## INDEPENDENT AUDITORS' REPORT

To the Board of Trustees  
GSC-ILA Welfare Plan  
Moss Point, Mississippi

### Opinion

We have audited the accompanying financial statements of GSC-ILA Welfare Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of GSC-ILA Welfare Plan as of September 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GSC-ILA Welfare Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GSC-ILA Welfare Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GSC-ILA Welfare Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GSC-ILA Welfare Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**GSC-ILA WELFARE PLAN  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2024 AND 2023**

**NOTE 1 – PLAN DESCRIPTION**

The following brief description of the GSC-ILA Welfare Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan and associated documentation for a more complete description of the Plan's provisions and amendments.

General

The Plan provides health and other benefits to eligible employees covered by a collective bargaining agreement between Local 1303 International Longshoremen's Association and certain employees in the longshoremen's industry in Gulfport, Mississippi. The Plan and related Trust were established under the Welfare Plan and Trust Agreement dated April 1, 1958. The Plan is generally known as the GSC-ILA Welfare Plan and is subject to the provisions of the employee Retirement Income Security Act of 1974 (ERISA) as amended.

Welfare Benefits

The Welfare Plan provides benefits to eligible actively employed through the Management–International Longshoremen's Association (MILA) Managed Health Care Trust Fund and retired employees of an employer participating in the Plan working in the Deep-Sea and related crafts as longshoremen. An agreement to the Welfare Plan and Trust executed on September 1, 1980 excludes the following people from the definition of eligible participants.

1. Vested terminated pensioners who begin receiving their pension at the age 65 or thereafter and whose pension effective date is October 1, 1980 or thereafter and their eligible dependents; and
2. The widows of those described above, who subsequently begin receiving a pension following the death of their spouse and their eligible dependents.

Active employee participants are entitled to coverage based upon credit for hours worked. Employees who worked 700 hours during the prior year were eligible for benefits in the 2023-2024 Plan year. Contributions made on their behalf shall be paid to MILA to provide for the participation of eligible active employees in the MILA Plan.

The Plan provides health benefits (medical, hospital, surgical, major medical, and dental) and life insurance coverage to actively employed and retired employees of an employer by the Plan working in the Deep-Sea Longshore and related crafts.

Termination of the Plan

Although it has not expressed any intention to do so, the Plan's Board of Trustees, as sponsor, has the right under the Plan to modify the benefits provided to, and contributions required of, participants or to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets, after payment of liabilities, will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants, including the transfer of said assets to another Plan established for the same general purpose. No assets of the Plan may revert to a contributing employer or be used for purposes other than for the exclusive benefit of the Plan's participants.

**GSC-ILA WELFARE PLAN  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2024 AND 2023**

**NOTE 1 – PLAN DESCRIPTION (CONTINUED)**

Employers' contributions

The contributions paid into the Plan by the employers are based on hourly rates for covered employment as described in the Plan. Covered employment is divided into classes of labor, and the associated hourly rates for the years ended September 30, 2024 and 2023 are as follows:

	2024	2023
Regular	\$ 2.2500	\$ 1.9500
Automated Cargo - Fruit	8.2500	7.9500
Automated Cargo - Other	8.2500	7.9500
Container Inspectors	2.2500	7.9500

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of accounting*

The accompanying financial statements of the Plan are prepared in accordance with U.S. generally accepted accounting principles.

*Use of estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

*Allowance for doubtful accounts*

The Plan's receivables consist primarily of employers' contributions which are normally collected within thirty days of invoicing. When a receivables' collectability is impaired, the Plan reserves the receivable until payment is received or charged-off. Historically, charges to the allowance account have only been the result of bankruptcy on the employer's part. The Board of Trustees believes that all receivables are collectible; thus, there is no allowance for doubtful accounts recorded at September 30, 2024 and 2023.

*Administrative expenses*

Certain expense incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

**GSC-ILA WELFARE PLAN  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2024 AND 2023**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*Plan benefits obligations*

Plan obligations at September 30 for health claims incurred by active participants but not reported at that date, for accumulated eligibility of participants, at September 30 are estimated by the Plan's actuary in accordance with accepted actuarial principles. Such amounts are reported in accompanying statement of the Plan's benefits obligations at present value, based on a 6.50% rate for September 30, 2024 and 2023, respectively. Health claims incurred by retired participants but not reported at year end are included in the postretirement benefit obligation.

*Post retirement benefit obligations*

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered to September 30. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actual present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims- cost data to estimate future annual incurred claims cost per participant and adjust such estimates for the time value of money ( through discounts for interest) and the probability of payment ( by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

For measurement purposes, the annual rate of increase in the per capita cost of covered healthcare benefits was assumed to be 8.00% for the year ended September 30, 2025, 7.50% in 2026, 7.00% in 2027, and 6.50% in 2028. The rate was assumed to decrease by 0.50% for each year to an ultimate rate of 5% in the year September 30, 2031 and to remain at that level thereafter. These assumptions are consistent with those used to measure the benefit obligation at September 30, 2024.

The following were other significant assumptions used in the valuation as of September 30, 2024 and 2023:

Discount Rate	6.50%
Administrative Cost	5% per year increase
Marriage Rate	80% of group assumed to be married with wife 3 years younger
Mortality	Pri-2012 Blue Collar Table

The forgoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

It should be noted that the trust instrument limits the obligations of the Plan to the assets available.

*Subsequent Events*

The Plan has subsequent events through July 10, 2025, the date the financial statements were available to be issued.

**GSC-ILA WELFARE PLAN  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2024 AND 2023**

**NOTE 3 – TAX STATUS**

The Internal Revenue Service issued a determination letter dated September 10, 2015, that the Trust established to hold assets of is designed as a tax-exempt under Section 501(c)(9) of the Internal revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan administrator and Plan council believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not sustain upon examination by the Internal Revenue Service. The Board of Trustees and the Administrative Manager have analyzed the tax positions taken by the Plan, and they have determined that the Plan had no uncertain tax positions requiring financial statement recognition or disclosures for the years ended September 30, 2024 and 2023. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations of years prior to September 30, 2021.

**NOTE 4 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS**

The Plan is affiliated with the GSC-ILA Pension Plan and Vacation Plan and the GSA-ILA Container Royalty Plan. All Plans are administered by the same Administrative Manager, and the Boards of Trustees have common trustees. The members of the Board represented all employers contributing to the Plan during the years ended September 30, 2024 and 2023.

During the year ended September 30, 2024 and 2023, the Plan received transfers of unallocated contributions from the GSC-ILA Pension Plan in the amount of \$348,840 and \$1,160,000, respectively. The Plan also received third dollar allocations from the GSA-ILA Container Royalty Plan of \$640,543 for the year ended September 30, 2024 of which \$340,543 was still receivable at September 30, 2024. Additionally, the Plan owed the GSC-ILA Pension Plan \$411,407 at September 30, 2024, and had balances due from the GSC-ILA Vacation Plan of \$8,900 and GSC-ILA Pension Plan of \$1,177,407, respectively, at September 30, 2023 for various advances made throughout the year.

**NOTE 5 – CHANGE IN PRESENTATION OF COMPARATIVE STATEMENTS**

Prior year financial information may be presented in a manner that conforms with current year presentation but that is different from presentation in prior year financial statements. These presentation changes have no effect on the results of changes in net assets available for benefits.
