## INDEPENDENT AUDITORS' REPORT

Board of Trustees  
Local Union 598 Supplemental Pension Plan  
Anchorage, Alaska

### Opinion

We have audited the accompanying financial statements of Local Union 598 Supplemental Pension Plan (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of September 30, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2024, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Prior Period Financial Statements

The financial statements of the Plan as of September 30, 2023, were audited by other auditors whose report dated July 15, 2024, expressed an unmodified opinion on those financial statements.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we—

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and their form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Notes to Financial Statements

### Note 1 – Description of the Plan

The following description of the Local Union 598 Supplemental Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan booklet and plan document for a more complete description of the Plan's provisions and investment options.

- a. **General** – The Plan is a defined contribution plan covering employees working primarily in the plumbing and pipefitting industry in eastern Washington and northeast Oregon, defined in a collective bargaining agreement or participation agreement that calls for contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.
- b. **Contributions** – Employers who are signatory to a collective bargaining agreement or participation agreement requiring contributions to the Plan remit contributions monthly. Contributions are a specified dollar amount for each hour worked.
- c. **Participant accounts** – Employees are eligible to participate if they work under a collective bargaining agreement or participation agreement which requires the employer to make a contribution on behalf of the employee to the Plan. Individual accounts by type of contribution are maintained for each participant that consists of employer contributions and rollover contributions. The accounts are debited and credited with investment earnings or losses and administrative expenses. The Plan provides an array of investment options from which participants choose. Participants should refer to the Plan booklet for more information on each investment option. The benefit to which the participant is entitled to is the benefit that can be provided from the participant's vested account(s).

Each participant directs the investment of their account. The initial contribution for a participant is invested in the applicable T. Rowe Price Retirement Fund based on the year the participant will reach age 62. After the initial contribution, the participant may allocate his or her account among available investment options. A participant may change investment options on a daily basis for certain investment options and on a monthly basis for other investment options.

- d. **Vesting** – Participants are fully vested in their account balances at all times.
- e. **Notes receivable from participants** – Participants may apply for a loan to be secured by his or her employer contribution account and/or rollover account. Loans are limited to the lesser of one-half the value of the account balance of the participant's employer contribution account and rollover contribution account at the time of the loan or \$50,000, reduced by the maximum outstanding loan balance, if any, during the 12-month period ending on the day before the loan is taken. The minimum loan amount is \$1,000. The outstanding loan will reduce the employer contribution account and/or rollover account by the amount of the loan. Any allocation to the participant's account for investment earnings or losses is based on the reduced account balance. Loan terms may not exceed four years and six months. Participants are allowed to prepay their loan without penalty.

# Local Union 598 Supplemental Pension Plan

## Notes to Financial Statements

### Note 1 – Description of the Plan (Continued)

- e. **Notes receivable from participants (continued)** – Interest is charged at the prime rate of interest in effect at the time the loan is made plus three percent. One percentage point of the interest is paid to the Plan's loan administrator to cover the costs of administration of the loan. Loan defaults are included with benefits paid.
- f. **Benefits** – Payments are made in the event of a participant's retirement, death, disability, or termination of employment. Upon retirement, disability, or termination of employment, a participant may elect to receive the value of his or her account(s) in one or a combination of methods for receiving benefits as set forth in the Plan booklet and Plan document.

Surviving spouses of married participants who die before their annuity starting date will receive a qualified pre-retirement survivor annuity unless a proper waiver election has been made. In the case of a single participant who dies before his or her annuity starting date, the beneficiary will receive the value of his or her account balance.

- g. **Amendments** – From time to time, the Board of Trustees approves Plan modifications. Participants should refer to the current Plan booklet and Plan document for a more complete description of benefits.

### Note 2 – Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.
- b. **Investment valuation and income recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- c. **Contributions receivable** – Represents the amount that employers are obligated to contribute under the terms of their collective bargaining agreement or participation agreement for work that employees performed during the fiscal year ended September 30. Those receivables typically are collected within 20 days, and the Plan's Board of Trustees considers all employer contributions receivable to be fully collectible. Accordingly, there was no allowance for doubtful accounts.

# Local Union 598 Supplemental Pension Plan

## Notes to Financial Statements

### Note 2 – Summary of Significant Accounting Policies (Continued)

- d. **Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions after failure to make the monthly payments in full within 60 days after the due date.
- e. **Payment of benefits** – Benefits are recorded when paid.
- f. **Administrative expenses** – Certain expenses incurred maintaining the Plan are paid directly by the employer and are excluded from these financial statements. Investment-related expenses are recorded separately on the statements of changes in net assets available for benefits.
- g. **Use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Board of Trustees to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could vary from those estimates.
- h. **Reclassifications** – Certain amounts in the 2023 financial statements have been reclassified for comparative purposes to conform with the 2024 presentation with no effect on previously reported net assets available for benefits.
- i. **Subsequent events** – The Plan has evaluated subsequent events through July 14, 2025, the date the financial statements were available to be issued.

### Note 3 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# Local Union 598 Supplemental Pension Plan

## Notes to Financial Statements

### Note 3 – Fair Value Measurements (Continued)

*Level 2* – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended September 30, 2024 and 2023.

*Level 1 – Mutual Funds:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Level 2* – The Plan had no investments that are classified as Level 2 for either year ended September 30, 2024 and 2023.

*Level 3* – The Plan had no investments that are classified as Level 3 for either year ended September 30, 2024 and 2023.

*Common Collective Trust:* Valued at the net asset value of units, which is based on the observable prices of the underlying investments held by the Plan at year end.

The following tables set forth by level, within the fair value hierarchy, the asset's fair value:

	As of September 30, 2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 128,705,445	\$ -	\$ -	\$ 128,705,445
Investments measured at fair value	\$ 128,705,445	\$ -	\$ -	128,705,445
Investments measured at NAV				9,420,147
Total investments at fair value				\$ 138,125,592

# Local Union 598 Supplemental Pension Plan

## Notes to Financial Statements

### Note 3 – Fair Value Measurements (Continued)

	As of September 30, 2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 100,501,390	\$ -	\$ -	\$ 100,501,390
Investments measured at fair value	<u>\$ 100,501,390</u>	<u>\$ -</u>	<u>\$ -</u>	100,501,390
Investments measured at NAV				<u>9,162,958</u>
Total investments at fair value				<u>\$ 109,664,348</u>

**Transfer between levels** – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

### Note 4 – Risks and Uncertainties

Investment securities, in general, may be exposed to various risks, including but not limited to interest rate, credit, overall market volatility, political, and foreign exchange risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan maintains checking account balances at various financial institutions that, from time to time, may exceed the limits insured by the Federal Deposit Insurance Corporation.

### Note 5 – Plan Termination

The Plan may be terminated by a vote of a majority of the Employer Trustees and Union Trustees, subject to the provisions of ERISA. Upon termination, all balances will be nonforfeitable.

### Note 6 – Related-party Transactions

As a service to Plan participants, United Association Local Union 598 employs an individual who, among other duties, acts as a benefit coordinator assisting active and retired participants in the Plan with understanding and applying for their pension benefits. The Plan has agreed to reimburse Local 598 for wages, fringe benefits, and tax obligations associated with hours spent by this individual in the capacity of benefit coordinator. During the years ended September 30, 2024 and 2023, the amounts reimbursed were \$14,214 and \$9,581, respectively.

# Local Union 598 Supplemental Pension Plan

## Notes to Financial Statements

### Note 7 – Income Tax Status

The Plan has received a determination letter informing the Board of Trustees that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan may be amended from time to time, but it is the Plan sponsor's intent to maintain the Plan in compliance with the IRC. The Plan sponsor believes that the Plan is currently designed and being operated as such and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Board of Trustees to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Board of Trustees has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2024, there are no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
