,053,269
Investments at fair value				<u>\$ 5,104,528,778</u>

	At December 31, 2023			
	Level 1	Level 2	Level 3	Total
M&T Bank Corporation common stock	\$ 383,297,529	\$ —	\$ —	\$ 383,297,529
Mutual funds	44,415,221	—	—	44,415,221
Total	<u>\$ 427,712,750</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 427,712,750</u>
Investments measured at NAV(a)				4,090,314,705
Investments at fair value				<u>\$ 4,518,027,455</u>

(a) In accordance with Subtopic 820-10 of ASU 2015-07, the common trust funds have not been classified in the Fair Value Hierarchy as of December 31, 2024 and 2023. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Risks and uncertainties

The Plan invests in various investment securities, which include mutual funds, common trust funds and the common stock of M&T. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The Plan has varying degrees of concentrations in investments, which exposes the Plan to additional risk of those investments experiencing a material change in value.

5. Income taxes

The Internal Revenue Service has determined and informed the Company by a letter dated November 22, 2016 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel are of the opinion that changes in the Plan have not affected the tax-exempt status of the Plan and, accordingly, no provision has been made for income taxes. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Administrative Committee has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023 there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The tax years 2021-2024 remain subject to examination by federal and state authorities.

6. Related-party transactions and party in interest

The Plan invests in shares of the common stock of M&T. The Plan held 2,346,144 shares with a fair value of \$441,098,527 and 2,796,159 shares with a fair value of \$383,297,529 at December 31, 2024 and 2023, respectively.

The following table presents the Plan's party-in-interest transactions regarding M&T's common stock at December 31, 2024 and 2023:

	Years ended December 31	
	2024	2023
Purchases	\$ 26,841,837	\$ 55,938,164
Sales	76,846,639	26,893,228

Certain Plan investment alternatives totaling \$2,862,544,791 and \$2,516,009,197 at December 31, 2024 and 2023, respectively, represent units of common trust funds that are advised by an entity related to T. Rowe, which qualify as party-in-interest transactions and are measured at NAV. T. Rowe serves as trustee and recordkeeper. Participant transactions (purchases and sales) may occur daily in any of the T. Rowe common trust funds. Were the Plan to initiate a full redemption of any of the T. Rowe common trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust no earlier than thirty (30) days after such notice is provided, in order to ensure that securities liquidations will be carried out in an orderly business manner. The T. Rowe common trust funds had no unfunded commitments at December 31, 2024 and 2023. On April 28, 2023, the plan investment option for the Wilmington Stable Value Fund, managed by Wilmington Trust, N.A., a wholly owned subsidiary of M&T, was replaced by the Metlife Stable Value Fund. The investments in Wilmington Stable Value Fund qualified as party-in-interest transactions and totaled \$417,029,962 as of April 28, 2023.

6. Related-party transactions and party in interest, continued

The Plan allows participants to take loans from their accounts in the Plan. These notes receivable from participants qualify as party-in-interest transactions and totaled \$46,591,105 and \$42,101,689 at December 31, 2024 and 2023, respectively. The rates on the notes receivable ranged from 4.25% to 9.50% at each of December 31, 2024 and 2023, respectively.

7. Subsequent events

The Company has evaluated the impact of subsequent events on these financial statements through the date of financial statement issuance and noted no subsequent events requiring financial statement recognition or disclosure.
