REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Copeland Employee Savings Investment Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Copeland Employee Savings Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the period from October 1, 2024 through December 31, 2024 for the year ended September 30, 2024, and for the period from inception, June 1, 2023 through September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, September 30, 2024 and 2023, and for the period from October 1, 2024 through December 31, 2024, for the year ended September 30, 2024, and for the period from June 1, 2023 through September 30, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024, September 30, 2024 and 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Copeland Employee Savings Investment Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Copeland Employee Savings Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the period from October 1, 2024 through December 31, 2024 for the year ended September 30, 2024, and for the period from inception, June 1, 2023 through September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, September 30, 2024 and 2023, and for the period from October 1, 2024 through December 31, 2024, for the year ended September 30, 2024, and for the period from June 1, 2023 through September 30, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024, September 30, 2024 and 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Copeland Employee Savings Investment Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024, September 30, 2024, and September 30, 2023

NOTE A - DESCRIPTION OF PLAN

The following description of the Copeland Employee Savings Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document, which is available from the plan administrator, for a more complete description of the Plan’s provisions.

General and Creation of the Plan

In connection to the former plan sponsor Emerson Electric Co.’s divestiture of Climate Technologies, the Plan was created June 1, 2023. Applicable and eligible participant balances from the Emerson Electric Co. Employee Savings Investment Plan, Emerson Electric Co. Retirement Savings Plan, and Emerson Profit Sharing Retirement Plan were transferred into the Plan on or around June 16, 2023.

The Plan is a defined contribution plan covering substantially all employees of Copeland, LP (the “Company” or “Plan Sponsor”). Vanguard Fiduciary Trust Company (“Trustee”) is the trustee, recordkeeper and third-party administrator of the Plan.

The Plan was established effective June 1, 2023, in accordance with the provisions of Section 401(a) of the Internal Revenue Code (the “Code”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

In accordance with the Plan documents, the Plan’s year end is September 30th, therefore the statements of net assets available for benefits are as of September 30, 2024 and 2023, and the statements of changes in net assets available for benefits for the year ended September 30, 2024 and the period from inception, June 1, 2023 through September 30, 2023. Effective January 1, 2025 the Plan was amended to update the year end to a calendar year. Accordingly, the financial statements also include a short plan year as of December 31, 2024 and the related statement of changes in net assets available for benefits for the period from October 1, 2024 through December 31, 2024.

Eligibility

All employees of the Company who are not a leased employee or a nonresident alien, are immediately eligible to participate in the Plan through deferred contributions.

Contributions

Eligible participants may generally elect to have up to 40% of compensation, while highly compensated employees may be subject to further limits. Contributions may be made on a pre-tax, after-tax, or Roth basis, as elected by the participant and subject to certain ERISA and Plan limitations. All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the calendar year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of the Code.

All Participants on June 1, 2023, will be enrolled at 6% unless there was a prior deferral agreement in place of 1% or more under the Emerson Electric Co. Employee Savings Investment Plan or the Emerson Electric Co. Retirement Savings Plan, in which case, such arrangement will continue under this Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation.

Eligible participants may receive Company matching contributions equal to a percentage of a portion of each participant’s contribution. For eligible salaried employees, the matching contribution is 75% of the amount contributed by each employee but no match will be made on deferred amounts exceeding 5% of

Copeland Employee Savings Investment Plan

the employee's compensation. For eligible non-union hourly employees, the matching contribution is 50% of the amount contributed by each employee but no match will be made on deferred amounts exceeding 5% of the employee's compensation. Hourly employees under the Copeland Scroll Compressors LP Union are not eligible for matching contributions.

Additionally, certain participants are eligible to receive a nonelective Company contribution in accordance with Plan Documents. For eligible salaried employees, the nonelective Company contribution is an additional 2.5% of eligible compensation, paid out quarterly. For eligible hourly non-union employees, the nonelective Company contribution is an additional 2.5% of eligible compensation, paid out quarterly.

Lastly, certain participants who were formally part of the Emerson Electric Co. Employee Savings Investment Plan, Emerson Electric Co. Retirement Savings Plan, and Emerson Profit Sharing Retirement Plan, are eligible to receive transitional credits for the period beginning June 1, 2023 and ending May 31, 2029, in accordance with Plan Documents.

Rollover Contributions

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Asset Transfers

As noted above, applicable and eligible participant balances from the Emerson Electric Co. Employee Savings Investment Plan, Emerson Electric Co. Retirement Savings Plan, and Emerson Profit Sharing Retirement Plan were transferred into the Plan, in total approximately \$438,800,000, as shown in the statement of net assets available for benefits for the period ended September 30, 2023.

Investment Options

Participants may select one or more predetermined investment options for the investing of contributions and allocated earnings. Contributions are deposited directly into the participant-elected investment vehicles. Participant investment balances in the Emerson Common Stock was transferred to the Plan, however it will be closed to new contributions and exchanges into the Plan. Effective January 10, 2024 any participants with remaining Emerson Stock investment balances were sold and the proceeds were transferred to the Vanguard age-targeted investment options, as applicable.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant compensation or account balance as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and any related dividends, earnings and losses are always 100% vested. Company matching contributions, and any related dividends, earnings or losses generally vest at the rate of 20% per year of service for the first 5 years for most employees. Thereafter, any matching contributions are fully vested. The nonelective Company contributions and transitional credits cliff vest after 3 years. All amounts fully vest upon attaining retirement age (age 55), or due to death, total and permanent disability, or termination of the Plan.

Copeland Employee Savings Investment Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024, September 30, 2024, and September 30, 2023

Benefits and Withdrawals

Upon a participant's retirement after age 55, death, disability or other termination of employment with the Company, the entire vested balance in the participant's account is available for distribution. Each participant's distribution under the Plan is payable as a lump sum, installments or other forms of payment retained from prior plans. Partial distributions (up to one per month) are permitted with a minimum amount of \$100. Distribution of vested account balances of at least \$5,000 may be deferred by separated employees until age 72 or 73, dependent on the date in which a participant reaches such age as is more fully described in the Setting Every Community Up for Retirement Enhancement ("SECURE") 2.0 Act of 2022, at which time required minimum distributions under ERISA must begin.

Participants who are actively employed by the Company may withdraw all or a portion of their after-tax contributions, vested matching contributions that have been in the Plan at least two years, and amounts transferred or rolled-over from another plan qualified under Section 401 of the Code. If a participant is at least age 59½, all contributions in the Plan can be withdrawn.

Actively employed participants may request, subject to approval, a withdrawal of all or a portion of their pre-tax contributions subject to demonstration of substantial financial hardship.

Notes Receivable from Participants

Participants are allowed to borrow against their Plan account. The maximum allowable borrowing for each participant is 50% of the vested portion of the participant's account up to a maximum of \$50,000. Repayment terms may not exceed five years for a general purpose note or 10 years for a principal residence note. Principal and interest is paid ratably through periodic payroll deductions. A participant can have no more than one loan outstanding at a time. The interest rates on the notes were fixed equal to the Prime Rate, published by Reuters, plus 1% at the date of note origination.

Forfeited Accounts

Unvested Company contributions forfeited by terminated employees may be allocated to reduce future Company contributions or pay Plan expenses. As of December 31, 2024, forfeited non-vested accounts totaled approximately \$395,000. During the period ended December 31, 2024, no forfeitures were used to reduce Company contributions or pay Plan expenses. As of September 30, 2024, forfeited non-vested accounts totaled approximately \$117,000. During the year ended September 30, 2024, approximately \$432,000 of forfeitures were used to reduce Company contributions and none were used to pay Plan expenses. As of September 30, 2023, forfeited non-vested accounts totaled approximately \$23,000. During the period ended September 30, 2023, no forfeitures were used to reduce Company contributions or pay Plan expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Copeland Employee Savings Investment Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024, September 30, 2024, and September 30, 2023

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments and therefore, reported in net appreciation in fair value of investments on the accompanying Statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties

Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain management, legal, and administrative expenses of the Plan, including management fees incurred in administering the Plan, are paid by the Company. Administrative expenses are charged to participants that elect to obtain a loan from the Plan and are included in administrative expenses, unless paid by the Plan. Expenses are deducted from the participant's account balance at the loan date.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments and notes receivable from participants, as reflected in the statements of net assets available for benefits as of December 31, 2024, September 30, 2024, and September 30, 2023.

December 31, 2024, September 30, 2024, and September 30, 2023

- Investment income and interest income on notes receivable from participants, as reflected in the statements of changes in net assets available for benefits for the period ended December 31, 2024, for the year ended September 30, 2024, and for the period ended September 30, 2023.
- Investments and notes receivable from participants, as reflected in the supplemental schedule, Schedule H, line 4 (i) - schedule of assets (held at end of year) as of December 31, 2024, September 30, 2024, and September 30, 2023.

NOTE D - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain investments of the Plan are shares of funds managed by Vanguard or an affiliate thereof. Vanguard is the Plan's Trustee; therefore, these transactions qualify as party-in-interest transactions. In addition, administrative expenses paid by the Plan and participant loans qualify as party-in-interest transactions. Fees have been paid to Vanguard by the plan for recordkeeping and investment management services. Additionally, as the former plan sponsor is Emerson Electric Co., the Emerson Common Stock represents as party-in-interest transactions.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Plan is a non-standardized pre-approved defined contribution plan (Pre-Approved Plan) sponsored by The Vanguard Group and adopted by the Company. The Pre-Approved Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, September 30, 2024 and September 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024, September 30, 2024, and September 30, 2023

Level 2 - Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds and Common stock

Valued at quoted market prices, of shares held by the Plan at yearend.

Collective trust funds

Valued at net asset value ("NAV") per unit is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV, as provided by the Trustee, is used as practical expedient to estimate fair value. The redemption notice period could be up to 12 months when the entire trust is redeemed. The collective trusts have a daily redemption frequency for participant-directed transactions.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
