INDEPENDENT AUDITORS' REPORT

Plan Administrator
AltaPointe Healthcare Management 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AltaPointe Healthcare Management 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AltaPointe Healthcare Management 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2024 and 2023 and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of AltaPointe Healthcare Management 403(b) Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 2 to the financial statements, AltaPointe Healthcare Management 403(b) Plan does not have sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to October 1, 2020. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of AltaPointe Healthcare Management 403(b) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of AltaPointe Healthcare Management 403(b) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

**ALTAPOINTE HEALTHCARE MANAGEMENT
403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023**

1. DESCRIPTION OF THE PLAN

The following description of the AltaPointe Healthcare Management 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of AltaPointe Healthcare Management, LLC (the Company) under the provisions of Section 403(b) of the Internal Revenue Code (IRC). The Plan was restated from MARC, Inc. 403(b) Retirement Plan effective November 1, 2020 (The Plan's original effective date was October 1, 1993). All employees of the Company and adopting companies, AltaPointe Health Systems, Baldwin County Medical Health Center, Inc., and CHEAHA Regional Mental Health Center, who are 19 years or older are eligible to participate in the Plan upon employment. Eligible employees enter the Plan as of the first day of the month following the date on which such employees became eligible. Employees who are 19 years or older are eligible to receive the employer match after six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute a percentage of their eligible compensation as pre-tax deferrals or post-tax Roth deferrals, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company will make a matching contribution of 100% of the first 1% of base compensation that the participant contributes, plus 50% of the next 4% of compensation that the participant contributes, not to exceed 3% of the participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's elective deferrals and allocation of (a) the Sponsor's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participant vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant or beneficiary will receive a lump sum amount equal to the value of the participant's vested interest in his or her account, as defined by the Plan. Partial withdrawals and withdrawals for financial hardship are permitted for active participants or beneficiaries who must receive or are eligible to receive, required minimum distributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1 to 5 years, unless the loan is for a principal residence and then the term shall be 15 years. The loans are secured by the balance in the participant's account and bear interest at prime with a rate range of 5.25% to 10.50% at September 30, 2024. Principal and interest are paid ratably through payroll deductions.

Forfeitures

When participants cease their participation in the Plan prior to full vesting, the nonvested amounts in their Employer Accounts become forfeitures in the Plan year in which the participants receive distributions of their entire vested account. Forfeitures are retained in the Plan and used to pay administrative expenses. Any remaining forfeitures are used to reduce future employer contributions. The amount of forfeitures and earnings thereon retained in the Plan as of September 30, 2024 and 2023 was \$101,344 and \$57,687, respectively. For plan year ending September 30, 2024 and 2023, \$56,525 and \$86,842, respectively, was used to reduce employer contributions and \$1,202 and \$1,395, respectively, was used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

The original plan name was MARC, Inc. 403(b) Retirement Plan (MARC), formed October 1, 1993, and was restated November 1, 2020, under the new plan name of Altapointe Healthcare Management 403(b) Plan. The sponsor of the MARC plan was acquired by Altapointe Healthcare Management, Inc. in July of 2019. Due to circumstances of the acquisition, various accounting, human resources and payroll records related to the custodial accounts owned by current and former employees were not accessible by the Plan. Consequently, the financial statements and supplemental schedule have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan and thru the years, the effect, if any, on the completeness or accuracy of the Plan's financial statements and supplemental schedule cannot be determined.

403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of contract value measurements and Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to custodial expenses are included as administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 15, 2025, the date the financial statements were available to be issued.

3. CERTIFIED INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at September 30, 2024 and 2023, and net appreciation in fair value of investments, interest income on notes receivable from participants, and dividends for the year ended September 30, 2024, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Principal Trust Company, the custodian.

4. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at September 30, 2024 and 2023.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30, 2024 and 2023:

Investments, at fair value				
Mutual funds	<u>\$ 8,244,623</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,244,623</u>

5. GROUP ANNUITY CONTRACT

The Plan is engaged in a Group Annuity Contract (GAC) with Principal that is fully benefit-responsive. Principal maintains the contributions allocable to the GAC in a general account. The contract is a group unallocated fixed annuity featuring a highly competitive current interest rate. The rate is declared monthly and credited daily at an annual effective rate. The contract credits interest under a portfolio interest crediting method in which all deposits receive the same return regardless of date of initial deposit.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum guaranteed interest rate was 3.03% in 2024 and 2023. The average yield of the fund and the average yield credited to participants are one and the same, since there are no ownership rights to the assets in the general account, which supports the obligations of the fixed account options.

Certain events, such as the premature termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. These events would also permit Principal to terminate the GAC and settle at amounts that differ from contract value. The plan administrator does not believe that the occurrence of such events is probable.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a group annuity contract managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. Fees incurred by the Plan for these custodial services were \$35,116 for the year ended September 30, 2024. The Company pays directly any other fees related to the Plan's operations.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

8. TAX STATUS

The Company adopted a prototype non-standardized 403(b) plan, which received a favorable opinion letter from the IRS on March 31, 2017, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
