## Independent Auditors' Report

Board of Trustees  
District Council No. 3 Painters and  
Allied Trades Welfare Fund  
Kansas City, Missouri

### *Opinion*

We have audited the financial statements of District Council No. 3 Painters and Allied Trades Welfare Fund, which comprise the statements of net assets available for benefits and of benefit obligations as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of District Council No. 3 Painters and Allied Trades Welfare Fund as of September 30, 2024 and 2023, and the changes in net assets available for benefits and changes in benefit obligations for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### *Basis For Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of District Council No. 3 Painters and Allied Trades Welfare Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities Of Management For The Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about District Council No. 3 Painters and Allied Trades Welfare Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities For The Audit Of The Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of District Council No. 3 Painters and Allied Trades Welfare Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about District Council No. 3 Painters and Allied Trades Welfare Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Supplemental Schedules Required By ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of September 30, 2024 and reportable transactions for the year ended September 30, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

Board of Trustees  
District Council No. 3 Painters and  
Allied Trades Welfare Fund

---

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS September 30, 2024 And 2023

### 1. Description Of The Plan

#### General

The following description of the District Council No. 3 Painters and Allied Trades Welfare Fund (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan provides health and welfare benefits for participating members of District Council No. 3. It is subject to provisions of the Employee Retirement Security Act (ERISA).

The Plan covers participants who work 480 hours of covered employment in a 12 consecutive month period. Thereafter, participants will remain eligible as long as 120 hours are credited in a work month.

Participants are initially eligible for benefits on the first day of the second calendar month which follows the accumulation of the required amount of hours of contributions, which have been credited to the participant's account.

Retirees, if eligible, can elect to participate in the Plan by making monthly self-payments at amounts determined by the Trustees.

#### Contributions

Employers of participants contribute to the Plan for each hour worked by the participants in covered employment and at rates negotiated through collective bargaining agreements. Effective April 20, 2022, the contribution rate was raised to \$7.77 for each hour worked. Effective April 1, 2023, the contribution rate was raised to \$7.97 for each hour worked.

#### Benefits

The Plan provides health benefits (hospital, surgical, major medical, prescription drugs, dental, and vision), accidental death and dismemberment, and disability to members and their dependents who meet the Plan's qualifications through a plan of self-insurance. In an effort to limit its exposure for self-insured benefits, the Plan has entered into a stop-loss insurance arrangement (individual participant claims over a specific dollar amount).

Notes To Financial Statements (*Continued*)

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

**Loss Of Grandfathered Status**

The Plan's Board of Trustees voted to remove the Plan from grandfathered status effective for claims incurred on or after June 1, 2019 allowing the Plan to comply with the Affordable Care Act (ACA).

**2. Summary Of Accounting Policies**

**Basis Of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting, except for claims and benefits payments, which are recorded when paid.

**Estimates And Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

**Contributions Receivable And Credit Loss Policy**

As of October 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments - Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's employer contributions receivable and other receivables. The adoption did not have a material impact on these financial statements.

The Plan has concluded that no allowance for current expected credit losses was necessary at September 30, 2024 and no allowance for doubtful accounts was necessary at September 30, 2023.

Notes To Financial Statements (*Continued*)

**Cash And Cash Equivalents**

The Plan considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The Plan also considers other investments with an original maturity of more than three months to be cash equivalents, provided such investments are highly liquid and can be redeemed for cash at the Plan's option without material impairment in value.

**Refunds And Rebates**

Prescription refunds due from the Plan's PBM are recorded when earned. Refunds due at year-end are recorded as a receivable on the statement of net assets available for benefits, with the offset being recorded as rebate income on the statement of changes in net assets available for benefits.

**Investment Valuation And Income Recognition**

The Plan's investments are reported at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year, and includes any realized gains and losses in shares that were bought and sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

**Postretirement Benefit Obligations**

The postretirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to services rendered to September 30 of the respective year. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated participants and their beneficiaries and dependents and (2) eligible active participants and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active employee's full eligibility date (i.e., eligible retirement date), the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to the employee's service rendered to the valuation date.

**DISTRICT COUNCIL NO. 3 PAINTERS AND ALLIED

Notes To Financial Statements (*Continued*)

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The healthcare cost trend rates are as follows:

- a. Medical – 7.20% for pre-65 annual rate of increase in the per capita cost of covered health care benefits was assumed for the fiscal year ended September 30, 2024; the rate was assumed to decrease gradually to 4.00% for fiscal year ended September 30, 2040 and to remain at that level thereafter; 7.20% for pre-65 annual rate of increase in the per capita cost of covered health care benefits was assumed for the fiscal year ended September 30, 2023; the rate was assumed to decrease gradually to 4.00% for fiscal year ended September 30, 2039 and to remain at that level thereafter.
- b. Prescription Drugs – 8.20% graded to 4.00% over the next 15 years for 2024; 8.20% graded to 4.00% over the next 15 years for 2023.
- c. Dental and Vision - 5.40% graded to 4.00% over the next 15 years for 2024; 5.40% graded to 4.00% over the next 15 years for 2023.

A one-percentage point increase in the assumed healthcare cost trend rate for each year would increase the obligation as of September 30, 2024 and 2023 by \$1,162,442 and \$929,436, respectively.

Other significant assumptions used in the valuations as of September 30, 2024 and 2023 are as follows:

	2024	2023
Weighted Average Discount Rate:	5.00%	5.75%
Mortality Rates:	The PRI-2012 Blue Collar Mortality Table projected forward using the MP-2021 projection scale. For males, a 115% multiplier was used. For females, a 110% multiplier was used.	The PRI-2012 Blue Collar Mortality Table projected forward using the MP-2021 projection scale. For males, a 115% multiplier was used. For females, a 110% multiplier was used.

Notes To Financial Statements (*Continued*)

As of the beginning of the years ending of September 30, 2025 and 2024, the estimated costs of providing health coverage to retirees and their eligible dependents is expected to be \$1,650,724 and \$1,620,911, respectively. The portion of the Plan's estimated costs that is funded by retiree contributions was estimated to be \$1,171,938 and \$1,152,109 for the years ended September 30, 2025 and 2024, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

For regulatory reporting under Form 5500, the benefit obligations currently payable are reported as a liability of the Plan.

The Plan's benefit obligations may, at times, be in excess of the Plan's net assets. This relates to the postretirement benefit obligation. The funding of future obligations is not covered by the current contribution rate provided by the collective bargaining agreements. However, the Plan empowers the Board of Trustees to establish self-payments by eligible retired participants, and to modify the terms and conditions under which retiree eligibility may be maintained. The Plan's benefit obligations do not represent liabilities of the Plan, and eligibility for the benefits provided by the postretirement benefit obligation is not a vested benefit. The postretirement benefit may be reduced or eliminated by action of the Board of Trustees.

**Claims Payable And Claims Incurred But Not Reported And Accumulated Eligibility Credits**

Benefit obligations include an amount for the estimated liability for benefit claims held by the Plan, but not yet paid, and for claims incurred prior to the year end, but not reported to the Plan until after the year end. The estimate, based on claims lag analysis, is prepared by the Plan's actuary.

The eligibility rules of the Plan provide for the payment of benefits for a period of time subsequent to the financial statement date for those participants who have accumulated a sufficient amount of eligibility dollars. These rules permit eligible participant benefits during periods of unemployment when contributions to the Plan would not be sufficient to provide coverage or benefits. At the date of the financial statements, benefit obligations also include an amount for accumulated eligibility credits that have been earned because of prior employer contributions.

The estimate for benefit obligations is prepared by the Plan's independent actuary. Such estimated amounts are included at present value.

**3. Fair Value Measurements**

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2      Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes To Financial Statements (*Continued*)

The following is a description of the valuation methodology used for assets measured at fair value:

**Mutual Funds**

Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified in Level 1 of the fair value hierarchy.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the valuation methodology used at September 30, 2024 or 2023.

**4. Income Tax Status**

The Plan has received an exemption letter from the Internal Revenue Service (IRS) dated November 5, 1965, stating that the voluntary employees' beneficiary association (VEBA) trust established under the Plan was in compliance with the applicable requirements of the provisions of Section 501(c)(9) of the Internal Revenue Code (IRC). Accordingly, the Trust's net investment income is exempt from income taxes. The Plan Administrator and the Plan's counsel believe that the Trust and the Plan, as amended, continue to qualify and to operate as designed in accordance with applicable provisions of the IRC, and, therefore, believe that the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**5. Plan Termination**

Although they have not expressed intent to do so, the Trustees have the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. In no event would any of the assets of the Plan revert back to contributing employers.

**6. Administrative Agreements, Party In Interest And Related Party Transactions**

The Plan has an agreement with Wilson-McShane Corporation to provide for administrative services.

Blue Cross Blue Shield of Kansas City (through December 31, 2023), UMR (beginning January 1, 2024) and Sav-Rx Prescriptions Services process claims (including health, prescription drug and dental) and determine the extent to which participants should be reimbursed under the provisions of the Plan.

The Plan has an agreement with Segal Marco Advisors to act as an independent Plan consultant.

The Plan has an agreement with United Actuarial Services, Inc. to act as an independent actuary and Plan consultant.

The Plan has an agreement with Bank of Labor to act as a custodian of assets held for investment.

The Plan has an agreement with Construction Benefits Audit Corporation, an entity related by way of common directors, to perform employer payroll compliance audits.

These transactions qualified as exempt party in interest transactions.

**7. Risks And Uncertainties**

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is a least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**8. Significant Contributing Employers**

For the year ended September 30, 2024, contributions from one employer represented 16% of total employer contributions. For the year ended September 30, 2023, contributions from two employers represented 26% of total employer contributions.

**9. Concentrations Of Credit Risk**

The Plan maintains non-interest bearing cash accounts at Bank of Labor. The balance is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 (without regard to outstanding items). At various times during the years ended September 30, 2024 and 2023, the Plan's cash balances exceeded FDIC limits.

**10. Reconciliation Of The Financial Statements To Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 19,174,975	\$ 15,506,613
Benefit obligations other than postretirement benefits and accumulated eligibility credits	(1,255,000)	(895,000)
<b>Net Assets Available For Benefits Per Form 5500</b>	<b>\$ 17,919,975</b>	<b>\$ 14,611,613</b>

The following is a reconciliation of claims and benefits paid per the financial statements to Form 5500 for the year ended September 30, 2024:

Health claims and disability and death benefits paid to participants per the financial statements	\$ 10,243,911
Add: Benefit obligations other than postretirement benefits and accumulated eligibility credits at end of year	1,255,000
Less: Benefit obligations other than postretirement benefits and accumulated eligibility credits at end of prior year	<u>(895,000)</u>
<b>Claims Paid And Benefits Paid To Participants Per The Form 5500</b>	<b><u>\$ 10,603,911</u></b>

Benefit obligations other than postretirement benefits and accumulated eligibility credits are recorded on the Form 5500, but are not recorded as a reduction of net assets available for benefits on the financial statements. Such obligations are recorded on the statement of benefit obligations.

**11. Subsequent Events**

Management evaluates subsequent events through the date, which the financial statements were available for issue, which is the date of the Independent Auditors' Report.
