INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Cost of Wisconsin, Inc. 401(k) Profit Sharing Plan
Jackson, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cost of Wisconsin, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of September 30, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cost of Wisconsin, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year September 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cost of Wisconsin, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cost of Wisconsin, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cost of Wisconsin, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cost of Wisconsin, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

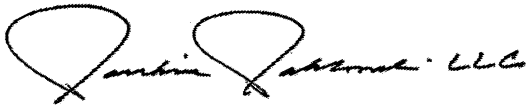

Other Matter - Supplemental Schedules Required by ERISA

The supplemental information included in *Schedule H - Line 4(i)* is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COST OF WISCONSIN, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Cost of Wisconsin, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Cost of Wisconsin Inc. and Refractory Service Inc. (the Company) that have reached the age of 18, except non-resident aliens, leased employees, and employees covered under a collective bargaining agreement. Upon attaining six consecutive months of employment or a year of service, if earlier, employees are eligible to enter the Plan as of the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

Matrix Trust Company is the Trustee of the Plan changed from BMO Harris Bank, N. A. to Matrix Trust Company. The Trustee is responsible for investing and safekeeping all of the Plan assets. The Plan is administered by the Company.

OneAmerica Retirement Services LLC provides advisory and recordkeeping services for the Plan.

Contributions

Upon completing the Plan's eligibility requirements, employees are automatically added to the Plan and 3% of the employee's compensation is automatically withheld from each paycheck and deposited into the Plan as a salary deferral, unless the employee opts out of automatic deferral. Starting July 1, 2018, the automatic deferral increases by 1% per year up to a maximum of 6% of the employee's compensation and will apply unless the employee makes an affirmative election to opt out of the automatic increase. Participants may contribute up to the maximum allowed by the Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year may elect to make catch up contributions. Rollover contributions and elective after tax (Roth) deferrals are also allowed.

The Company is authorized under the Plan to make discretionary contributions to the Plan. The Company's contribution is determined as a percentage of salary deferrals, a uniform percentage of compensation, or a uniform dollar amount. Employees who are employed on the last day of the Plan Year and who have completed 1,000 hours of service during the Plan Year are eligible to receive an allocation of the Company's discretionary contribution. The Company made discretionary matching contribution to the Plan of \$102,732 and \$69,472 for the years ended September 30, 2024 and 2023, respectively. The discretionary matching employer contribution is reflected as an Employer Contribution Receivable on the Statements of Net Assets, as the contribution is paid subsequent to the Plan's year end. There were no other employer contributions during the Plan years ended September 30, 2024 and 2023.

The amount of contributions a participant may receive under the Plan shall not exceed the maximum limit the IRS imposes. The limit applies to all contributions made by the participant, all contributions made by the Company on behalf of the participant, and any forfeitures allocated to any of the participant's accounts during the Plan Year.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

A separate account is maintained for each participant in the Plan, reflecting elective deferrals, employer contributions, forfeitures, loans, withdrawals, fees, and earnings. Participants may elect to have contributions invested in any or all of the funds of the Plan, subject to certain limitations. Investment income and related management expenses are allocated to participant's accounts regularly. Allocations are based on participant eligible earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service.

Under normal retirement, death or disability, a participant's account becomes fully vested. If employment is terminated before the account becomes fully vested, the non-vested portion will be forfeited.

Forfeited Accounts

As of September 30, 2024 and 2023, forfeited non-vested accounts of Company contributions amounted to \$1,982 and \$3,556, respectively. Forfeited non-vested accounts are retained in the Plan and will be allocated to participants or used to pay a portion of Plan administrative expenses.

Investment Options

Participants may invest their account balances in multiples of 1 percent to any of the defined investment options offered by the Plan and maintained by the Trustee. Participants may change their investment options at any time.

Payment of Benefits

Upon death, disability, retirement or other termination of service, a participant may receive an amount equal to the value of their vested account balance. According to the Plan, the following forms of distributions are available, depending on the vested account balance: lump sum payment, installment payments and rollover to an IRA or another qualified plan. Also, participants are allowed to withdraw a portion of their account balance prior to termination of their employment under certain conditions specified in the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow up to 50% from their vested account balance in the Plan. Loan repayment terms are a maximum of five years, unless used for the purchase of a primary residence. The loans bear an interest rate established by the Trustee at time of approval. Interest rates are based upon prime rates for regular loans and the market rates of a 15-year fixed rate loan for a primary residence. Principal and interest are repaid ratably through weekly payroll deductions. A participant may have a maximum of two loans outstanding at any one time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the Plan agreement, including all rights, titles, powers, duties, discretions and immunities imposed upon or reserved to the Trustee and the Company will continue in effect until all assets have been distributed by the Trustee as directed by each participant. Each Plan participant's benefits will become 100% vested in the event the Plan is terminated.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

All administrative expenses consist primarily of trustee fees and professional fees and are typically paid by the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

COST OF WISCONSIN, INC. 401(k) PROFIT SHARING PLAN

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as they are incurred.

Excess Contributions Payable

At times, payments are made subsequent to year end to active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provision of the Plan. Typically, these payments are not material to the Net Asset Available for Benefits as a whole.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The Plan Administrator has evaluated events and transactions for potential recognition or disclosure in the financial statements through July 2, 2025 the date on which the financial statements were available to be issued.

NOTE 3 - INCOME TAX STATUS

The Plan received a favorable IRS determination letter from the IRS on January 27, 2015. The Plan has since been amended and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is therefore tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

In accordance with the procedures stated in 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the Trustee. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the Trustee from the scope of their audits. Matrix Trust Company has provided certification as to the completeness and accuracy of the investments (Common collective trust and mutual funds) presented in the accompanying Statement of Net Assets Available for Plan Benefits and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits as of and for the years ended September 30, 2024 and 2023. Also, the accompanying supplemental schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), includes investment information certified by Matrix Trust Company as being complete and accurate.

NOTE 5 - RELATED PARTY and PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include common and collective trusts and mutual funds managed by Matrix Trust Company. Matrix Trust Company is the Trustee as defined in the Plan and these transactions qualify as exempt party-in-interest. Also, fees are paid to OneAmerica Retirement Services LLC by the Plan for administrative and advisory expenses.

NOTE 6 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value, in conformity with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

- Level 2 Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable inputs.

- Level 3 Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing and asset or liability.

There have been no changes in methodologies used at September 30, 2024 and 2023. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

NOTE 6 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value as of September 30, 2024 and 2023.

- Mutual Funds: Valued at the daily closing price as reported by the fund.
- Stable Value Fund: The OneAmerica Benefit Stable Value Z Fund invests in investment contracts issued or sponsored by various insurance companies, commercial banks, and investment funds. The fund is valued at NAV. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. The NAV is provided by the fund administrators and is used as a practical expedient to estimating fair value and therefore collective trust funds are not assigned to a level in the fair value hierarchy table. The collective trust funds provide for daily redemptions by the Plan at the reported net asset Values per share, with no advance notice requirement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2024 and 2023.
