# Independent Auditor's Report

To the Retirement and Benefits Committee and Board of Directors of Capitol Federal® Financial, Inc.

## Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the accompanying financial statements of Capitol Federal® Financial, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Capitol Federal® Financial, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Capitol Federal® Financial, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Capitol Federal® Financial, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Capitol Federal® Financial, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS

**1. PLAN DESCRIPTION AND BASIS OF PRESENTATION**

**General**

The following brief description of the Capitol Federal Financial, Inc. Employee Stock Ownership Plan (“Plan”) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

The Plan provides for the payment of benefits to participating employees of Capitol Federal Financial, Inc. (the “Company”, “Plan Administrator” or “Plan Sponsor”), formerly Capitol Federal Financial and its wholly owned subsidiary Capitol Federal Savings Bank. Principal Trust Company served as the custodian and recordkeeper of the Plan until September 30, 2023 when those services were transferred to Matrix Trust Company. Delaware Charter Guarantee and Trustee serves as the Plan’s trustee.

As part of the Company’s reorganization that occurred on December 21, 2010, 4,726,000 shares of common stock were purchased with a loan (the “Acquisition Loan”) from the Plan Sponsor. The loan for the stock purchase is to be repaid over a period of thirty years, by fully deductible Company contributions to the trust fund. As the Plan makes each payment, an appropriate percentage of stock will be allocated to eligible employees’ accounts in accordance with applicable regulations under the Internal Revenue Code.

The borrowing is collateralized by the unallocated shares of stock and are guaranteed by the Company. The lender has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of participants with vested and non-vested rights in allocated common stock (allocated), and
- b. stock not yet allocated to employees (unallocated).

**Eligibility**

Employees who have completed one year of service with at least 1,000 hours before his or her entry date, as defined by the Plan, are eligible to participate in the Plan.

**Contributions**

Plan participants are not required or permitted to make contributions to the Plan. The Company will make a contribution in cash or Company common stock. No contribution is required to be made to the Plan. The amount of the contribution for the Plan year will be determined by the Company but will not be less than the minimum amount needed to make the current payment due on the Acquisition Loan. However, such payment can also be satisfied from cash dividends paid on shares of the Company common stock, as defined by the Plan. Additional contributions may be made for each Plan year in an amount determined by the Company.

**Participant accounts**

Individual accounts are maintained for each Plan participant. Each participant’s account is credited as of the last day of each plan year with an allocation of shares of the Company’s common stock released by the Trustee from the unallocated account and forfeitures of terminated participants’ non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS

**Allocations**

A participant meets the allocation requirements if the participant is an active participant, as defined by the Plan, on the last day of the Plan year and has at least 1,000 hours of service during the Plan year. If a participant is on an approved leave of absence on the last day of the Plan year, such participant shall be considered an active participant on the last day of the Plan year.

The contribution for the Plan year (if any), plus any allocable forfeitures, shall be allocated as of the last day of the Plan year to each participant who meets the allocation requirements as stated above. Cash dividends paid on Company common stock held in the participant's account are allocated based on each participant's election to either receive in cash or reinvest in Company stock purchased in the market. Cash dividends paid on Company common stock held in the unallocated account, including shares to be allocated at the end of each plan year, and other investment earnings of the unallocated account (if any), shall be applied to make the payment due on the Acquisition Loan for the Plan year. The Company common stock released and any excess dividends from the unallocated account as a result of that payment shall be allocated as of the last day of the Plan year, in accordance with the Plan Document. Allocation is based on the participant's eligible compensation relative to total eligible compensation.

**Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 50 and fully vested in the Plan may elect to diversify at least 25% of his or her account. After the fifth anniversary of the last day of the Participant's Diversification Year, eligible participants may elect (on a one-time basis) to have at least 50 percent of his or her account diversified. Participants who have attained age 55 with at least 10 years of participation in the ESOP Plan may elect within 90 days after the close of each Plan Year to direct at least 25% of his or account to be diversified.

**Vesting**

Participants are fully vested after three years of vesting service. Participants with less than three years of vesting service may not receive any benefits under this Plan. In the case of termination due to death, disability, or normal retirement, as defined by the Plan, a participant has a non-forfeitable right to his or her account.

**Payment of benefits**

A participant may elect to receive a lump-sum cash payment or to have the participant's vested account distributed in the form of Company common stock except for fractional shares which are paid in cash. Any cash or other property in the participant's vested account shall be used to acquire Company common stock for distribution but only if such participant further elects and only if such Company common stock is available for purchase on the open market. If a participant terminates employment for any reason other than death, and the value of the participant's vested account balance is not greater than \$5,000, the participant will receive a distribution of the value of the entire vested portion of such account balance as soon as administratively practicable. If the participant's vested account balance is greater than \$5,000, the vested account balance will be distributed at the time elected by the participant, in accordance with the Plan Document.

**CAPITOL FEDERAL FINANCIAL, INC.  
EMPLOYEE STOCK OWNERSHIP PLAN**

**NOTES TO FINANCIAL STATEMENTS**

Unless a participant elects otherwise, in writing, distribution of benefits will begin no later than the 60th day after the latest to occur after the close of the Plan Year in which (i) the participant attains age 65, (ii) the tenth anniversary of the Plan year in which the Participant commenced participation, or (iii) the Participant terminates service with the employer and all related employers.

**Put option**

Under Federal income tax regulations, in the event that Company common stock held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations, the participant is entitled to a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The participant or beneficiary shall be entitled to exercise the put option for a period of not more than 60 days following the date of distribution. If the put option is not exercised within the 60-day period, it may be exercised during an additional period of not more than 60 days after the beginning of the first day of the first Plan Year following the Plan Year in which the first put option period occurred. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Voting rights**

Each participant is entitled to exercise voting rights attributable to the shares of Company common stock allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. If the participant elects not to exercise his or her voting rights, the trustee will vote such shares in the same proportion as those shares on which the trustee has received timely direction from the participants. The trustee is required to vote the unallocated shares in the same proportion as those shares on which the trustee has received direction from the participants/plan administrator.

**Forfeitures**

Participants who have terminated employment with less than three years of vesting service shall have their account balance forfeited. The forfeitures will be allocated among eligible participants in the same manner as an employer contribution to the Plan or be used to pay plan expenses. In the event a former participant is rehired, any amounts previously forfeited from his or her account may be restored. For plan years ended September 30, 2024 and 2023, no forfeitures were used to pay plan expenses.

**Administrative expenses**

Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan Document.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES**

**Basis of accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

**Investment valuation and income recognition**

Investments are reported at fair value. See Note 8 for discussion of fair value measurements. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**CAPITOL FEDERAL FINANCIAL, INC.  
EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Payment of benefits**

Benefit payments to participants are recorded when paid.

**3. TAX STATUS**

The Plan obtained its latest determination letter on September 24, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date. Accounting principles generally accepted in United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of September 30, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**4. PLAN TERMINATION**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, all remaining Plan assets shall be allocated to participants described in the Plan Document.

**5. NOTE PAYABLE TO PLAN SPONSOR**

On December 21, 2010, as part of the Company's corporate reorganization, the Plan borrowed \$47,260,000 from the Plan Sponsor to acquire an additional 4,726,000 shares of the Plan Sponsor's common stock. The note provides interest payable annually at a rate of 3.25% and matures on September 30, 2040. The note requires interest only payments for the first three years, and then principal and interest payments for the remainder of the term. Unallocated shares are pledged as collateral against the note. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released is based on the current year payment divided by the total principal and interest to be paid over the term of the loan. This resulted in 165,198 shares being released and allocated each year for the plan years ended September 30, 2024 and 2023.

**6. INFORMATION CERTIFIED BY TRUST COMPANY**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at September 30, 2024 and 2023, and net appreciation (depreciation) in fair value of investments for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company and Principal Trust Company, respectively.

**7. INVESTMENTS**

The Plan’s investments, at September 30, are presented in the following table:

	<u>2024</u>	<u>2023</u>
Capitol Federal Financial, Inc. common stock - allocated	\$ 24,769,168	\$ 20,145,991
Capitol Federal Financial, Inc. common stock - unallocated	15,436,101	13,395,906
Total Capitol Federal Financial, Inc. common stock	<u>\$ 40,205,269</u>	<u>\$ 33,541,897</u>

**8. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, it consists of three levels:

- Level 1 — Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 — Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 — Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect the Plan’s estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of option pricing models, discounted cash flow models, and similar techniques. The results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability.

Matrix Trust Company and Principal Trust Company base their fair value estimates on the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. As required by ASC 820, observable inputs are maximized and unobservable inputs are minimized when measuring fair value.

**CAPITOL FEDERAL FINANCIAL, INC.  
EMPLOYEE STOCK OWNERSHIP PLAN**

**NOTES TO FINANCIAL STATEMENTS**

Capitol Federal Financial, Inc. common stock is stated at fair value based on quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses from security transactions are reported on the original cost basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, within the fair value hierarchy, the Plan’s assets measured at fair value on a recurring basis as of September 30, 2024 and 2023, respectively:

<b>2024</b>

**9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Capitol Federal Financial, Inc. is the Plan Sponsor. The Plan invests in common stock of the Sponsor and has indebtedness guaranteed by the Sponsor. These are related party and party-in-interest transactions. As described in Note 2, the Sponsor may pay Plan expenses. The Plan has a number of service providers. Such service providers are parties-in-interest under ERISA.

**10. RISKS AND UNCERTAINTIES**

The Plan’s investments consist primarily of the Plan sponsor’s common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

**11. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through July 11, 2025, the date which the financial statements were available to be issued.
