## Independent Auditor's Report

The Employee Stock Ownership Plan Committee  
J. Lee Milligan, Inc. Employee Stock Ownership Plan and Trust  
Amarillo, Texas

### Opinion

We have audited the accompanying financial statements of J. Lee Milligan, Inc. Employee Stock Ownership Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of J. Lee Milligan, Inc. Employee Stock Ownership Plan and Trust as of September 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of J. Lee Milligan, Inc. Employee Stock Ownership Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about J. Lee Milligan, Inc. Employee Stock Ownership Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of J. Lee Milligan, Inc. Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about J. Lee Milligan, Inc. Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes at September 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Employee Stock Ownership Plan**  
**Notes to Financial Statements**  
**September 30, 2024 and 2023**

**1. Description of plan**

J. Lee Milligan, Inc. (the “Company”) established the J. Lee Milligan, Inc. Employee Stock Ownership Plan and Trust (the “Plan”) effective as of October 1, 2010. The Plan was amended and restated effective as of October 1, 1989, October 1, 2004, October 1, 2010, October 1, 2012, and most recently effective as October 1, 2015. The Plan consists of two portions, a profit-sharing portion and stock bonus portion, and is intended to satisfy the applicable requirements of Section 401(a) of the Internal Revenue Code of 1986, as amended (“Code”), Sections 409 and 4957(e)(7) in connection with the employee stock ownership portion, and 470(d)(6) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), in connection with the employee stock ownership portion. The Plan is administered by the J. Lee Milligan, Inc. Employee Stock Ownership Plan Committee. The trustee of the plan as of September 30, 2024 and 2023, is Lance Studdard.

In July 2016, the Plan purchased 13,800.40 of Company common shares using the proceeds of a new stock acquisition loan (Note 8). The borrowing is to be repaid over a period of ten years by fully deductible Company contributions to the Plan. As the Plan makes each payment of principal, an appropriate percentage of stock is allocated to eligible employees’ accounts in accordance with applicable regulations under the Code.

In December 2009, the Plan purchased 500,000.00 of Company common shares using the proceeds of a new stock acquisition loan. The borrowing was to be repaid over a period of twenty years by fully deductible Company contributions to the Plan. As the Plan makes each payment of principal, an appropriate percentage of stock is allocated to eligible employees’ accounts in accordance with applicable regulations under the Code. This loan has been repaid in full.

The borrowing is collateralized by the unallocated shares of stock. The lender has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan as of September 30, 2024 and 2023, and for the years then ended present separately the assets and liabilities and changes therein pertaining to:

1. the accounts of employees with vested rights in allocated stock (Allocated) and
2. stock not yet allocated to employees (Unallocated).

**Eligibility**

All employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during each Plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

**Payment of benefits and in-service distributions**

No distributions from the Plan are made until a participant dies (in which case, payment shall be made to his or her beneficiary) or otherwise ceases employment with the Company. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional shares. Effective October 1, 2015, after a participant attains age 70 and has completed at least twenty (20) years of service, the participant, until he or she retires, has a continuing election to receive all or any portion of his or her vested account balance.

**September 30, 2024 and 2023**

**1. Description of plan, continued**

**Payment of benefits and in-service distributions, continued**

Under the provisions of the Plan, the Company is obligated to repurchase participant shares if the shares are not publicly traded or if subject to a trading limitation when distributed.

During the year ended September 30, 2024, the Plan made cash payments to separated participants for 5,051.23 shares of stock at prices determined from the independent appraisal as of September 30, 2023.

During the year ending September 30, 2023, the Plan made cash payments to separated participants for 4,521.70 shares of stock at prices determined from the independent appraisal as of September 30, 2022.

**Voting rights**

Each participant or beneficiary is entitled to cast one vote on an issue and the Trustee shall vote the shares held by the Plan in proportion to the votes cast on the issue by the participants and beneficiaries. The Trustee is not permitted to vote any Company stock for which instructions have not been given by a participant or beneficiary.

**Termination**

The Company has the right to terminate the Plan at any time subject to Plan provisions. Upon any full or partial termination, all amounts credited to the participants' accounts will become 100% vested, and the Company shall direct the distribution of the assets of the Trust Fund as prescribed by the Plan terms and the Internal Revenue Code.

**Participant accounts**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of employer contribution of cash, Company stock, or other property and forfeitures of terminated employees. Only those participants who are eligible employees as of the last day of the Plan year will receive an allocation. Allocations of such contributions are made to each participant's account in the same proportion that each such participant's compensation for the year bears to the total compensation of all participants for such year.

**Vesting**

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, the participant will vest in the balances in his or her account based on total years of service with the Company. Participants who have at least one year of service vest 20% per year of service beginning with the second year of service and are 100% vested after six years of service.

**Put option**

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**1. Description of plan, continued**

**Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution and/or Company stock.

**Allocations and forfeitures**

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation of all participants for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at September 30, 2024 and 2023, totaled \$31,451 and \$6,857, respectively. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

**2. Summary of accounting policies**

**Basis of accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment valuation and income recognition**

The common shares of the Company are valued at fair value on September 30, 2024 and 2023. Fair value of Company stock is determined by an annual independent appraisal. Other stocks are valued at quoted market values.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

**Operating expenses**

All expenses of administering the Plan are being paid by the Company. Trust management fees are paid by the Plan.

**Payment of benefits**

Benefits are recorded when paid.

**Employee Stock Ownership Plan**  
**Notes to Financial Statements**  
**September 30, 2024 and 2023**

**3. Tax status**

The Internal Revenue Service has determined and informed the Company by letters dated August 23, 1996 and September 12, 2013, that the Plan is qualified and the trust established under the Plan is tax exempt, under the appropriate sections of the Internal Revenue Code. Although the Plan has been amended since receiving the most recent letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

**4. Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**5. Administration of plan assets**

The Plan's assets, which consist primarily of J. Lee Milligan, Inc. common stock, are held by the Trustee of the Plan. Other Plan assets include cash and cash equivalents and mutual funds. Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal of the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers of J. Lee Milligan, Inc. No such officer receives compensation from the Plan. Administrative expense for the Trustee's fees are paid directly by the Company.

**6. Investments**

The following table presents investments of the Plan.

	September 30	
	2024	2023
Investments in J. Lee Milligan, Inc. common stock:		
Common stock - 47,503.51 allocated shares		
(2023 - 56,732.39 allocated), 13,369.00

Mutual funds	773,153	674,245
	<b>\$ 61,324,665</b>	<b>\$ 36,172,125</b>

**7. Employer contributions**

The Company is obligated to make contributions in cash to the Plan, which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employer contributions for each Plan year are determined by the employer. Contributions in the amounts of \$1,469,593 and \$3,345,871 were made for the year ended September 30, 2024 and 2023, respectively.

**J. Lee Milligan, Inc.**  
**Employee Stock Ownership Plan**  
**Notes to Financial Statements**  
**September 30, 2024 and 2023**

**8. Loans payable**

The Plan borrowed \$6,968,479 from the Company on September 25, 2024, and the loan is due to be repaid on or before September 30, 2025. Management intends to restructure this loan with a 10 year term pending actuarial calculations.

The Plan borrowed \$6,596,591 from the Company on June 23, 2016, in order to repurchase 13,800.40 shares of stock directly from the individual stockholders. Unallocated shares are collateral for the loan and the loan, including interest at 2.24%, is due to be repaid over ten years. The scheduled amortization of the loan is \$659,659 annually.

**9. Related party and party in interest transactions**

The Plan invests in Company common stock and has indebtedness through July 2026 guaranteed by the Company. These are related party and party in interest transactions. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

**10. Fair value of financial instruments**

The following methods and assumptions were used by the Plan in estimating its fair value for financial instruments:

Receivables – The carrying amount approximates fair value because of their short maturities or due dates.

Stock of closely-held corporation - The fair value of the common stock of the Company is based upon an annual valuation performed by independent certified appraisers.

Investments - The fair values of investments are based on unadjusted quoted market prices for those of identical assets in active markets that the Plan has the ability to access.

Interest payable – The carrying amount approximates fair value because of the short maturities of those instruments.

Loan payable – The carrying amount approximates fair value since the interest rate is a fixed rate that is comparable to current rates for similar loans.

The framework for measuring fair value produces a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**J. Lee Milligan, Inc.**  
**Employee Stock Ownership Plan**  
**Notes to Financial Statements**  
**September 30, 2024 and 2023**

**10. Fair value of financial instruments, continued**

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for identical or similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- quoted inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at recurring fair value as of September 30:

	2024		
	Level 1	Level 3	Total
<b>Investments at fair value:</b>			
J. Lee Milligan, Inc. common stock	\$ -	\$ 52,837,335	\$ 52,837,335

**Changes in Fair Value of Level 3 Assets and Related Gains and Losses**

The following table sets forth a summary of changes in fair value of the Plan's level 3 assets for the year ended September 30:

	Investment in common stock	
	2024	2023
Balance, beginning of year	\$ 35,245,181	\$ 35,366,926
Realized gains (losses)	-	-
Unrealized appreciation (depreciation) in estimated fair value	17,592,154	(121,745)
Balance, end of year	\$ 52,837,335	\$ 35,245,181

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Following is a description of the valuation methodologies used for the level 3 assets measured at fair value. There have been no changes in methodologies used at September 30, 2024.

The Company common stock held by the Plan is reported at fair value based upon an annual independent appraisal. This appraisal was based upon an income valuation technique consistent with prior years. Some of the unobservable inputs include EBITDA, net income, debt-free cash flows, weighted-average cost of capital, and discount rate, among other relevant inputs.

The valuation process involves the selection of an independent appraiser. Plan management accumulated the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. Plan management reviews and approves the appraisal report on an annual basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
