INDEPENDENT AUDITORS' REPORT

July 11, 2025

To the Participants and Plan Administrator of the
Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

1111 W. Long Lake Road, Suite 200
Troy, MI 48098
Phone: 248.952.9520 Fax: 248.952.9530

Management has obtained certifications from a qualified institution as of September 30, 2024 and 2023 and for the year ended September 30, 2024, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's

provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), as of September 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan

Notes to Financial Statements

September 30, 2024 and 2023

Note A - Description of Plan

The following description of the Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan with a 401(k) feature allowing eligible employees to make tax deferred and/or ROTH contributions to the Plan. The Plan covers all employees of Electro-Matic Ventures, Inc. (formerly known as Electro-Matic Products, Inc.) (the “Company”) and “affiliated employers” noted below who have sixty (60) days of service and are age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was established under Section 401(k) of the Internal Revenue Code. Participants are allowed to self-direct their individual investment accounts.

Effective October 1, 2014 Electro-Matic Products, Inc. became Electro-Matic Ventures, Inc. The Plan was amended to change the Plan name to the Electro-Matic Ventures, Inc. Profit Sharing & 401(k) Plan. In addition, Electro-Matic Products, Inc. (a newly formed company), Electro-Matic Visual, Inc., and Electro-Matic Integrated, Inc. were identified as “affiliated employers” as of October 1, 2014.

In March 2017, a newly formed, wholly-owned subsidiary of the Company (RAF Automation, Inc.) acquired the assets and certain liabilities of RAF Fluid Power, Inc. based in Cleveland, Ohio. Effective March 6, 2017, the Plan was amended to add the wholly-owned subsidiary as a participating employer. The employees from RAF Fluid Power, Inc. are considered employees of the wholly-owned subsidiary and are eligible to participate in the Plan. They were granted vesting rights and years of service with regard to participation in the Plan as if they had worked for the wholly-owned subsidiary during their period of employment with RAF Fluid Power, Inc.

Employer Contribution

The Company has the option to make discretionary matching and profit-sharing contributions to be determined annually by the Board of Directors. For the years ended September 30, 2024 and 2023, The Company made discretionary employer contributions and employer matching contributions of \$342,672 and \$269,350, respectively.

See independent auditors' report

Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan

Notes to Financial Statements

September 30, 2024 and 2023

Note A - Description of Plan - Continued

Effective February 28, 2023, the Plan was amended to remove the 3% nonelective safe harbor contribution and add an employer match of 50% of each \$1.00 contributed up to 5% of the employee compensation.

Participant Accounts

Unless a participant “opts out”, once they are eligible to participate in the Plan they are automatically enrolled with a 3% deferral. During participation the automatic deferral amount will increase by 1.0% of compensation up to a maximum of 10% of compensation. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations established by the Internal Revenue Service.

Each participant's account is credited with (a) the employee tax deferred and/or ROTH contribution, (b) the allocation of the Company profit-sharing contribution, if any, (c) matching contributions, if any, and (d) the participant's account earnings.

Allocations of any Company profit-sharing contribution to each participant are based on a ratio of the individual participant's compensation as defined under the Plan to the total compensation of all participants for the respective year.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts. The total employee tax deferred, ROTH and rollover contributions for the years ended September 30, 2024 and 2023 were \$1,385,663 and \$4,396,475 respectively.

Beginning in the year ended September 30, 2017, eligible participants in the Company's ESOP were entitled to diversify a portion of their Company stock holdings into other investments to be held within the Company's 401(k) Plan. In November 2021, the Company was sold and the decision was made to terminate the ESOP. The ESOP has now completed the final participant distributions. Due to the Company sale and ESOP termination, ESOP participants had the option to roll funds from their ESOP accounts to the 401(k) Plan. There were thirty-nine ESOP participants that rolled over their ESOP funds to the 401(k) for the year ended September 30, 2023. These thirty-nine rollovers completed all of the distributions from the ESOP, and the plan balance was zero for the year-ended September 30, 2023. For the year ended September 30, 2022, sixty ESOP participants opted to diversify their ESOP holdings into other investments within the 401(k) Plan.

Note A - Description of Plan - Continued

Investment Options

Upon enrollment in the Plan, a participant may direct employee and any discretionary employer contributions to any of the available investment options. Participants may change their investment selections in any combination of funds and transfer between funds on a daily basis. Participants may also change their deferral percentages online and may stop contributing to the Plan at any time.

Plan Administration

Plan administration is provided by the Company, which has delegated responsibility for the custodial function to Empower Retirement.

Vesting

All participants are immediately 100% vested in their contributions plus the actual earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

<u>Number of Years of Service</u>	<u>Percentage Vested</u>
1	20%
2	40%
3	60%
4	80%
5	100%

All of an employee's years of service with the employer are counted to determine the non-forfeitable percentage in the employee's profit-sharing and match accounts.

Distributions

Distributions from the Plan are allowed upon retirement, disability, death, attainment of age 59 ½, termination of employment in accordance with the Plan document, or hardship. A hardship withdrawal must meet IRS requirements as specified in the Plan documents.

See independent auditors' report

Notes to Financial Statements

September 30, 2024 and 2023

Note A - Description of Plan - Continued

Distributions from the Plan can be paid in one or more of the following methods:

- 1) One lump-sum payment in cash;
- 2) Payments over a certain period in monthly, quarterly, semi-annual or annual cash installments.

Loans

Loans to participants from their accounts are permitted under the Plan, but may not exceed 50% of the present value of the participant's non-forfeitable accrued benefit under the Plan or \$50,000, whichever is less. Interest is charged monthly at market rates over reasonable amortization periods as provided for under the Plan.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments

The Plan's investments in mutual funds, fixed annuities and self-directed brokerage accounts at September 30, 2024 and 2023 are stated at fair value based on quoted market prices determined by the Trustee. Investments in collective trust funds and stable value funds as of September 30, 2024 and 2023 are valued at net asset value as a practical expedient. The Plan presents the net appreciation or depreciation in the value of investments in the statement of changes in net assets available for benefits. This consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments.

Notes Receivable from Participants

Following the guidance of Financial Accounting Standards Board (FASB) ASC 962-310-45-2, participant loans as of September 30, 2024 and 2023 are identified as "Notes Receivable from Participants" on the statements of net assets available for benefits and recorded at their unpaid principal balances plus any accrued and unpaid interest.

See independent auditors' report

Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan

Notes to Financial Statements

September 30, 2024 and 2023

Note B - Summary of Significant Accounting Policies - Continued

Forfeitures

In the event that an employee terminates service prior to becoming fully vested, the employer amount contributed and not vested is applied to plan administrative expenses and future employer contributions. There were no forfeitures for the years ended September 30, 2024 and 2023.

Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Expenses

The Company pays a portion of the expenses for administration of the Plan. For the years ended September 30, 2024 and 2023, the Plan incurred \$71,179 and \$52,915, respectively, in administrative expenses consisting of participant, loan set-up and maintenance fees. Forfeitures, where relevant, are used for Plan expenses.

Risks and Uncertainties

The Plan provides for various investment options in any combination of equity securities, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

See independent auditors' report

Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan

Notes to Financial Statements

September 30, 2024 and 2023

Note C - Termination of the Plan

The Employer has the right at any time to terminate the Plan in whole or in part. In the event the Employer discontinues the Plan, the net assets of the Plan will be allocated among the participants and beneficiaries of the Plan in accordance with the terms set forth in the Plan agreement. In the event of Plan termination, participants will become 100% vested in their accounts.

Note D - Audit Procedures Regarding Investments

Under Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans*, the Plan qualifies for a Department of Labor (DOL) ERISA Section 103(a)(3)(C) audit for the years ended September 30, 2024 and 2023. Under this standard, certain investments held and certified by a qualified institution can be excluded from audit. As a result of these qualifications, audit procedures in relation to investments certified by the Custodian are significantly reduced as compared to a full-scope audit.

Note E - Parties-in-Interest Transactions

As it applies to the Plan, a party-in-interest is defined under IRC Sec. 4975(e)(2) as follows:

- a.) A fiduciary (including, but not limited to, any administrator, officer, trustee or custodian), counsel, or employee of the Plan.
- b.) A person providing services to the Plan
- c.) An employer, any of whose employees are covered by the Plan
- d.) An employee organization, any of whose members are covered by the Plan
- e.) An owner, direct or indirect, of 50% or more of the combined voting power or the total value of all shares of a corporation that is an employer or employee organization whose employees/members are covered by the Plan
- f.) A relative of any of the individuals listed in a, b, c or e

During the years ended September 30, 2024 and 2023, the Plan engaged in various transactions with parties-in-interest. The Company (as the “plan sponsor”), the participants, Capital Asset Advisory Services, LLC (the “ERISA Fiduciary”), Pentegra Services, Inc (the “Third Party Administrator”), Great-West Trust Company, LLC (the “Trustee”), Empower Retirement (the “Custodian”), ADP, Inc (the “Payroll Provider”), Puckett, Clement and Schellenberg, P.C. (the “Auditors”), and Ogletree Deakins (the “Attorneys”) have all been identified as parties-in-interest. Transactions by the Plan with the above parties represent party-in-interest transactions but are not prohibited transactions.

Note F - Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's legal and tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note G - Information Certified by Plan Trustee (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator has elected to utilize the certification of certain financial information by Empower Retirement in compliance with the audit requirements of the Act. All investment and investment income information included below was derived from data certified by the Trustee.

The following information has been certified by the Trustee as complete and accurate:

Due to the nature of the Plan's investments, significant fluctuations in the stock market, interest rates, etc. can impact the value of the Plan's assets.

Note I - Fair Value Measurements

The Plan's investments in mutual funds, fixed annuities and self-directed brokerage accounts are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments in collective trust funds and stable value funds are valued at net asset value as a practice expedient and are not part of the fair value hierarchy.

	\$ 25,912,489	\$ 25,912,489	\$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

See independent auditors' report

Electro-Matic Ventures, Inc. Profit-Sharing & 401(k) Plan

Notes to Financial Statements

September 30, 2024 and 2023

Note I - Fair Value Measurements - Continued

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When, available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The fair value of cash, common stock and mutual funds are based on quoted values of the shares held by the Plan at year-end and are considered Level 1 inputs by the Plan.

Options are also considered Level 1 inputs and have been valued based on being readily tradable with fair market values.

The fair value of fixed annuities is based on calculated contract value and are considered Level 2 inputs by the Plan.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended September 30, 2024 and 2023 are reported in net appreciation (depreciation) in fair market value of investments.

Note J - Plan Operational Errors

The Company was sold on November 4, 2021. Company management decided to end the 3% safe harbor contribution effective March 31, 2022. In preparation for that election, the Company sent the required notices to the Plan participants and requested that the TPA prepare the necessary amendment to end the 3% safe harbor contribution on that date. The Company stopped making a 3% safe harbor contribution to the Plan after March 31, 2022. In June 2022, the Plan was restated, but the 3% safe harbor contribution provision was not removed. In approximately August 2022, Plan management discovered that the TPA never prepared or filed the amendment requested to stop the 3% safe harbor contribution after March 31, 2022. They also discovered that the Plan restatement that was prepared in June 2022 still contained provisions for making the 3% safe harbor contribution.

Note J - Plan Operational Errors - Continued

Due to the issues noted, management believes there was a brief period of time from April 1, 2022 through December 19, 2022 whereby the Plan was not operating in accordance with the terms of the Plan that were current at the time.

In May 2023, the Plan applied for the Voluntary Correction Program to correct the operational errors described and is requesting a retroactive amendment be granted which would end the 3% safe harbor contribution effective March 31, 2022 as originally intended. If the correction is approved, no further 3% safe harbor contributions would be due to the Plan. If the correction is not approved, the Company could owe additional 3% safe harbor contributions to the Plan beyond March 31, 2022. Due to the uncertainty of whether the VCP filing will be accepted, no additional receivables have been recorded in the Plan as of September 30, 2024 and 2023.

Note K - Subsequent Events

The Plan's management has evaluated subsequent events through July 11, 2025, the date the financial statements were available for issue.
