INDEPENDENT AUDITORS' REPORT

To the WSUPG Retirement Plan Fiduciary Committee
University Physician Group 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of University Physician Group 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of University Physician Group 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University Physician Group 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section (a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University Physician Group 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University Physician Group 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University Physician Group 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter

As noted in Note 8 to the financial statements, the plan's sponsor has identified certain operational errors with respect to the plan and is currently working on self-correcting the errors.

403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

1. PLAN DESCRIPTION

The following description of the University Physician Group 403(b) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution profit sharing plan covering substantially all eligible employees of the University Physician Group (UPG), as defined. An employee is eligible for the Plan on the first day of employment, provided the employee is not excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2021, the Plan was amended as a Qualified Automatic Contribution Arrangement (QACA) Plan with automatic deferral percentage beginning at three percent and increasing to six percent at year four.

(b) Contributions

Each year, participants may contribute a percentage of their pre-tax or after-tax (Roth) compensation up to a maximum of \$22,500 for employees under age 50 and \$30,000 for employees age 50 and above. Participants may elect to defer up to 100% of their compensation each payroll period. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). All contributions are subject to certain limitations.

Effective January 1, 2016, UPG implemented a matching contribution in an amount equal to 100% of the participant's elective deferrals that do not exceed 3% of compensation, plus 67% of elective deferrals that exceed 3% but do not exceed 6% of compensation.

Effective January 22, 2021, UPG will not make any additional matching contributions to its safe harbor plan.

(c) Participant accounts

Each participant's account is credited with the participant's contributions and UPG's matching contributions, receives an allocation of investment earnings and is charged with an allocation of administrative expenses. Allocations are based on participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants with an employment commencement date prior to January 1, 2020 are 100% vested in their contributions, rollovers and employer matching contributions plus actual earnings thereon. Participants with employment commencement dates on or after January 1, 2020 are subject to a two-year cliff vesting schedule for the QACA Safe Harbor Contributions unless the participant incurs a severance from employment as a result of death or disability.

403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION (continued)

(e) Investment options

Upon enrollment in the Plan, a participant may direct their account balance in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

(f) Payment of benefits

On termination of service, death, disability or retirement, a participant or beneficiary may elect a distribution by payment of a lump sum or by distribution of an annuity contract that the vendor provides or purchases with the participant's vested account balances. The Plan also allows for in-service distributions, including distributions due to financial hardship, subject to the satisfaction of certain criteria as defined in the plan document. Benefits are recorded when paid.

(g) Forfeited accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$301,381 and \$191,268, respectively. The plan allows these accounts to be used as additional discretionary non-elective contributions, to reduce plan expenses or to reduce future employer matching contributions.

(h) Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. Subsequent to December 31, 2023, the Plan distributed \$60,004 of excess contributions to the applicable participants.

(i) Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the sponsor. Expenses that are paid by the sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

UNIVERSITY PHYSICIAN GROUP
403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Wayne State University Physicians Group (WSUPG) Retirement Plan Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Subsequent events

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through July 1, 2025, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY PLAN CUSTODIAN

The Plan's management elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Custodian of the Plan, has certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and the supplemental Schedule H, Line 4i – Schedule of assets (held at end of year), as of December 31, 2023; and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

UNIVERSITY PHYSICIAN GROUP
403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

4. FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Shares of registered investment companies: Valued at the daily closing price as reported on the active market on which the individual securities are traded.

Interest bearing cash: Valued at cost, which approximates fair value.

Self-directed brokerage account: Valued at the daily closing price as reported on the active market on which the individual securities/common stock are held. Interest bearing cash is valued at cost, which approximates fair value

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total

4. FAIR VALUE MEASUREMENTS (continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers between levels.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan participates in the New York Life Guaranteed Income Fund (GIF), which by definition is considered to be a guaranteed investment contract. The contract is an insurance company issued general account guaranteed interest contract. There are no specific securities in the general account that back the investments in this account and interest is earned bi-annually. All transactions are at contract value. In certain instances, when total distributions or transfers in the GIF within a twelve-month period exceed pre-determined thresholds, transactions in the GIF may face certain restrictions and market adjustments, in accordance with contract terms. This could potentially result in the GIF not being fully benefit-responsive in certain instances. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract values as reported to the Plan by Fidelity, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments and shares of registered investment companies are managed by Fidelity, the custodian, and therefore these transactions qualify as party-in-interest. Fees paid to Fidelity totaled \$94,726 for the plan year ended December 31, 2023. Certain administrative expenses are being paid by UPG. Certain employees of UPG are performing services for the Plan and are not compensated by the Plan.

7. PLAN TERMINATION

The sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in all of their accounts.

8. INCOME TAX STATUS AND UNCERTAIN TAX POSITIONS

The plan has been designed to qualify under Section 403(b) of the Internal Revenue Code. The terms of the plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

8. INCOME TAX STATUS AND UNCERTAIN TAX POSITIONS (continued)

The Plan's sponsor has identified certain operational errors with respect to the plan, including participant deferral elections, employee deferral remittances, participant eligibility records and employer match contributions. The Plan is currently working on self-correcting the errors. The plan administrator expects that the outcome of the error corrections will not have a material effect on the Plan's financial statements.

The Plan administrator is aware that the required Form 5500 for the plan year ended December 31, 2023 was not timely filed with the Department of Labor (DOL) and Internal Revenue Service (IRS). Failure to file the Form 5500 can result in significant penalties from both the IRS and DOL. The Plan administrator, with counsel, is currently working to file the delinquent Form 5500.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. PROHIBITED TRANSACTIONS

During the plan year, the plan sponsor failed to remit to the Plan's trustee certain employee contributions totaling \$3,363,926 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the plan sponsor will make contributions to the affected participants' accounts to compensate those participants an aggregate of approximately \$1,900 for potential lost income due to the delays. Subsequent to December 31, 2023, the sponsor contributed approximately \$7,243 to compensate participants for 2023 and 2022 plan years lost revenue.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:
