(2) From this plan	2l(2)		10973778

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PLANTE MORAN, PLLC**

(2) EIN: **38-1359751**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)
MESSER CONSTRUCTION 401K	31-0740877	003

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) Yes No Not determined
 If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	<small>OMB No. 1210-0110</small> 2023 This Form is Open to Public Inspection.

For calendar plan year 2023 or fiscal plan year beginning 10/01/2023 and ending 09/30/2024

A Name of plan <u>MESSER INC. EMPLOYEE STOCK OWNERSHIP PLAN</u>	B Three-digit plan number (PN) ▶	<u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>MESSER INC.</u>	D Employer Identification Number (EIN) <u>20-1963972</u>	

Part I	Distributions
---------------	----------------------

All references to distributions relate only to payments of benefits during the plan year.

1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....	1	0
---	---	---

2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits):
 EIN(s): 42-0127290

Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.

3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year	3	
--	---	--

Part II	Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)
----------------	---

4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? Yes No N/A
If the plan is a defined benefit plan, go to line 8.

5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. **Date:** Month _____ Day _____ Year _____
If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.

6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived)	6a	
b Enter the amount contributed by the employer to the plan for this plan year.....	6b	
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount)	6c	

If you completed line 6c, skip lines 8 and 9.

7 Will the minimum funding amount reported on line 6c be met by the funding deadline? Yes No N/A

8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? Yes No N/A

Part III	Amendments
-----------------	-------------------

9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box. Increase Decrease Both No

Part IV	ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.
----------------	---

10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?..... Yes No

11 a Does the ESOP hold any preferred stock? Yes No

b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.) Yes No

12 Does the ESOP hold any stock that is not readily tradable on an established securities market? Yes No

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that (1) contributed more than 5% of total contributions to the plan during the plan year or (2) was one of the top-ten highest contributors (measured in dollars). See instructions. Complete as many entries as needed to report all applicable employers.

a Name of contributing employer _____

b EIN _____ **c** Dollar amount contributed by employer _____

d Date collective bargaining agreement expires (If employer contributes under more than one collective bargaining agreement, check box and see instructions regarding required attachment. Otherwise, enter the applicable date.) Month _____ Day _____ Year _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: <input type="checkbox"/> last contributing employer <input type="checkbox"/> alternative <input type="checkbox"/> reasonable approximation (see instructions for required attachment)	14a	
b The plan year immediately preceding the current plan year. <input type="checkbox"/> Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	14b	
c The second preceding plan year. <input type="checkbox"/> Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....	14c	

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	15a	
b The corresponding number for the second preceding plan year	15b	

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	16a	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers	16b	

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment.....

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment.....

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:
 Public Equity: _____% Private Equity: _____% Investment-Grade Debt and Interest Rate Hedging Assets: _____%
 High-Yield Debt: _____% Real Assets: _____% Cash or Cash Equivalents: _____% Other: _____%

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:
 0-5 years 5-10 years 10-15 years 15 years or more

20 PBGC missed contribution reporting requirements. If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? Yes No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:
 Yes.
 No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.
 No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.
 No. Other. Provide explanation.....

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? Yes No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).
 Design-based safe harbor method
 "Prior year" ADP test
 "Current year" ADP test
 N/A

22 If the plan sponsor is an adopter of a pre-approved plan that received a favorable IRS Opinion Letter, enter the date of the Opinion Letter ___/___/____ (MM/DD/YYYY) and the Opinion Letter serial number _____.

Independent Auditor's Report

To the ESOP Committee
Messer, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Messer, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of September 30, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2024 and 2023 and the changes in net assets available for benefits for the year ended September 30, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As explained in Note 5, the financial statements include investments valued at approximately \$507,009,000 (88 percent of net assets) at September 30, 2024 and approximately \$470,458,000 (92 percent of net assets) at September 30, 2023, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by valuation reports prepared by independent appraisals, management's projections, and guideline market data. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

To the ESOP Committee
Messer, Inc. Employee Stock Ownership Plan

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of September 30, 2024 and reportable transactions for the year ended September 30, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

September 30, 2024 and 2023

Note 1 - Plan Description

The following description of Messer, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Messer Construction Co., a wholly owned subsidiary of Messer, Inc. (the "Company"), who have completed 500 hours of service and are age 21 or older. Certain employees excluded from being eligible are hourly employees except the senior company foreman, co-op students, officers performing under personal services contracts, constructability advisors, leased employees, and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan operates as a leveraged employee stock ownership plan (ESOP) with a cash or deferred arrangement, as described by Internal Revenue Code Section 401(k), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (the "Code") of 1986, as amended.

In 2021, the Plan purchased Messer, Inc. common shares using the proceeds of a note totaling \$48,430,011. The note was guaranteed by the Company and the shares held in a trust established under the Plan. The borrowings are collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated under the Plan. As the Plan repays the note, a percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Accordingly, the financial statements of the Plan for the years ended September 30, 2024 and 2023 present separately the assets and liabilities and changes therein pertaining to the accounts of employees in allocated common stock (allocated) and common stock not yet allocated to employees (unallocated).

Contributions

The Plan is funded through dividends and discretionary contributions made by the Company. The Company intends to contribute an amount sufficient to cover scheduled principal and interest payments on the notes payable. In 2024 and 2023, the Company's contributions consisted of cash and dividends on the Company's common stock. Employee contributions are not permitted.

Certain participants that participate in the Messer Construction Co. Hourly Employees' Retirement Plan (HERP) may elect to transfer an amount greater than \$25,000 but no more than 50 percent of their vested balances in the HERP to the Plan. During 2024 and 2023, a total of \$3,804,205 and \$5,640,574, respectively, was transferred from the HERP into the Plan.

Administration

Investment decisions are made by the trustees within the provisions of the trust agreement and are based on consultation with an investment advisor independent of the Company. The Plan invests principally in Messer, Inc. common shares and other common stocks, equity securities, and fixed-income securities in accordance with the Plan's investment policy statement. Upon departure, qualified participants may direct their accounts into a money market account, as stipulated by the Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account. The plan trustees are required to vote shares of common stock that are unallocated and shares that have been allocated to participants but for which the trustees received no voting instructions on behalf of the collective best interest of plan participants and beneficiaries.

September 30, 2024 and 2023

Note 1 - Plan Description (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocable share of investments, stock, contributions, forfeitures of terminated participants' nonvested accounts, earnings, and dividends of the Plan. The allocable shares of investment income, contributions, stock, unallocated dividends, and forfeitures are allocated based on participant compensation (as defined). Allocable dividends are allocated based on same percentage of shares allocated to individual accounts. Plan earnings (realized and unrealized) are allocated based on each participant's relative share of assets. Plan expenses are allocated to each participant's account based on each participant's relative share of assets, company stock, and cash balance. Stock held by retirees and vested, separated nonretirees that is repurchased by the Plan is allocated to current shareholders in accordance with plan documents.

Put Option

The employer stock that is held by the Plan and its participants is not readily tradable on an established market and includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash as required by the articles of incorporation.

Vesting

Participants vest in their accounts based on years of credited service. Participants are 100 percent vested after three years of credited service, upon normal retirement, disability (as defined), or death. Any forfeitures arising under this Plan for any reason shall be a company contribution and shall be reallocated as of the last day of the plan year based on participant compensation (as defined).

Diversification

Diversification is offered to participants as a part of retirement planning so that they may have the opportunity to move part of the value of their investments in company stock into investments that are more diversified outside of the Plan. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Diversification may continue until separation from service. Upon election of diversification, participants receive a cash distribution. These cash distributions are included in the diversification line item included in the statement of changes in net assets available for benefits.

Benefit Payments

The Plan provides for immediate vesting and distribution of full benefits upon normal retirement, permanent disability, or death. In addition, the Plan provides for distribution of benefits upon termination, as stipulated in the plan document. All benefit payments stipulated by the amended plan document will be in the form of a cash distribution according to the Plan.

September 30, 2024 and 2023

Note 1 - Plan Description (Continued)

The Plan also provides for partial immediate distribution upon retirement, disability, or death according to the plan document. Any participant who becomes entitled to an immediate distribution can elect a cash distribution upon retirement, disability, or death. If a participant does not make an election at the annual distribution date, the plan administrator will have the vested portion that is immediately distributable transferred directly to the Messer Construction Co. 401(k) Savings Plan (the "401(k) Plan"). The transfer into the 401(k) Plan occurs once each year. During the plan years ended September 30, 2024 and 2023, there were transfers recorded into the 401(k) Plan of \$10,973,778 and \$14,788,120, respectively. Additionally, at September 30, 2024, there were distributions in the amount of \$18,099,394 that are immediately distributable but not yet transferred to the 401(k) Plan from the ESOP.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by PNC Institutional Investments or its affiliates. PNC Institutional Investments is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

As of September 30, 2024, the Plan held 3,449,441 shares of the Company's common stock with a fair value of \$507,008,781. As of September 30, 2023, the Plan held 3,449,441 shares of the Company's common stock with a fair value of \$470,457,895. During the years ended September 30, 2024 and 2023, the Plan recorded dividend income of \$65,000,000 and \$35,000,000, respectively, on common stock of the Company.

At September 30, 2024 and 2023, the Plan had an outstanding loan to the Company in the amount of \$45,938,377 and \$46,800,137, respectively, and paid interest on the loan to the Company.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, the plan trustees shall direct the Plan to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent they determine such sale to be necessary in order to repay the loan, if applicable. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Plan.

September 30, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. The most significant assumptions and estimates relate to the valuation of company common stock. Application of these assumptions requires the exercise of judgment as to future uncertainties, and, as a result, actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities and the Company's common stock. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. The Company's common stock is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities and the Company's common stock, it is at least reasonably possible that changes in the values of investment securities and the Company's common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 9, 2025, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

September 30, 2024 and 2023

Note 4 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Common Stock

Common stock other than the Company's common stock is valued at quoted prices reported in active markets.

Company Stock

The Plan measures company stock at fair value on a recurring basis. The fair value of company stock is based primarily on Level 3 inputs. Fair value is determined by annual independent appraisals. The appraisal was based upon income approach, including the discounted cash flow method. The unobservable inputs for the discounted cash flow method are earnings, capital growth, and discount for lack of marketability.

Money Market Funds

Money market funds are valued at quoted prices reported in active markets.

Common Collective Trust Fund

The common collective trust fund is valued at net asset value (NAV) per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. The common collective trust fund makes equity and debt investments in various interests in core real estate properties located in the United States.

There are no unfunded commitments on this investment. Fund investors in the common collective trust are restricted to make one quarterly redemption with 30 days' notice prior to last day of such calendar quarter and subject to available cash, as determined by the investment adviser or trustee of the fund.

Debt Securities

The debt securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures.

Messer, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

September 30, 2024 and 2023

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at September 30, 2024 and 2023:

	Assets Measured at Fair Value on a Recurring Basis at September 30, 2024			
	Investments (at Fair Value)	Level 1	Level 2	Level 3

Independent Auditor's Report

To the ESOP Committee
Messer, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Messer, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of September 30, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2024 and 2023 and the changes in net assets available for benefits for the year ended September 30, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As explained in Note 5, the financial statements include investments valued at approximately \$507,009,000 (88 percent of net assets) at September 30, 2024 and approximately \$470,458,000 (92 percent of net assets) at September 30, 2023, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by valuation reports prepared by independent appraisals, management's projections, and guideline market data. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

To the ESOP Committee
Messer, Inc. Employee Stock Ownership Plan

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of September 30, 2024 and reportable transactions for the year ended September 30, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

September 30, 2024 and 2023

Note 1 - Plan Description

The following description of Messer, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Messer Construction Co., a wholly owned subsidiary of Messer, Inc. (the "Company"), who have completed 500 hours of service and are age 21 or older. Certain employees excluded from being eligible are hourly employees except the senior company foreman, co-op students, officers performing under personal services contracts, constructability advisors, leased employees, and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan operates as a leveraged employee stock ownership plan (ESOP) with a cash or deferred arrangement, as described by Internal Revenue Code Section 401(k), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (the "Code") of 1986, as amended.

In 2021, the Plan purchased Messer, Inc. common shares using the proceeds of a note totaling \$48,430,011. The note was guaranteed by the Company and the shares held in a trust established under the Plan. The borrowings are collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated under the Plan. As the Plan repays the note, a percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Accordingly, the financial statements of the Plan for the years ended September 30, 2024 and 2023 present separately the assets and liabilities and changes therein pertaining to the accounts of employees in allocated common stock (allocated) and common stock not yet allocated to employees (unallocated).

Contributions

The Plan is funded through dividends and discretionary contributions made by the Company. The Company intends to contribute an amount sufficient to cover scheduled principal and interest payments on the notes payable. In 2024 and 2023, the Company's contributions consisted of cash and dividends on the Company's common stock. Employee contributions are not permitted.

Certain participants that participate in the Messer Construction Co. Hourly Employees' Retirement Plan (HERP) may elect to transfer an amount greater than \$25,000 but no more than 50 percent of their vested balances in the HERP to the Plan. During 2024 and 2023, a total of \$3,804,205 and \$5,640,574, respectively, was transferred from the HERP into the Plan.

Administration

Investment decisions are made by the trustees within the provisions of the trust agreement and are based on consultation with an investment advisor independent of the Company. The Plan invests principally in Messer, Inc. common shares and other common stocks, equity securities, and fixed-income securities in accordance with the Plan's investment policy statement. Upon departure, qualified participants may direct their accounts into a money market account, as stipulated by the Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account. The plan trustees are required to vote shares of common stock that are unallocated and shares that have been allocated to participants but for which the trustees received no voting instructions on behalf of the collective best interest of plan participants and beneficiaries.

September 30, 2024 and 2023

Note 1 - Plan Description (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocable share of investments, stock, contributions, forfeitures of terminated participants' nonvested accounts, earnings, and dividends of the Plan. The allocable shares of investment income, contributions, stock, unallocated dividends, and forfeitures are allocated based on participant compensation (as defined). Allocable dividends are allocated based on same percentage of shares allocated to individual accounts. Plan earnings (realized and unrealized) are allocated based on each participant's relative share of assets. Plan expenses are allocated to each participant's account based on each participant's relative share of assets, company stock, and cash balance. Stock held by retirees and vested, separated nonretirees that is repurchased by the Plan is allocated to current shareholders in accordance with plan documents.

Put Option

The employer stock that is held by the Plan and its participants is not readily tradable on an established market and includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash as required by the articles of incorporation.

Vesting

Participants vest in their accounts based on years of credited service. Participants are 100 percent vested after three years of credited service, upon normal retirement, disability (as defined), or death. Any forfeitures arising under this Plan for any reason shall be a company contribution and shall be reallocated as of the last day of the plan year based on participant compensation (as defined).

Diversification

Diversification is offered to participants as a part of retirement planning so that they may have the opportunity to move part of the value of their investments in company stock into investments that are more diversified outside of the Plan. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Diversification may continue until separation from service. Upon election of diversification, participants receive a cash distribution. These cash distributions are included in the diversification line item included in the statement of changes in net assets available for benefits.

Benefit Payments

The Plan provides for immediate vesting and distribution of full benefits upon normal retirement, permanent disability, or death. In addition, the Plan provides for distribution of benefits upon termination, as stipulated in the plan document. All benefit payments stipulated by the amended plan document will be in the form of a cash distribution according to the Plan.

September 30, 2024 and 2023

Note 1 - Plan Description (Continued)

The Plan also provides for partial immediate distribution upon retirement, disability, or death according to the plan document. Any participant who becomes entitled to an immediate distribution can elect a cash distribution upon retirement, disability, or death. If a participant does not make an election at the annual distribution date, the plan administrator will have the vested portion that is immediately distributable transferred directly to the Messer Construction Co. 401(k) Savings Plan (the "401(k) Plan"). The transfer into the 401(k) Plan occurs once each year. During the plan years ended September 30, 2024 and 2023, there were transfers recorded into the 401(k) Plan of \$10,973,778 and \$14,788,120, respectively. Additionally, at September 30, 2024, there were distributions in the amount of \$18,099,394 that are immediately distributable but not yet transferred to the 401(k) Plan from the ESOP.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by PNC Institutional Investments or its affiliates. PNC Institutional Investments is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

As of September 30, 2024, the Plan held 3,449,441 shares of the Company's common stock with a fair value of \$507,008,781. As of September 30, 2023, the Plan held 3,449,441 shares of the Company's common stock with a fair value of \$470,457,895. During the years ended September 30, 2024 and 2023, the Plan recorded dividend income of \$65,000,000 and \$35,000,000, respectively, on common stock of the Company.

At September 30, 2024 and 2023, the Plan had an outstanding loan to the Company in the amount of \$45,938,377 and \$46,800,137, respectively, and paid interest on the loan to the Company.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, the plan trustees shall direct the Plan to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent they determine such sale to be necessary in order to repay the loan, if applicable. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Plan.

September 30, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. The most significant assumptions and estimates relate to the valuation of company common stock. Application of these assumptions requires the exercise of judgment as to future uncertainties, and, as a result, actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities and the Company's common stock. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. The Company's common stock is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities and the Company's common stock, it is at least reasonably possible that changes in the values of investment securities and the Company's common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 9, 2025, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

September 30, 2024 and 2023

Note 4 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Common Stock

Common stock other than the Company's common stock is valued at quoted prices reported in active markets.

Company Stock

The Plan measures company stock at fair value on a recurring basis. The fair value of company stock is based primarily on Level 3 inputs. Fair value is determined by annual independent appraisals. The appraisal was based upon income approach, including the discounted cash flow method. The unobservable inputs for the discounted cash flow method are earnings, capital growth, and discount for lack of marketability.

Money Market Funds

Money market funds are valued at quoted prices reported in active markets.

Common Collective Trust Fund

The common collective trust fund is valued at net asset value (NAV) per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. The common collective trust fund makes equity and debt investments in various interests in core real estate properties located in the United States.

There are no unfunded commitments on this investment. Fund investors in the common collective trust are restricted to make one quarterly redemption with 30 days' notice prior to last day of such calendar quarter and subject to available cash, as determined by the investment adviser or trustee of the fund.

Debt Securities

The debt securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures.

Independent Auditor's Report

To the ESOP Committee
Messer, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Messer, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of September 30, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2024 and 2023 and the changes in net assets available for benefits for the year ended September 30, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As explained in Note 5, the financial statements include investments valued at approximately \$507,009,000 (88 percent of net assets) at September 30, 2024 and approximately \$470,458,000 (92 percent of net assets) at September 30, 2023, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by valuation reports prepared by independent appraisals, management's projections, and guideline market data. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

To the ESOP Committee
Messer, Inc. Employee Stock Ownership Plan

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of September 30, 2024 and reportable transactions for the year ended September 30, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

September 30, 2024 and 2023

Note 1 - Plan Description

The following description of Messer, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Messer Construction Co., a wholly owned subsidiary of Messer, Inc. (the "Company"), who have completed 500 hours of service and are age 21 or older. Certain employees excluded from being eligible are hourly employees except the senior company foreman, co-op students, officers performing under personal services contracts, constructability advisors, leased employees, and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan operates as a leveraged employee stock ownership plan (ESOP) with a cash or deferred arrangement, as described by Internal Revenue Code Section 401(k), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (the "Code") of 1986, as amended.

In 2021, the Plan purchased Messer, Inc. common shares using the proceeds of a note totaling \$48,430,011. The note was guaranteed by the Company and the shares held in a trust established under the Plan. The borrowings are collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated under the Plan. As the Plan repays the note, a percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Accordingly, the financial statements of the Plan for the years ended September 30, 2024 and 2023 present separately the assets and liabilities and changes therein pertaining to the accounts of employees in allocated common stock (allocated) and common stock not yet allocated to employees (unallocated).

Contributions

The Plan is funded through dividends and discretionary contributions made by the Company. The Company intends to contribute an amount sufficient to cover scheduled principal and interest payments on the notes payable. In 2024 and 2023, the Company's contributions consisted of cash and dividends on the Company's common stock. Employee contributions are not permitted.

Certain participants that participate in the Messer Construction Co. Hourly Employees' Retirement Plan (HERP) may elect to transfer an amount greater than \$25,000 but no more than 50 percent of their vested balances in the HERP to the Plan. During 2024 and 2023, a total of \$3,804,205 and \$5,640,574, respectively, was transferred from the HERP into the Plan.

Administration

Investment decisions are made by the trustees within the provisions of the trust agreement and are based on consultation with an investment advisor independent of the Company. The Plan invests principally in Messer, Inc. common shares and other common stocks, equity securities, and fixed-income securities in accordance with the Plan's investment policy statement. Upon departure, qualified participants may direct their accounts into a money market account, as stipulated by the Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account. The plan trustees are required to vote shares of common stock that are unallocated and shares that have been allocated to participants but for which the trustees received no voting instructions on behalf of the collective best interest of plan participants and beneficiaries.

Note 1 - Plan Description (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocable share of investments, stock, contributions, forfeitures of terminated participants' nonvested accounts, earnings, and dividends of the Plan. The allocable shares of investment income, contributions, stock, unallocated dividends, and forfeitures are allocated based on participant compensation (as defined). Allocable dividends are allocated based on same percentage of shares allocated to individual accounts. Plan earnings (realized and unrealized) are allocated based on each participant's relative share of assets. Plan expenses are allocated to each participant's account based on each participant's relative share of assets, company stock, and cash balance. Stock held by retirees and vested, separated nonretirees that is repurchased by the Plan is allocated to current shareholders in accordance with plan documents.

Put Option

The employer stock that is held by the Plan and its participants is not readily tradable on an established market and includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash as required by the articles of incorporation.

Vesting

Participants vest in their accounts based on years of credited service. Participants are 100 percent vested after three years of credited service, upon normal retirement, disability (as defined), or death. Any forfeitures arising under this Plan for any reason shall be a company contribution and shall be reallocated as of the last day of the plan year based on participant compensation (as defined).

Diversification

Diversification is offered to participants as a part of retirement planning so that they may have the opportunity to move part of the value of their investments in company stock into investments that are more diversified outside of the Plan. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Diversification may continue until separation from service. Upon election of diversification, participants receive a cash distribution. These cash distributions are included in the diversification line item included in the statement of changes in net assets available for benefits.

Benefit Payments

The Plan provides for immediate vesting and distribution of full benefits upon normal retirement, permanent disability, or death. In addition, the Plan provides for distribution of benefits upon termination, as stipulated in the plan document. All benefit payments stipulated by the amended plan document will be in the form of a cash distribution according to the Plan.

September 30, 2024 and 2023

Note 1 - Plan Description (Continued)

The Plan also provides for partial immediate distribution upon retirement, disability, or death according to the plan document. Any participant who becomes entitled to an immediate distribution can elect a cash distribution upon retirement, disability, or death. If a participant does not make an election at the annual distribution date, the plan administrator will have the vested portion that is immediately distributable transferred directly to the Messer Construction Co. 401(k) Savings Plan (the "401(k) Plan"). The transfer into the 401(k) Plan occurs once each year. During the plan years ended September 30, 2024 and 2023, there were transfers recorded into the 401(k) Plan of \$10,973,778 and \$14,788,120, respectively. Additionally, at September 30, 2024, there were distributions in the amount of \$18,099,394 that are immediately distributable but not yet transferred to the 401(k) Plan from the ESOP.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by PNC Institutional Investments or its affiliates. PNC Institutional Investments is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

As of September 30, 2024, the Plan held 3,449,441 shares of the Company's common stock with a fair value of \$507,008,781. As of September 30, 2023, the Plan held 3,449,441 shares of the Company's common stock with a fair value of \$470,457,895. During the years ended September 30, 2024 and 2023, the Plan recorded dividend income of \$65,000,000 and \$35,000,000, respectively, on common stock of the Company.

At September 30, 2024 and 2023, the Plan had an outstanding loan to the Company in the amount of \$45,938,377 and \$46,800,137, respectively, and paid interest on the loan to the Company.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, the plan trustees shall direct the Plan to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent they determine such sale to be necessary in order to repay the loan, if applicable. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Plan.

September 30, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. The most significant assumptions and estimates relate to the valuation of company common stock. Application of these assumptions requires the exercise of judgment as to future uncertainties, and, as a result, actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities and the Company's common stock. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. The Company's common stock is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities and the Company's common stock, it is at least reasonably possible that changes in the values of investment securities and the Company's common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 9, 2025, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

September 30, 2024 and 2023

Note 4 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Common Stock

Common stock other than the Company's common stock is valued at quoted prices reported in active markets.

Company Stock

The Plan measures company stock at fair value on a recurring basis. The fair value of company stock is based primarily on Level 3 inputs. Fair value is determined by annual independent appraisals. The appraisal was based upon income approach, including the discounted cash flow method. The unobservable inputs for the discounted cash flow method are earnings, capital growth, and discount for lack of marketability.

Money Market Funds

Money market funds are valued at quoted prices reported in active markets.

Common Collective Trust Fund

The common collective trust fund is valued at net asset value (NAV) per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. The common collective trust fund makes equity and debt investments in various interests in core real estate properties located in the United States.

There are no unfunded commitments on this investment. Fund investors in the common collective trust are restricted to make one quarterly redemption with 30 days' notice prior to last day of such calendar quarter and subject to available cash, as determined by the investment adviser or trustee of the fund.

Debt Securities

The debt securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures.

Messer, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

September 30, 2024 and 2023

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at September 30, 2024 and 2023:

	Assets Measured at Fair Value on a Recurring Basis at September 30, 2024			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
