**REPORT OF INDEPENDENT AUDITORS**

To the Administrative Committee  
Spates Fabricators, Inc. Profit Sharing Plan  
Thermal, California

**Report on Financial Statements**

***Opinion***

We have audited the accompanying financial statements of Spates Fabricators, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Spates Fabricators, Inc. Profit Sharing Plan as of September 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of this report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, for administering the Plan, and for determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to error or fraud, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee

that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, since fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we are required to –

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate to those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules of assets held at the end of the year and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplemental information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements taken as a whole, and the form and content are presented in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

**PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General.* The Plan is a defined contribution profit sharing plan covering all full-time employees of the Company who have completed one year of service and have reached age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Contributions.* Each year, the Company's Board of Directors elects whether or not to make a discretionary contribution to the Plan. Employees do not make contributions to the Plan. Forfeitures of terminated non-vested participant accounts may be used to pay Plan expenses or to reduce the Employer's contribution.

*Participant Accounts.* Each participant's account is increased by an allocation of the employer's contribution and plan earnings, and is reduced by an allocation of investment expenses. Allocations are based on participant earnings, as defined by the Plan instrument. The participant is entitled to the benefit that can be provided from the participant's vested account.

*Vesting.* Participants are vested in their accounts based on years of continuous service. Participants are 100% vested after six years of service.

*Payment of Benefits.* On termination of service due to death, disability, retirement, or other cause, the participant will receive an amount equal to the value of the vested account as a lump-sum distribution.

*Participant Loans.* Participant loans are not permitted.

*Funding Policy.* The Company's funding policy is to make an annual discretionary contribution to the Plan, as determined by the Board of Directors. The Company has chosen to absorb significant plan costs, such as bonding fees, audit fees, and the expense of using Company personnel for any plan business.

*Forfeitures.* Forfeited non-vested accounts totaled \$19,917 for the year ended September 30, 2024 and \$24,934 for the year ended September 30, 2023. In 2024 and 2023, forfeitures were used to reduce the employer's discretionary contribution.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires that the plan administrator make estimates and assumptions that may affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Benefit Payments

Benefits payments are recorded as an expense when paid.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation

The Plan's investments are presented at fair value. Mutual funds and exchange-traded funds are traded on the national security exchanges and are valued at the last reported sale price on the last business day of the Plan year. Money market accounts are presented at their cash value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net increase or decrease in investment values includes realized gains and losses on investments sold during the year, as well as unrealized gains and losses on investments held during the year.

Fair Value Measurements

Generally accepted accounting principles (GAAP) provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs – quoted prices in active markets for identical assets

Level 2 inputs – quoted prices in active or inactive markets for the same or similar assets

Level 3 inputs – estimates using the best information available when there is little or no market

The Plan is required to measure investment assets and the related revenues at fair value. The technique used to measure the fair value of investments is further described in Notes 5 and 6.

Parties-in-Interest

Plan investments include mutual funds, exchange-traded funds, money market funds, and a government bond managed by the Plan custodian, Northwestern Mutual. These management activities qualify as party-in-interest transactions and include allocations to participant accounts of contributions, earnings, withdrawals, and investment fees. The fees paid by the Plan for investment services were \$47,019 in 2024 and \$43,982 in 2023.

CrossPlans, the third-party administrator (TPA), is a party-in-interest providing services to the Plan. The TPA fees are paid by the employer. The Plan's audit firm is a party-in-interest providing services to the Plan. Audit fees are paid by the employer.

NOTE 3 – TAX STATUS

The Internal Revenue Service determined by a letter dated September 18, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The most recent IRS opinion letter stating that the form of the Plan is acceptable was dated June 30, 2020.

The Plan's federal information returns are subject to examination by taxing authorities, generally for three years after filing.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2020 (the SECURE Act), which laws change the Plan to suspend required minimum distributions, and delay the commencement date for required minimum distributions.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 – INVESTMENTS

Plan investments are maintained by Northwestern Mutual. Net assets and net investment income, gains, and losses are allocated based on the share owned by each participant. Plan investments are presented at fair value. The methods used to measure fair value may produce an amount that is not indicative of net realizable value or reflective of future fair values. Although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions could result in different fair values at the reporting date.

The Plan invests in various investment securities, which are exposed to several risks such as market, interest rate and credit risks. The fair value of investment securities fluctuates, and it is at least reasonably possible that changes in the fair value of investment securities will occur in the near term and those changes could materially affect participants' account balances.

NOTE 6 – FAIR VALUE MEASUREMENTS

The fair values of mutual funds and exchange-traded funds have been measured on a recurring basis using quoted market prices for identical securities in active markets (Level 1 inputs). US Government bonds have been measured on a recurring basis using quoted prices for similar securities in inactive markets. Cash and money market accounts are presented at their cash value and are not subject to fair value measurement.
