REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

WillScot Holdings Corporation Retirement Plan Committee and Plan Participants
WillScot 401(k) Plan

Opinion

We have audited the financial statements of the WillScot 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the basic financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WillScot 401(k) Plan

Notes to the Financial Statements

NOTE 1 - Description of Plan

General

The WillScot 401(k) Plan (the "Plan") is a defined contribution plan sponsored by Williams Scotsman, Inc. (the "Company" or the "Plan Sponsor"). WillScot Holdings Corporation is the ultimate parent of the Plan Sponsor. The Plan covers substantially all employees of the Company who meet certain employment requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the Plan Administrator. The WillScot Holdings Corporation Retirement Plan Committee (the "Committee") determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company.

On November 18, 2024, the Plan was amended to change its name from the WillScot Mobile Mini 401(k) Plan to the WillScot 401(k) Plan.

The following is a brief description of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Contributions

Each year, participants may contribute to the Plan up to 90% of eligible compensation and up to 100% of the participants' performance bonuses as pre-tax and/or Roth contributions, as described in the Plan document and subject to Internal Revenue Code (the "IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants are not permitted to make after-tax contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. In the absence of direction from the participant, the account is invested in an age-appropriate target date fund.

All eligible employees, as defined in the Plan, may begin contributing to the Plan after one month of employment. All newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation following an election period during which the employee may either opt out of the Plan or choose a salary deferral percentage in the manner prescribed by the Plan Administrator. Unless the participant elects otherwise, participants who are automatically enrolled in the Plan have their deferral rate automatically increase by 1% each year to a maximum rate of 6%.

The Company makes a matching contribution equal to 100% of the first 3% of employees' contributions and 50% of the next 3% of participants' contributions. The matching Company contribution can be invested into various investment options offered by the Plan at participant's discretion. The Company may also make a non-elective contribution, which is allocated to each eligible participant in the same ratio that each eligible participant's compensation for the Plan year bears to the total compensation of all eligible participants for the Plan year. During the year ended December 31, 2024, the Company did not make a non-elective contribution to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of plan administrative expenses. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their rollover contributions, after-tax contributions, qualified non-elective contributions, deferral contributions, and any earnings thereon. Generally, participants become fully vested with respect to employer contributions upon completion of two years of service as defined in the Plan document.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts were \$485,040 and \$567,135, respectively. Forfeitures are retained in the Plan and are first used to pay administrative expenses. Remaining amounts reduce future employer contributions. In 2024, \$1,526,359 was used to offset Company contributions and \$90,106 was used to offset Plan expenses. Subsequent to December 31, 2024, the Company used \$462,171 in forfeitures to reduce the employer 2024 true-up contribution due to the Plan as of December 31, 2024, the plan year end.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance less the highest outstanding loan balance during the prior twelve-month period. Each participant is only allowed to apply for one loan each year and have only one loan outstanding at any given time. The loans are secured by the balance in the participant's account. Loan terms range from five years up to 10 years for the

purchase of a principal residence. All loans bear a reasonable rate of interest as determined by the Plan Administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid through payroll deductions.

Other Receivables

Other receivables consist of unsettled participant transactions which occurred on the last day of the plan year.

Benefit Payments

Participants or their beneficiaries are eligible for distributions upon termination, retirement, disability, or death. Participants have the right to designate the method of payment of retirement benefits within the limitations specified in the Plan. Participants are also eligible for certain types of in-service withdrawals specified in the Plan. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Plan Termination

The Company reserves the right to terminate the Plan at any time by taking appropriate action as circumstances may dictate. In the event of Plan termination, each participant will become 100% vested in their accounts. The Plan Administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with plan provisions until all assets have been distributed.

Administrative Expenses

Administrative expenses consist of but are not limited to recordkeeping, accounting, legal and trustee services. General plan administrative expenses are paid from participant accounts. Participants are responsible for a loan setup fee of \$75 and an annual loan maintenance fee of \$25.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisory and the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded in the period that the Company makes payroll deductions from eligible Plan participants. Employer contributions are recognized in the period in which they become obligations of the Company.

Payment of Benefits

Benefits and withdrawals are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

NOTE 3 - Investments

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

- *Mutual funds and money market funds*: Valued at the daily closing price as reporting by the fund. Mutual funds and money market funds held by the Plan are open-end funds registered with the US Securities Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.
- *Common stock*: Valued at the closing price reported on the active market on which the individual securities are traded.
- *Commingled pooled accounts/Collective investments trusts*: Valued at NAV of the underlying investments by the issuer of the funds based on the fund managers' estimate of the individual closing price of the funds on the last day of the Plan year as quoted by the applicable fund issuer. The collective trust funds' estimated value is NAV, exclusive of the adjustment to contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, which the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total

Commingled pool accounts				5,387,559
Collective investment trusts				432,467
Total assets measured at fair value				<u>\$ 239,532,369</u>

(a) In accordance with Subtopic 820-10 of ASC 820, Fair Value Measurement, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan is invested in the Great Gray Trust Stable Value Fund ("Great Gray Fund") as of December 31, 2024. The Great Gray Stable Value Fund is a collective investment trust that seeks to preserve principal and achieve high current income through a diversified portfolio of high-quality investment contracts. The Plan was invested in the Fidelity Managed Income Portfolio (the "Portfolio") and the Morley Stable Value Fund (the "MSV Fund") as of December 31, 2023. The Portfolio is a commingled pool dedicated exclusively to the management of the assets of employee benefit plans, with the primary objective to seek the preservation of capital while providing income over time that is consistent with the preservation of capital. The MSV Fund is a collective investment trust that seeks to provide preservation of capital, stable returns and a low risk profile.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

Investment	2024	2023	Unfunded Commitment	Redemption frequency (if currently eligible)	Redemption Notice Period
Stable Value Fund Class R1 ^(a)	\$ 5,657,154	\$ —	None	Daily	None
Fidelity Managed Income Portfolio Class 2 ^(b)	\$ —	\$ 5,387,559	None	Daily	None
Morley Stable Value Fund ^(c)	\$ —	\$ 432,467	None	Daily	None

(a) The Great Gray Trust Stable Value Fund Class R1 seeks to achieve its objective by investing in the Putnam Stable Value Fund which consists of a variety of high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies.

(b) To achieve its investment objective, the Portfolio invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into "wrap" contracts issued by third-parties, and invests in cash equivalents represented by shares in money market funds.

(c) The MSV seeks to achieve its objective by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers into or out of Level 3 during 2024 or 2023.

NOTE 4 - Parties in Interest and Related Party Transactions

The Plan holds investments in common stock of WillScot Holdings Corporation, the ultimate parent of the Plan Sponsor, and in funds managed by affiliates of Fidelity Management Trust Company ("Fidelity"), the custodial trustee of the Plan. Income on investments in Fidelity funds are at the same rates as non-affiliated holders of these securities and, as such, these transactions qualify as exempt party-in-interest.

NOTE 5 - Income Tax Status

The Plan was designed using a pre-approved plan document which received an opinion letter from the IRS dated June 30, 2020, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS and state jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 6 - Subsequent Events

The Plan Sponsor evaluated the accompanying financial statements for subsequent events and transactions and has determined that no material subsequent events have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.
