## INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of the  
Wabtec Savings Plan

### Opinion

We have audited the financial statements of Wabtec Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

WABTEC SAVINGS PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**1. DESCRIPTION OF PLAN**

The following description of the Wabtec Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan, effective March 9, 1990, amended and restated effective January 1, 2022, is a contributory plan intended to comply with the provisions of Sections 401(a), 401(k) and 401(m) of the Internal Revenue Code (the “Code”). Except for certain collectively bargained employees as described below, all regular United States employees of Westinghouse Air Brake Technologies Corporation and its subsidiaries (“Wabtec” or the “Company”) are eligible to participate upon their hire date. Subject to the terms of applicable collective bargaining agreements, collectively bargained employees (1) in Greensburg, Pennsylvania and former employees of the legacy Wilmerding, Pennsylvania location are eligible to participate in the Plan upon their hire date, but those hired before October 1, 2004 are not eligible for employer contributions, and (2) of Barber Spring, Pennsylvania are eligible to participate in the Plan if they are age 18 or older and have completed six months of service and also are eligible for discretionary matching and discretionary annual profit sharing contributions.

Generally, former employees of companies acquired by Wabtec, who become employees of Wabtec or its affiliates immediately upon the completion of the acquisition, and who otherwise meet the general eligibility requirements of the Plan are eligible to participate in the Plan.

A committee appointed by Wabtec’s Board of Directors or its authorized delegates (the “Committee”) is responsible for the administration and operation of the Plan. In this capacity, the Committee selects and monitors the Plan’s investment options and otherwise takes such steps as may be necessary and appropriate for the effective administration of the Plan.

Contributions

Participants may contribute, through payroll deductions, employee elective pre-tax and after-tax “Roth” contributions from 1% to 50% of their eligible compensation, subject to the current Code limit which was \$23,000 for 2024. New eligible employees are automatically enrolled in the Plan with 3% of eligible compensation contributed to the Plan as employee pre-tax contributions, unless such employees elect a different contribution percentage or elect not to contribute. This automatic enrollment provision does not apply to certain employee groups such as certain collectively bargained employees. In addition, participants may contribute employee after-tax contributions from 1% to 50% of their compensation. Participants who are 50 years of age or older during the plan year may contribute additional pre-tax or Roth catch up contributions, up to \$7,500 in 2024. Participants’ total annual contributions may not exceed the contribution limits under Section 415(c) of the Code. In addition, the combination of an employee’s elective pre-tax, Roth and after-tax contributions may not exceed 50% of their eligible compensation. Active participants are able to convert all or a portion of their vested account balance in the Plan into after-tax Roth contributions.

For those participants that are eligible, the Company makes an annual basic contribution of 3% of a participant’s eligible compensation, with the general requirement that the Company employs the participant on the last work day of the year for which the basic contribution is made. In addition, the Company will match 100% of the participant’s pre-tax, Roth and/or after-tax contributions to the Plan up to a total of 3% of eligible compensation. Different levels of annual basic contributions and matching contributions may apply to certain collectively bargained employees.

Participants may elect to roll over account balances from other eligible retirement plans in accordance with the Code. Rollover contributions are included within Employee contributions on the Statements of Changes in Net Assets Available for Benefits. For the year ended December 31, 2024, rollovers from other qualified plans totaled \$16,213,452.

The Plan allows participants to direct their contributions, and contributions made on their behalf, to any of the investment alternatives offered under the Plan, which includes a self-directed brokerage account through which participants can access a broad range of mutual funds not offered directly through the Plan. The Plan permits participants to invest in Wabtec common stock. The Plan limits participants’ investments in Wabtec common stock such that (1) participants with more than 20% of their account invested in Wabtec common stock may not elect to transfer additional portions of their account into Wabtec common stock, and (2) participants may not elect to invest more than 20% of their future contributions to the Plan (or future contributions made to the Plan on their behalf by Wabtec) in Wabtec common stock.

Contributions receivable as of December 31, 2024, include contributions from Wabtec and Wabtec employees that were due to the Plan but had not yet been deposited into the Plan's assets by December 31, 2024.

#### Withdrawals

Participants may make the following types of withdrawals:

**In-Service Withdrawals** – Once every six months, a participant may withdraw all or any portion of his or her account attributable to employee after-tax contributions or rollover contributions. Once every six months, a participant may withdraw the vested portion of his or her account attributable to employer matching, or employer basic contributions contributed to the Plan before October 1, 2016. Once a participant has reached age 59½, he or she can withdraw any portion of his or her vested account.

**Hardship Withdrawals** – In the case of hardship, as defined in the plan document, the participant can elect to withdraw up to 100% of his or her account attributable to employee elective or Roth contributions. Hardship withdrawals are limited to once in any six-month period.

#### Notes Receivable from Participants

Notes receivable from participants (loans) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. A participant may borrow from his or her fund accounts a maximum loan amount equal to the lesser of 50% of the value of the participant's vested balance of his or her account, reduced by any outstanding loan balance, or \$50,000. The loans bear interest based on the Reuters Prime Rate adjusted periodically, plus one percent. The interest rates on participant loans for the year ending December 31, 2024, range from 3.13% to 10.50%. Principal and interest are paid ratably through monthly payroll deductions.

#### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings which may be charged with an allocation of administrative expenses and other applicable Plan expenses (such as for initiating a Plan loan). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time as well as terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In the event the Plan is terminated, the Company will direct either (a) that the investment manager and trustee continue to hold the participants' accounts in accordance with the Plan, or (b) that the investment manager and trustee immediately distribute to each participant all amounts in the participant's account in a single lump-sum payment. In the event of Plan termination, participants would become 100% vested in their employer contributions.

#### Vesting

Employee pre-tax, Roth, after-tax and rollover contributions are at all times 100% vested and non-forfeitable. Plan participants become 100% vested in employer contributions after three years of service as described in the Plan document. Special vesting rules may apply to amounts held on behalf of certain union employees and on amounts transferred into the Plan from another qualified retirement plan.

#### Forfeitures

Amounts forfeited by participants are used to reduce employer contributions or if the employer has made such contributions in full, to pay the Plan's administrative expenses. Forfeitures used to reduce employer contributions and pay plan administrative expenses during the year ended December 31, 2024 amounted to \$1,740,104. As of December 31, 2024, the amount in the forfeited non-vested accounts totaled \$3,220,291 (\$1,600,182 as of December 31, 2023).

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### Accounting Estimates

The process of preparing financial statements in conformity with US GAAP requires management to use estimates and assumptions that affect certain types of assets, liabilities and changes therein. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, actual results may differ from estimated amounts.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuations policies utilizing information provided by the investment advisers and custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

### Payment of Benefits

Benefits are recorded when paid.

### Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

### Income Taxes

The Plan has received a favorable determination letter dated August 24, 2022 stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. This determination letter applies to all amendments dated through June 23, 2021. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Since the June 23, 2021 amendment, the Plan has been restated and amended, but the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. Management has evaluated the Plan's tax positions and concluded that as of December 31, 2024, the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that required an adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of Net Assets Available for Benefits.

Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

### Subsequent Events

These financial statements have not been updated for subsequent events occurring after June 25, 2025, which is the date these financial statements were available to be issued.

### **3. FAIR VALUE MEASUREMENT**

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, establishes a valuation hierarchy for disclosure of the inputs to valuation used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument.
- Level 3 inputs are unobservable inputs based on the Company’s assumptions used to measure assets and liabilities at fair value.

A financial asset or liability’s classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The Plan’s assets are invested in the common stock of Wabtec, a common collective trust, a self-directed brokerage fund, and shares of registered investment companies (mutual funds) held by Fidelity Management Trust Company (“Fidelity”), the Plan custodian and trustee, and various other issuers. The following is a description of the valuation methodologies used for assets measured at fair value:

- Shares of registered investment companies – Valued at the quoted Net Asset Value (“NAV”) of shares held by the Plan at year end.
- Employer securities – These investments consist of a unitized stock fund which consists of Wabtec common stock valued at the closing price reported on the active market on which the individual securities are traded and a small money market fund for liquidity purposes.
- Self-directed brokerage funds – These investments consist of cash equivalents and shares of registered investment companies.
- Common collective trust – This investment is comprised of fully benefit-responsive investment contracts issued by insurance companies and other financial institutions (“Contracts”), fixed income securities and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset backed securities, collective investment vehicles, shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the common collective trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

<u>Assets</u>	<u>Total</u>	<u>December 31, 2024</u>	
		<u>Level 1</u>	<u>NAV</u>
Shares of registered investment companies	\$ 1,350,322,591	\$ 1,350,322,591	\$ —
Employer securities	62,406,217	62,406,217	—
Self-directed brokerage funds	34,916,470	34,916,470	—
Common collective trust <sup>(a)</sup>	67,978,072	—	67,978,072
<b>Total</b>	<b>\$ 1,515,623,350</b>	<b>\$ 1,447,645,278</b>	<b>\$ 67,978,072</b>

<u>Assets</u>	<u>Total</u>	<u>December 31, 2023</u>	
		<u>Level 1</u>	<u>NAV</u>
Shares of registered investment companies	\$ 1,114,813,124	\$ 1,114,813,124	\$ —
Employer securities	45,113,881	45,113,881	—
Self-directed brokerage funds	23,084,142	23,084,142	—
Common collective trust <sup>(a)</sup>	65,076,296	—	65,076,296
<b>Total</b>	<b>\$ 1,248,087,443</b>	<b>\$ 1,183,011,147</b>	<b>\$ 65,076,296</b>

- (a) In accordance with FASB ASC 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The Common Collective Trust is measured at fair value using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period of 12 months is applicable only to the Plan; unfunded commitments are not applicable; and redemption frequency is daily.

#### 4. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for professional, legal, accounting, and other expenses are paid through revenue sharing and direct payment from the Plan's forfeitures account and amounted to \$422,655 for the year ended December 31, 2024. The total revenue used to offset these expenses under the Revenue Credit Program (revenue sharing) was \$558,011 for the year ended December 31, 2024. The majority of the remaining expenses represents fees paid by the participants for the setup of loans and maintenance, which amounted to \$968,909. The Plan also invests in Wabtec stock. Wabtec is the plan sponsor, and therefore, transactions qualify as party-in-interest transactions. Investment income from parties-in-interest transactions and interest from notes receivable from participants amounted to \$217,908,091 for the year ended December 31, 2024.

## 5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Plan's financial statements to the Form 5500:

	December 31,	
	2024	2023
Net assets available for benefits per the financial statements	\$ 1,581,584,786	\$ 1,319,326,636
Investments	34,478,809	28,945,327
Notes receivable from participants	(34,478,809)	(28,945,327)
Net assets available for benefits per the Form 5500	<u>\$ 1,581,584,786</u>	<u>\$ 1,319,326,636</u>

The reconciling items shown above are due to the difference in the method of accounting used under government reporting requirements in preparing the Form 5500 as compared to the Plan's financial statements.
