INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Iowa Ironworkers Heavy Highway Defined Contribution Plan

Opinion

We have audited the financial statements of the Iowa Ironworkers Heavy Highway Defined Contribution Plan (the Plan), an employee contribution plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2024 and 2023, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of September 30, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2024 and 2023**

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Iowa Ironworkers Heavy Highway Defined Contribution Plan (the Plan), which is administered and maintained by a joint Board of Trustees (Trustees) for the Iowa Ironworkers Heavy Highway Pension Fund (Fund), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees under a collective bargaining agreement between the International Association of Bridge, Structural and Ornamental Ironworkers and the Heavy Highway Contractors Association. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). John Hancock Trust Company, LLC (John Hancock) is the asset custodian and recordkeeper for the Plan.

Participant Accounts

An account is established by the Trustees for each participant to record employer contributions made to the Plan on behalf of the participant and to allocate net investment income (or loss), administrative expenses, and fees. The account will be maintained by the Trustees until the balance is reduced to zero as a result of the payment of benefits or is forfeited by the participant. Participants may elect to direct their vested account balance between investments authorized by the Trustees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments

Vested retirement, death and disability benefits are payable to the participant on the first day of the month following the receipt of the participant's final contractor contribution. Terminated participants not meeting the prior conditions are eligible to withdraw from their accounts twelve (12) months after employment ends.

Normal Retirement Age

The Plan allows participants to retire at the age of sixty-two (62). Early retirement is not permitted under this Plan.

Funding Policy

The collective bargaining agreement requires employer contributions to the Fund. The Fund provides the operating authority for this Plan and a related plan. The Trustees periodically allocate the employer contribution rates as set by the collective bargaining agreement between this Plan and the related plan to promote the purpose of the Fund and to ensure compliance with ERISA. The rate allocated to this Plan was \$4.38 per hour worked at September 30, 2024 and 2023.

The contributions to the Fund are dependent on continued activity of the employers of the Fund and investment income. Participants may also contribute amounts representing distributions from other qualified plans.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting

Effective October 1, 2013, the Plan was amended to include minimum vesting and forfeiture provisions. Participants in the Plan as of September 30, 2013 will be classified as Class A participants, while all new participants entering the Plan on or after October 1, 2013 will be classified as Class B participants.

Class A participants are 100% vested in all contributions, plus earnings thereon, with no forfeiture or investment allocation provisions. Class B participants are subject to a three-year vesting schedule, in which they are 0% vested until the completion of three years of service. A year of service is any year during which the employee works at least 800 hours in covered employment. Class B participants who incur a permanent break of service (five consecutive years with less than 500 work hours) forfeit all contributions and earnings thereon. Forfeited monies are used to pay Plan administrative expenses or allocated on a pro-rata basis to remaining participants. Additionally, Class B participants do not have the right to direct their account investments until becoming fully vested.

Unallocated Accounts

At September 30, 2024 and 2023, unallocated accounts were \$118,257 and \$51,708, respectively. Unallocated accounts are used to pay Plan administrative expenses.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Employer Contributions Receivable

Contributions receivable represents amounts received after September 30 for work performed through September 30.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments held by the Plan are reported at fair value, with the exception of the stable value fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts such as the stable value fund. The Plan's investment custodian determines the Plan's valuation policies. See Note 4 for a discussion of fair value measurements and Note 5 for additional information on the stable value fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by the Plan, as provided by the Plan document. Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in the net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Plan Termination

Although they have not expressed any intent to do so, the Trustees have the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested and distribution of Plan assets will be made to the participants after all expenses incurred by the Plan are paid.

Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated October 2, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has determined no uncertain tax positions exist as of September 30, 2024 and 2023.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment balances will occur in the near term, and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 3 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock, the asset custodian and recordkeeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Investment management fees were \$39,869 and \$35,205 for the years ended September 30, 2024 and 2023, respectively. In addition, during the years ended September 30, 2024 and 2023, John Hancock charged \$15,296 and \$13,616, respectively, for administration fees. These transactions are exempt and are not prohibited by ERISA.

The Plan utilizes Fiducient Advisors to provide investment consulting services. During the years ended September 30, 2024 and 2023, investment consulting fees were \$5,500 and \$6,875, respectively.

The Plan also contracts with Benefits Management Group, Inc. (BMGI) to provide additional administrative services. The Plan incurred \$25,200 of administrative expenses to BMGI during each of the years ended September 30, 2024 and 2023. Other transactions with parties-in-interest, including legal fees and audit fees, are included in the statements of changes in net assets available for benefits.

NOTE 4 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in active markets; inputs other than quoted prices that are observable for the assets or liabilities; and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their per share value daily and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth a summary of the Plan's investments measured at fair value on a recurring basis at September 30, 2024 and 2023:

Description	Investments at Fair Value as of September 30,			
	2024		2023	
	Level 1	Total	Level 1	Total
Investments, at fair value:				
Mutual funds	<u>\$23,472,177</u>	<u>\$23,472,177</u>	<u>\$18,727,200</u>	<u>\$18,727,200</u>

NOTE 5 — STABLE VALUE FUND

During the years ended September 30, 2024 and 2023, the Plan held an investment in the New York Life Anchor Account II (Anchor Account), a stable value fund that is a pooled account with New York Life Insurance Company (New York Life), made available to participating plans through a group annuity contract. Contributions to the Anchor Account are directed to the New York Life Pooled Separate Account No. 25, which invests primarily in fixed income securities owned by New York Life. The Anchor Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer, New York Life, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Anchor Account is a fully benefit-responsive investment contract and is reported at contract value in the statements of net assets available for benefits. The statements of changes in net assets available for benefits are also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life, represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE 5 — STABLE VALUE FUND (Continued)

Participants may deposit and withdraw on a daily basis at contract value. Participants may also transfer to other investment options; however, restrictions may exist if the Plan offers competing funds, such as money market funds, other guaranteed funds, bond funds with a duration less than three (3) years or self-directed brokerage accounts. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer of the Anchor Account, such as liquidating the Plan's investment in the Anchor Account without providing twelve-months written notice. However, the Trustees are not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants.

NOTE 6 — NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows as of and for the years ended September 30:

	<u>2024</u>	<u>2023</u>
Net assets:		
Mutual funds	\$ 1,428,201	\$ 821,837
Stable value fund	33,300	100,100
	<u>\$ 1,461,501</u>	<u>\$ 921,937</u>
	<u>2024</u>	<u>2023</u>
Changes in net assets:		
Net appreciation in fair value of investments	\$ 209,061	\$ 53,492
Interest and dividends	29,518	18,554
Contributions	404,585	319,644
Administrative expenses	(23,010)	(17,610)
Transfer to participant-directed investments	(80,590)	(70,916)
	<u>\$ 539,564</u>	<u>\$ (303,164)</u>

NOTE 7 — SUBSEQUENT EVENTS

The Plan evaluated subsequent events through July 14, 2025, the date the financial statements were available to be issued.
