Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: GRANT, THORNTON, LLP

(2) EIN: 36-6055558

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Education Development Center Supplemental Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of Education Development Center Supplemental Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2024 and 2023, and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to October 1, 2008. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets held at year end as of September 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Education Development Center Supplemental Retirement Plan

NOTES TO FINANCIAL STATEMENTS

September 30, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of Education Development Center Supplemental Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan and trust agreements for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution (participant-directed) plan established by Education Development Center, Inc. (the "Organization") under the applicable provisions of the Internal Revenue Code ("IRC") Section 403(b). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All employees of the Organization, except for non-resident aliens, are eligible to participate in the Plan immediately upon their hire date.

Contributions

Participants make pretax and after-tax (Roth) contributions to the Plan, subject to limits as defined in the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans. The Plan provides for an auto-enrollment feature whereas newly eligible participants contribute 3% of pre-tax contributions into the Plan unless they formally opt out. The Plan currently offers various investment funds.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and eligibility, as defined. The benefit to which a participant is entitled is based on the amount contained in the individual's vested account.

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

Fund managers' fees are charged to participants' accounts as a reduction of the return earned on each investment option.

Vesting Provisions

Participants are immediately vested in all contributions and earnings thereon.

Plan Loans

Loans were available to participants through the Teachers Insurance and Annuity Association ("TIAA"), subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and loan proceeds were not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity account balance is reserved, or held as collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. For active loans, investments equal to 110% of the outstanding loan amount are reflected in the statements of net assets available for benefits and serve as collateral for the loans. Effective January 1, 2021, these plan loans were no longer offered by TIAA.

Education Development Center Supplemental Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2024 and 2023

Participants may borrow from TIAA using a portion of their plan account as security for the loan. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 50% of their account balance. Participants may have a maximum of three loans outstanding at one time. The loans bear interest at rates that range from 5.02% to 5.56%, which are commensurate with local prevailing rates as determined periodically by TIAA. Principal and interest are paid ratably through quarterly ACH transfers by the participant to TIAA. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions.

The balances of these loans as of September 30, 2024 and 2023 were \$3,098 and \$22,395, respectively. Under the borrowing terms, \$3,407 and \$24,635 of plan assets serve as collateral for these loans as of September 30, 2024 and 2023, respectively.

In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of September 30, 2024 and 2023, there were no loans in default.

Notes Receivable from Participants

Participants may borrow from their TIAA and College Retirement Equities Fund ("CREF") fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants may have a maximum of three loans outstanding at one time. The loans bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined periodically by TIAA and CREF. Principal and interest are paid ratably through quarterly ACH transfers by the participant to TIAA and CREF. The loans are secured by the balance in the participant's account.

Payment of Benefits

Upon termination of service, retirement, death or total permanent disability, a participant may elect to receive a distribution of their entire accumulated plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, annuities or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balance for hardship purposes. Minimum distributions are required for participants who have reached required age per Internal Revenue Service ("IRS") regulations. In case of participant death before the annuity starting date, payment of the current value of the annuity accumulations will be made to a beneficiary as designated by the participant.

Participant Rollovers

Participants may contribute distributions from other qualified plans. These rollover contributions are always 100% vested.

Administrative Expenses

Administrative expenses incurred by the Plan are paid by the Plan or the Organization. Loan and other transaction fees are charged to participants. The Organization provides certain accounting and management services to the Plan at no charge and pays for the annual audit of the Plan. A portion of the administrative expenses is returned to the Plan on revenue sharing arrangements. The revenue sharing amounts received are recorded as other income in the statement of changes in net assets available for benefits. There was \$1,612 and \$1,196 in the revenue sharing account as of September 30, 2024 and 2023, respectively. There was \$417 of revenue sharing earned during the year ended September 30, 2024 and no revenue sharing used to pay Plan expenses during the year ended September 30, 2024.

Participant-Directed Contributions, Withdrawals and Transfers

Under the Plan, participants can elect to contribute to TIAA investment options or CREF investment options. The manner of electing to allocate contributions between TIAA and CREF and any decision to change such allocation is made by the participant in such manner as permitted by TIAA and CREF. Withdrawals and transfers are recorded at the time of transaction. Participants are also provided with the option to invest employee contributions in TIAA Traditional Annuities, which are un-allocated insurance contracts and are included in Plan assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies follows:

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Plan Records

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans from the Annual Form 5500 reporting, disclosure, and audit requirements under Part 1 of Subtitle B of Title I of ERISA. The Plan, however, was established in 1985, and historically the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to October 1, 2008 were not maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by plan management. As certain records were not available from the inception of the Plan, there could be no assurance as to the completeness or accuracy of the Plan's reported financial information.

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value except for investments that are considered fully benefit-responsive investment contracts. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on security transactions are accounted for on the average cost basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the Plan. There are certain events, such as the premature termination of the contract by the Plan or the termination of the Plan itself, which could limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with the Plan's participants is not probable. As discussed below, certain TIAA Traditional Annuity contract types are considered fully benefit responsive and as such are presented at contract value. Certain other non-benefit responsive investment contracts are reported at fair value using contract value as a proxy. TIAA, in its capacity as record keeper and administrator, provides plan management with periodic financial

information regarding the Plan's assets. In determining reasonableness of the valuation methodology, plan management reviews the accounting and valuation methodology of TIAA Traditional Annuity to determine the appropriateness of fair value considering historical credit rates and treasury yields.

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities ("RA"), Supplemental Retirement Annuities ("SRA"), Group Supplemental Retirement Annuities ("GSRA"), Retirement Choice Plus ("RCP") and Transfer Payout Annuities ("TPA"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. All other withdrawals and transfers from RA contracts must be spread over 10 annual installments. The SRA, GSRA, and RCP contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

A portion of assets of the Plan are included in CREF, which is registered under the Investment Company Act of 1940 as an open-end diversified management investment company. CREF consists of several investment portfolios. The account is valued at net asset value ("NAV") as reported to NASDAQ by the advisor. The TIAA Real Estate Account is a pooled separate account stated at fair value based on the fund's NAV as determined by TIAA. The account is valued at NAV as reported to NASDAQ by the advisor.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of plan assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus are not separately identifiable as a Plan expense.

NOTE 3 - SUMMARY OF CERTIFIED FINANCIAL DATA

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, TIAA and CREF, an insurance company, and as record keeper and custodian of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate. This certification extends to those investments which TIAA, FSB, a federal savings association, held as a directed trustee or custodian that were record kept by TIAA:

- Investments as shown in the statements of net assets available for benefits as of September 30, 2024 and 2023.
- Notes receivable from participants as of September 30, 2024 and 2023.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended September 30, 2024.
- Form 5500 - Schedule H, part iv, line 4(i) - schedule of assets (held at end of year) as of September 30, 2024.

The Plan's independent certified accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the above-named financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Education Development Center Supplemental Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2024 and 2023

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

Mutual Funds

The fair value of units held by the Plan in mutual funds are valued at the NAV of shares held by the Plan at year end. TIAA and CREF mutual funds are registered mutual funds whose fair values are based on quoted prices and are, therefore, classified in Level 1 of the fair value hierarchy.

Registered Investment Companies

The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are valued at quoted market prices at the close of the last business day of the year and classified as Level 1 of the valuation hierarchy.

Pooled Separate Account

The TIAA Real Estate account invests in real estate properties and related investments, principally valued based on the market value of its holdings. The pooled separate account is valued at quoted market prices at the close of the last business day of the year and classified as Level 1 of the valuation hierarchy.

TIAA Traditional Annuity Account

The TIAA Traditional Annuity Account is one of the investment options that represents insurance contracts issued by TIAA which guarantees principal and a contractually specified interest rate to account participants. TIAA invests amounts that back contracts in individual bonds, commercial mortgages, real estate, stocks and other assets selected by specialized teams that target different sectors of the marketplace. The portfolio follows specific guidelines with respect to major asset classes, sectors, industries, property types, geographic regions, individual issuers/borrowers, foreign holdings, liquidity, quality and derivatives.

TIAA Traditional Annuity non-benefit responsive account balance is reported at fair value, which approximates contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. The fair value is derived from a discounted cash flow analysis and other factors. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Fair value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with TIAA Traditional Annuity's historical crediting rates.

The guaranteed annual interest rate for the TIAA Traditional Annuity Accounts is between 1.00% and 3.00% for all premiums remitted since 1979 under all TIAA Traditional Annuity accumulating contracts plus additional amounts established by TIAA on a year-by-year basis. The average yield and crediting interest rate for the major types of TIAA annuity contracts are disclosed in the table below for Level 3 investments for Plan's 2024 and 2023 fiscal years. Both the one-year total return and the yield credited to participants for 2024 and 2023 are net of annual fees. The crediting interest rate is calculated on a daily basis.

While plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2024 and 2023

The Plan Administrator sets the valuation policies for plan assets and is responsible for the determination of fair value. The Plan Administrator compares price changes between periods to current market conditions, compares trade prices of securities to fair value estimates and performs ongoing due diligence. Valuation approaches are reviewed on an ongoing basis and revised as necessary based upon changing market conditions to ensure values present a reasonable price.

For the years ended September 30, 2024 and 2023, there were no transfers in or out of Levels 1, 2 or 3.

NOTE 5 - TAX STATUS

The Plan obtained its latest determination letter on August 7, 2017, in which the IRS stated that the Plan was designed in accordance with the applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 6 - RELATED-PARTY TRANSACTIONS

Certain plan investments are managed by TIAA and CREF. TIAA and CREF is also the Plan custodian as defined by the Plan, and TIAA as an agent for TIAA FSB, a directed trustee or custodian. These transactions qualify as party-in-interest transactions. Transactions within the revenue sharing account also qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Management has completed its evaluation of potential subsequent events. This evaluation was completed through July 14, 2025, the date the financial statements were available to be issued.
